II. BRIEF HISTORY OF RULEMAKING IN INDIANA

Establishment of Uniform Rulemaking Procedures

Prior to 1943, uniform rulemaking procedures were nonexistent. Early statutes conferring rulemaking power on state agencies were occasionally designed to ensure public access to rules, but little else. The earliest of these statutes, the 1881 Health Board Act (Acts 1881, Chapter 19), merely required that rules be “promulgated”. Other statutes, such as the law creating the Livestock Commission (Acts 1889, Chapter 212) and the Labor Commission (Acts 1897, Chapter 88), required availability for inspection and, with some exceptions, printing of rules. The most comprehensive of the early efforts applied to the Railroad Commission and its successor, the Public Service Commission. Acts 1905, Chapter 53, required the Railroad Commission to furnish each railway company with copies of rules twenty days before they were to take effect. Rights to notice, hearing, and public participation were added in 1913 (Acts 1913, Chapter 76) when the railroads and other utilities were brought under the control of the Public Service Commission. Rules promulgated in conformity with these statutes were to be admissible as evidence in Indiana courts. However, these statutes were not generally used as models for other rulemaking legislation.

In this early period, Indiana courts were more concerned with the substance of rules than the procedures for their adoption. See, Fertich v. Michener (1887), 111 Ind. 472, 11 N.E. 605. Procedural matters concerning rulemaking and administrative adjudication were thought to be discretionary, depending upon the exigencies of the situation in which an administrative agency might find itself. It was thought that because the legislature could make rules without special public hearings beyond those constitutionally required for the conduct of legislative business, agencies could, too. See, Vandalia Railroad v. Public Service Commission of Indiana (1916), 242 U.S. 255, 61 L.Ed. 276. As late as 1938, the courts were still holding that administrative rulemaking was merely part of the administrative duties of an agency, and no additional procedural safeguards were necessary beyond those in the existing statutes. See, Financial Aid Corporation v. Wallace (1939), 216 Ind. 114, 23 N.E. 472. In 1943, the Indiana General Assembly took its first step toward establishing uniform rulemaking procedures. Acts 1943, Chapter 213 (“1943 Act”) required that all rules adopted after November 3, 1943, be approved and filed prior to becoming effective. Rules were to be approved by the Attorney General and the Governor and filed with the Secretary of State and the Legislative Bureau. When promulgated in conformity with these procedures, the rule was to be admissible as evidence in any court proceeding after certification by the Secretary of State.

Soon after the passage of the 1943 Act, Governor Gates and Attorney General Emmert authorized a study commission within the Attorney General's office to examine the entire field of administrative law. Comprehensive revision was found impossible to implement before the 1945 session of the Indiana General Assembly, so the study commission concentrated on administrative rulemaking. Revision of the administrative adjudication process was left to the 1947 session.

In the 1945 session, the Indiana General Assembly enacted Acts 1945, Chapter 120 (“1945 Act”). The 1945 Act reenacted the 1943 Act's provisions concerning approval and filing and enacted additional uniform procedures similar to those in an early draft of the Model Administrative Procedures Act adopted by the National Commission on Uniform State Laws in 1946. Subsequently, the 1945 Act was codified as IC 4-22-2 and, with significant amendments and additions made in 1985, continues in force today.

The State’s initial effort to publish an official codification of rules was authorized by the 1945 Act. The 1945 Act required the Secretary of State to compile, index, and publish all rules in effect on January 1, 1946. This initial code was to be supplemented each year by a cumulative pocket-part supplement.

The Secretary of State published Indiana’s first official codification of rules on January 1, 1947, under the title Indiana Rules and Regulations. In each subsequent year through 1979, that office published a noncumulative supplement under the title Additions and Revisions to Rules and Regulations. Ordinarily, rules filed with the Secretary of State in a particular calendar year were published in the following year’s supplement in an uncodified form. In a few cases, lengthy rules were not published at all. Except in 1947, rules were neither indexed nor codified. The Secretary of State published the last noncumulative supplement in 1979. This volume contained rules filed with that office from January 1, 1978, through May 15, 1978.

Between 1977 and 1981, the Indiana General Assembly enacted a series of amendments to IC 4-22-2 that established a new method of publication for state rules. Rules filed with the Secretary of State, proposed rules, emergency rules, and selected other documents, such as official opinions of the Attorney General and executive orders of the Governor, were to be published by the Legislative Council in the Indiana Register. In addition, the Legislative Council was to annually compile, computerize, index, and publish Indiana’s rules in an edition of the Indiana Administrative Code or a cumulative supplement to the Indiana Administrative Code. The Legislative Council began publication of the Indiana Register on July 1, 1978, and continued to publish it on a monthly basis through the July 1, 2006, Indiana Register. The Indiana Register is now published on the Internet only and on a more frequent basis. The
Legislative Council published the first *Indiana Administrative Code* in 1979 and supplemented it through 1983 with a soft-bound cumulative supplement.

The 1979 edition of the *Indiana Administrative Code* codified all agency rules in effect on December 31, 1978. With the assistance of the Code Revision Commission, chaired by Senator Leslie Duvall, the Legislative Council compared all rules filed with the Secretary of State after January 1, 1946, against the text of the 1947 Edition of *Indiana Rules and Regulations* to identify all rules in effect. These rules were arranged and numbered in code format and submitted to the agencies having jurisdiction over them for certification. Certified rules were then compiled in the 1979 Edition. IC 4-22-9-3(c) provides that rules “filed with the secretary of state before December 2, 1978, and not compiled in the 1979 edition of the Indiana Administrative Code are void”.

The 1984 edition was the first recomplilation of the *Indiana Administrative Code*. It replaced the 1979 edition of the *Indiana Administrative Code* and its 1983 cumulative supplement.

The 1988 edition was the second recomplilation of the *Indiana Administrative Code* and replaced the 1984 edition of the *Indiana Administrative Code* and its 1987 cumulative supplement.

The 1992 edition was the third recomplilation of the *Indiana Administrative Code* and replaced the 1988 edition of the *Indiana Administrative Code* and its 1991 cumulative supplement.

The 1996 edition was the fourth recomplilation of the *Indiana Administrative Code* and replaced the 1992 edition of the *Indiana Administrative Code* and its 1995 cumulative supplement.

The 2001 edition was the fifth recomplilation of the *Indiana Administrative Code* and replaced the 1996 edition of the *Indiana Administrative Code* and its 2000 cumulative supplement.

The 2003 edition, published in CD-ROM format, was the sixth recomplilation of the *Indiana Administrative Code* and replaced the 2001 edition and its 2002 supplement.

The 2004 edition was the seventh recomplilation of the *Indiana Administrative Code* and replaced the 2003 edition.

The 2005 edition, published in CD-ROM format, was the eighth recomplilation of the *Indiana Administrative Code* and replaced the 2004 edition.

The 2006 edition, on the Indiana General Assembly’s Website, was the ninth recomplilation of the *Indiana Administrative Code* and replaced the 2005 edition.

The 2007 edition, on the Indiana General Assembly’s Website, was the tenth recomplilation of the *Indiana Administrative Code* and replaced the 2006 edition.

The 2008 edition, on the Indiana General Assembly’s Website, was the eleventh recomplilation of the *Indiana Administrative Code* and replaced the 2007 edition.

The 2009 edition, on the Indiana General Assembly’s Website, was the twelfth recomplilation of the *Indiana Administrative Code* and replaced the 2008 edition.

The 2010 edition, on the Indiana General Assembly’s Website, was the thirteenth recomplilation of the *Indiana Administrative Code* and replaced the 2009 edition.

The 2012 edition, on the Indiana General Assembly’s Website, was the fifteenth recomplilation of the *Indiana Administrative Code*, contains all agency rules in effect after December 31, 1978, through agency rules filed through December 31, 2011, and replaced the 2011 edition.

The 2014 edition, on the Indiana General Assembly’s Website, was the seventeenth recomplilation of the *Indiana Administrative Code*, contains all agency rules in effect after December 31, 1978, through agency rules filed through December 31, 2013, and replaced the 2013 edition.

The 2016 edition, on the Indiana General Assembly’s Website, was the nineteenth recomplilation of the *Indiana Administrative Code*, contains all agency rules in effect after December 31, 1978, through agency rules filed through December 31, 2015, and replaced the 2015 edition.

The 2017 edition, on the Indiana General Assembly’s Website, was the twentieth recomplilation of the *Indiana Administrative Code*, contains all agency rules in effect after December 31, 1978, through agency rules filed through December 31, 2016, and replaced the 2016 edition.

The 2018 edition, on the Indiana General Assembly’s Website, was the twenty-first recomplilation of the *Indiana Administrative Code*, contains all agency rules in effect after December 31, 1978, through agency rules filed through

Since the posting of the 2018 edition, the Indiana Administrative Code has been updated in the “Latest Update” edition on the Indiana General Assembly’s Website as final rules have become effective.

The Indiana Administrative Code is the only available publication containing all of Indiana’s current rules. At various times, a private publisher, The Bobbs-Merrill Company, Inc., supplemented the Secretary of State’s efforts with an unofficial compilation of rules. In 1941, Professor Frank E. Horack, Jr. of the Indiana University School of Law made an exhaustive search of state office files and collected the rules he found into a loose-leaf publication under the title Indiana Administrative Code. It was supplemented until 1947 and discontinued. In 1967, at the suggestion of the Secretary of State and with his cooperation, Bobbs-Merrill resumed publication of rules under the titles Burns’ Indiana Administrative Rules and Regulations, Annotated and Burns’ Indiana Administrative Rules and Regulations, Code Edition. This publication was discontinued in 1978.

A detailed review of Indiana’s experience with administrative rulemaking prior to 1962 is contained in an article published in the Indiana Law Review by P. Allan Dionisopoulos entitled “Procedural Safeguards in Administrative Rule Making in Indiana” (37 Ind. L.J. 423 (1962)). Professor Dionisopoulos’s article was especially helpful in the preparation of this brief history of Indiana rulemaking.
III. USER’S GUIDE TO THE INDIANA ADMINISTRATIVE CODE

A. General Information

1. OFFICIAL PUBLICATION STATUS: The Indiana Administrative Code is an official publication. IC 4-22-9-3(b) provides that publication in the Indiana Administrative Code “shall be considered prima facie evidence that the rule was adopted in conformity with IC 4-22-2 and that the text published is the text adopted”.

2. PUBLICATION ARRANGEMENTS: Arrangements for publication of the Indiana Administrative Code were made by the Indiana Legislative Council under IC 4-22-8-11. In making its decisions, the Council relied heavily on the recommendations of the Indiana Code Revision Commission, an advisory body. The Indiana Administrative Code posted on the Indiana General Assembly’s Website includes the text of all unrepealed and unexpired permanent rules that have not been voided by legislative action. Beginning July 2006, the Indiana Administrative Code has been updated weekly as final rules, code emergency rules, and agency corrections have become effective.

3. PUBLICATIONS REPLACED BY THE INDIANA ADMINISTRATIVE CODE POSTED ON THE INDIANA GENERAL ASSEMBLY’S WEBSITE: The 2018 edition of the Indiana Administrative Code is obsolete. Unrepealed, unexpired, and unamended rule text appearing in the 2018 edition of the Indiana Administrative Code has been republished in the “Latest Update” edition of the Indiana Administrative Code posted on the Indiana General Assembly’s Website. To this body of text has been added the latest version of added or amended rule text as final rules, code emergency rules, and agency corrections have become effective. The 2018 edition of the Indiana Administrative Code and all previous publications of the Indiana Register are now of historical interest only.

4. SUPPLEMENTATION: The Indiana Administrative Code is updated by the Indiana Register.

B. Editorial Policy

1. OFFICIAL RULE TEXT: Rule text is published in the Indiana Administrative Code as adopted, without any intentional deviations. Nonsubstantive style matters, such as the scheme of numbering and capitalization used in some provisions, have been changed to bring them into conformity with the style of the Indiana Administrative Code. Other matters have been referred to the issuing agency for remedial action.

2. ANNOTATIONS: As an aid to the reader, the Indiana Administrative Code contains a series of annotations that are not part of the official text of any adopted rule (see explanation of annotations in Sections III(D) and III(E) of this User’s Guide). IC 4-22-9-4 provides that they “are not part of the official text of any rule, are not intended to affect the meaning, application, or construction of any rule, and may be altered at any time by the Publisher of the Indiana Register or Indiana Administrative Code”.

3. UNPUBLISHED RULE TEXT: The Indiana Administrative Code does not contain the text of noncode temporary rules. Neither does it contain material that is incorporated by reference into a permanent rule. Nonpermanent rules are published only in the Indiana Register. The text of material incorporated by reference is not published in the Indiana Register. However, the Indiana Register contains a notation following the published version of each rule document indicating whether the
full text of incorporated matter is available in the Office of the Secretary of State or, for documents filed after June 30, 2006, the office of the Publisher.

4. **Noncode Rules**: Noncode rules are not included in the *Indiana Administrative Code* and are not considered part of the general and permanent rule text. If a rule document has general application, but is not permanent by statute, it is considered “temporary” and may be drafted as a noncode rule. Temporary, noncode rules generally include provisions that contain a specific termination date that is not more than five years after the effective date, provide for transitional or implementary matters as an emergency provision to a permanent rule, or terminate by implication when their purpose is fulfilled or ceases to exist. Noncode rules are published only in the *Indiana Register*.

