Sec. 14. (a) A member or beneficiary may disclaim in whole or part an interest in the benefits or assets held by TRF of which the member or beneficiary is otherwise entitled pursuant to the Uniform Disclaimer of Property Act (Act) and in accordance with this rule.

(b) A disclaimer made under the Act is not a transfer, an assignment, or a release.

**35 IAC 14-2-16 Actuarial rule**

Authority: IC 5-10.4

Affected: IC 5-10.4

Sec. 16. Two (2) forms of benefit payments are considered to be actuarially equivalent if the expected present value of future payments are the same. For TRF, the expected present value of the pension portion of the benefit is calculated based on six and seventy-five hundredths percent (6.75%) interest rate and the 2013 Static Mortality table for males and females, projected five (5) years using Scale AA, and weighted 50/50. The expected present value of the annuity portion of the benefit is calculated using the 2013 Static Mortality table for males and females, projected five (5) years using Scale AA, and weighted 50/50 and prior to January 1, 2017, and after October 1, 2015, an interest rate equal to the greater of similar annuities in the private market or four and one-half

percent (4.5%). After January 1, 2017, the interest rate used will be equal to similar annuities in the private market. (*Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-2-16; adopted Sep 14, 2012: 20120926-IR-035120542ONA; adopted Sep 11, 2015: 20150923-IR-035150302ONA*)

### **35 IAC 14-2-17 ASA and RSA annuity interest**

Authority: IC 5-10.2-2-1; IC 5-10.2-2-3; IC 5-10.5-4-2

Affected: IC 5-10.2-3; IC 5-10.2-4; IC 5-10.5-4-2.6

Sec. 17. (a) Whenever a member elects to annuitize the member's ASA or RSA, the annuitized interest rate will be applied beginning with the date of the distribution of the annuity and the annuity will be calculated prospectively from that date regardless whether the distribution was deferred under IC 5-10.2-4-2(c), there is a retroactive disability payment under IC 5-10.2-4-6, or there is a retroactive benefit payment under IC 5-10.2-4-8.2.

(b) The annuity interest rate is determined by IC 5-10.5-4-2.6 and this rule. Except for as set forth in subsection (c), the annuity interest rate that will be applied is the rate in effect as of the retirement date as determined under IC 5-10.2-4-1.3, the disability retirement date, or the member's retirement date due to election made under IC 5-10.2-4-8.2.

(c) Except as provided in IC 5-10.5-4-2.6, when a member elects to defer receiving, in any form, the member's annuity savings account under IC 5-10.2-4-2(c), the annuity interest rate that will be applied is the rate in effect as of the date INPRS receives the member's postretirement payment of ASA election form.

(d) When a member elects to change their survivor beneficiary or pension option, or both, under IC 5-10.2-4-7.2, the annuity interest rate that will be applied is the rate in effect as of the date INPRS receives the member's election form.

(e) For example, Julia is a seventy-five (75) year old active member with twenty-five (25) years of creditable service. She makes an election under IC 5-10.2-4-8.2 to begin receiving benefits relating back to the date she was first eligible to make the election (five (5) years ago). Julia elects to annuitize her ASA. The annuity is calculated and interest rate is the rate in effect on the retirement date Julia selects. Julia will receive five (5) years of retroactive pension benefits using only twenty (20) years of service credit in the pension calculation. Because Julia's ASA account was actively earning interest, gains, or losses during the five (5) year period before Julia made the election, and the ASA had not been annuitized during this period, the annuitized interest rate will be applied beginning with the actual date of distribution of the annuity. ## **Rule 3. Suspension of Membership**

### **35 IAC 14-3-1 Suspension of membership; withdrawal of contributions**

Authority: IC 5-10.5-4-2

Affected: IC 5-10.2-3-5; IC 5-10.2-3-6; IC 5-10.4-4-13

Sec. 1. No withdrawal of the member's contributions shall be made when the member is currently under a contract to serve in a covered position, while in active service, or on an approved leave of absence from such a position. A withdrawal may proceed only after the member's employing unit has verified that the member is no longer employed and advised the fund of the termination date. Employer verification is not required whenever more than one (1) year lapses from the date of the member's separation from employment and contributions to the fund cease. An application for voluntary withdrawal of contributions submitted by the member is an affirmation by the member that the member has separated from employment. (*Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-3-1; filed Oct 5, 1992, 5:00 p.m.: 16 IR 706; readopted filed Dec 3, 2001, 11:02 a.m.: 25 IR 1731; adopted Mar 27, 2007: 20070404-IR-550070200ONA; adopted Dec 17, 2010: 20101229-IR-550100778ONA*) NOTE: Transferred from the Board of Trustees of the Indiana State Teachers' Retirement Fund (550 IAC 2-3-1) to the Board of Trustees of the Indiana Public Retirement System (35 IAC 14-3-1) by P.L.23-2011, SECTION 22, effective July 1, 2011.

