[IC 4-22-2-24](#)(d)(3) Justification Statement (with Impact):

The Department of Natural Resources (DNR) is proposing amendments to [312 IAC 10-1-2](#) to accurately reflect a statutory reference by striking [IC 14-27-7](#) and adding [IC 14-27.7.5](#), and [312 IAC 10-2-28](#) to address recent updates to FEMA Flood Insurance Rate Maps along Lake Michigan in Indiana.

Any requirements or costs for these amendments under [IC 4-22-2-24](#)(d)(3) are reasonably necessary for the regulation of dams under [IC 14-27-7.5](#) and the regulation of the lowest floor for structures proposed in the floodway under [IC 14-28-1](#).

The amendment to [312 IAC 10-1-2](#) makes an update to a statutory reference in the rules. The amendment to [312 IAC 10-2-28](#) adds to the definition of "lowest floor" for coastal high hazard areas on FEMA's recently updated Flood Insurance Rate Maps for the state of Indiana along Lake Michigan.

The DNR has the statutory authority to adopt rules in [IC 14-11-2-1](#). The Natural Resources Commission has the statutory authority to adopt rules pursuant to [IC 14-10-2-4](#) and also under [IC 14-28-1-5](#) for rules related to flood control.

Sources of information for determining costs and benefits were obtained from staff of the DNR Division of Water.