5. **Deletion of Noncurrent Rule Text**: After rule text is included in the *Indiana Administrative Code*, it is retained until expressly repealed by the action of the issuing agency or voided by the Indiana General Assembly or until it expires under IC 4-22-2.5 or IC 13-14-9.5, which states that an administrative rule adopted under IC 4-22-2 or IC 13-14-9, respectively, expires January 1 of the seventh year after the year in which the rule takes effect unless the rule contains an earlier expiration date. When rule text is amended, the later version replaces the text of the former version.

6. **Copyright**: The -IR- database contains certain materials that are copyrighted by Thomson West under United States law. The section headings and authority and affected lines may not be copied, reproduced, or reprinted without the permission of Thomson West, except as provided under U.S. Copyright law. To obtain permission to copy, reproduce, or reprint copyrighted material described above, contact Thomson West at 610 Opperman Drive, Eagan, Minnesota 55123. Beginning in 2002, with Volume 25 of the *Indiana Register*, the section headings and authority and affected lines for new and amended sections are prepared by the state agencies and reviewed by the Publisher and are not subject to a copyright by Thomson West.

### C. Organizational Scheme

1. **Arrangement**: The *Indiana Administrative Code* contains over 150 groupings of rules called “titles”. Each title contains the rules of one agency. For the purpose of making rules, an “agency” is a governmental body that is given separate authority to issue rules, even if the body is administratively organized as part of another body. Titles are organized into successively smaller units by subject matter. Rule text in a title is arranged into one or more “articles”, rule text within each article is arranged into one or more “rules”, and rule text in each rule is arranged into one or more “sections”. Regardless of when they are issued, related subject matters are grouped together.

2. **Citations**: Citations to the *Indiana Administrative Code* involve the use of a four-part number for each section. The four parts, separated by dashes, designate, in order, the title, article, rule, and section in which the rule text is arranged.

3. **Designations**: The divisions within a section, usually referred to as “designations”, are not part of an *Indiana Administrative Code* citation. The drafting style developed by the Legislative Council allows paragraphs in a section to be grouped and designated as “subsections”. Phrases within a paragraph are vertically listed and designated into successively subordinate units called “subdivisions”, “clauses”, “items”, and “subitems”. A series of tables, pieces of artwork, exhibits,
footnotes, equations, or formulas within a paragraph are consecutively designated as a separate series in each section. However, particularly in text issued on or before December 1, 1978, the publishing deadline for the 1979 edition, other designation schemes may be used within a section.

4. ASSIGNMENT OF CITATIONS AND DESIGNATIONS: Initially, the agency issuing a rule assigns its Indiana Administrative Code citations and designations. Before it is published in the Indiana Register, the Publisher reviews the numbering scheme and reassigns Indiana Administrative Code citation numbers and designations, as necessary, to bring the text into conformity with the style developed by the Legislative Council. Once assigned, an Indiana Administrative Code citation number is permanently associated with the same subject matter. Designations, on the other hand, may change as needed to maintain consecutive series. All amendments to a section are assigned the same Indiana Administrative Code citation. Provisions that supplement the subject of an article or rule are assigned to the same article or rule. When text expires, is voided, or is repealed from the Indiana Administrative Code, its associated citation is retired. Except when rule text is saved and transferred by the Indiana General Assembly, rule text may be renumbered only by expressly repealing it by Indiana Administrative Code citation and readopting it under a different Indiana Administrative Code citation.

5. DECIMAL CITATIONS: When a citation is originally assigned to an added title, article, or rule, only whole numbers are used. As provisions are added to the title, article, or rule by subsequent action, decimal numbers are sometimes used to locate rule text near a previously added provision. For example, Article 9.5 will follow Article 9 and precede Article 10. As an aid to the user, the notation “(Reserved)” has been inserted wherever a whole number citation is unused in a series of whole numbers. However, the notation is not inserted for unused decimal citations.

6. RENUMBERING TRANSFERRED RULES: The rules of an agency are transferred and renumbered as the rules of a successor agency only if the Indiana General Assembly expressly saves and transfers the rules by statute. Rules shown as transferred before August 12, 1987, but not expressly saved and transferred by statute, have been reinserted under their original Indiana Administrative Code citation numbers. Annotations have been inserted to document each renumbering action.

D. Annotations: Headings

1. TEXT HEADINGS: Prior to 2002, the rule text in each title, article, rule, and section is preceded by a heading prepared by Thomson West; beginning in 2002, with Volume 25 of the Indiana Register, the headings are prepared by the state agencies and reviewed by the Publisher. Each heading consists of a citation number component and a descriptive component. The citation number component reflects the Indiana Administrative Code citation number assigned by the Publisher to the text. The descriptive component in a title heading is the official name of the agency assigned by statute. The descriptive component in each of the other headings contains a brief subject matter description of the text in the article, rule, or section, as applicable.

2. PROMULGATED HEADINGS: Some rule text, particularly rule text issued before publication of the 1979 edition, contains adopted section headings and subsection headings in addition to the headings added by Thomson West. Beginning January 1, 1983, the Publisher’s policy has been to treat these headings as improperly formatted annotations and to eliminate all promulgated headings as text is added or amended. Under the authority in IC 4-22-8-4, the Publisher may reformat, renumber, or revise rule text before it is published in final form in the Indiana Register.
3. HEADINGS FOR DELETED RULE TEXT: When rule text is deleted from the Indiana Administrative Code, the heading preceding the text is retained with a note explaining the deletion. The following table summarizes the most common heading notes appearing in the Indiana Administrative Code:

<table>

E. Additional Section Annotations

1. STANDARD SECTION ANNOTATIONS: Each section containing text is accompanied by a section heading, authority and affected lines, a section designation, and a history line.

2. AUTHORITY AND AFFECTED LINES: Related Indiana statutory laws are cross-referenced in authority and affected lines preceding rule text. Citations that delegate rulemaking authority to an agency are arranged in the authority line. Other provisions that are cited within the text of the section or are otherwise closely related to the subject matter of the section are arranged in the affected line.
CHANGES TO AUTHORITY AND AFFECTED LINES

When it is necessary to change an authority or affected line because of a recodification of an Indiana Code statute or a repeal of an Indiana Code cite, the Publisher will make the necessary changes when there is a clear disposition of the cite. When an authority or affected line cite is repealed in an Indiana Code recodification and there is no clear disposition of the cite, the agency may contact the Publisher with the replacement cites. The Publisher will then make the necessary changes. It is not necessary to amend an IAC section just to change the authority and affected lines, which are not official text and may be altered at any time by the Publisher. (IC 4-22-9-4)

Incorrect Indiana Code cites in the text of IAC sections may be corrected by an agency correction under IC 4-22-2-38(a)(2). NOTE: The Publisher routinely inserts editorial notes after incorrect cites but does not have the statutory authority to change them.

3. HISTORY LINES: The history line includes the name of the agency currently having jurisdiction to amend, repeal, or readopt the section; the citation number initially assigned to the section by the agency filing it with the Secretary of State before July 1, 2006, or, for documents filed after June 30, 2006, the Publisher; and filing and publication information for each action that either added, amended, or readopted text in the section. History line information is deleted from the Indiana Administrative Code when a section is repealed or expires under IC 4-22-2.5 or IC 13-14-9.5. The following table explains the history line citations used to summarize a section’s filing and publication history:

• Document Identification Number

See an explanation of the Document Identification Number (DIN) in Section IV of the User’s Guide to the -IR- Database.

• eff Jul 1, 2003

Appears only if a delayed effective date provision was contained in a rule document that added or amended the section. Always follows the reference to the publication in which the affected rule text was published. Statutory effective dates are not referenced.

• emergency rule

Indicates that an addition or amendment affecting the section was issued under special rulemaking procedures that exempt it from part or all of the notice, public hearing, approval, or effective date provisions applying to most rules.

• errata

Indicates an agency correction was filed under IC 4-22-2-38 with the Secretary of State or, after June 30, 2006, the Publisher or that a Publisher’s correction was published under IC 4-22-8-4.

• readopted

Indicates a readoption document was filed with the Secretary of State or, after June 30, 2006, the Publisher.

• adopted

Indicates an agency rulemaking not promulgated under IC 4-22-2.

4. Publisher’s Notes: Publisher’s notes may be inserted to expand upon the information contained in an authority or affected line or history line. One or more Publisher’s notes may follow or be included in a history line. However, Publisher’s notes never indicate whether a section is enforceable. Related statutory law and case law must be researched independently to ascertain the force and effect of a section.

5. Bracketed Internal References and Other Bracketed Notes: Bracketed internal references usually are inserted in rule text to translate or update obsolete and inaccurate internal references to Indiana statutes or rules. The Publisher routinely inserts bracketed internal references to indicate that the Publisher has renumbered a provision that is cross-referenced in a rule. The Publisher also routinely follows a reference to an Act of the Indiana General Assembly or to an Indiana Code citation that has been renumbered by the Indiana General Assembly with the appropriate current Indiana Code citation. The Publisher does not translate references to federal statutes, federal rules, or case decisions. Other bracketed notes may appear in the text. For example, if an obvious typographical, clerical, or spelling error appears in the adopted version of a rule, the error is retained in the text followed by the notation “[sic]”.

IV. DOCUMENT IDENTIFICATION NUMBER (DIN)

After July 1, 2006, each document that has been posted on the Indiana Register Website (-IR- Database) has been assigned a unique DIN. The Publisher has created the DINs making consistent use of the following conventions:

This “typical DIN” 20060726-IR-317050065FRA describes:
• a final rule (FR)
• that was posted on the -IR- Database (-IR-) Website
• on July 26, 2006.

This final rule document:
• would add a new rule that amends Title 317 of the Indiana Administrative Code
• was assigned LSA Document #05-65 (padded with zeroes 050065) (which means it was the sixty-fifth rule document brought to the Publisher by a state agency in 2005)

Since this was the first document posted with respect to this document number on the specified date, the DIN ends with:
• a wild card (A).

Each individual document that is posted on the -IR- Database Website is internally paginated and stored in a “PDF” format. This permits citation to the DIN and any specific page within the document that is being referenced.

The Indiana Supreme Court is considering whether any changes are necessary with respect to the Court's rules for citing documents published in the Indiana Register under its new format.

A. Typical DIN

20060726-IR-317050065FRA

Breakdown of Components in the Above Example:

2006 Year of posting on the Internet
07 Month of posting on the Internet
26 Day of posting on the Internet
-IR- Indiana Register database
317 Entity identifier (either IAC Title number or a 3-letter designation) (A complete list of the 3-letter designations appears in Section IV(B) of the User’s Guide to the -IR- Database.)
A six-digit LSA Document number, the first two digits referencing the year the number was assigned followed by four digits that are assigned sequentially as documents are submitted to LSA for publishing throughout that calendar year. NOTE: Leading zeros are always included in the year and, when necessary, in the sequential number when referring to the “LSA Document #” in a DIN.

Type of document (Final Rule in the above example) [NOTE: A complete list of the document types is printed below.]

Wild card. Most DINs will end in “A”. However, if a second (or subsequent) document with the identical LSA Document # and document type is posted on the -IR- Database Website on the same day as the first document, LSA would proceed through the alphabet to distinguish the second, third, etc., with the wild cards “B”, “C”, etc.

B. List of Letter-Designated Entities in a DIN

Letters, instead of numbers, are assigned when an entity, without rulemaking authority under IC 4-22-2 or IC 13-14-9, publishes a document under IC 4-22-7-7. For entities, or divisions of entities, with rulemaking authority publishing a document under IC 4-22-7-7, the title number for that entity or umbrella entity will be used instead of letter characters. For instance, the Indiana Recount Commission is a division of the Secretary of State (Title 75 IAC), so LSA would assign 075 for the Indiana Recount Commission. The list that follows consists of entities that have published an “Other Notice” or “Nonrule Policy Document” in the Indiana Register since October 1999. Entities that have an umbrella entity with an IAC title number are not listed below.