Authority: IC 5-10.5-4-2

Affected: IC 5-10.2-3-5; IC 5-10.2-3-6; IC 5-10.3-6; IC 5-10.4

Sec. 1.2. For withdrawals after the effective date of this rule, in accordance with Section 905 of the Pension Protection Act of 2006, and unless otherwise prohibited by law, a PERF or TRF participant, who is not age and service eligible for a retirement benefit, who:

- (1) is no longer working in PERF or TRF covered service with an employer;
- (2) is actively working with the same employer; and
- (3) is working in a non-PERF or non-TRF covered position;

may suspend and withdraw the amounts in their ASA pursuant to IC 5-10.2-3-5 and IC 5-10.2-3-6 if the participant is at least sixty-two (62) years of age at the time the participant applies for the withdrawal. For example, Josh has worked in a PERF covered position for four (4) years. Josh is promoted to a non-PERF covered position with the same employer. When Josh is sixty-two (62) years of age, he may withdraw his ASA so long as he is not working in a TRF or PERF covered position and is not age and service eligible to receive a PERF or TRF retirement benefit. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-3-1.2; adopted Mar 6, 2015: 20150318-IR-035150060ONA; adopted Sep 11, 2015: 20150923-IR-035150302ONA)*

### **35 IAC 14-3-2 Membership following the withdrawal of ASA**

Authority: IC 5-10.5-4-2

Affected: IC 5-10.2-3-6.5; IC 5-10.4-4-13

Sec. 2. (a) Except as provided under IC 5-10.2-3-6.5 and this article, a member is not entitled to receive benefits after membership is suspended and the amount held in the annuity savings account withdrawn unless the member returns to covered employment in Indiana and remains employed long enough to earn at least one-half (1/2) year of service credit. However, if the member shows to the satisfaction of the fund that there was bona fide intent to return to employment and comply with this rule and the employee was capable of performing such employment, but was prevented from working for the requisite period due to illness, injury, death of the employee, or other reason, which occurred subsequent to the date of the reemployment, then such reemployment period requirement may be waived. Time spent on an employer approved leave of absence granted under the Family Medical Leave Act (FMLA) or pursuant to a leave granted under IC 5-10.4 taken during the reemployment period shall be used in determining whether the person met the requirements of this section provided that the member returned to covered employment immediately after termination of such leave.

(b) Prior to December 31, 2020, a member may withdraw money from the member's annuity savings account no sooner than thirty (30) days after separation from covered employment and service with the employer. A member who has reemployed in a covered position within thirty (30) days after termination of covered employment and service with the employer is not entitled to a distribution from the member's annuity savings account. If no withdrawal distribution has been made, the fund will not make the withdrawal distribution and the suspension of membership shall be automatically deferred and the member shall not be eligible for such distribution. The member shall notify the fund immediately upon accepting such employment.

(c) After December 31, 2020, a member who has not reached age and service eligibility for normal retirement may withdraw money from the member's annuity savings account no sooner than thirty (30) days after separation from TRF-covered service and separation from the TRF employer.

