Sec. 4. (a) Children for whom a party state is committed, in accordance with the terms of an adoption assistance agreement, to provide federally aided medical assistance under Title XIX of the Social Security Act, are eligible for such medical assistance during the entire period for which the agreement is in effect. **465 IAC 2-14-13 Duration, amendment, and termination of transitional services plans**

Authority: IC 31-25-2-18; IC 31-25-2-21

Affected: IC 31-25-2-21

Sec. 13. (a) The approved transitional services plan document shall specify the term, including the commencement and expiration date. The expiration date shall be not later than the date of the youth's twenty-first birthday.

(b) The transitional services plan may be amended from time to time during its term, as necessary or appropriate in the circumstances, by agreement among the youth and other signatories to the plan or their successors in interest. Any amendment shall be submitted for review and approval to the appropriate person or designee, as provided in section 11(i) of this rule. If an amendment involves a change in the principal service provider for any service identified in the plan, the signature of the new service provider, in place of the original service provider, shall be sufficient for approval of the amendment. An amendment shall not extend the expiration date to a time later than the date of the youth's twenty-first birthday.

(c) A youth may request termination of his or her transitional services plan before its specified expiration date by written notice delivered or mailed to the youth's supervising family case manager, probation officer, or assigned monitor. The family case manager, probation officer, or assigned monitor will deliver or send a copy of the notice to all other signatories to the plan. The notice must state that termination is requested for one (1) of the following reasons:

(1) The:

(A) objectives of the plan have been substantially achieved; and

(B) youth is currently capable of independent living and self-support without the need for continuing assistance, supervision, or oversight.

(2) The youth desires to terminate all independent living services because of a change in circumstances relating to the youth's current living and support arrangements, as explained in the notice.

(d) The department or probation officer may request termination, in whole or in part, of a transitional services plan before its specified expiration date, by written notice to the youth, with copies to all other signatories to the plan. A request for termination under this subsection must state that the youth is failing substantially to comply with any specified provisions of the plan and include a statement of the specific facts and circumstances evidencing the alleged noncompliance. The notice shall specify a time at least thirty (30) days after the date of service of the notice as the effective date of the termination. The notice shall also specify the actions required to cure the alleged noncompliance before the termination becomes effective. The youth and any other plan signatory may submit a written response to a termination request under this subsection within fifteen (15) days after the date of service of the notice.

(e) A service provider signatory to a transitional services plan may give notice of termination of its duties and responsibilities under the plan. Unless the department approves a waiver of advance notice in an emergency situation based on a determination that continuation of the provider's services would pose a substantial risk of harm to the youth, the provider, or others, a notice under this subsection will be effective not earlier than thirty (30) days after the date of the notice, unless an earlier effective date has been established by agreement with both the youth and the supervising family case manager, probation officer, or assigned monitor. A notice under this subsection shall be delivered or mailed to:

(1) the youth;

(2) the supervising family case manager, probation officer, or assigned monitor; and

(3) any other signatories to the plan except unrelated service providers.

Upon receipt of a notice of termination under this subsection, the youth and the department or applicable county probation office will make every reasonable effort to locate and agree upon a substitute service provider before the effective date of the termination.

(f) A notice of termination under subsection (c) or (d) shall be effective only upon approval of the court that has jurisdiction over the youth's case at the time the notice is served. The department or probation officer may recommend to the court any appropriate modification of the provisions of any existing dispositional decree or other order, to become effective upon approval of termination of the plan.

(g) Termination or amendment of a particular service provided or to be provided under the plan shall not affect any other

provision of the plan or service provided under the plan.

(h) The provisions of the transitional services plan agreement under section 11(j) of this rule shall include the substance of the provisions of this section, relating to amendment or termination of the plan. (*Department of Child Services; 465 IAC 2-14-13; filed Dec 10, 2010, 10:21 a.m.: 20110105-IR-465090167FRA*)

(2) provide to the assigned monitor a monthly report documenting the youth's current employment status and any efforts to locate new or additional employment, in a form prescribed by the department.

(c) If the youth's full-time or part-time employment is terminated by the employer without fault of the youth, the department local office and the assigned monitor will make every reasonable effort to assist the youth in locating another position that provides equivalent employment. The department may continue to provide OYFC services during the term of the placement agreement, as long as the youth is actively and diligently seeking new employment in cooperation with efforts made by the assigned monitor to assist the youth for that purpose.

