Authority: IC 7.1-2-3-7; IC 7.1-2-3-8; IC 7.1-2-3-22

Affected: IC 7.1-5

Sec. 15. (a) A primary source of supply or wholesaler may, on a nondiscriminatory basis, at a retailer's or dealer's permit premises, manage their retailer-assigned or dealer-assigned display space. Such product management may include, on a nondiscriminatory basis, the following:

- (1) Product rotation of alcoholic beverages on retail shelves or in displays and from storage areas to retail shelves and displays.
- (2) Storage area, retail shelf, and display stocking.
- (3) Display construction for freestanding, special, and nonpermanent floor displays.

(4) Delivery and placement of product to the retailer-designated or dealer-designated storage areas.

(b) A primary source of supply or wholesaler shall submit to the Indiana alcoholic beverage commission for its approval a product management plan, in the form as prescribed by the Indiana alcoholic beverage commission, prior to providing any services for the management of product supplied by that primary source of supply or wholesaler.

(c) The product management plan shall be submitted to the Indiana alcoholic beverage commission thirty (30) days from the effective date of this rule for existing permits and at the time of filing an application for issuing, renewing, or transferring a primary source of supply or wholesaler permit each year thereafter.

(d) The product management plan shall set forth a description of the services to be provided to holders of dealer permits and the services to be provided to holders of retailer permits. The plan shall also contain a verification that such services will be provided on a basis that does not discriminate as defined by the type of dealer or retailer permit held by a customer, and that such services shall be provided in a timely manner not to exceed five (5) working days from the time of any request by a dealer or retailer.

(e) Certain nondiscriminatory business practices may be referenced in the product management plan based on the premise that each wholesaler's customary system for product order, delivery, and placement, as well as provision of product management services, will be based on its own company policy and current practice.

(f) As used in this section, "nondiscrimination" means that the services a primary source of supply or wholesaler offers to holders of dealer permits are made available to all similarly situated dealers without regard to the type of dealer permit held, and that the services a primary source of supply or wholesaler offers to holders of retailer permits are made available to all similarly situated retailers without regard to the type of retailer permit held.

(g) Acceptance of a plan by the Indiana alcoholic beverage commission shall not constitute approval by the Indiana alcoholic beverage commission of any conditions placed on the availability of product management services. The Indiana alcoholic beverage commission retains the authority to find, in a permit violation proceeding, that any particular condition is discriminatory.

(h) No primary source of supply or wholesaler shall move the alcoholic beverages of a competing primary source of supply or wholesaler, or reset all or part of the premises of a retailer or dealer, unless the retailer or dealer sends notice, by certified mail, to all of its alcoholic beverage vendors of the date and time of the contemplated movement of alcoholic beverages or reset, no less than two (2) weeks before the contemplated date. No such certified mail notice shall be required to be sent to an alcoholic beverage vendor having executed a waiver of notice of reset, which such waiver shall be maintained by the retailer or dealer, and which such waiver shall be revocable at any time upon written notice. A primary source of supply or wholesaler, selling to that retailer or dealer, must be given an opportunity to participate in the movement of products and reset, and the resultant movement of products and reset, must not, in fact, exclude a competing primary source of supply or wholesaler from the premises. Employees of a primary source of supply or wholesaler are not to be used as employees of, or required to provide services to, the retailer or dealer on any basis, except as permitted in this rule.

(i) All primary sources of supply and wholesalers shall be prohibited from retaliating, directly or indirectly, against any retailer or dealer which in good faith reports an incident pursuant to this rule. **905 IAC 1-36-2    Review of local alcoholic beverage board's approval or denial of an application for an alcoholic beverage permit**

Authority: IC 7.1-2-3-7

Affected: IC 4-21.5-2-6

Sec. 2. (a) After a local board recommends approval or denial of an application for a new permit, including a transfer application or renewal of an existing permit, the commission shall act promptly upon the local board's recommendation. If there was no remonstrance before the local board and if the commission approves the application, the commission shall issue the permit to the applicant. If either there was a remonstrance against the application before the local board, or the commission disapproves the application, the commission shall give personal notice of its action or written notice of its action by certified mail to the applicant and to any remonstrator. For purposes of this rule, "remonstrator" means a person who appeared, personally or by counsel, as a remonstrator against the application at the local board hearing and identified himself to the local board, stating his name and address or telephone number to the board at the hearing.

(b) Upon receipt of notice of the commission's action under section 1(a) of this rule, an applicant or a remonstrator shall have fifteen (15) days to file any objection to the commission's action and to request an appeal hearing before the commission. The objections of any remonstrator shall also be accompanied by a petition for intervention stating facts which demonstrate that the petitioner will be aggrieved or adversely affected by the commission's action. A copy of the remonstrator's objections and petition for intervention shall be served by the remonstrator on the applicant by certified mail unless the remonstrator is not represented by counsel. In such case, the commission will serve the remonstrator's pleading(s) on the applicant. Failure of the applicant to file objections or failure of a remonstrator to file objections and a petition for intervention within the fifteen (15) day period shall constitute a waiver of any appeal hearing from the commission's action. Absent exigent circumstances, the commission shall deny the petition for intervention of any person who did not appear personally or by counsel at the local board hearing. Upon receipt of an applicant's objections, the commission shall set the applicant's objections for hearing.

(c) If the objection is based on the denial of an application or renewal of an existing permit, the applicant may request an extension of the life of the permit to allow him to continue operating, pending the appeal procedure. If the commission issues the extension, the applicant shall pay the required fee and shall be allowed to operate until notified by the commission that the extension is terminated by either personal notice or written notice by certified mail to the applicant's last known address as stated on his application for said permit. Upon receipt of said notification, applicant shall have ten (10) days to continue operating and at the expiration of the ten (10) days, he must cease selling alcoholic beverages. The commission, at its discretion, may allow the applicant to place the denied permit into escrow and allow a reasonable time for the applicant to sell said permit to a bona fide purchaser for value in an arms length transaction subject to the approval of the commission.

(d) Upon receipt of a remonstrator's objections and petition for intervention under subsection (b), the commission shall review the petition and determine whether the remonstrator should be permitted to intervene in the matter. In making its determination, the commission shall consider whether the remonstrator has proven that he or she will be personally aggrieved or adversely affected if the application for permit is granted. If the commission finds that the remonstrator would be aggrieved or adversely affected, he shall be allowed to intervene, and notice of such shall be sent to the applicant, and the remonstrator and the intervening remonstrator's objections shall be set for hearing. If the commission finds that the remonstrator should not be permitted to intervene, it may deny the remonstrator's request for hearing. As used hereafter in this rule, "intervening remonstrator" means a remonstrator that has been granted permission to intervene by the commission.

(e) An applicant, a remonstrator, or an intervening remonstrator who has filed objections to the commission's determination may request and pay a deposit in the amount of fifty dollars (\$50) for the preparation of the local board transcript and, as soon as it is prepared, he shall pay any final amounts due.

(f) The commission shall give the applicant and any remonstrators or intervening remonstrators notice of the appeal hearing by certified mail at least ten (10) days prior to the hearing. The notice shall state the time and place of the hearing. At the discretion of the commission, the hearing may be conducted by the full commission, any individual member of the commission, or a duly authorized agent of the commission.