(d) This applies after December 31, 2020. A member who has reached age and service eligibility for normal retirement may withdraw money from the member's annuity savings account after separation from TRF-covered service from the TRF employer without waiting thirty (30) days after such separation. A member who has reached age and service eligibility for normal retirement may withdraw money from the member's annuity savings account pursuant to IC 5-10.2-3-6.5 without separating from service. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-3-2; filed Oct 5, 1992, 5:00 p.m.: 16 IR 706; readopted filed Dec 3, 2001, 11:02 a.m.: 25 IR 1731; adopted Mar 27, 2007: 20070404-IR-550070200ONA; adopted Dec 16, 2009: 20100106-IR-550090990ONA; adopted Dec 17, 2010: 20101229-IR-550100778ONA; adopted Apr 26, 2013: 20130508-IR-035130167ONA; adopted Jun 20, 2014: 20140820-IR-035140335ONA; adopted Sep 14, 2018: 20180919-IR-035180399ONA; adopted Jun 26, 2020: 20200708-IR-035200360ONA) NOTE: Transferred from the Board of Trustees of the Indiana State Teachers' Retirement Fund (550 IAC 2-3-2) to the Board of Trustees of the Indiana Public Retirement System (35 IAC 14-3-2) by P.L.23-2011, SECTION 22, effective July 1, 2011.*

**35 IAC 14-4-4 Member designation of beneficiaries**

Authority: IC 5-10.4; IC 5-10.5-4-2

Affected: IC 5-10.2-3-7.5; IC 5-10.2-3-10; IC 5-10.4-4-10

Sec. 4. (a) "Designated beneficiary" means the person or entity designated by the member on a form approved by INPRS and part of the member's record as of the member's date of death. Beneficiary designations made electronically, via INPRS' website, are deemed to have met the requirements of this subsection.

(b) Members may designate more than one (1) primary beneficiary to receive the balance of their defined contribution account (ASA or RSA). Members may also designate more than one (1) contingent beneficiary.

(c) The primary beneficiary or contingent beneficiary designated by the member shall be:

- (1) one (1) or more persons;
- (2) the member's estate; or
- (3) a trust.

(d) If multiple persons are designated the following shall apply:

(1) The member shall indicate the percentage in whole numbers (no decimals or fractions) of total benefits each person is to receive.

(2) If percentages are not indicated or not indicated in whole numbers, payments will be disbursed as nearly equally to the named beneficiaries with the first designated beneficiary listed receiving an additional percentage amount in order to distribute in whole percentages. For example: Mona has fifty thousand dollars (\$50,000) in her ASA (defined contribution account) when she dies. Mona designated three (3) primary beneficiaries without assigning a whole percentage number of the total benefit for each to receive. The first listed beneficiary would receive thirty-four percent (34%) and the remaining two (2) beneficiaries would receive thirty-three percent (33%) each.

(3) If percentages indicated do not total one hundred percent (100%), each beneficiary shall receive an increased or decreased percentage, which is proportional to the percentages allotted him or her by the member.

(4) Subject to subdivision (2), if any of the multiple beneficiaries die prior to the member's death, the remaining beneficiaries shall be entitled to the deceased beneficiary's percentage of the total benefits, and each shall receive a percentage of the deceased's share which is nearly equal to the percentage allotted them by the member.

(5) So long as a primary beneficiary survives the member, a designated contingent beneficiary is not entitled to a share of the benefit unless the primary beneficiary disclaims the benefit.

(6) INPRS shall not accept per stirpes beneficiary designations.

(e) A new member shall designate, by name, primary and secondary beneficiaries to receive the assets present in the annuity savings account designated by whole number percentage increments on the occasion of the member's death prior to retirement, less any classroom disability benefits paid.

(f) A member may name a trust, the member's estate, or other legal entity as the beneficiary of the member's annuity savings account (ASA) or rollover account (RSA).

(g) The designated beneficiary's right to a benefit vests upon the death of the member in the designated beneficiary on file with the fund. A change of beneficiary designation must be made in a manner and form approved by the board and must be filed with the fund before the time of death of the member. A change of beneficiary designation received after the time of death of the member is not valid. A written beneficiary designation for the ASA or RSA must be signed by the member. Timely electronic beneficiary designations submitted through the fund's website in a form and manner approved by the board shall be deemed to have met the requirements of this rule.