ERC = Indiana Emergency Response Commission
GOV = Governor (Executive Orders and Proclamations)
IPA = Indiana Protection and Advocacy Services Commission
LRC = Indiana Lobby Registration Commission
LSA = Legislative Services Agency
SBC = Office of the State Building Commissioner
SRF = Drinking Water State Revolving Fund Loan Program

C. List of Document Type Suffixes in a DIN (alphabetical)

[37 types of documents have been identified]

AC = Agency Correction
AF = Publisher’s Receipt for Filed Document
AO = Attorney General’s Opinions
AR = IC 4-22-2-19 and IC 4-22-2-25 Notices
AT = Request for Additional Time (Governor)
BF = IDEM Final Readoption
BN = IDEM Notice of Readoption
BP = IDEM Proposed Readoption
CH = Change in Notice of Public Hearing
DA = Disapproval by Attorney General
DG = Disapproval by Governor
EI = Economic Impact Statement
EO = Executive Orders
ER = Emergency Rule
FC = IDEM Continuation of First Notice
FD = IDEM Findings and Determinations
FI = IDEM Fiscal Impact Statement
FN = IDEM First Notice
FR = Final Rule
GP = Governor's Proclamations
NA = Notice of Rule Adoption
ND = Rule Activity Notice
NI = Notice of Intent to Adopt a Rule
NR = Nonrule Policy Document
OA = Objection to Errata (Attorney General)
OG = Objection to Errata (Governor)
ON = Other Notice
PC = Publisher's Correction
PH = Notice of Public Hearing
PR = Proposed Rule
RC = Notice of Recall
RF = Readopted Final Rule
RN = Notice of Intent to Readopt
RP = Readopt Proposed Rule
SC = IDEM Continuation of Second Notice
SN = IDEM Second Notice
WD = Notice of Withdrawal
V. RELATION OF THE INDIANA REGISTER TO THE INDIANA ADMINISTRATIVE CODE

The *Indiana Register* is an official publication of the state of Indiana. The Indiana Legislative Council publishes the full text of proposed rules, final rules, and other documents, such as Executive Orders and Attorney General’s Opinions, in the *Indiana Register* in the order in which the Indiana Legislative Council receives the documents.

The *Indiana Administrative Code* is an official publication of the state of Indiana. It codifies the current general and permanent rules of state agencies in subject matter order.

The *Indiana Register* acts as a source of information about the rules being proposed by state agencies and acts as an “advance sheet” to the *Indiana Administrative Code*. With few exceptions, an agency may not adopt a rule, i.e., a policy statement having the force of law, without publishing a substantially similar proposed version in the *Indiana Register*. Although a rule becomes effective without publication in the *Indiana Register*, an agency must file an adopted and approved rule with the Indiana Legislative Council. The Council publishes these final rules in the *Indiana Register*.
VI. ORGANIZATION OF SITE

The Indiana Administrative Code’s main page has a list of IAC titles in title number order. Clicking on a title number will open a page with links to the articles within that title. The IAC will be updated as final rules become effective and will be archived each calendar year.

The Indiana Register’s main page has links chronologically ordered with the most recently posted at the top of the page. The links are grouped as follows:

**DAILY COLLECTIONS:**
Links for the current day and the previous six (6) days.

**WEEKLY COLLECTIONS:**
Links for the current week and the previous three (3) weeks.

**MONTHLY COLLECTIONS:**
Links for the current month and the previous eleven (11) months.

Each link has a counter indicating the number of documents in that subcollection. A zero (0) in the current day’s counter indicates only that no documents have been posted at the time of viewing. Documents are posted at 3:00 p.m. on Wednesdays. “Publisher’s Receipts for Filed Documents” and “Rule Activity Notices” are posted at 5:00 p.m. daily.

Clicking on one (1) of the chronological links will open a “Contents” page with links to the various types of documents posted on the -IR- Database Website.

The first link, “All Documents”, opens a page with links to all the documents, regardless of document type, that were posted during that particular time period. The documents are ordered by IAC Title number and by LSA Document number within each individual IAC Title.

Each document type link, below the “All Documents” link, has a counter indicating the number of documents that particular subcollection contains. The links are grouped as follows:

**ALL DOCUMENTS**
All documents posted during that time period in title number order.

**NOTICES:**
Recalls
Withdrawals
Rule Adoptions (Family and Social Services)
Notices of Public Hearing
Changes in Notices of Public Hearing
Notices of Intent to Adopt a Rule (and Readoptions)
IC 4-22-2-19 and IC 4-22-2-25 Notices
Indiana Department of Environmental Management Notices
First Notices and Continuations
Second Notices and Continuations
Findings and Determinations
Notices of Readoption
Fiscal Impact
Other Notices
RULES:
Proposed Rules (and Readoptions)
Economic Impact Statements
Final Rules (and Readoptions)
Emergency Rules
Errata
Publisher’s Receipts for Filed Documents

GOVERNOR’S ACTIONS:
 Executive Orders (and Proclamations)
 Requests for Additional Time
 Disapprovals and Objections

ATTORNEY GENERAL’S ACTIONS:

 Disapprovals and Objections

NONRULE POLICY DOCUMENTS

A. Order of Document Listings

Within each chronological listing is a list of document types. Within each document type, documents are listed by IAC Title number, and the documents of a specific Title are listed in chronological order of posting with the most recently posted documents appearing at the top of the list. When two or more documents are posted by the same agency on the same day, the documents are listed in LSA Document number order. When two or more documents with the same LSA Document number are posted on the same day, such as is the case with Proposed Rules, Economic Impact Statements, and Notices of Public Hearing, the documents are listed alphabetically by the suffix appearing in the Document Identification Number.

B. Archives

The Indiana Register is archived back to Volume 24, October 1, 2000, and will now be archived at the end of each calendar year.

The Indiana Administrative Code is archived back to the 2003 edition and will now be archived at the end of each calendar year.
VII. RELATED DOCUMENTS LINK

On all lists of documents, each document has, in addition to links to an HTML formatted version and a PDF formatted version, a “Related Documents” link. Clicking this “Related Documents” link gathers and displays the entire family of documents, of whatever types, associated with that particular LSA Document number. Only documents posted after July 1, 2006, will be gathered through the “Related Documents” link. Documents published in the *Indiana Register* before July 2, 2006, will not appear in this list.

The list of related documents generated will be in reverse chronological order with the most recently posted documents appearing at the top of the list. Within the same posting date, the documents are listed in alphabetical order by the document type suffix located in the Document Identification Number (DIN).

Typing an LSA Document in the "LSA Document #" search box on the front page of the Register site will also generate a list of "Related Documents".

VIII. JUDICIAL NOTICE AND CITATION FORM

(See also Parts 7-3 through 7-7 of the Administrative Rule Drafting Manual.)

IC 4-22-9 provides for the judicial notice of rules published in the Indiana Register or the Indiana Administrative Code. Subject to any errata document that may affect a rule, the latest published version of a final rule is prima facie evidence of that rule’s validity and content.

Cite to a current general and permanent rule by Indiana Administrative Code citation. For example, cite the entire current contents of title 312 as “Title 312 of the Indiana Administrative Code”, cite the entire current contents of the third article in title 312 as “312 IAC 3”, cite the entire current contents of the fourth rule in article three as “312 IAC 3-4”, and cite part or all of the current contents of the second section in rule four as “312 IAC 3-4-2”. IC 4-22-9-6 provides that a citation in this form “shall be construed to include all amendments as of the date the reference is written, unless accompanied by a reference to a specific edition or supplement of the Indiana Administrative Code”.

The Indiana Supreme Court is considering whether any changes are necessary with respect to the Court’s rules for citing documents posted on the -IR- Database Website.

AFFIDAVITS AND CERTIFICATES OF AUTHENTICITY

Accompanying each archived edition of the Indiana Administrative Code is a corresponding “Affidavit of Authenticity” (filed with the Secretary of State under IC 4-22-8-8 (before its repeal)) or a “Certificate of Authenticity” certifying that the text is correct and complete. A “Certificate of Authenticity” is also posted for the “Latest Update” edition of the IAC.

At the bottom of each Affidavit or Certificate is a link to the previous edition’s Affidavit or Certificate, as appropriate.
IX. PRINTING STYLE

This style type (bold) is used to indicate that substantive text is being inserted by amendment into a rule, and this style type (canceled) is used to indicate that substantive text is being eliminated by amendment from a rule. This style type is replaced by a single large “X” to show the elimination of a form or other piece of artwork. This style type is used to indicate a rule is being added. This style type and this style type also are used to highlight nonsubstantive annotations to a rule.

Style Notes for Agency Rule Writers

Bold text must ALWAYS follow canceled text. For instance:

\text{dog cat NOT cat dog}

Adding or Deleting Punctuation

When amending text, it is NOT necessary to show punctuation as canceled when it follows a word that is not being canceled. In these cases, the punctuation may be deleted. For instance, do NOT show punctuation like this:

\text{The following apply: in all cases:)}”

The canceled punctuation should have just been deleted.

\text{The following apply in all cases:)}”

The end punctuation should have been bold.

This should read: The following apply \textbf{in all cases:)}”

However, punctuation following canceled text must be shown as canceled:

The following apply: applies:

When adding punctuation after roman text (existing text), it is NOT necessary to show the punctuation as bold. Do NOT show punctuation like this:

The following apply: [The colon should NOT be bold]

This should read: The following apply:

Therefore:

• Punctuation may be added or deleted after ROMAN (existing) text without showing the punctuation as \textbf{bold} or \textit{canceled};
• Punctuation following \textit{canceled} text must be shown as \textit{canceled};
• Punctuation following \textbf{bold} text must be shown as \textbf{bold}. 

— User's Guide to the IR Database (7/24/18) — 23
**CHANGING THE CASE OF A WORD**

It is **NOT** necessary to cancel a word and insert the word in **bold** in order to change the case of the word’s initial letter. A word may be made capitalized or lowercased by simply changing it.

Do **NOT** show the change like this:  
May  
Do **NOT** show the change like this:  
May

**MAKING A WORD PLURAL OR SINGULAR**

A word may **NOT** be made singular or plural by simply canceling the “s” or adding an “s” in bold. The entire word must be canceled and reinserted in bold.

Do **NOT** pluralize like this:  
dogs  
Pluralize like this:  
dog dogs

Do **NOT** make a word singular like this:  
dogs  
Make a word singular like this:  
dogs dog

**CHANGING SECTION HEADINGS AND AUTHORITY AND AFFECTED LINES**

X. POSTING SCHEDULE

Other than "Publisher's Receipts for Filed Documents" and "Rule Activity Notices" (posted daily when necessary), the Legislative Services Agency (LSA) publishes documents on the Indiana General Assembly’s Website Wednesdays at 3:00 p.m. If no documents have been submitted to the Publisher for which the editorial review has been completed, the only document that will be posted is a “Rule Activity Notice” (see below).

At a future date, LSA may determine it advisable to post rule documents on a more frequent basis. In that event, LSA will provide appropriate notice to users of the -IR- Database Website.

A. Publisher’s Receipts for Filed Documents

“Publisher’s Receipts for Filed Documents” are posted within three (3) business days of the delivery of Final Rules to the Publisher from the Governor’s Office and are posted on an “as filed” basis daily at 5:00 p.m. (IC 4-22-2-39(c))

In addition, a “Publisher’s Receipt for Filed Document” is posted when an Emergency Rule, Agency Correction, or Final Readoption is filed in the Register office.

NOTE TO STATE AGENCIES:

If you want to find out if a final rule has been filed in the Register office, search for the LSA Document number on the -IR- Database Website.

If the final rule has been received in the Register office, one of the search "hits" will be for a Publisher's Receipt (or "AF") document.

The Publisher's Receipt will also appear on "Related Documents" lists.

B. Rule Activity Notices

Each day at 5:00 p.m., if no other document has been posted on the -IR- Database Website that day, a “Rule Activity Notice” is generated and posted on the site in order to inform users that no documents have been or will be posted on that particular day.

C. Office Hours

Documents will be accepted for filing in the Indiana Register office (Indiana Government Center North, 100 North Senate Avenue, Room N201, Indianapolis, Indiana) on any business day from 8:00 a.m. to 4:30 p.m. or, except for Final Rules, Emergency Rules, Final Readoptions, and Agency Corrections, by e-mail at register@iga.in.gov. CD-ROMs may also be sent by United States mail to:

Legislative Services Agency
200 West Washington Street
Suite 301
Indianapolis, IN 46204
Attn.: Indiana Register

NOTE: Documents are filed upon receipt in the Indiana Register office, not by the date a letter is postmarked.
NOTE: Under IC 4-22-2-39(c), the Publisher has three (3) business days to file a Final Rule, Emergency Rule, Final Readoption, or Agency Correction. Because of various automated processes involved in the posting of documents on the -IR- Database Website, a Final Rule, Emergency Rule, Final Readoption, or Agency Correction received in the Register office after 4:00 p.m. may not be filed on the day it is received in the Register office.

  IC 4-22-2-23; IC 4-22-2-28.1

(SEE NEXT PAGE FOR 2014 AMENDMENT TO IC 4-22-2-28.1(e))
IC 4-22-2-28.1(e) was amended by P.L.237-2017 to read:

(e) For each rulemaking action and rule finally adopted as a result of a rulemaking action by an agency under this chapter, the agency shall assign one (1) staff person to serve as the agency's small business regulatory coordinator with respect to the proposed or adopted rule. The agency shall assign a staff person to a rule under this subsection based on the person's knowledge of, or experience with, the subject matter of the rule. A staff person may serve as the coordinator for more than one (1) rule proposed or adopted by the agency if the person is qualified by knowledge or experience with respect to each rule. Subject to subsection (f):

(1) in the case of a proposed rule, the notice of intent to adopt the rule published under section 23 of this chapter; or
(2) in the case of a rule proposed by the department of environmental management or the board (as defined in IC 13-13-8-1), the notice published under IC 13-14-9-3 or the findings published under IC 13-14-9-8(b)(1), whichever applies;

must include the name, address, telephone number, and electronic mail address of the small business coordinator for the proposed rule, the name, address, telephone number, and electronic mail address of the small business ombudsman designated under IC 5-28-17-6, and a statement of the resources available to regulated entities through the small business ombudsman designated under IC 5-28-17-6. Subject to subsection (f), in the case of a rule finally adopted, the final rule, as published in the Indiana Register, must include the name, address, telephone number, and electronic mail address of the coordinator.

