Authority: IC 13-14-8-7; IC 13-15-2-1; IC 13-19-3-1

Affected: IC 13-30-2; IC 36-9-30

Sec. 1. (a) Collection container systems are subject to this rule.

(b) The operator of a collection container system shall file with the commissioner a notification that includes the following information:

(1) A United States Geological Survey (USGS) topographical quadrangle map or maps, seven and one-half (7½) minute or equivalent, showing the collection container site or sites.

(2) A brief narrative description of the proposed operation, including the following:

(A) Anticipated sources and quantities of the incoming solid waste.

(B) Names and locations of all solid waste incinerators and solid waste land disposal facilities that must be the destination for waste from the collection containers.

(C) Frequency of collection container pickup for transport to the receiving facility.

(D) Procedures for controlling odors, fire, vectors, litter, and handling bulk waste at the site or sites.

(c) The operator of the collection container system shall comply with the operational requirements specified in the following:

(1) Solid waste must be confined to the designated storage, loading, and unloading areas of the site. The collection container system and adjacent areas must be maintained clean and litter free.

(2) The collection container system must be cleaned as necessary to prevent a nuisance or public health hazard.

Authority: IC 13-14-8; IC 13-15-10-4; IC 13-19-3-1

Affected: IC 13-15-10; IC 36-9-30

Sec. 1. (a) This rule applies to individuals responsible for operation until final closure certification of the following facilities in accordance with 329 IAC 10 or 329 IAC 11:

(1) Permitted solid waste incinerators and waste-to-energy facilities.

(2) Permitted municipal and nonmunicipal solid waste land disposal facilities.

(3) Permitted restricted waste sites and construction/demolition sites.

(b) An incinerator operator that complies with the training requirements in 326 IAC 11-7-5 is deemed a certified operator for the purposes of this rule if the incinerator:

(1) is defined under 329 IAC 11-2-16; and

(2) burns municipal solid waste.

(c) An operator of a permitted hazardous waste treatment, storage, and disposal facility that complies with the training requirements under 329 IAC 3.1-9 is deemed a certified operator for the purposes of this rule. *(Solid Waste Management Division; 329 IAC 12-7-1; filed Feb 3, 1997, 9:15 a.m.: 20 IR 1481; readopted filed Jan 10, 2001, 3:25 p.m.: 24 IR 1535; readopted filed May 14, 2007, 1:53 p.m.: 20070523-IR-329070138BFA; readopted filed Jul 29, 2013, 9:20 a.m.: 20130828-IR-329130179BFA; filed Aug 1, 2016, 3:41 p.m.: 20160831-IR-329140111FRA, eff Jan 1, 2017)*

SOLID WASTE MANAGEMENT ACTIVITY REGISTRATION

Sec. 2. (a) Solid waste facilities described in section 1 of this rule must have at least one (1) interim or certified operator at the facility at all times when the facility is in operation. If the interim or certified operator is absent from the facility, the interim or certified operator must be available by electronic communication device or telephone.

(b) Except as provided in subsection (c) or (e), an individual shall not perform the duties of an operator unless that individual has a valid certificate from the commissioner.

(c) A solid waste facility may operate with an interim operator if the certified operator:

- (1) leaves employment at the facility; or
- (2) is unable to fulfill the duties of a certified operator.

(d) A solid waste facility must keep the following information for each interim operator in the operating record:

- (1) The name of the interim operator.
- (2) The date on which the interim operator was designated responsible for the operation of the facility.

(e) An interim operator designated under subsection (c) may serve for up to one hundred twenty (120) days after the:

- (1) departure of the certified operator; or
- (2) date the certified operator is unable to fulfill the duties of a certified operator.

(f) A request for an extension of the one hundred twenty (120) day time period may be made by:

- (1) submitting a written request for extension to the commissioner; and
- (2) providing an explanation of the reason the extension is being requested.

(g) The certified operator shall:

- (1) post the certificate in the office of the facility at which the individual is currently serving as a certified operator; and
- (2) make the certificate and a government-issued photographic identification available for inspection upon request by a department representative during an inspection.

(h) When an operator begins or terminates employment with a facility, the facility must notify the department in writing with the following information:

- (1) The name of the new or former operator.
- (2) The date that the new operator begins employment or the former operator terminates employment.

329 IAC 12-7-3 Examination for operator certification and recertification; classification and application

Authority: IC 13-14-8; IC 13-15-10-4; IC 13-19-3-1

Affected: IC 13-15-10; IC 36-9-30

Sec. 3. (a) The commissioner shall issue a certificate to an individual who demonstrates the knowledge necessary to operate the appropriate type of solid waste facility through an examination for certification.