(h) A member's RSA shall be combined and distributed according to the member's beneficiary designation for the defined contribution account (ASA). A defined contribution account and RSA may not have separate beneficiaries. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-4-4; filed Oct 5, 1992, 5:00 p.m.: 16 IR 707; readopted filed Dec 3, 2001, 11:02 a.m.: 25 IR 1731; adopted Mar 27, 2007: 20070404-IR-550070200ONA; adopted Apr 21, 2010: 20100505-IR-550100241ONA; adopted Nov 19, 2010: 20101208-IR-550100723ONA; adopted Apr 29, 2011: 20110511-IR-550110274ONA; adopted Feb 17, 2012: 20120222-IR-035120095ONA; adopted Apr 26, 2013: 20130508-IR-035130167ONA; errata filed Jan 16, 2018, 3:12 p.m.: 20180124-IR-035180061ACA; adopted Sep 14, 2018: 20180919-IR-035180399ONA; adopted Feb 22, 2019: 20190227-IR-035190137ONA) NOTE: Transferred from the Board of Trustees of the Indiana State Teachers' Retirement Fund (550 IAC 2-4-5) to the Board of Trustees of the Indiana Public Retirement System (35 IAC 14-4-4) by P.L.23-2011, SECTION 22, effective July 1, 2011.*

Sec. 4.1. (a) Eligible retired members may elect to change their designated survivor beneficiary or form of benefit pursuant to IC 5-10.2-4-7.2 and this rule.

(b) A designated change in the survivor beneficiary or form of benefit is effective when the change application is received and verified by the fund, and any resulting change in the form or amount of benefit is paid prospectively from the first of a month following that date. For example, Gill's designated survivor predeceases him on July 1. Gill applies to remove his designated beneficiary and change his form of benefit to straight life with no survivor beneficiary on December 1. Gill's recalculated benefit will be paid beginning on the first of a month following receipt and verification of the change application. There are no retroactive payments to or reductions to Gill's benefit relating back to the date of death of his original survivor.

(c) If a retiree makes an election to change the designated survivor or form of benefit, the retiree's benefit will be actuarially recalculated using all factors including annuity interest in effect at the time INPRS receives the member's election form. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-4-4.1; adopted Mar 6, 2015: 20150318-IR-035150060ONA)*

The retirement system is subject to the following provisions:

(1) Distribution of a member's benefit must begin by the required beginning date, which is the later of the April 1 following the calendar year in which:

(A) the member attains seventy and one-half (70 1/2) years of age if the member turns seventy and one-half (70 1/2) on or before December 31, 2019;

(B) the member attains seventy-two (72) years of age if the member turns seventy and one-half (70 1/2) on or after January 1, 2020; or

(C) the member terminates.

(2) The member's entire interest must be distributed over the member's life or the lives of the member and a designated beneficiary, or over a period not extending beyond the life expectancy of the member or of the member and a designated beneficiary.

(3) If a member dies after the required distribution of benefits has begun, the remaining portion of the member's interest must be distributed at least as rapidly as under the method of distribution before the member's death.

(4) If a member dies before required distribution of the member's benefits has begun, the member's entire interest must be either:

(A) distributed (in accordance with federal regulations) over the life or life expectancy of the designated beneficiary, with the distributions beginning no later than December 31 of the calendar year following the calendar year of the member's death; or

(B) distributed within five (5) years of the member's death.

(7) Notwithstanding the other provisions of this rule or the provisions of the Treasury Regulations, benefit options may continue so long as the option satisfies Section 401(a)(9) of the Internal Revenue Code based on a reasonable and good faith interpretation of that section.

Sec. 10. (a) In accordance with and pursuant to IC 5-10.4-7, the Indiana public retirement system board of trustees herein sets the due date for contributions as seven (7) days after a covered employer's payroll unless otherwise approved by the board. Sec. 11. (a) When there has been an overpayment of picked up member contributions or after-tax member contributions, the principal amount of the overpayment will be credited to the employer. The principal amount of the overpayment may be adjusted for earnings/interest at the interest rate defined in subsection (e).

(b) When there has been an underpayment of picked up member contributions or after-tax member contributions, the principal amount of the underpayment will be billed to the employer to the extent funds are in the account. The principal amount of the underpayment may be adjusted for earnings/interest at the interest rate defined in subsection (e) to begin accruing seven (7) days after the pay period end date of the original wage and contribution report.

(c) When there has been an overpayment of employer contributions, the principal amount of the overpayment will be credited to the employer. The principal amount of the overpayment may be adjusted for earnings/interest at the interest rate defined in subsection (e).