NOTE: P.L.110-2010, SECTION 3, amended the definition of "small business" in IC 4-22-2-28.1(d) to read:

(d) As used in this section, "small business" has the meaning set forth in IC 5-28-2-6.

IC 5-28-2-6 reads:

Sec. 6. For purposes of IC 5-28-17, "small business" means a business entity that satisfies the following requirements:

(1) On at least fifty percent (50%) of the working days of the business entity occurring during the preceding calendar year, the business entity employed not more than one hundred fifty (150) employees.
(2) The majority of the employees of the business entity work in Indiana.

As added by P.L.56-2009, SEC.1.

  **Note to State Agencies Concerning Nonrule Policy Documents:**

  Nonrule Policy Documents (NPD) are posted with the agency heading under which they are submitted, and the Document Identification Number (DIN) will reflect that heading’s entity identifier. For example, the DIN for an NPD submitted under “Indiana Department of Environmental Management” will show 318 for the entity identifier, even if the subheading is “Office of Water Quality”. Therefore, if the agency wants the DIN’s entity identifier to be 327, the heading of the NPD should read “Water Pollution Control Division”.

RULEMAKINGS OUTSIDE OF IC 4-22-2
The Indiana Code provides that some agencies have the authority to adopt rules without going through the IC 4-22-2 rulemaking process. For example:

IC 5-10.5-4-2

Sec. 2. (a) The board may do any of the following:
(1) Establish and amend rules and regulations:
   (A) for the administration and regulation of the fund and the board's affairs; and
   (B) to effectuate the powers and purposes of the board;
without adopting a rule under IC 4-22-2.....

These rulemakings are posted on the -IR- Database Website only when the promulgating agency voluntarily submits a copy of the adopted rule to the Publisher.
XIII. EXECUTIVE ORDER NO. 2-89
(Indiana Register, 12 IR 1466, March 1989)

FOR: REQUIRING THAT STATE AGENCIES CALCULATE THE FISCAL IMPACT OF
PROPOSED RULES AND SUBMIT SUCH RULES TO THE STATE BUDGET AGENCY FOR
APPROVAL.

TO ALL TO WHOM THESE PRESENTS MAY COME, GREETINGS:

WHEREAS, promulgation of rules is essential for the implementation of legislation and
other mandates for agencies of State government; and

WHEREAS, the Governor of the State of Indiana is required by I.C. 4-22-2-34 to approve
or disapprove rules implementing legislative and other mandates for agencies of State government;
and

WHEREAS, rules promulgated can have substantial fiscal impact on the budget of the State;
and

WHEREAS, the Indiana State Budget Agency is responsible for administering the budget
of the State and is responsible for ensuring that the expenditures of the State do not exceed available
resources;

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of
Indiana, IT IS HEREBY ORDERED:

Section 1. The Governor of the State of Indiana will not approve any rule pursuant to I.C.
4-22-2-34 unless the director of the Budget Agency either approves the proposed rule pursuant to
Section 2 of this Executive Order or waives in writing the requirements set forth in Section 2 of this
Executive Order.

Section 2. Prior to submission of any rule to the Revisor of Rules of the Code Revision
Division of the Legislative Services Agency for publication in the Indiana Register, each State
Agency (as defined in I.C. 4-22-3-3(a)) shall submit the proposed rule to the Indiana State Budget
Agency, together with a written statement setting forth such State Agency’s calculation of the
estimated fiscal impact of such rule on State and local government in sufficient detail to permit the
director of the Budget Agency to evaluate the accuracy of the calculation and the appropriateness
of the methodology used in making such calculation. The director of the Budget Agency must
approve such proposed rule prior to submission for publication under I.C. 4-22-2. If the Budget
Agency does not approve the issuing agency’s estimate of fiscal impact, the Budget Agency may
either request a revised estimate from the issuing agency, or prepare its own estimate of the fiscal
impact, or both. If such rule is amended or modified subsequent to Budget Agency approval
pursuant to the preceding sentence or reapproval pursuant to this sentence, such amended or
modified rule, together with a revised statement of its fiscal impact meeting the requirements of the
first sentence of this Section 2 shall be resubmitted to the Budget Agency for approval.

Section 3. Any rule approved by the Governor in accordance with I.C. 4-22-2-34 shall be
deemed to comply with the requirements of this Executive Order. The director of the Budget Agency
may delegate his authority to approve or disapprove rules under this Executive Order.

Section 4. This Executive Order shall take effect January 18, 1989, and applies to any
proposed rule which will appear in the March 1989 issue of the Indiana Register and all proposed
rules thereafter.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the great seal of the State of Indiana, at the Capitol, in the City of Indianapolis, this 17th of January, 1989.

Evan Bayh, Governor of Indiana

XIV. FINANCIAL MANAGEMENT CIRCULARS

A. Financial Management Circular #2010-4

Financial Management Circular: #2010-4
Effective Date: November 1, 2010
General Subject: Administrative Rulemaking
Specific Subject: Required Documents for Budget Agency Approval
Authority: IC 4-3-22-13; IC 4-12-1-13; Executive Order 2-89
Application: This Circular applies to all rules adopted by any state agency as defined in IC 4-22-2 and IC 13-14-9.

WHEREAS, pursuant to Executive Order 2-89, prior to the adoption of a rule by a state agency, the proposed rule or an amendment or modification to an existing rule must be approved by the Director of the State Budget Agency;

WHEREAS, IC 4-3-22-13 (as adopted in HEA 1001-2005, Section 38) requires a cost-benefit analysis to be performed on the promulgation of new rules and requires the Office Management and Budget (OMB) to provide an assessment of the impact on Indiana businesses of new rules to the Governor;

WHEREAS, prior to approval by the Director of the State Budget Agency, the agency proposing to promulgate the new rule or an amendment to an existing rule shall prepare a fiscal impact analysis and a cost benefit analysis;

WHEREAS, in the adoption of a rule or amendment, an agency shall determine the least intrusive and most efficient regulatory choice for the rule or amendment. A sound regulatory analysis is designed to inform the agency conducting the analysis and the public of the effects of regulatory actions.

This Financial Management Circular (FMC) is intended to establish the procedure that the State Budget Agency will use for its review and approval of the promulgation of new rules or amendments or modifications to existing rules. Beginning November 1, 2010, this Circular applies to all rules and amendments or modifications to existing rules adopted by any state agency under Indiana Code § 4-22-2 et. seq. and § 13-14-9 et. seq. In certain cases, the analyses required by this FMC will demonstrate that the proposed rules may not be necessary. In other situations, the analyses will validate that the rules are reasonable, necessary, and warranted.

In order to receive Budget Director approval under Executive Order 2-89 of a proposed rule or an amendment or modification to an existing rule, the agency must submit to the Budget Agency the following information:

1) Fiscal Impact Analysis. Prior to State Budget Agency approval of a rule under Executive Order 2-89, the agency proposing the adoption of a new rule or the adoption of an amendment to an existing rule must complete and submit to the Budget Agency a fiscal impact analysis on state and local government. At a minimum, the fiscal impact analysis shall contain the following:
   a. A calculation of the estimated fiscal impact on state and local government;
   b. The anticipated effective date of the rule;
   c. Identification of any sources of revenue affected by the rule, the estimated increase or decrease in revenues or expenditures of state and local government that would result from the implementation of the rule, including the costs necessary to enforce the rule, and the related citation to the rule provision(s);
d. Identification of any appropriation, distribution, or other expenditures of revenue affected by the rule and the related citations to the rule provision(s);
e. Identification of the administrative impact to state and local governments, and the related citations to the rule provision(s);
f. A determination concerning the extent to which the proposed rule creates an unfunded mandate on a state agency or political subdivision; and
g. If the proposed rule is readopting an expiring rule, the agency shall also include the fiscal analysis relied upon at the time of its last adoption as well as a current review of the accuracy of that analysis.

2) **Cost-Benefit Analysis.** Prior to State Budget Agency approval of a rule under Executive Order 2-89, the agency proposing the adoption of a new rule or the adoption of an amendment to an existing rule must complete and submit to the Budget Agency a cost-benefit analysis of the proposed rule or amendment. All cost-benefit analyses will be reviewed by the agency’s budget analyst and the Office of Management and Budget pursuant to IC 4-3-22-13 and IC 4-22-2. This cost-benefit analysis shall replace and be used for all purposes under IC 4-22-2 in lieu of the fiscal analysis previously performed by the Legislative Services Agency under IC 4-22-2. At a minimum, the cost-benefit analysis shall contain the following:

a. **Statement of Need,** including:

i. An explanation as to whether the rule is intended 1) to address a federal or state statutory requirement; 2) to address an alleged market failure; and/or 3) to serve a public need, such as improving government processes or promoting public safety or health.

ii. An estimate of the number of individuals and businesses affected by the rule.

iii. An evaluation of the policy rationale or goal behind the proposed rule, including an analysis of the following:

1. An identification of the conduct and its frequency of occurrence that the rule is designed to change;

2. The harm resulting from the conduct that the rule is designed to change and the likelihood the conduct will continue to occur absent a rule change; and

3. Whether and how the agency has involved regulated entities in the development of the rule.

iv. A detailed description of the agency’s methodology used in making the above determinations.

b. **Evaluation of Costs and Benefits.** The agency shall provide a comprehensive enumeration of the costs and benefits of the rule, including tangible and intangible costs and benefits. If costs and benefits cannot be monetized or quantified, the agency should explain why and include a thorough description of the non-quantifiable costs and benefits as well as a determination whether such costs and benefits will be significant. **The cost-benefit analysis should conclude with the agency’s determination whether the benefits are likely to exceed the costs.** In reaching that determination, the agency should include the following factors in its analysis, or an explanation of why each factor is not applicable:

i. An estimate of the primary and direct benefits of the rule, including the impact on consumer protection, worker safety, the environment, and business competitiveness;
ii. An estimate of the secondary or indirect benefits of the rule and an explanation of how the conduct regulated by the rule is linked to the primary and secondary benefits;

iii. An estimate of the compliance costs for regulated entities (including but not limited to individuals and businesses), including but not limited to the costs of fees, new equipment or supplies, increased labor and training, education, supervisory costs, and any other compliance cost imposed by the requirements of the rule;

iv. An estimate of the administrative expenses, including but not limited to any legal, consulting, reporting, accounting or other administrative expenses imposed by the requirements of the rule; and

v. An estimate of any cost savings to regulated entities (including but not limited to individuals and businesses) as a result of the proposed rule, however, the agency shall note whether such savings are from a change in an existing requirement or the imposition of a new requirement.

To aid in identifying costs and benefits, the agency should consult economic theory, previous academic or internal agency research, scenarios developed while defining the statement of need and policy rationale for the proposed rule; collaborate with colleagues within and outside the agency and consult with the public and regulated entities; and provide sufficient justification for the agency’s methodology in making the above determinations.

c. Examination of Alternatives. The agency should include in its analysis an evaluation of alternatives to achieve the objectives of the proposed rule or amendment. The following list of additional alternatives shall also be considered:

i. Alternatives defined by statute. Is the rule consistent with the specific statutory requirement and clearly within the agency’s statutory discretion?

ii. The feasibility of market oriented approaches, including a determination whether the market could eventually remedy the alleged harm the rule is intended to regulate, rather than direct controls;

iii. Measures to improve the availability of information, as an alternative to regulation;

iv. If applicable, various enforcement methods, such as inspections, periodic reporting, and non-compliance penalties;

v. Performance standards rather than design standards. Performance standards express requirements in terms of desired outcomes. Design standards express requirements in terms of the specific means that must be satisfied without choice or discretion;

vi. Different requirements for different sized regulated entities. A variation of benefits and costs may exist depending on the mix of entities being regulated;

vii. Establish a baseline. It is often helpful to establish a baseline for the cost-benefit analysis as a source of comparison. Consider how the world would look without the proposed rule. Issues to consider when forming a baseline include evolution of the market, changes in external factors affecting expected costs and benefits, existing rules by the agency and other government entities, and the degree of compliance by regulated entities with other rules. Note that such an analysis cannot assume that the rule will be adopted;
viii. Different compliance dates; and
ix. Redundancy. Per IC 4-22-2-19.5, consider whether the proposed rule duplicates standards already found in state or federal law.

d. A determination as to whether the proposed rule will have a total estimated impact greater than $500,000 on all regulated persons (IC 4-22-2-28). The agency shall describe here the data used and assumptions made in making that determination.
e. Independent verification or studies to support the policy rationale and types and quantifications of the costs and benefits.
f. The sources relied upon in determining and calculating the costs and benefits.

3) The Notice of Intent. When the agency files its Notice of Intent with the Legislative Services Agency under IC 4-22-2-23 (or any notice under IC 13-14-9-3; IC 13-14-9-7; or IC 13-14-9-8, if applicable), the agency shall simultaneously provide the State Budget Agency with a copy of the Notice.