(d) If eligibility is based on enrollment or intent to enroll in a school or other educational program, as described in section 8(a)(1)(C), 8(a)(1)(D), or 8(a)(1)(E) of this rule, the youth must:

#### **465 IAC 2-15-18 Termination of OYFC services**

Authority: IC 31-25-2-18

Affected: IC 31-28-5.7-1

Sec. 18. (a) The department may terminate the placement agreement before the expiration of its term, in accordance with the procedure specified in this section and without order of the court having jurisdiction over the older youth or the older youth foster care case, for any of the following reasons:

(1) The youth fails to maintain the applicable program eligibility requirements, as provided in section 17 of this rule.

(2) The youth fails to provide to the assigned monitor any report as specified in section 17 of this rule, within the later of seven (7) days after the:

(A) date the report is due, as provided in the placement agreement; or

(B) youth receives a written or verbal reminder from the assigned monitor that the monthly report is overdue.

(3) The youth substantially or repeatedly violates any rules or standards of conduct specified in department policy, or required by the foster parent home in which the youth is residing for purposes of foster care, as provided in section 16 of this rule.

(4) The youth is:

(A) convicted of an offense described in section 8(a)(4)(A) of this rule; or

(B) adjudicated a delinquent based on a petition described in section 8(a)(4)(D)(ii) of this rule;

unless the charge or petition on which the conviction or adjudication was based was disclosed and considered before approval of the placement agreement for OYFC services under section 12 of this rule.

(5) Subject to subsection (c), the assigned monitor or the department receives credible evidence that the youth is obtaining, distributing, or using one (1) or more controlled substances or alcoholic beverages under circumstances prohibited by applicable state or federal law.

(6) Subject to subsection (d), a local office of the department has identified the youth as a perpetrator of substantiated child abuse or neglect, based on a report received and assessment completed after the date of signature of the placement agreement.

---

CHILD WELFARE SERVICES

---

(7) The youth:

(A) has graduated from the school, or received the certification or degree from the educational program, that the department identified as the basis for eligibility of the youth for OYFC services under section 8(a)(1)(C), 8(a)(1)(D), or 8(a)(1)(F) of this rule; and

(B) is not employed, as described in section 8(a)(1)(A) or 8(a)(1)(B) of this rule.

(8) If eligibility of the youth for OYFC services was based on intent to enroll in a postsecondary educational program under section 8(a)(1)(E) of this rule, the youth failed to:

(A) complete enrollment in the program identified in the application, or a comparable educational program approved by the department, within six (6) months after the youth's eighteenth birthday; or

(B) begin attendance in the program within nine (9) months after the youth's eighteenth birthday.

(9) The youth is terminated or voluntarily withdraws from the school or educational program in which the youth was enrolled as provided in section 8(a)(1)(C), 8(a)(1)(D), or 8(a)(1)(F) of this rule.

(10) The youth has moved from the home in which the youth was residing for purposes of foster care, as provided in the placement agreement, without consent or approval of the department local office of the county where the home is located.

(11) The youth's transitional services plan agreement is terminated under any applicable provision of 465 IAC 2-14-13.

(12) The department discovered after approval of the application and placement agreement that the youth made a materially false or misleading statement in the application, or knowingly omitted a fact or facts material to determination of eligibility for OYFC services, if the false, misleading, or omitted information would have provided a ground for denial of the application under section 14(a)(1) of this rule.

(13) Subject to subsection (c), the assigned monitor recommends, and the local office director approves, termination of the placement agreement and OYFC services for other good cause.

(b) If criminal charges are filed against the older youth:

(1) regarding an offense described in section 8(a)(4) of this rule;

(2) after the date of signature of the placement agreement; and

(3) while the youth is receiving OYFC services under the placement agreement;

the department may suspend the OYFC services provided under the placement agreement or the youth's transitional services plan agreement, pending disposition of the charges. However, the department will continue to pay the applicable foster care rate to the foster care home, as provided in section 15(e) of this rule, if the youth continues to reside in the home while the criminal charges are pending.