### **35 IAC 14-7-12 Social Security integration; benefit calculation**

Authority: IC 5-10.2-3-6; IC 5-10.5-4-2

Affected: IC 5-10.2-4-4; IC 5-10.2-4-5; IC 5-10.2-4-7; IC 5-10.4-6-4

Sec. 12. (a) Pursuant to IC 5-10.2-4-7(b)(3), a member who retires between fifty (50) years of age and sixty-two (62) years of age may integrate the member's monthly pension benefit with the member's estimated Social Security benefits. This option increases the monthly pension benefit amount for which the member would ordinarily be eligible from the date of retirement until sixty-two (62) years of age. When the member reaches sixty-two (62) years of age, the member's monthly pension benefit will be reduced. Such reduction will occur whether or not the member applies for Social Security Administration benefits.

(b) To receive an estimate of the member's monthly pension benefit with Social Security integration, the member shall obtain an estimate of Social Security benefits to be received at sixty-two (62) years of age from the Social Security Administration and provide the estimate to INPRS.

(c) For retirement benefits payable on or after January 1, 2010, a member's pre-sixty-two (62) monthly pension benefit with Social Security integration shall be computed as follows:

(1) Multiply the member's Social Security estimate for benefits to be received at sixty-two (62) years of age and actuarial factors established by INPRS' actuary, and obtain a product.

(2) Add the amount of the member's pension as calculated in IC 5-10.2-4-4 and IC 5-10.2-4-5 to the product obtained in subdivision (1). For purposes of this section, the retirement benefit does not include any payments from an ASA or RSA.

(d) For retirement benefits payable on or after January 1, 2010, a member's monthly pension benefit with Social Security

integration at sixty-two (62) years of age shall be computed as follows:

(1) Multiply the member's Social Security estimate for benefits to be received at sixty-two (62) years of age and actuarial factors established by INPRS' actuary, and obtain a product.

(2) Subtract the product obtained in subdivision (1) from the member's pre-sixty-two (62) monthly pension benefit with Social Security integration as calculated in subsection (c).

(e) For members who apply for unreduced retirement, notwithstanding subsections (c) and (d), the payments made before a member reaches sixty-two (62) years of age and after a member reaches sixty-two (62) years of age may not be less than one hundred eighty-five dollars (\$185).

(f) If a retired member dies before reaching sixty-two (62) years of age with a designated survivor beneficiary, the beneficiary's benefit will be recalculated and adjusted as described in subsection (d) and in accord with the survivor option chosen at the time of the member's retirement.

(g) The amount of the member's Social Security benefits is not affected by the member's election of Social Security integration.

(h) For postretirement increases granted after July 1, 2021, as a percentage of a person's retirement benefit, the amount attributable to postretirement increases will be granted in accordance with the amount of benefit the member is receiving at the time the postretirement increase is granted. The postretirement increase shall be also be adjusted according to the amount of benefit the member receives at sixty-two (62) years of age. For example, if Rachel retires and receives one thousand dollars (\$1,000) per month in 2020 before she has reached sixty-two (62) years of age under the Social Security implementation option and a postretirement increase is granted in amount equal to two percent (2%) of the pension benefit in 2021, she will receive a one thousand dollar (\$1,000) pension amount and a twenty dollar (\$20) postretirement increase. In 2022, Rachel reaches sixty-two (62) years of age and her pension benefit reduces to two hundred dollars (\$200) based on her Social Security integration selection. At that time, the 2021 postretirement increase of 2% will be calculated based Rachel's two hundred dollar (\$200) post age sixty-two (62) pension amount. Thus, after Rachel reaches age sixty-two (62), she will receive a two hundred dollar (\$200) pension benefit and a four dollar (\$4) postretirement increase. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-7-12; adopted Nov 19, 2010: 20101208-IR-550100723ONA; adopted Sep 11, 2015: 20150923-IR-035150302ONA; adopted Nov 4, 2016: 20161116-IR-035160500ONA; adopted Feb 23, 2018: 20180307-IR-035180117ONA; adopted Dec 13, 2019: 20191225-IR-035190683ONA)* NOTE: Transferred from the Board of Trustees of the Indiana State Teachers' Retirement Fund (550 IAC 2-7-10) to the Board of Trustees of the Indiana Public Retirement System (35 IAC 14-7-12) by P.L.23-2011, SECTION 22, effective July 1, 2011.