4) Small Business Economic Impact Statement under IC 4-22-2-2.1; and
5) The proposed or draft rule.

In addition to the documents listed above, the agency may also submit a request that SBA conduct an expedited review of the proposed rule. Such request may be granted under limited circumstances, including, but not limited to, adoptions or incorporation by reference of federal law, regulations or rules that are applicable to Indiana and contain no amendments that have a substantive effect on the scope or intended application of the federal law or rule; technical amendments with no substantive effect on an existing Indiana rule; or if the proposed rule has no fiscal impact to the state and local governments. The decision to expedite the review of a proposed rule shall be within the discretion of the SBA.

Following review and analysis of the agency’s proposed fiscal impact statement and cost-benefit analysis, the OMB may accept the analyses for purposes of IC 4-3-22-13 and IC 4-22-2-28, suggest revisions to the analyses or reject the analyses.

If the agency amends or modifies the proposed rule subsequent to Budget Agency approval and the fiscal impact is altered, pursuant to Executive Order 2-89, the agency must resubmit the proposed rule with the revised fiscal impact statement to the Budget Director through the agency’s budget analyst. Reapproval is required before the agency may continue with the rulemaking process.

This Circular does not alter the deadlines established for submission of proposed rules (or amendments or modifications to existing rules) to the Legislative Services Agency, for public hearings, or for submission to the Indiana Attorney General, the Indiana Register, and the Governor. If an agency provides information to the Legislative Services Agency or Indiana Economic Development Corporation concerning the fiscal impact of a proposed rule or an amendment or modification to an existing rule, the agency shall provide copies of such information to the State Budget Agency.

This Circular rescinds FMC #2006-1 and #2006-2.

   **Submission Checklist:**
   - SBA Rule Promulgation Submission Form (this form)
   - Cover letter
   - Proposed or Draft Rule
   - Fiscal Impact Analysis on State and Local Government (FMC 2010-4)
   - Cost Benefit Analysis (IC 4-3-22-13, IC 4-22-2-28, FMC 2010-4)
   - The Notice of Intent (IC 4-22-2-23) or, if applicable, the relevant notice from IC 13-14
   - Small Business Economic Impact Statement (IC 4-22-2.1-1)
WHEREAS, Executive Order 13-03 established the "Regulatory Moratorium" to suspend administrative agency rulemaking;

WHEREAS, Executive Order 13-03 tasks the Office of Management and Budget (OMB) with conducting a comprehensive review and evaluation of existing administrative rules;

WHEREAS, Executive Order 13-03 permits limited exceptions to the Regulatory Moratorium and requires agencies to cooperate with and report certain information to OMB; and

WHEREAS, Financial Management Circular #2013-1 was instituted to guide implementation of the Regulatory Moratorium, and agencies would benefit from an update to the process originally implemented.

1. This Financial Management Circular (FMC) establishes the procedures OMB will use to implement Executive Order 13-03, including the review of claimed exceptions to the Regulatory Moratorium and requirements to report on the proposed or pending use of rulemaking authority whose source is not within Ind. Code 4-22-2 or Ind. Code 13-14-9 (including emergency rulemaking authority).

Procedure for requesting an exception to the Regulatory Moratorium

2. Beginning December 18, 2015, this FMC applies to any request for an exception to the Regulatory Moratorium.

3. The Regulatory Moratorium does not apply to:
   a. Rules to fulfill an objective related to job creation and increasing investment in Indiana or to improve the quality of Indiana's workforce;
   b. Rules that repeal existing rules or reduce their regulatory impact;
   c. Rules that implement a federal mandate and no waiver is permitted;
   d. Rules necessary to avoid a violation of a court order or federal law that would result in sanctions by a court or the federal government against the state for failure to conduct the rulemaking action;
   e. Rules to address matters pertaining to the control, mitigation, or eradication of waste, fraud, or abuse within a state agency or wasteful or abusive activities perpetrated against a state agency;
   f. Rules that reduce State spending; or
   g. Rules whose predominate purpose and effect are to address matters of emergency or health or safety, including the promulgation of an emergency rule under Ind. Code § 4-22-2-37.1.

4. To receive a determination whether an exception applies to a proposed rule, the agency head shall submit a request in writing addressed to OMB via e-mail, sent to sbarules@gov.in.gov. The agency head shall submit this request before filing a notice of intent to adopt a rule under Ind. Code 4-22-2 or a notice under Ind. Code 13-14-9.

5. In order to facilitate OMB's review of proposed rules, the request shall include the
following information:
a. Detailed summary of the proposed rule, including, but not limited to, the following:
   i. a history and background of the rule;
   ii. the reasons for the proposed rule;
   iii. the statutory authority for the proposed rule;
   iv. the statutory authority for the agency to promulgate the proposed rule; and
   v. a description of the existing legal framework governing the subject matter of the proposed rule with reference to all applicable statutes, regulations, and other legal provisions;
b. Identification of the exceptions that the agency believes permit the agency to promulgate the rule notwithstanding the Regulatory Moratorium and a detailed explanation of why each identified exception applies;
c. Fiscal Impact Analysis as described in FMC #2010-4;
d. Cost-Benefit Analysis as described in FMC #2010-4;
e. Copy of the proposed rule, if a draft is available; and
f. Contact information (name, phone number, email address) for an agency staff member who can answer substantive questions about the proposed rule and the underlying policy area.

This information will better equip OMB to review proposed rules to determine their eligibility for an exception under the Regulatory Moratorium and enable OMB to provide guidance to agencies as they navigate the process. This information will also expedite OMB review of proposed rules following publication of the notice of intent to adopt a rule in the Indiana Register by enabling OMB to provide substantive commentary on the proposed rule early in the rule-making process.

6. The OMB Director shall issue a determination in writing regarding the applicability of an exception.

7. If the OMB Director determines no exception applies to a proposed rule, the Regulatory Moratorium suspends any formal rulemaking activity with regard to the proposed rule. Under these circumstances, the agency must not file a notice of intent to adopt a rule (under Ind. Code 4-22-2) or a notice under Ind. Code 13-14-9 with regard to the proposed rule until the Regulatory Moratorium ends.

8. If the OMB Director determines an exception applies to a proposed rule, the agency may file a notice of intent to adopt a rule (under Ind. Code 4-22-2) or a notice under Ind. Code 13-14-9 with regard to a proposed rule. For a proposed rule that qualifies for an exception under the Regulatory Moratorium, all other applicable procedures under statute, Executive Order 2-89 and FMC No. 2010-4 govern the promulgation of the proposed rule.

**Requirement to report any proposed or pending rules whose source of promulgation authority is not within Ind. Code 4-22-2 or Ind. Code 13-14-9**

9. An agency shall notify the OMB Director in writing via e-mail, sent to sbarules@gov.in.gov, as soon as practicable of any proposed or pending rulemaking action for which legal authority is not within Ind. Code 4-22-2 or Ind. Code 13-14-9, and provide the following:
   a. A summary of the proposed rule;
   b. A statement regarding the proposed rule's potential to promote private-sector
job growth or foster private-sector economic development; and
c. An estimated date of the proposed rule's adoption.
This includes proposed or pending emergency rules.
10. This Circular rescinds FMC #2013-1.

XV. REGULATORY MORATORIUM PROCEDURES

A. Regulatory Moratorium Background

The regulatory moratorium was established by Executive Order 13-03, and took effect on January 14, 2013. The moratorium applies to all executive branch agencies, and prohibits an agency from beginning a rulemaking unless an exception applies. Financial Management Circular #2015-01 (FMC #2015-01) lists the exceptions to the moratorium, and the process for requesting authority to proceed with a rulemaking under one of the exceptions. The Office of Management and Budget (OMB) determines whether an exception applies in consultation with the agency. Moratorium exception requests must be approved before beginning the formal rulemaking process.

B. Required Contents of Exception Request

- Detailed summary of the proposed rule
  - History and background of the rule
  - Justification for the rule
  - Statutory authority for the rule
  - Statutory authority for agency promulgation of rules
  - Description of existing legal framework governing the subject matter of the rule
- Identification of the applicable moratorium exception(s)
- Fiscal Impact Analysis described in FMC #2010-04
- Cost-Benefit Analysis described in FMC #2010-04
- Draft of proposed rule
- Contact information for appropriate agency staff member

C. OMB Review Process

STEP 1: Exception request submitted to OMB from agency head on agency letterhead with all supporting materials required by FMC #2015-01. The request and materials should be submitted electronically to sbarules@gov.in.gov.

STEP 2: OMB will acknowledge receipt of the request, then review the request for completeness. If the request contains all required materials, OMB will assign a tracking number and provide the tracking number to the agency. The agency should reference the tracking number in further correspondence with OMB. If a request is incomplete, OMB will hold the request until all supporting materials are received.

STEP 3: OMB will review the request to determine whether an exception applies. OMB may contact the agency with questions or if additional information is needed.

STEP 4: OMB will provide the agency with a letter approving or denying the exception request.

D. Fiscal Impact Analysis Tips

- Be comprehensive
  - Calculate the estimated impact on any related federal, state, or local funds
  - Identify any sources for expenditures, including appropriations from general or dedicated funds
Identify sources of revenue, including taxes, fees, fines, grants, and investments

- Separate out all fiscal impacts
  - By type of impact (state vs. local)
  - By revenues and expenditures
  - By funding sources
  - By year (provide at least 5 years of impact)

- Include all expenditures
  - Discuss both direct and indirect costs of the rule
  - Calculate implementation costs, administrative costs, personnel costs, equipment costs

- Include any agency response to the fiscal impact
  - Identify how the agency will cover any expense or revenue losses
  - Identify whether the proposed rule will require increased appropriations

E. Cost-Benefit Analysis Tips

- Isolate the effects of the rule
  - All costs and benefits should be "but for" the proposed rule
  - Ignore any costs and benefits that would exist in absence of the proposed rule

- Be comprehensive
  - Include all direct and indirect costs and benefits
  - Consider the impact on all persons affected by the rule (not only regulated persons)
  - Include costs and benefits of any repealed or amended rules
  - Consider any cost or burden resulting from a transition
  - Include the fiscal impact

- Attempt to quantify the costs and benefits
  - Use a uniform unit of measure, even if the unit is made up
  - Be creative
  - Use known data to extrapolate additional costs and benefits
  - Assign values

- Consider alternatives
  - Consider any incentives and human behavior
  - Consider default rules
  - Consider information vs. mandates

Pursuant to IC 4-22-2.1-5, a Small Business Economic Impact Statement is necessary when a rule will impose costs or requirements on a small business. IC 4-22-2.1-4 defines "small business" as a business with the majority of its employees in Indiana that employed no more than 150 employees on at least 50% of the working days of the business during the preceding calendar year whose employees. The Small Business Economic Impact Statement requirement applies to all agencies except the Indiana Department of Environmental Management and certain boards of the Department of Homeland Security. The agency must first determine whether the proposed rule will impose any cost or requirement on any small business, and if so, the agency must prepare a Small Business Economic Impact Statement.

If a Small Business Economic Impact Statement is not required, the agency should provide a statement to the Publisher that the rule does not impose any cost or requirement on any small business. It is helpful to include information explaining how the agency reached that conclusion in the statement. If there is any doubt about whether a cost or requirement would be imposed on a small business, the agency should prepare a Small Business Economic Impact Statement.

Five items are required by IC 4-22-2.1-5(a) to be included in the Small Business Economic Impact Statement:

1. An estimate of the number of small businesses, separated by industry sector, that will be subject to the proposed rule.
2. An estimate of the average annual reporting, record keeping, and other administrative costs that small businesses will incur to comply with the proposed rule.
3. An estimate of the total annual economic impact that compliance with the rule will have on all small businesses subject to the rule.
4. A statement justifying any cost or requirement that is imposed on a small business by the rule that is not expressly required by a statute or federal law. The statement must include a reference to any data, studies, or analyses the agency relied on in determining whether a cost or requirement will be imposed.
5. An analysis that considers any less intrusive or less costly alternative methods of achieving the purpose of the proposed rule. The analysis must consider the following methods:
   - The establishment of less stringent compliance or reporting requirements for small businesses.
   - The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses.
   - The consolidation or simplification of compliance or reporting requirements for small businesses.
   - The establishment of performance standards for small businesses instead of design or operational standards imposed on other regulated entities by the rule.
   - The exemption of small businesses from part or all of the requirements or costs imposed by the rule.

The Small Business Economic Impact Statement must be published with the proposed rule, and must be delivered with the proposed rule to the small business ombudsman no later than the date of publication. At least 7 days before the public hearing, the small business ombudsman must review...
the proposed rule and Small Business Economic Impact Statement and submit written comments to the agency. The agency must make the comments from the small business ombudsman available on its website and for distribution at the public hearing. The agency must consider the comments from the small business ombudsman and respond in writing before adopting the rule. Note that IC 4-22-2.1-8 provides a cause of action to a small business that is adversely affected by a rule if the agency does not comply with the Small Business Economic Impact Statement process.