(c) A termination based on subsection (a)(5) or (a)(13) will not be effective until a date stated in a written notice mailed or delivered to the older youth, that is not less than thirty-three (33) days after the date the notice is mailed or delivered. The notice:

(1) shall include a statement of the specific facts on which the proposed termination is based; and

(2) will provide to the youth an opportunity to present to the local office director of the county where the youth is residing, by written response and by personal interview if requested, any reasons why the proposed termination should not be approved.

The reasons may include evidence that the factual allegations stated in the notice are false or inaccurate.

(d) A termination based on subsection (a)(6) will not be effective until completion of any administrative review and administrative hearing procedures, available under applicable rules or policies of the department, if the older youth timely submits a request for an administrative review or hearing as provided in those rules or policies.

(e) A termination based on subsection (a)(8) will be effective immediately, on the date the termination notice is mailed or delivered to the youth.

(f) Subject to subsections (c), (d), and (e), a termination notice under this section will be effective on the date stated in the notice. The effective date will not be earlier than ten (10) days after the date the notice is mailed or delivered to the youth. Within ten (10) days after the date of the notice, the youth may request informal counseling with the assigned monitor or another representative of the department, concerning the stated grounds for termination and any related facts or circumstances. The department may agree to suspend or delay the effective date at the request of the youth and counselor.

(g) Except as provided in subsection (h), all OYFC services provided under the placement agreement will be suspended on the termination effective date, and will terminate upon expiration of the time allowed to request administrative review under section 19(d) of this rule. If administrative review is timely requested, the services will remain suspended until completion of the

administrative review proceedings.

(h) This subsection does not apply to a notice of termination of OYFC services under subsection (a)(8) for failure to enroll timely in a school or educational program, or under subsection (a)(10) for moving from the approved foster home without consent or approval of the department local office. The department will continue to make payments to the foster parent, as provided in section 15(e) of this rule, until expiration of the time for requesting administrative review of a termination notice under section 19 of this rule, or until a timely requested administrative review has been completed, if both the older youth and the foster parent request continuation of the placement during that time.

(i) The older youth may terminate the placement agreement by giving written notice to the department that the youth:

(1) intends to move from the foster family home in which placement for foster care was approved by the department to another independent living arrangement, without prior approval of the department; or

(2) subject to subsection (j), does not intend to complete the program or services identified in the placement agreement, or maintain the applicable employment or educational requirements as specified in section 17 of this rule.

(j) Termination of services provided under the older youth's transitional services plan agreement is subject to the procedures specified in 465 IAC 2-14-13.

(k) Whenever a placement agreement is terminated under this section, the local office will:

(1) file with the court that approved the petition for OYFC services under IC 31-28-5.7-1(c) [*IC 31-28-5.7 was repealed by P.L.48-2012, SECTION 33, effective March 14, 2012.*] or section 12(e) of this rule a notice stating the effective date of termination; and

(2) request that the court terminate jurisdiction over the older youth and close the older youth foster care case.

(l) The provisions of the placement agreement described in section 15(g) of this rule shall include a summary of the grounds and procedures for termination of the agreement, as provided in this section.

(m) Upon termination of a placement agreement under this section, the assigned monitor will meet with the older youth to do the following:

(1) Review the provisions of the transitional services plan agreement, unless the transitional services plan agreement has been or will be terminated.

(2) Provide to the older youth information concerning other services that may be available to assist the youth, including, but not limited to, voluntary transition services for which the youth may be eligible under any applicable provision of 465 IAC 2-14.

(e) The department or local office will submit every complaint under this section that the department or a local office receives to the deputy director for programs and services, who will appoint a review panel for purposes of considering the complaint.

(f) A review panel appointed under subsection (e) will consist of the following three (3) members:

(g) The review panel will review all documents identified by the complainant or staff of the department that were considered in making the decision or determination, and any other documents submitted by the complainant with the complaint that may be relevant to the issues presented by the complaint. The review panel may, and if requested by the complainant shall, provide an opportunity for an informal meeting with the complainant and one (1) or more representatives of the department who participated in the decision or determination, for the purpose of discussing the reasons for the decision or determination and the basis for the complaint.

(h) The review panel may, in its discretion, receive and consider information or documents submitted by individuals other than the complainant, as requested or approved by the complainant or the department. However, the review panel will not hold a formal evidentiary hearing or receive testimony of witnesses.