Authority: IC 5-10.5-4-2

Affected: IC 5-10.2-4-1; IC 5-10.3-8-5; IC 5-10.4-5-17

Sec. 14. (a) A member who:

(1) receives a service credit or other determination from INPRS that incorrectly states the member's vested status or eligibility to begin receiving retirement or disability benefits; and

(2) relies on that information to delay the member's retirement date and the filing of a retirement application;

may be eligible for a retirement date that relates back to the date the member received the inaccurate determination or the date first eligible to begin receiving benefits following the date of the inaccurate determination. The retirement application may be deemed

received on the date of the inaccurate determination or the date first eligible to begin receiving benefits following the date of the inaccurate determination.

(b) Subsection (a) applies only to members who:

(1) were vested or eligible to begin retirement benefits, as determined by INPRS, at the time of the incorrect determination; and

(2) request that INPRS grant a retirement date that relates back to the date the member was first eligible for retirement benefits and follows the date of the inaccurate determination.

(c) The member may choose a retirement date that is the first of a month following the date the application is deemed received.

(d) The inaccurate determination does not have to be in writing if the member can show, to the satisfaction of INPRS, the determination was inaccurate, the member relied on the determination in choosing a retirement date and filing an application, and any other elements necessary to comply with this section.

(e) This rule is administered in accordance with IC 5-10.3-8-5, which addresses claims of errors. (*Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-7-14; adopted Nov 4, 2016: 20161116-IR-035160500ONA*)

Authority: IC 5-10.4; IC 5-10.5-4-2

Affected: IC 5-10.4-5-1; IC 5-10.4-5-2

Sec. 2. (a) Except as provided in subsection (b), a member must apply not later than one (1) year after the onset date of the disability to receive a classroom disability benefit under IC 5-10.4-5.

(b) TRF may approve the processing of an application for classroom disability benefits received later than one (1) year, and payment of benefits may be authorized, if the member is otherwise eligible for such benefits. Approval may be given if the executive director finds, in the executive director's discretion, that:

- (1) the delay in submitting the application was reasonable and due to the member's injury or illness; or
- (2) the delay in submitting the application was reasonable and due to other extenuating circumstances.

(c) A member must petition TRF in writing, describing the reason for the delay, before a waiver can be granted under this rule. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-9-2; adopted Apr 21, 2010: 20100505-IR-550100241ONA)*

### **35 IAC 14-9-3 Disability retirement**

Authority: IC 5-10.5-4-2

Affected: IC 5-10.2-4-6; IC 5-10.4-5-1

Sec. 3. (a) To be eligible to receive disability retirement benefits, a member must have been employed under a uniform or supplemental contract, receiving workers' compensation disability benefits, on leave pursuant to the Family Medical Leave Act, or on a leave approved by the school board on the date the Social Security Administration determines the member becomes disabled.

(b) For the purpose of IC 5-10.2-4-6(a), "while receiving a salary" includes:

- (1) the last check date for a member, but does not include any checks received later than thirty (30) days from the last day the member was paid for physical work, for used sick time, for used compensatory time, or while on other leave or vacation; or
- (2) that a member will be deemed to be receiving a salary for a period of thirty (30) days from the last day the member was paid for work, for used sick time, for used compensatory time, or for other leave or vacation; or the member's termination of employment related to the illness or injury resulting in the disability and not more than thirty (30) days has elapsed between the employment termination date and Social Security Administration (SSA) disability onset date. INPRS in its sole discretion will determine whether there was a relationship between the injury or illness causing the disability and the termination of covered employment by the participant. Example one: Penny becomes ill while in-service in a covered position and exhausts all leaves and terminates employment due to the illness on July 1. Because of this illness, Penny received a SSA disability onset of July 28 of the same year. Penny meets the "while receiving a salary" definition because there was nexus between the illness and her employment and the onset date is within thirty (30) days of termination. Example two: Peter terminated covered service on July 1 and was paid his final compensation on July 15; on July 28 Peter is involved in an automobile accident while on vacation causing a disability. Peter does not meet the requirement for disability benefits because there is no nexus between the cause of the disability and work and he was not otherwise receiving salary or on leave.