A public hearing notice must include a statement that justifies any cost or requirement that is imposed on a regulated entity and is not expressly required by statute or federal law. IC 4-22-2-24(d). This statement is different than the Small Business Economic Impact Statement because it addresses all regulated entities, not only small businesses. The justification statement must include a reference to any data, studies, or analyses the agency relied on in determining whether an imposed cost or requirement is necessary.
XVII. ADMINISTRATIVE RULES DRAFTING MANUAL

The purpose of the Administrative Rules Drafting Manual is to provide a uniform and consistent format and style for rules published in the Indiana Register and the Indiana Administrative Code. The Administrative Rules Drafting Manual implements IC 4-22-2-42, which reads:

“Sec. 42. The publisher, with the assistance of the code revision commission, shall establish a format, a numbering system, standards, and techniques for agencies to use whenever they draft and prepare rules under this chapter. As added by P.L.31-1985, SEC.31”.

IC 4-22-2-20 states:

"Sec. 20. (a) Whenever an agency submits a rule to the publisher, the attorney general, or the governor under this chapter, the agency shall submit the rule in the form of a written document that:

(1) is clear, concise, and easy to interpret and to apply; and

(2) uses the format, numbering system, standards, and techniques established under section 42 of this chapter.

(b) After June 30, 2006, all documents submitted to the publisher under this chapter must be submitted electronically in the format specified by the publisher. As added by P.L.31-1985, SEC.9. Amended by P.L.215-2005, SEC.2; P.L.123-2006, SEC.3"

A revised Administrative Rules Drafting Manual was approved by the Legislative Council on May 22, 2008, and is available at:

http://www.in.gov/legislative/iac/IACDrftMan.pdf
XVIII. CHECKLIST FOR ADOPTION OF ADMINISTRATIVE RULES

NOTE: This checklist is intended as a general guideline only and should not be considered a definitive explanation of the rulemaking process. Consult IC 4-22 and statutes concerning rulemaking authority for a particular agency before beginning the rulemaking process, as the rulemaking process may vary between some agencies. The Attorney General is the legal advisor to all agencies in the drafting and preparation of rules. (IC 4-22-2-22)

NOTE: The Legislative Services Agency is the Publisher (Publisher) of the Indiana Register and Indiana Administrative Code. Documents should be submitted to the Publisher via email at register@iga.in.gov, in Word or WordPerfect format only.

NOTE: Additional details and examples may be found in this Guide and the Administrative Rules Drafting Manual.

SEE ALSO:
- Executive Order #13-03: Moratorium on Regulations
- Executive Order #13-05: Creation of Family Impact Statements in Certain Indiana State Departments and Agencies
- Financial Management Circular #2015-01: Regulatory Moratorium Exceptions Procedure

NOTE: Executive Order #13-03 established a moratorium on administrative rules, with some exceptions. Financial Management Circular #2015-01 establishes the procedure for requesting an exception to the moratorium that must be completed before beginning the rulemaking process.

STEP 1:
Submit the Notice of Intent to Adopt a Rule, which must include the statutory authority for the rulemaking, an overview of the intent and scope of the rulemaking, and the information for the Small Business Regulatory Coordinator and Small Business Ombudsman required under IC 4-22-2-28.1, electronically (Word or WordPerfect format) to the Publisher at register@iga.in.gov. The Notice of Intent to Adopt a Rule must be published at least twenty-eight (28) days before publication of the Proposed Rule. The Publisher will assign the document an LSA document number upon receipt. (IC 4-22-2-19; IC 4-22-2-23)

NOTE: For a rulemaking required by new legislation, the Notice of Intent to Adopt a Rule must be published not later than sixty (60) days after the effective date of the statute authorizing the rule. (IC 4-22-2-19(c))

NOTE: When an agency submits its Notice of Intent to Adopt a Rule with the Publisher, the agency shall simultaneously provide the Budget Agency (sbarules@sba.in.gov or sbarules@gov.in.gov) with a copy of the Notice of Intent to Adopt a Rule and additional required documents. (See Financial Management Circular #2010-4)

NOTE: Each agency is required to maintain an indexed rulemaking docket containing each pending rulemaking action on the agency's website. The rulemaking document must be updated promptly and kept current throughout the rulemaking process. A copy of the rulemaking docket must be
included as supporting documentation when submitting the Final Rule packet to the Attorney General. See IC 4-22-2-22.5 for rulemaking docket requirements.

**NOTE:** The rulemaking process for some agencies may vary, so IC 4-22 and agency statutes should be consulted before beginning the rulemaking process. For example, the Indiana Department of Environmental Management (IDEM) does not publish a Notice of Intent to Adopt a Rule, but instead must submit a First Notice of Comment Period, a Second Notice of Comment Period to the Publisher, or a Findings and Determination before submitting the Proposed Rule for publication. (See IC 13-14-9)

**STEP 2:**
Obtain approval from the Budget Agency before submission of the Proposed Rule for publication. (Executive Order 2-89; Financial Management Circular #2010-4).

**STEP 3:**
Determine the estimated economic impact that compliance with the Proposed Rule will have on all regulated entities. If the estimated economic impact is more than five hundred thousand dollars ($500,000), electronically submit the Proposed Rule, not later than fifty (50) days before the public hearing, with all supporting data or information, to the Office of Management and Budget (sbarules@sba.in.gov or sbarules@gov.in.gov) and to the Legislative Council (legislative.council@iga.in.gov). (IC 4-3-22-13; IC 4-22-2-28; IC 4-22-2.1-5)

**STEP 4:**
(1) Electronically submit the Proposed Rule, with the corresponding small business Economic Impact Statement (if applicable, see IC 4-22-2.1-5) as a separate attachment, to the Publisher to obtain an intended date of publication. Submit each Proposed Rule individually, and do not send the Notice of Public Hearing until an intended date of publication is received, so that statutory timelines may be met.
(2) Upon receipt of the Proposed Rule, the Publisher will provide an intended date of publication to the agency to be referenced in setting a date for the public hearing. The public hearing must be at least twenty-one (21) days after the date of publication of the Proposed Rule and Notice of Public Hearing on the -IR- Database Website and publication in the newspaper.
(3) When the intended date of publication is received, electronically submit the Notice of Public Hearing to the Publisher based on this intended date of publication. Submit the Notice of Public Hearing, including all information required under IC 4-22-2-24(d), and one (1) electronic or paper copy of the matters incorporated by reference under IC 4-22-2-21 to the Publisher.
(4) The Publisher will send a written or electronic Authorization to Proceed with the rulemaking.
(5) Upon receiving the Authorization to Proceed, contract with and publish a Notice of Public Hearing in a Marion County newspaper. The public hearing must be at least twenty-one (21) days after the date of publication of the Proposed Rule and Notice of Public Hearing on the -IR- Database Website and publication in the newspaper.
(6) Make at least one (1) copy of the Proposed Rule, including the full text of any matters incorporated by reference, available for public inspection. (IC 4-22-2-20; IC 4-22-2-21; IC 4-22-2-24; IC 4-22-2.1-5)

**NOTE:** If applicable, the agency must deliver a copy of the Economic Impact Statement, along with the Proposed Rule, to the Small Business Ombudsman (kcolclazier@iedc.in.gov) not later than the date of publication on the -IR- Database Website. (IC 4-22-2.1-5(c)(2))

**NOTE:** The agency must deliver an electronic copy of the Economic Impact Statement or Fiscal
Impact Statement with supporting documentation to the Legislative Council as soon as practicable under IC 4-22-2-28(i).

**NOTE:** The Proposed Rule should substantively match the information submitted to the Office of Management and Budget in the agency's request for an exception to the rules moratorium.

**STEP 5:**
If applicable, IC 4-22-2.1-6 requires that the Small Business Ombudsman submit written comments on the Proposed Rule and the Economic Impact Statement to the agency not later than seven (7) days before the date of the public hearing. Upon receipt of the Small Business Ombudsman’s comments, the agency shall make the comments available:
(1) for public inspection and copying at the offices of the agency under IC 5-14-3;
(2) electronically through the electronic gateway administered under IC 4-13.1-2-2(a)(5) by the office of technology; and
(3) for distribution at the public hearing required by IC 4-22-2-26.

**STEP 6:**
**Before** the 250th day after publication of the Notice of Intent to Adopt a Rule, determine whether the Proposed Rule can be adopted and approved or deemed approved by the Governor not later than one (1) year after publication of the Notice of Intent to Adopt a Rule. (IC 4-22-2-25) If the Proposed Rule cannot be adopted and approved or deemed approved by the Governor within one (1) year after publication of the Notice of Intent to Adopt a Rule, before the 250th day after publication of the Notice of Intent to Adopt a Rule, send written notice to the Publisher in accordance with IC 4-22-2-25.

**STEP 7:**
Hold public hearing. (IC 4-22-2-26)

**STEP 8:**
When applicable, under IC 4-22-2-28(b), an agency must respond in writing to the Small Business Ombudsman’s comments before finally adopting a rule under IC 4-22-2-29.

**STEP 9:**
Adopt the Final Rule, including any revisions. (IC 4-22-2-27 through IC 4-22-2-29)

**STEP 10:**
Prepare and submit the following in one solid colored folder or binder to the Attorney General for approval:
(1) The Final Rule on a CD-ROM clearly labeled with the agency name and LSA document number and placed in a three-hole punched plastic sleeve with a signature page, followed by a divider.
(2) One (1) copy of clearly labeled supporting documentation, followed by a divider. Supporting documentation includes:
   (A) Newspaper proof of publication (Publisher’s affidavit).
   (B) A transcript or summary of the public hearing.
   (C) The written Authorization to Proceed from the Publisher.
   (D) Written comments received during the rulemaking process.
   (E) Other miscellaneous matters made a part of the rule package, if applicable, including:
      (i) Moratorium Exception letter.
      (ii) Transmittal emails to Legislative Council.
(iii) List of all text changes made after publication of the Proposed Rule in the Indiana Register.
(iv) List of all matters incorporated by reference that have been previously filed with the Publisher, including a citation to the document with which the matter was filed and indicating the date and time the matter was filed.
(v) Copy of the rulemaking docket.

(3) One (1) copy of any matters incorporated by reference, if applicable, including a notice briefly describing the incorporated matters, followed by a divider.
(4) Executive summary (required by Governor but may be submitted at this time), followed by a divider.
(5) Budget Agency approval letter (see STEP 2). The Attorney General may request submission of additional documents. (IC 4-22-2-31; IC 4-22-2-33; IC 4-22-2-35)

**STEP 11:**
Upon the Attorney General’s approval, the Attorney General will forward the rule, as a courtesy, to the Governor for approval. If after forty-five (45) days the Attorney General has not approved or disapproved the rule, the rule is deemed to be approved and may be submitted to the Governor for approval. (IC 4-22-2-31; IC 4-22-2-32)
(See IC 4-22-2-40 or IC 4-22-2-41 for special circumstances to recall or withdraw a rule.)

**STEP 12:**
If the Governor approves the rule, the Governor, as a courtesy, will forward the rule to the Publisher. If after fifteen (15) days the Governor has not approved or disapproved the rule, the Governor may request an additional fifteen (15) days to approve or disapprove the rule. If the Governor neither approves nor disapproves the rule, the rule is deemed approved and may be submitted to the Publisher. (IC 4-22-2-33; IC 4-22-2-34)

**STEP 13:**
Upon acceptance for filing by the Publisher, a Publisher’s Receipt for Documents Filed will be posted on the -IR- Database Website. This posting begins the 30-day period until the rule becomes effective. Subsequently, the rule will be posted on the -IR- Database Website. (IC 4-22-2-35; IC 4-22-2-39; IC 4-22-7-5)

**Other Procedures**

**Readoptions:**
(1) Generally, to readopt a rule(s), submit a Notice of Intent to Readopt via email to the Publisher. The Notice of Intent to Readopt contains information similar to that of a Notice of Intent to Adopt a Rule, but pertaining to the rules being readopted. An example may be found in the Administrative Drafting Manual. The agency must also conduct a review of the rule to consider whether any
alternate methods would be less costly or intrusive and of the most recent economic impact statement. See IC 4-22-2.5-3.1 for further detail. The readoption process for IDEM is detailed in IC 13-14-9.5.

(2) After the Notice of Intent to Readopt has been posted, the agency must wait thirty (30) days for any written request to separate any portion of the document from the rulemaking, and should wait an extra five (5) days to allow for receipt of any letters postmarked within the thirty (30) period. If no requests are received, the Readopted Final Rule on a CD-ROM (in Word or WordPerfect format) should be delivered to the Publisher with the paper signature page, signed by the authorizing person, in a folder or binder. See IC 4-22-2.5.

**NOTE:** The Regulatory Moratorium does not apply to readoptions.

**Emergency Rules:**
Emergency Rules do not follow the same approval process as a normal rule. The Emergency Rule document must be submitted to the Publisher on a CD-ROM in Word or WordPerfect format, with a paper signature page in the pocket of the folder or binder. The only signature needed for an Emergency Rule is the authorizing person with a line for the filing date and time. (See IC 4-22-2-37.1).

**Notice of Recall:**
To recall a rule document, an agency must email the LSA document number to the Publisher and request that the document be recalled. The Notice of Recall will then be generated by the Publisher. See IC 4-22-2-40.