If the review panel concludes that the facts stated in the termination notice are correct, the panel will affirm the termination for the reason or reasons stated in the notice. The decision of the panel under this subsection is final and is not subject to further review under this section.

(j) After completing its review of the complaint and the relevant documents or information provided, the review panel will prepare and submit to the deputy director for programs and services a written report containing its findings, conclusions, and recommended decision concerning disposition of the complaint.

(k) After receipt and review of the report of the review panel, the deputy director will send to the complainant a written decision concerning the disposition of the complaint. The decision of the deputy director:

(1) will state the relevant facts and conclusions; and

(2) except as otherwise provided in subsection (i), may affirm, modify, or reverse the decision or determination that is the subject of the complaint.

(l) The decision of the deputy director will be issued not later than sixty (60) days after the date the department received the complaint, unless additional time for completion of the review and preparation of the decision is approved by the director of the department, based on extenuating circumstances.

(m) The decision of the deputy director may be reviewed by the director of the department, upon written request submitted to the director by the complainant or local office director of the county where the complainant resides, within ten (10) days after the date of service of the decision. For purposes of this subsection, "date of service" means the date copies of the decision were deposited in the United States mail, addressed to the complainant at his or her last known place of residence and to the local office in the county of the complainant's last known residence.

**465 IAC 2-17-19 Payments to foster parents**

Authority: IC 31-25-2-18  
Affected: IC 31-25-2-7; IC 31-27-6

Sec. 19. (a) Every child under the care and control of the department or a probation department in a foster home setting is entitled to a maintenance payment. The foster parent or parents will receive a maintenance payment in the form of a per diem payment. All payments will be made at least monthly for foster care provided during the preceding calendar month.

(b) The amount of a maintenance payment payable as provided in this section may vary based upon the age of the child.

(c) The foster parent or parents may receive an additional amount of properly claimed travel expenses incurred for a child placed in the foster home. The additional travel expenses will be paid if:

- (1) the foster parent travels in excess of the cost of travel that is paid through the maintenance payment; and
- (2) the travel is for one (1) or more of the following purposes and is consistent with the child's individual case plan or a court order:

- (A) Travel for visitation with the child's family.
- (B) Travel between the foster family home and the school in which the child was enrolled before placement and continues to be enrolled while residing with the foster family, to the extent that school transportation is not provided

or required to be provided under applicable Indiana law by a public school corporation or other state or local agency.

(C) Travel to physical or behavioral health appointments.

(D) Travel for involvement in or attendance at:

(i) administrative case or judicial reviews;

(ii) case conferences or team meetings; or

(iii) foster parent training.

(E) Other travel approved in writing in advance by the department.

(d) The foster parent or parents may receive an additional amount for enhanced supervision based on the category of supervision applicable to the child. The department or a probation department is responsible for determining the child's assessed category of supervision by utilizing the applicable approved assessment tool and input from the parties involved in the child's case, including the CPA, to determine the appropriate category of supervision. The enhanced supervision payment may increase or decrease based on the child's needs at the time of a reassessment.

(e) Except as provided in this subsection, the department will not pay an additional amount for enhanced supervision until after the approved assessment tool has been completed. The department may, in exceptional circumstances, as determined by the department, pay an amount greater than the maintenance payment at the time of placement and before completion of the approved assessment tool. In considering whether to approve a greater payment under this subsection, the department shall consider the child's specific, previously identified needs for enhanced supervision and input from the parties involved in the child's case, including the CPA, that would require additional payment of a temporary enhanced supervision amount prior to the determination of an appropriate enhanced supervision amount under subsection (d).

(f) To the extent consistent with the child's assessed needs, a foster parent may also receive payment for costs of caring for a child that are not included in the maintenance payment, if such costs are determined by the department to be prudent and reasonably necessary in order to serve the child's needs in connection with the child's permanency plan or other plan of care and treatment. The department will pay for those approved costs in accordance with department policies as such policies are published by the department from time to time.

(g) The department will make foster care liability insurance available to foster parents. (*Department of Child Services; 465 IAC 2-17-19; filed May 25, 2011, 1:33 p.m.: 20110622-IR-465100417FRA*)

(b) The study will consider the age of a child and the relevant costs associated with the care of children, including children in foster care.