(c) A member seeking or receiving disability retirement benefits may execute a waiver authorizing the Social Security Administration to annually release to the fund information regarding the member's eligibility to continue receiving Social Security disability insurance payments. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-9-3; filed Oct 5, 1992, 5:00 p.m.: 16 IR 712; readopted filed Dec 3, 2001, 11:02 a.m.: 25 IR 1731; adopted Mar 27, 2007: 20070404-IR-550070200ONA; adopted Apr 26, 2013: 20130508-IR-035130167ONA; adopted Sep 11, 2015: 20150923-IR-035150302ONA; adopted Sep 14, 2018: 20180919-IR-035180399ONA)* *NOTE: Transferred from the Board of Trustees of the Indiana State Teachers' Retirement Fund (550 IAC 2-9-2) to the Board of Trustees of the Indiana Public Retirement System (35 IAC 14-9-3) by P.L.23-2011, SECTION 22, effective July 1, 2011.*

Sec. 4. (a) A member with five (5) or more years of creditable service who cannot qualify for Social Security disability benefits because of working insufficient quarters to qualify, may receive disability retirement benefits from the fund if a board appointed physician familiar with Social Security disability guidelines establishes the existence of a comparable disability and the board approves the disability retirement.

(b) The board shall order reexaminations in such cases on a regular basis and review the results in order to ensure that the disabling condition is ongoing. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-9-4; filed Oct 5, 1992, 5:00 p.m.: 16 IR 713; readopted filed Dec 3, 2001, 11:02 a.m.: 25 IR 1731; adopted Nov 19, 2008: 20081126-IR-550080887ONA) NOTE: Transferred from the Board of Trustees of the Indiana State Teachers' Retirement Fund (550 IAC 2-9-3) to the Board of Trustees of the Indiana Public Retirement System (35 IAC 14-9-4) by P.L.23-2011, SECTION 22, effective July 1, 2011.*

Sec. 5. (a) A member who is eligible for early retirement and who has filed with the board a copy of an application for Social Security disability benefits may apply for early retirement and retain the right to disability retirement benefits. When the Social Security Administration finds that the member is disabled and the onset date was on or before the last day of creditable service stated on the application, early retirement benefits will cease and disability retirement benefits will commence.

(b) Retroactive benefits, less any payments already made, must be calculated and paid from the month following the onset date of the disability. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-9-5; filed Oct 5, 1992, 5:00 p.m.: 16 IR 713; readopted filed Dec 3, 2001, 11:02 a.m.: 25 IR 1731; adopted Nov 19, 2008: 20081126-IR-550080887ONA) NOTE: Transferred from the Board of Trustees of the Indiana State Teachers' Retirement Fund (550 IAC 2-9-4) to the Board of Trustees of the Indiana Public Retirement System (35 IAC 14-9-5) by P.L.23-2011, SECTION 22, effective July 1, 2011.*

Authority: IC 5-10.5-4-2

Affected: IC 5-10.2-4-4

Sec. 6. (a) Except as provided in subsection (b), a member who becomes disabled and has sufficient credit for disability benefits is entitled to disability benefits only after the member has received a disability onset date as determined by the Social Security Administration and has applied for disability benefits with INPRS. Benefits shall commence the first of a month after the onset date of the disability.

(b) The benefit is the retirement benefit specified IC 5-10.2-4-4 with the disability benefit computed using only the years of creditable service worked to the date of disability and without reduction for early retirement.

(c) Members with five (5) years of creditable service, whose onset of disability is determined by the Social Security Administration to be prior to the member's five (5) years service anniversary, the benefit calculation will only include the creditable service earned prior to the onset of disability. For example, a member has four (4) years of active creditable service, becomes ill, applies for Social Security disability benefits, but continues in active service for one (1) more year. The member receives a disability onset date from the Social Security Administration that relates back to the member's fourth year service anniversary. The member is eligible for a disability benefit because the member earned five (5) years of service, but only (4) years of service is used in the benefit calculation. However, the member's disability for retirement benefits will be paid back to the month following the onset of disability as determined by the Social Security Administration.

(d) A member who is receiving a disability retirement shall be automatically converted to regular retirement benefits upon reaching age and service eligibility. Unless otherwise prohibited by law, service credit earned or awarded during the period of time the member was receiving TRF disability benefits will be used in the calculation of the retirement benefit. *(Board of Trustees of the Indiana Public Retirement System; 35 IAC 14-9-6; filed Oct 5, 1992, 5:00 p.m.: 16 IR 713; readopted filed Dec 3, 2001, 11:02 a.m.:*