**Notice of Withdrawal:**
To withdraw a rule document, an agency must email the LSA document number to the Publisher and request that the document be withdrawn. The Notice of Withdrawal will then be generated by the Publisher. See IC 4-22-2-41.

**Change of Public Hearing:**
If a change of public hearing is needed, contact the Publisher at register@iga.in.gov in order to obtain a new intended date of publication. Once the new intended date of publication is received, submit a Change in Notice of Public Hearing to the Publisher for publication. The new date, time, or location of the public hearing must be shown in boldface text. Remember that the new hearing information must also be published in a newspaper of general circulation in Marion County. Both postings of the new public hearing information must be completed at least twenty-one (21) days before the public hearing is held.

**Agency Correction:**
To correct the text of the Indiana Administrative Code, a Final Rule, an Emergency Rule, or a Readopted Final Rule, the agency must submit the document for filing to the Publisher. The document must be submitted to the Publisher on a CD-ROM in Word or WordPerfect format, with a paper signature page in the pocket of the folder or binder and a copy of any materials incorporated by reference. The only signature needed for an agency correction is the authorizing person with a line for the filing date and time. See IC 4-22-2-38.
XIX. PROCEDURES FOR SUBMITTING DOCUMENTS FOR PUBLICATION IN THE INDIANA REGISTER

A. Notices of Intent to Adopt a Rule

Submit a Notice of Intent to Adopt a Rule (NOI) to the Indiana Register office electronically (in Word or WordPerfect format or another format acceptable to the Publisher) as an e-mail attachment to register@iga.in.gov. An LSA Document number will be assigned by the Indiana Register staff once the document is processed.

The NOI must include the following:

1. An overview of the intent and scope of the rulemaking.
2. The statutory authority for the rulemaking.
3. The:
   (A) name;
   (B) address;
   (C) telephone number; and
   (D) e-mail address;
   of the agency’s designated Small Business Regulatory Coordinator under IC 4-22-2-28.1.
4. The:
   (A) name;
   (B) address;
   (C) telephone number; and
   (D) e-mail address;
   of the Small Business Ombudsman designated under IC 5-28-17-6.
5. A statement of the resources available to regulated entities through the small business ombudsman designated under IC 5-28-17-6. (See IC 4-22-2-28.1(e).)

The solicitation of questions or comments is discretionary under IC 4-22-2-23.

Typically, an NOI will be posted Wednesday of the following week after receipt of the document. An agency must wait at least 28 days after the NOI has been posted before submitting the Proposed Rule to the Indiana Register for publication. NOTE: The agency must have received approval from the Budget Agency before submitting the Proposed Rule for publication (see Executive Order 2-89).

B. Proposed Rules and Notices of Public Hearing

June 9, 2006, was the cut-off date for the July 1, 2006, Indiana Register, which was the last monthly publication of the Indiana Register. Since July 1, 2006, rules have been posted on the Internet on Wednesdays at 3:00 p.m. The first weekly posting was on July 5, 2006. Therefore, it is imperative that Proposed Rules now be submitted for publication to LSA as follows:

(1) Submit the Proposed Rule with its corresponding Economic Impact Statement (EIS) [IC 4-22-2.1-5] as a separate attachment (but NOT the Notice of Public Hearing) electronically to register@iga.in.gov. All Proposed Rules must be sent individually. LSA will not accept e-mails with multiple attachments except for a Proposed Rule with its corresponding EIS. Two (2) or more proposed rules may not be sent as attachments to the same e-mail. Please make sure the LSA Document number is included either in the file name of the attachments or as part of the text of the documents themselves. NOTE: The prohibition of multiple e-mail attachments applies ONLY to Proposed Rules (and IC 13-14-9 IDEM notices that are posted...
(2) Upon receipt of the Proposed Rule and its corresponding EIS, LSA will review the rule and reply with an Intended Date of Publication (IDP) [see below for an example]. This IDP will be a Wednesday and is contingent on LSA’s receiving the Notice of Public Hearing information by the preceding Friday.

(3) When the agency receives, via e-mail, the IDP, the agency may then schedule the public hearing based on this IDP. The public hearing must be at least twenty-one (21) days after the date of publication of the Proposed Rule, EIS, and Notice of Public Hearing.

(4) The agency must then send ONLY the Notice of Public Hearing (NOT the Proposed Rule or EIS again) to register@iga.in.gov. The Notice of Public Hearing must include the date, time, location, justification of requirements or costs under IC 4-22-2-24(d)(3) [except for IDEM boards], reference to the subject matter, and a declaration that a copy of the Proposed Rule and any data, studies, or analyses referenced in a justification of requirements or costs on regulated entities, if any, is on file and may be examined and copied in the office of the agency proposing the rule. As referenced in (1) above, Notices of Public Hearing must be sent individually. LSA will not accept multiple attachments with e-mails except for a Proposed Rule and its corresponding EIS. Also, make sure the Notice of Public Hearing references the LSA Document number, either as part of the file name or as part of the text document. NOTE: If the Notice of Public Hearing information is not received by the Friday before the following Wednesday’s postings, the Proposed Rule will not be posted on the contingent intended date that was previously given to the agency. In these cases, a new IDP will be sent to the agency who must then schedule a public hearing and send the information to LSA within the time frame referenced in (2) above.

(5) Upon receipt of the Notice of Public Hearing, LSA will reply to the e-mail with an Authorization to Proceed (AP) [see below for an example] with the public hearing. Upon receipt of this AP, the agency may contract with a newspaper of general circulation in Marion County to publish the Notice of Public Hearing in the newspaper. In addition, the AP must be included in the final packet that is submitted to the Attorney General’s office for approval.

If you have any questions about the above procedure, contact Becky Walker at 232-9557 or becky.walker@iga.in.gov or register@iga.in.gov.

EXAMPLE OF AN “INTENDED DATE OF PUBLICATION” E-MAIL:

The intended date of posting for LSA Document #XX-XX is [Wednesday posting date]. This date is contingent on our receiving your Notice of Public Hearing by [the Friday before the intended date].

If the NPH information is not received by [the Friday before the intended date], a new intended date of posting will be sent to your agency.

(See next page for an example of an "Authorization to Proceed")
EXAMPLE OF AN “AUTHORIZATION TO PROCEED”:

**AUTHORIZATION TO PROCEED**

This document is the authorization to proceed as required under IC 4-22-2-24(g).

The intended date for publication of LSA Document #XX-XXX is August 9, 2006. Please include this authorization to proceed with the documents submitted to the Attorney General under IC 4-22-2-31.

C. Changes in Notices of Public Hearing

Because the procedure for submitting Changes in Notices of Public Hearing is different from “normal” Notices of Public Hearing, which, under IC 4-22-2-24, require an “Authorization to Proceed”, a procedure has been implemented to ensure that the *Indiana Register* office does not receive a Change in Notice of Public Hearing with a date that does not allow enough time for the *Indiana Register* staff to process and post the document.

Therefore, when an agency wishes to post a Change in Notice of Public Hearing, please contact the Publisher at register@iga.in.gov to find out when a Change in Notice of Public Hearing can be posted on the -IR- Database Website. When the date of posting has been determined, a Change in Notice of Public Hearing may be sent to the register@iga.in.gov mailbox with the date of the hearing based on this informal “intended date of publication”.

Only the changed public hearing notice will be posted on the -IR- Database Website. The new date, time, or location of the public hearing must be shown in boldface text.

D. Readoptions

[NOTE: See also IC 4-22-2.5-3.1 for readoptions imposing requirements or costs on small businesses.]

1. Submit a Notice of Intent to Readopt to the *Indiana Register* office electronically (in Word or WordPerfect format or another format acceptable to the Publisher) as an e-mail attachment to register@iga.in.gov. The majority of the document is standard language. The agency should substitute the appropriate information, such as the cites listing, names, etc. NOTE: The headings should match the level of the cite being readopted, i.e., all capital letters for articles, initial capital letters for rules, and first word only capitalized for sections. An Example of a Notice of Intent to Readopt that is already posted on the -IR- Database Website. NOTE: The Regulatory Moratorium does not apply to readoptions.

2. The agency must also conduct a review of the rule to consider whether any alternate methods would be less costly or intrusive and of the most recent economic impact statement. See IC 4-22-2.5-3.1 for further detail. The readoption process for IDEM is detailed in IC 13-14-9.5.

3. Once the Notice of Intent to Readopt has posted on the -IR- Database Website (the agency
contact person will receive a notification by e-mail after the posting), wait thirty (30) days for requests to separate a portion of the document out (see IC 4-22-2.5-4(b)) plus five (5) extra days for letters postmarked within the thirty (30) day period that are received after the thirty (30) day waiting period has elapsed.

(4) If no requests are received, create a Readopted Final Rule. Again, the document is predominantly standard language. An Example of a Readopted Final Rule that is already posted on the -IR- Database Website.

(5) Burn the Final Readopted Rule on a CD-ROM (in Word or WordPerfect format or another format acceptable to the Publisher). Have the authorizing person sign a paper signature page and bring the CD-ROM and the paper signature page in a binder or folder to the Indiana Register office (Indiana Government Center North, Room N201). (NOTE: the Readopted Final Rule must be adopted by the individual or group of individuals with the statutory authority to adopt rules for the agency.) LSA will affix a time-stamped label indicating that the document has been filed. You may also send the document via U.S. mail, a courier, or interoffice mail, time permitting. Please use the following address for U.S. Mail:
Legislative Services Agency
Indiana Register and Administrative Code Division
200 West Washington Street, Suite 301
Indianapolis, IN 46204

The Readopted Final Rule must be filed with the Indiana Register office by December 2 in order to be effective by the succeeding January 1. (See IC 4-22-2.5-5 concerning the power of the Governor to postpone the expiration of an administrative rule.)

E. IC 13-14-9 Notices

COMMENT PERIOD DEADLINE (TITLES 326 IAC, 327 IAC, 328 IAC, AND 329 IAC)

When an IC 13-14-9 Notice is submitted to the Indiana Register for posting on the -IR- Database Website, the rulewriter must insert “[publication date plus xx days]” in the place where the Comment Period Deadline date appears (when applicable). When the Indiana Register staff reviews the document, the editor will determine when the document can be posted, calculate the comment period deadline, and send the date to the rulewriter for confirmation. The rulewriter must reply to the editor confirming the date. NOTE: This is a separate procedure from the normal “Intended Date of Posting” involved in the Notice of Public Hearing procedure.
F. Notices of Recall and Notices of Withdrawal

When an agency finds it necessary to recall or withdraw an LSA Document, the agency may send an e-mail with the LSA Document number and a request to recall or withdraw the document to register@iga.in.gov. It is not necessary for the agency to generate the actual Notice of Recall or Notice of Withdrawal.

**NOTE TO AGENCIES - REGISTER SUBMISSIONS VIA E-MAIL:**

All electronic submissions to the Indiana Register for publishing on the -IR- Database Website should be sent to:

register@iga.in.gov

This is a “shared” mailbox that each Register staff member can access.
MEMORANDUM -- Revised August 30, 2016

The purpose of this document is to clarify what must be included when a rule is submitted to the Office of the Attorney General for review.

IC 4-22-2-31 provides:
"After an agency has complied with section 29 of this chapter, or with IC 13-14-9-9(1) or IC 13-14-9-9(2), as applicable, the agency shall submit its rule to the attorney general for approval. The agency shall submit the following to the attorney general:
   (1) The rule in the form required by section 20 of this chapter.
   (2) The documents required by section 21 of this chapter.
   (3) Written authorization to proceed issued by the publisher under section 24(g) of this chapter.
   (4) Any other documents specified by the attorney general.

The attorney general may require the agency to submit any supporting documentation that the attorney general considers necessary for the attorney general's review under section 32 of this chapter. The agency may submit any additional supporting documentation the agency considers necessary."

Following adoption of the rule, compile the following materials into one solid colored folder or binder for submission to the Office of the Attorney General: the one rule CD-ROM (with the rule in Word or WordPerfect format) contained in a 3 hole-punched plastic sleeve, followed by a divider; one copy of all supporting documentation (see below), followed by another divider; and a copy of any materials incorporated by reference (electronic or hard copy). Include a Rule Signature Page in the plastic sleeve containing the rule CD-ROM, signed by the appropriate authority and/or body.