(c) From this study, the independent contractor will construct a model of maintenance payments. The study will provide information to the department so that the department can establish appropriate maintenance payment rates and enhanced supervision payment rates. The completed study will provide the methodology for calculating future adjustments, if any, as underlying costs change.

(d) The department will determine the maintenance payment rate that will be paid to all foster parents.

(e) The department will determine the enhanced supervision payment rates, which shall correspond to the categories of supervision established by the approved assessment tool as defined by section 4(a) of this rule [*redesignated section 4(1) of this rule by the Publisher*].

(c) The department will maintain and publish a list of all CPA administrative payments.

(d) Each CPA shall submit to the department a cost report on an annual basis at the time and in the form required by the department. (e) The department will review each cost report for reasonableness and eligibility under Title IV-E, OMB circulars, and the applicable CFR provisions described in section 16 of this rule. The department may, in its discretion, adjust historical costs to reflect current costs by applying a cost of living adjustment. (h) If the CPA accepts the administrative payment offered by the department in the notice letter, such administrative payment shall amend any agreement containing payment rates that include administrative costs for placements currently in effect between the CPA and the department.

(i) Each cost report submitted under subsection (d) is subject to further review or audit by the department. Such a review or audit may result in an administrative payment adjustment as specified in a new administrative payment notice letter issued and mailed to the CPA.

(j) If the CPA has not been licensed, or operated a program for which an administrative payment is required, for a period of at least twelve (12) months before the cost report is due to the department, the CPA shall submit a cost report utilizing a comprehensive twelve (12) month operating budget for the new program at least ninety (90) days before the start of the program. The department will utilize its rate setting methodology as provided herein to establish an administrative payment for the new program. Specifically, the concept of netting such credit items against related expenditures will be applied by the department in determining the administrative payment. All payments will be made monthly, at the time and in the manner determined by the department, for foster care provided during the preceding calendar month.

(b) The amount of a maintenance payment payable as provided in this section may vary based upon the age of the child.

(c) The foster parent or parents may receive an additional amount of properly claimed travel expenses incurred for a child placed in the foster home. The additional travel expenses will be paid if:

The enhanced supervision payment may increase or decrease based on the child's needs at the time of a reassessment.

(e) Except as provided in this subsection, the department will not pay an additional amount for enhanced supervision until after the approved assessment tool has been completed. The department may, in exceptional circumstances, as determined by the department, pay an amount greater than the maintenance payment at the time of placement and before completion of the approved assessment tool. In considering whether to approve a greater payment under this subsection, the department shall consider the child's specific, previously identified needs for enhanced supervision that would require additional payment of a temporary enhanced supervision amount prior to the determination of an appropriate enhanced supervision amount under subsection (d).

(f) To the extent consistent with the child's assessed needs, a foster parent may also receive payment for costs of caring for a child that are not included in the maintenance payment, if such costs are determined by the department to be prudent and reasonably necessary in order to serve the child's needs in connection with the child's permanency plan or other plan of care and treatment. The department will pay for those approved costs in accordance with department policies as such policies are published by the department from time to time.

An incomplete request for review of the child's category of supervision that does not include at least the items specified in this subsection cannot be accepted or processed.

(e) When a request for a review of the category of supervision that complies with subsection (d) is received, the FCM or probation officer will hold a meeting with the foster parent to discuss the needs of the child within fourteen (14) days of the request for review. The department's local office director or designee, or the chief probation officer or designee, must be in attendance at this meeting. Notice of the outcome of the review must be given by the department's local office director or designee, or the chief probation officer or designee, in writing, to the foster parent within five (5) business days of the meeting.

(f) No request for review of the child's category of supervision will be acted upon if the foster parent has a current license that is in the process of being revoked by the department.

(g) The payment for enhanced supervision as determined under section 14 or section 16 of this rule will remain in effect while the request for review of the child's category of supervision is pending the result of the review. The child's category of supervision, as affirmed or revised by the department's local office director or designee, or the chief probation officer or designee, upon completion of the review, will be effective as of the date of the notice of the outcome of the review. Any payments made by the department to the foster parent after the effective date will be adjusted in accordance with the final approved category of supervision for the child.
