TITLE 105 INDIANA DEPARTMENT OF TRANSPORTATION

Notice of First Public Comment Period

LSA Document #24-85

WORKSITE SAFETY AUTOMATED ENFORCEMENT PROGRAM

PURPOSE OF NOTICE

The Indiana Department of Transportation (INDOT) is soliciting public comment on the addition of rules at 105 IAC 18 concerning the worksite safety automated enforcement program to: provide requirements to rebut the presumption an owner was the operator; establish the burden of proof standard; address record retention; clarify the number of worksite speed control systems operated; and ensure compliance with state law. INDOT seeks comment on the affected citations listed and any other provisions of Title 105 that may be affected by this rulemaking.

CITATIONS AFFECTED: 105 IAC 18

AUTHORITY: IC 8-23-2-6; IC 8-23-32-21

OVERVIEW

Basic Purpose and Background

The purpose of the rule is to implement the work zone safety enforcement pilot program established under LC-23-32. The program allows for INDOT to use a work speed control system, where workers are present on a road or bridge on an interstate system or U.S. route, to take photographs or a recorded image of the rear of a vehicle exceeding the worksite speed limit by at least eleven (11) miles per hour. The law creates a rebuttable presumption that the owner of a motor vehicle that is the subject of a photograph or recorded image was operating the vehicle when the photograph or image was obtained through the worksite speed control system. The rule, in part, establishes what information is required to rebut the presumption, including the burden of proof standard, as well as how joint ownership of a motor vehicle will be addressed. Failure to rebut the presumption will result in a warning or civil penalty against the owner of the motor vehicle for the violation of the worksite speed limit as set forth in LC-8-23-32-18. Because requirements will be imposed on the traveling public, the proposed rule is needed to inform motorists of what evidence is required to rebut the presumption that the owner of the motor vehicle was not the operator of the motor vehicle at the time of the violation of the worksite speed limit that caused the issuance of a citation. The rule also clarifies that INDOT may not operate and monitor more than four (4) worksites at any given time in a year. Lastly, the rule addresses record retention under the new statute.

Rule 2. Rebut Presumption Requirements

105 IAC 18-2-1 Requirements to rebut presumption; burden of proof

Authority: IC 8-23-2-6; IC 8-23-32-17

Affected: IC 8-23-32-17

- Sec. 1. (a) An owner of a motor vehicle may rebut the presumption that they were operating the motor vehicle through a worksite at the time a photograph or recorded image was obtained through a worksite speed control system if any of the following apply:
 - (1) The owner of the motor vehicle was not driving the motor vehicle at the time the speed limit was exceeded. The owner must provide credible sworn testimony or an affidavit, under the penalties of perjury, which includes:
 - (A) a statement that the owner of the motor vehicle was not driving the motor vehicle through the worksite at the time the worksite speed limit was exceeded;
 - (B) the name, age, address, and telephone number of the operator of the motor vehicle at the time the worksite speed limit was exceeded; and
 - (C) the citation number.
 - (2) The motor vehicle was reported stolen before the worksite speed limit was exceeded and had not been recovered before that time. The owner must provide credible sworn testimony or an affidavit, under the penalties of perjury, which includes:
 - (A) the date the motor vehicle was stolen:
 - (B) the date and time the motor vehicle was reported stolen to law enforcement, which must be before the time the worksite speed limit was exceeded:
 - (C) a statement that the motor vehicle was stolen and had not been recovered at the time the

worksite speed limit was exceeded;

- (D) the citation number; and
- (E) an attached copy of the police report.
- (3) The registered owner of the motor vehicle was not the actual owner of the motor vehicle at the time the speed limit was exceeded. The registered owner must provide credible sworn testimony or an affidavit, under the penalties of perjury, which includes:
 - (A) a statement that the registered owner of the motor vehicle was not the actual owner of the motor vehicle driven through the worksite at the time the speed limit was exceeded;
 - (B) the date the title of the motor vehicle was transferred from the registered owner's name;
 - (C) the citation number; and
 - (D) an attached copy of documentation that shows the title transfer of the motor vehicle to another owner.
- (b) The presumption under subsection (a) may be overcome if the owner of the motor vehicle is able to prove by clear and convincing evidence they were not operating the motor vehicle through the worksite at the time the photograph or recorded image was obtained.

(Indiana Department of Transportation; 105 IAC 18-2-1)

105 IAC 18-2-2 Joint ownership

Authority: <u>IC 8-23-2-6</u> Affected: <u>IC 8-23-32</u>

Sec. 2. If a motor vehicle is owned by more than one (1) person, a citation shall be sent to each registered owner of the motor vehicle. If the owner or owners provide documentation or evidence under section 1(a), each joint owner operator of the motor vehicle at the time the worksite speed limit was exceeded shall be responsible for the citation.

(Indiana Department of Transportation; 105 IAC 18-2-2)

Rule 3. Worksites

105 IAC 18-3-1 Worksites

Authority: <u>IC 8-23-2-6</u> Affected: <u>IC 8-23-32</u>