Supporting documentation included in the rule folder or binder should include:

a. Printed from the Indiana Register:
   i. Notice of Intent
   ii. Proposed Rule
   iii. Economic Impact Statement
   iv. Notice of Public Hearing (including any changes of hearing)

b. Authorization to Proceed from the Indiana Register

c. Publisher's affidavit and a copy of the public hearing notice published in the Indianapolis Star (and any other newspapers as applicable)

d. State Budget Agency approval letter

e. If the rule imposes costs or requirements on small businesses (see IC 4-22-2.1-4; IC 4-22-2.1-6; IC 4-22-2-28):
   i. Cover letter or other documentation showing that the Economic Impact Statement was submitted to the Small Business Ombudsman
   ii. Comments from the Small Business Ombudsman (comments must also be available on the agency website and at the public hearing)
   iii. Printout of the web page with the Small Business Ombudsman comments
   iv. Agency response to Small Business Ombudsman's comments

f. If the rule will have a total estimated economic impact greater than $500,000 on all regulated persons or entities in the first twelve month period after the rule is
fully implemented (See IC 4-22-2-28):

i. Economic impact analysis submitted to the Office of Management and Budget (OMB)

ii. Fiscal Impact Statement prepared by OMB, or OMB statement that the agency analysis was adopted

iii. If the rule will not have a $500,000 impact, a statement to that effect should be included in the supporting documentation

g. Cover emails for any transmittal to the Legislative Council (See IC 4-22-2-28(h) and IC 4-22-2-28(i))

h. Public comments, including any written comments and a transcript or minutes of the public hearing. If no members of the public appeared at the public hearing, a statement of the hearing officer is sufficient

i. Agency response to public comments

j. If the Final Rule is not identical to the Proposed Rule, a description of all changes

k. Record of action by any board, commission, or other body that must adopt or approve the rule. The record should include minutes, transcript, or a statement signed by the chair or other authorized representative

l. Printout of the most current version of the rulemaking docket (See IC 4-22-2-22.5)

m. If the rule will not be signed by the Governor within one year of publication of the Notice of Intent, a copy of the notice to the Publisher required under IC 4-22-2-25 that was filed before the 250th day following the publication of the Notice of Intent

n. Any other notices or documents published in the Indiana Register

Following approval of the Office of the Attorney General, the rule will be delivered as a courtesy to the agency to the Governor’s General Counsel for final approval. From the Governor’s office, the rule will be delivered to the Publisher as a courtesy to the agency. Note that statute allows the Publisher three days to review, accept, and officially file the rule. This may impact certain statutory deadlines for certain rules, and if that is the case the agency needs to ensure that deadlines are appropriately communicated to the Publisher.

Emergency Rules, Agency Corrections, and Final Readoptions do not go through the same approval process as normal rules. To the extent feasible, follow the same procedures used for Final Rules. Statute still requires these rules to be submitted electronically (via CD-ROM) to the Publisher, and it makes the most sense for them to be delivered in a similar format as normal rules. For further reference, see IC 4-22-2-37.1; IC 4-22-2-38; and IC 4-22-2.5.

For additional detail of rulemaking requirements and procedures, refer to IC 4-22-2, IC 4-22-2.1, and this Guide.

XXII. DOCUMENT FORMATS

_Indiana Register_ documents have links to both a PDF version and an HTML version. The “Latest Update” edition of the _Indiana Administrative Code (IAC)_ has links to a PDF version and a WordPerfect version. The PDF version of both the _Indiana Register_ and the IAC has been designated the official version. For _Indiana Register_ documents, the PDF document and its internal pagination should be used for citation purposes. For IAC sections, see Section VIII of the User’s Guide to the -IR- Database Website.

**Downloading the IAC in Microsoft Word Format:**

Each article in the "Latest Update" edition of the IAC has links to the PDF version and the WordPerfect version of that article. To download an IAC article in Microsoft Word format:

1. Go to the "Latest Update" edition of the IAC at: [http://www.in.gov/legislative/iac/iac_title](http://www.in.gov/legislative/iac/iac_title)
   (NOTE: It might be helpful to print out these instructions before clicking the link above.)
2. Click on the IAC Title link that contains the article. A list of articles in that title will appear on your screen.
3. **RIGHT** click on the WordPerfect link to the article you wish to download.
4. Select "Save Target As".
5. A "Save As" dialog box will appear with the existing file name highlighted.
6. Navigate (browse) to the folder to which you wish to save the file.
7. Rename the file as you choose, BUT BE SURE TO ADD .doc AS THE EXTENSION FOR THE FILE NAME.
8. Click "Save" to download the file in whichever folder you have chosen.
9. (A) If a "Download Complete" dialog box appears, click "Open". The "saved" article will open in Microsoft Word.
   (B) If a "Download Complete" dialog box does not appear, go to the folder in which the document was saved and open the document from that folder.

**Disclaimer:** The WordPerfect version of the IAC is NOT the official version, and older text, particularly equations, tables, artwork, and special characters, should be checked for accuracy against the PDF version of the IAC when converting from WordPerfect to Microsoft Word or other formats.

**Hyperlinks:**

**CITATIONS IN THE TEXT OF INDIANA REGISTER DOCUMENTS:**

_Indiana Code_ cites are hyperlinked in the text of _Indiana Register_ documents. The hyperlink will direct you to the text of the referenced _Indiana Code_ cite on the General Assembly’s website. NOTE: If an agency uses the section symbol (§) or spells out _Indiana Code_ instead of using the abbreviation “IC” (without periods), the cite will not be hyperlinked.

_IAC_ cites appearing in _Indiana Register_ documents are hyperlinked to the -IR- Database Website’s “Latest Update” to the _IAC_.

Document Identification Numbers (DINs) appearing in _Indiana Register_ documents are hyperlinked. The hyperlink will direct you to the text of the referenced _Indiana Register_ document.
NOTE: Hyperlinks that are generated dynamically by external software, such as Adobe Acrobat and Adobe Reader, on the User's computer when documents are viewed are not verified or maintained by the Register staff. Typically, these links are NOT underlined.

**ADDITIONAL HYPERLINKS IN PROPOSED RULES:**

When applicable, a link to the Economic Impact Statement for a Proposed Rule appears immediately following that rule’s DIGEST.

A link to the Notice of Public Hearing for the Proposed Rule appears at the end of each Proposed Rule.
XXIII. SEARCHING THE -IR- DATABASE WEBSITE

NOTE: Once a document has been posted on the -IR- Database Website, it must be indexed by the General Assembly search engine before becoming searchable. Newly posted documents, therefore, will not appear in search results immediately after posting.

A. Search Methods:

WILDCARD SEARCHES

Standard query parser supports single and multiple character wildcard searches within single terms. Wildcard characters can be applied to single terms, but not to search phrases.

Single character (matches a single character) Use ?
The search string
  te?t would match test and text

Multiple characters (matches zero or more sequential characters) Use *
The wildcard search:
  hand* would match hand, handling, handwritten ....
You can also use wildcard characters in the middle of a term. For example:
  te*t would match test, text, testament ...
  *est would match west, request, digest ....

QUOTATION MARKS

Enclose phrases in quotation marks to find the entire phrase instead of the individual words in the phrase. For instance:

  “police officer”
will find only the term “police officer”. It will not find individual instances of “police” or “officer”.

-IR- DATABASE WEBSITE SEARCH AND RETRIEVAL BOXES

Along the left side of -IR- Database Website pages is a group of search and retrieval boxes where one may search for specific terms in the IAC or the Indiana Register, retrieve documents by document identification number (DIN) or LSA document number, or retrieve IAC and Indiana Code cites.

(See the following page for an explanation of the search and retrieval boxes.)
Directs the user to the “Law & Administrative Rules” page of the General Assembly website.

Link to the Administrative Rules Drafting Manual

Link to the Emergency Authority List

The “Current IR” link directs the user to a listing of Register documents posted within the last 12 months, organized chronologically. The “Archive” link directs the user to the Register archive page.

The “Latest Update” link directs the user to a list of titles in the “Latest Update” edition of the Indiana Administrative Code. The “Archive” link directs the user to the IAC archives page.

Entering a term in the “IR and IAC Search” box generates a list of documents containing the term. The default search scope is all Registers and all editions of the IAC posted on the site. Checkmarking either the “All Registers” box or the “Latest Update IAC” box will limit the search to whichever box is checked. If the “Search” button is pressed without any information in the above boxes (or by clicking the “Advanced Search” link), the user will be directed to the “Advanced Search” page.

Entering (or pasting) a DIN into the “Register DIN” box retrieves the identified document. The “Go” button initiates the retrieval.

Entering an LSA document number in these boxes generates a list of documents associated with that LSA document number ("Related Documents"). This includes only those documents posted since July 2, 2006.

Entering an IAC title number and article number retrieves that IAC article. Entering an IAC title number retrieves a listing of article headings in that title.

Entering a complete Indiana Code citation retrieves the IC chapter. (Entering an IC title, article, and chapter also retrieves the chapter.) Entering an IC title and article retrieves a listing of chapters in that article. Entering an IC title retrieves a listing of articles in that title.
B. Advanced Search Page:

In addition to the search and retrieval functions on each -IR- Database Website page is a group of search boxes that appears at the top of “hit” lists from searches or that is accessible by clicking the “Advanced Search” link in the “IR and IAC Search” box.

At the top of this Advanced Search page is the following brief explanation of the timetable and contents of the archives and method of using the search functions on the page:

Next is a search box where one can search for terms, etc., within the IR and the IAC. NOTE: The default search for this search box is the “Latest Update” edition only of the IAC and all Indiana Register publications, both current and archived.

The next group of boxes enable the user to search within one or any combination of current and archived IAC editions by placing a checkmark in the desired edition(s).

The next group of boxes enable the user to search within one or any combination of current and archived Indiana Register publications by placing a checkmark in the desired volume(s). NOTE: The “Current IR” box enables the user to search within all Indiana Register documents posted in the current and previous 11 calendar months. The “Recent IR” box narrows the search down to Indiana Register documents posted in the last 84 calendar days.
The “Advanced Search” boxes allow the user to search within the documents (posted since July 2, 2006) associated with a specific LSA Document number or by IAC Title number in *Indiana Register* documents posted since July 2, 2006.

When using the “Advanced Search” boxes above, the following Alerts appear with the list of “hits” to remind the user that they are searching only in documents posted since July 2, 2006. These Alerts also appear if a user types in an incorrect IAC Title number or an LSA Document number or IAC Title number that has not appeared in the *Indiana Register* since July 2, 2006.

*Alert: Title option functions only for Register documents posted since July 2, 2006.*

*Alert: LSA Document Number option functions only for Register documents posted since July 2, 2006.*

If the user enters an incorrectly formatted LSA Document number, the following Alert appears:

*Alert: LSA Document Number option requires both a year and a document number. This option functions only for Register documents posted since July 2, 2006.*

At the bottom is information regarding the number of matches and the time required to complete the search.

Number of matches: 0
Search completed in 0.000973 seconds.
XXIV. INTERNATIONAL STANDARD SERIAL NUMBER (ISSN)

The ISSN is a unique, internationally used identification number for serial publications. It is both a national (ANSI Z39.9) and an international (ISO 3297) standard. It can be thought of as the social security number of the serials world, distinguishing serials with the same or similar titles from each other and providing a numerical identifier which can be used to retrieve and match information about serials in databases of any size.

(From “ISSN is for Serials”, Library of Congress, National Serials Data Program, September 2006)

The ISSN for the Indiana Register is ISSN 1934-7049.

APPENDIX E:
LEGISLATIVE COUNCIL RESOLUTION 14-05
(As Adopted May 14, 2014)

BE IT RESOLVED BY THE INDIANA LEGISLATIVE COUNCIL:

SECTION 1. (a) The following definitions apply throughout this resolution:
(1) "Executive Director" refers to the Executive Director of the Legislative Services Agency.
(2) "Public agency" includes the following:
   (A) The judicial branch of state government.
   (B) A state agency (as defined in IC 4-13-1-1).
   (C) A body corporate and politic created by statute.
   (D) A state educational institution.
(3) "Report" includes any annual or other report that is subject to IC 5-14-6 that a public agency:
   (A) voluntarily; or
   (B) under a statutory directive;
   submits to the entire membership of the General Assembly, the Legislative Services Agency, the Legislative Council, or a committee established under IC 2-5-1.3-4.

SECTION 2. The Legislative Council exercises its authority under IC 5-14-6-4, as amended by SEA 80-2014, SECTION 67, to provide for the Legislative Services Agency to make electronic distribution of reports to:
(1) the entire membership of the General Assembly;
(2) the Legislative Services Agency;
(3) the Legislative Council; or
(4) a committee established under IC 2-5-1.3-4;
instead of having the public agency submitting the report directly distribute the report to the member's Senate or House of Representatives electronic mail address, as otherwise required by statute.

SECTION 3. The Executive Director is directed to establish an email address or a portal on the Internet to receive reports and post received reports to the Internet Web site for the General Assembly. A public agency shall be treated as complying with a duty imposed under a statutory directive to distribute reports to:
(1) the entire membership of the General Assembly;
(2) the Legislative Services Agency;
(3) the Legislative Council; or
(4) a committee established under IC 2-5-1.3-4;
when the public agency submits the report in Portable Document Format (PDF) to the email address or Internet portal designated by the Executive Director. The Executive Director may set additional guidelines for the submission of reports.

SECTION 4. The Executive Director shall provide for periodic electronic notification:
(1) that a report has been received; and
(2) where it is posted on the Internet;
to the legislators designated to receive the submitted report. The notification may be made to an
email address other than the member's Senate or House of Representatives electronic mail address, as otherwise required by statute, if requested by the legislator. The Executive Director may also electronically distribute to a legislator the full text of any report. The Executive Director shall electronically distribute the full text of a report to a legislator if requested by the legislator or as directed by the Personnel Subcommittee of the Legislative Council.

SECTION 5. The Executive Director may receive, post, and distribute any document that is required by a statutory directive to be submitted under or is otherwise subject to IC 5-14-6, regardless of whether the submitting entity qualifies as a public agency or the submitted document qualifies as a report.
