The purpose of the rule is to encourage companies to enact measures to protect Hoosiers. It provides a safe harbor from possible action by the Office of the Attorney General (OAG) for companies that follow industry standards. The rule imposes no additional requirements beyond those already incurred by data base owners complying with the statutory mandate of [IC 24-4.9-3-3.5\(c\)](#).

Copies of these rules are available to be inspected and copied at the Office of the Attorney General, 302 West Washington Street, IGCS-5th Floor, Indianapolis, Indiana, and online at <https://www.in.gov/attorneygeneral/>.
