**ADMINISTRATIVE RULE  
FISCAL IMPACT STATEMENT**

**PROPOSED RULE:** 98-2

**DATE PREPARED:** Jan 28, 98

**STATE AGENCY:** Department of Environmental Management **DATE RECEIVED:** Jan 12, 98

**FISCAL ANALYST:** Kristin Breen

**PHONE NUMBER:** 232-9567

**Digest of Proposed Rule:** This proposed rule amends 329 IAC 3.1-8-2 and adds 329 IAC 3.1-8-4. It requires hazardous waste transfer facilities that mix, combine, commingle, bulk, repackage (except in response to leaking containers), pump hazardous waste from one vehicle to another, transfer hazardous waste (including containerized hazardous waste) from one vehicle to another, or open hazardous waste for purposes other than for sampling, to notify the Indiana Department of Environmental Management (IDEM) of their existence. The purpose of this proposed rule is to locate and identify hazardous waste transfer facilities that conduct hazardous waste activities.

**Governmental Entities:**

State: There is no state fiscal impact and there are no unfunded mandates placed upon any state agency by this proposed rule.

Local: There is no local fiscal impact and there are no unfunded mandates placed upon any political subdivision by this proposed rule.

**Regulated Entities:** This proposed rule impacts hazardous waste transfer facilities. It requires the facilities to provide written notice of their existence to IDEM. It is estimated that this proposed rule will have a minimal impact on regulated entities. The only cost involved is the cost of mailing the written notification to IDEM.