(b) Certificates are classified as follows:

- (1) Category I certification for operators of solid waste incinerators and waste-to-energy facilities.
- (2) Category II certification for operators of municipal and nonmunicipal solid waste land disposal facilities.
- (3) Category III certification for operators of restricted waste sites and construction/demolition sites.
- (4) Category IV certification for a specific facility.

(c) An individual certified to operate a Category II facility shall also be considered certified to operate a Category III facility.

(d) An individual certified to operate only a Category III or Category IV facility is not considered certified to operate a Category II facility and must obtain a separate certification for a Category II facility.

(e) An individual seeking certification by examination must complete an application on forms approved by the commissioner and provided by the accredited examination provider under 329 IAC 12-8. The application must include the following:

- (1) The name of the individual seeking certification.
- (2) The name, full address, and telephone number of the facility at which the individual is currently serving as an operator, if applicable.
- (3) The type of facility at which the individual is currently serving as an operator, if applicable.

(4) The category of certification sought by the applicant.

(5) A statement to be signed by the individual seeking certification. The statement must read, "I certify under penalty of law that this document and all attachments are to the best of my knowledge true, accurate, and complete."

(f) A certificate granted under subsection (a) is valid for three (3) years from the date of issuance.

(g) With the application for certification, the individual may request an alternative expiration date that is not later than the date established in subsection (f). Authority: IC 13-14-8; IC 13-15-10-4; IC 13-19-3-1

Affected: IC 13-15-10; IC 36-9-30

Sec. 5. (a) An individual seeking certification who is certified as a solid waste facility operator by an accrediting organization in another state may be designated a certified operator for a facility that is comparable to the facility that the individual is certified to operate in another state.

(b) A request for a certificate from the commissioner may be made by submitting the following:

(1) An application on forms approved by the commissioner.

(2) A copy of a valid solid waste facility operator certification from an accrediting organization in another state.

(c) Upon receipt of a certificate from the commissioner, the individual seeking reciprocity may begin to operate a facility comparable to the facility for which certification was received from another state.

(d) A certificate issued under this section is valid for one (1) year from the date of issuance. Authority: IC 13-14-8; IC 13-15-10-4; IC 13-19-3-1

Affected: IC 13-15-10; IC 36-9-30

Sec. 6. (a) A certified operator or an operator with an expired certification may recertify by completing the following:

(1) At least one (1) of the following recertification methods:

(A) An examination conducted by an accredited examination provider under 329 IAC 12-8.

(B) A training course of at least six (6) hours in duration conducted by an accredited training course provider under 329 IAC 12-9.

(C) Continuing education in accordance with section 6.5 of this rule.

(2) An application in accordance with subsection (b).

(b) A certified operator seeking recertification shall complete an application on forms approved by the commissioner that includes the following updated information:

(1) The name of the individual seeking recertification.

(2) The name, full address, and telephone number of the facility at which the individual is currently serving as certified operator, if applicable.

(3) The type of facility at which the individual is currently serving as certified operator, if applicable.

- (4) The category of recertification sought by the individual.
- (5) A statement to be signed by the individual seeking recertification. The statement must read, "I certify under penalty of law that this document and all attachments are to the best of my knowledge true, accurate, and complete."
- (c) A certified operator must complete a recertification method in subsection (a)(1) within the three (3) years prior to the expiration date of the certificate.
 - (d) A certified operator that complies with subsections (a) through (c) is recertified for three (3) years from the:
 - (1) date of the most recently completed recertification method; or
 - (2) expiration date of the valid certificate if the operator completes a recertification method within the ninety (90) days prior to the expiration date of the certificate.
 - (e) With the application for recertification, the certified operator may request an alternative expiration date that is not later than the date determined in subsection (d).
 - (f) The commissioner may reissue a certificate to an operator with an expired certificate in accordance with the following:
 - (1) After the expiration of the certificate, the operator must complete any of the recertification methods in subsection (a).
 - (2) A certificate reissued under this subsection is valid for three (3) years from the date of reissuance.
 - (3) With the application for a reissued certificate, the operator may request an alternative expiration date that is not later than the date determined in subdivision (2).

Authority: IC 13-14-8; IC 13-15-10-4; IC 13-19-3-1

Affected: IC 13-15-10; IC 36-9-30

Sec. 6.5. A certified operator that seeks recertification through continuing education must complete ten (10) hours of continuing education as follows:

- (1) The ten (10) hours of continuing education must address six (6) or more of the topics specified in:
 - (A) 329 IAC 12-8-3.1(c)(2);
 - (B) 329 IAC 12-8-3.1(c)(3); and
 - (C) 329 IAC 12-9-3.1(b)(2).
- (2) A continuing education provider must have relevant experience or qualifications in the solid waste management industry, including:
 - (A) educational background;
 - (B) academic work;
 - (C) professional experience; or
 - (D) practical experience.
- (3) The operator must complete the ten (10) hours of continuing education within the three (3) years prior to the expiration date of the certificate.
- (4) The operator may not use more than one (1) instance of the same continuing education session for a recertification submittal.
- (5) The operator shall record and retain the following information about each continuing education session:
 - (A) Title of the session.
 - (B) Date of attendance at the session.
 - (C) Name, address, e-mail address, and telephone number of the continuing education provider.
 - (D) Verification that the operator attended the session.
 - (E) Length of the session in one-half (0.5) hour increments.
 - (F) How the session addresses one (1) or more of the topics specified in:
 - (i) 329 IAC 12-8-3.1(c)(2);

- (ii) 329 IAC 12-8-3.1(c)(3); and
- (iii) 329 IAC 12-9-3.1(b)(2).
- (6) Prior to the expiration date of the certificate, the operator shall submit to the department:
 - (A) the information recorded in subdivision (5) on forms approved by the commissioner; and
 - (B) the application required in section 6(b) of this rule.
- (7) Upon review of the information submitted in accordance with subdivision (6), the commissioner shall:
 - (A) make a determination on the qualifications of the providers and eligibility of the operator for recertification; and
 - (B) recertify an operator that fulfills the requirements of this rule.

Sec. 3.1. (a) An examination must consist of at least fifty (50) multiple choice questions to demonstrate knowledge of the subject matter.

- (b) An individual taking the examination must receive a score of at least seventy percent (70%) correct responses to receive certification or recertification.
- (c) The examination must address the following subject matter:
- (1) A Category I examination must include questions about the topics required in 326 IAC 11-7-5.
 - (2) A Category II, III, and IV examination must include questions that address each of the following topics:
 - (A) Waste generation, acceptance, screening, and handling.
 - (B) Landfill location restrictions and site selection.
 - (C) Landfill design and construction requirements.
 - (D) Landfill operational procedures, including:
 - (i) maintenance and monitoring requirements;
 - (ii) fire prevention and abatement;
 - (iii) leachate management; and
 - (iv) reporting and record keeping.
 - (E) Landfill storm water management.
 - (F) Landfill ground water monitoring and remediation.
 - (G) Management and disposal of certain solid waste specified in 329 IAC 10-8.2.
 - (H) Landfill closure and post-closure care requirements.
 - (I) Compliance with state and federal landfill regulatory requirements.
 - (3) In addition to the topics required in subdivision (2), the examination for each category must include questions that address the following category-specific topics:
 - (A) For a Category II examination, the following:
 - (i) Waste characteristics, composition, and sources of:
 - (AA) municipal solid waste;
 - (BB) nonmunicipal solid waste; and
 - (CC) industrial solid waste.
 - (ii) Landfill operational procedures for:
 - (AA) gas extraction system management; and
 - (BB) explosive gases monitoring.
 - (B) For a Category III examination, the following:
 - (i) Waste characteristics, composition, and sources of:
 - (AA) restricted waste; and
 - (BB) construction/demolition waste.
 - (ii) Landfill operational procedures for dust control.
 - (C) For a Category IV examination, the following:
 - (i) The topics in clause (A) or (B), as applicable to the type of site.
 - (ii) Site-specific questions that address the topics applicable to the type of site for which the accredited provider developed the examination.
- (d) An individual may not use any of the following during an examination:
- (1) Books.
 - (2) Notes.
 - (3) Charts.
 - (4) Any devices that can be used to record, transmit, receive, or play back the following content:
 - (A) Audio.
 - (B) Photographic.
 - (C) Text.
 - (D) Video.
- (e) Examinations developed by the accredited examination provider for the purpose of testing solid waste facility operators may not be shown or given to any person except for the following:
- (1) The commissioner for approval under section 2.1 of this rule.

(2) The individual taking the examination during the time that the examination is administered.

(f) An accredited examination provider shall provide verification of an examination to the department in accordance with section 4.1 of this rule.

(g) An accredited examination provider may not use a changed examination without receiving prior approval from the commissioner. Before a change in the examination, an accredited examination provider shall:

(1) notify the department in writing of the change with an accompanying copy of the change; and

(2) receive approval from the commissioner.

(h) An accredited examination provider shall send a written notice to the department with the location and time of the examinations:

(1) before January 1 of each year in which examinations are scheduled, if the information is available; or

(2) at least two (2) weeks in advance of the examination, if the information is not available before January 1 of each year.

(i) An accredited examination provider shall send notice to the department at least two (2) weeks in advance of the examination if the:

(1) time or location of the examination changes; or

(2) examination is canceled.

(j) An accredited examination provider shall provide to an operator taking an examination the application for:

(1) certification required in 329 IAC 12-7-3(e); or

(2) recertification required in 329 IAC 12-7-6(b).
