LSA Document #22-359

Notice of Public Hearing

Under [IC 4-22-2-24](#), notice is hereby given that on June 20, 2023, at 1:30 p.m., at the PNC Center, 101 West Washington Street, IURC Conference Center, Judicial Courtroom 224, Indianapolis, Indiana, the Indiana Utility Regulatory Commission (commission) will hold a public hearing on a proposed rule (RM #22-03/LSA #22-359) to amend the IURC's administrative rules regarding the Indiana 811 law, found at [170 IAC 5-5](#).

The proposed rules will modify the timeline for a pipeline operator to provide location information of underground facilities and modify procedures for excavation damage cases. Any compliance costs for pipeline operators and excavators imposed by the rule are justified by the increase in public safety attributable to the regulations. The regulations will improve the overall safety of excavation activities in Indiana.

Copies of any justification data (referenced data, studies, or analyses) are now on file with the Commission and available to be inspected and copied at the PNC Center, 101 West Washington Street, Suite 1500 East, Indianapolis, Indiana.

Copies of this rule are now on file at the PNC Center, 101 West Washington Street, Suite 1500 East, Indianapolis, Indiana or online at:
