Dear Counselor:

The "Acts of Interest" report was compiled to offer an overview of significant legislation considered by the Second Regular Session of the 115th Indiana General Assembly. Our Caucus Services Staff prepares this summary following the adjournment of each session to provide information about legislation enacted pertaining to criminal law, economic development, education, health and property tax reform to name a few.

I hope you find our report informative.

If you have questions or would like a copy of any of the bills considered this year, contact my office at 317-232-9427 or 800-382-9467 ext. 2-9427. Additionally, all bill information is available on-line at www.in.gov/legislative.

Sincerely,

A handwritten signature in black ink, appearing to read "Jean Breaux".

AGRICULTURE

SEA 190 RECODIFIED TITLE 15

Author(s): FORD, LANDSKE, ARNOLD, BRODEN

Sponsor(s): GIAQUINTA, FOLEY

Citations Affected: Numerous Provision throughout the Indiana Code

SEA 190 recodified Title 15 of the Indiana Code governing agriculture and animals. This Act was prepared by the Code Revision Commission, which carries out the duty of annually recodifying a title of Indiana Code. (3rd reading, RC# 131; 47-0)

SEA 189 VARIOUS ISSUES CONCERNING AGRICULTURE/ANIMALS

Author(s): FORD, LANDSKE, ARNOLD

Sponsor(s): GIAQUINTA, FOLEY

Citations Affected: IC 15-1; IC 15-2.1; IC 15-7-1-23

SEA 189 was also prepared by the Code Revision Commission as a trailer bill for the Title 15 recodification. The draft represented a compilation of items the Commission had asked be put into a separate companion bill, and contains the following provisions:

- ◆ Removing the restriction that only counties that contain more than \$20,000,000 in property tax value may make an allowance to an interstate fair corporation, because all counties far exceed the amount necessary for the threshold;
- ◆ Requiring that the petition for an allowance for a tax levy to support county 4-H clubs be published in a newspaper in the county; current law requires that the petition be printed in a newspaper that is published and printed in the county;
- ◆ Prohibiting tampering or altering with an identification mark on goats and cervids that have reacted positively to a tuberculin test; current law only applied to cattle;
- ◆ Removing a conflicting provision that prohibits the State Board of Animal Health from adopting rules to exempt certain testing requirements from animals that present little risk of spreading disease;
- ◆ Requiring that certain persons who are not the owner of an animal but has reason to suspect that the animal has a dangerous, contagious, or infectious disease to make a report to the state veterinarian or local health officer within 48 hours;
- ◆ Providing that the stockholders or members of an agricultural cooperative created before February 23, 1925, by majority vote, may elect to be governed by certain agricultural cooperative laws by limiting its stockholders or membership; current law provides for a vote limiting only membership. (Concurrence, RC# 305: 46-0)

SEA 314 DEPARTMENT OF AGRICULTURE MATTERS

Author(s): FORD, NUGENT

Sponsor(s): PFLUM, GUTWEIN

Citations Affected: IC 4-4; IC 4-12; IC 5-14; IC 5-28; IC 10-19; IC 14-8; IC 14-22; IC 14-24; IC 14-25; IC 14-32; IC 15-15; IC 15-4; IC 15-6; IC 15-7; IC 15-9; IC 21-46; IC 26-3; IC 34-30

SEA 314 contains numerous provisions pertaining to the Department of Agriculture, and added the contents of SB 123. The Act does the following:

- ◆ Changes the name of the “Department of Agriculture” to the “Indiana State Department of Agriculture”;
- ◆ Adds specific economic development efforts to be administered by the ISDA;
- ◆ Requires the ISDA to assist agricultural businesses in obtaining and preparing permits and serving as a liaison between the business and state and local government;
- ◆ Provides for the confidentiality of financial and application information obtained by the ISDA that relates to economic development or promotion of agriculture and certain voluntary certification programs;
- ◆ Establishes duties for the director of the ISDA concerning agricultural promotion, research, and international agricultural trade and diversified farming;
- ◆ Makes changes to the commercial fertilizer law, including changing the definition of "blending" for fertilizers and adding a definition of "ammonium nitrate", and creates a Class A misdemeanor to knowingly or intentionally violate the commercial fertilizer law;
- ◆ Changes the membership of the fertilizer advisory board;
- ◆ Amends certain definitions and removes provisions concerning pesticide laws;
- ◆ Requires pesticide product applicants to comply with the pesticide product laws;
- ◆ Allows the state chemist to deny a pesticide product registration and amends a pesticide product applicant's and registrant's right to a review of a state chemist's action;
- ◆ Changes the membership of the Pesticide Review Board and allows the members to continue to serve until a successor is appointed and qualified;
- ◆ Provides that the Board's travel reimbursement must meet Purdue University's travel policies;
- ◆ Allows the state chemist to have access to production records of pesticide products;
- ◆ Provides that the state chemist may refer violations to the prosecuting attorney. (Current law requires referral.);
- ◆ Amends the definition of "property" under pesticide use and application laws to include vehicles;
- ◆ Includes diagnostic inspections and determining infestations of wood destroying pests as qualifications to obtain a pesticide business license;

- ◆ Adds technician registrations to the licenses that are invalid if the business does not maintain financial responsibility;
- ◆ Prohibits: (1) verbal misrepresentations concerning the effect of pesticides; (2) using known ineffective amounts of pesticides; (3) refusing to supply the state chemist information during an investigation or inspection; (4) intentionally altering a license; (5) failing to provide proof of financial responsibility; and (6) impeding duties of the state chemist;
- ◆ Allows the state chemist to specify the time period certain pesticide records must be kept;
- ◆ Removes the 60 day time limit to file a claim from a pesticide accident and the seven day notification of licensees after an accident claim is filed;
- ◆ Increases the battery penalty to a Class A misdemeanor if committed against the state chemist or the chemist's agent while performing their duties;
- ◆ Repeals provisions concerning: (1) operation of livestock export inspection facilities; (2) livestock inspection fees; (3) livestock export facilities; (4) the livestock export facility administration fund; (5) the center for value added research; and (6) adoption of federal fruit grades, domestic grading of certain fruits, inspections, and penalties;
- ◆ Makes conforming and technical changes.

The Act also authorizes the State Board of Animal Health to provide voluntary grading and certification relating to meat and meat products (**SB 123**). Currently, the BOAH's meat inspection program targets sanitation; producers must pay a federal inspector from Chicago to grade or certify meat. The Act creates a Class D felony for a person who knowingly or intentionally forges a grade or certification. (CCR #1, RC# 345: 47-0)

SEA 316 INDIANA VETERINARY PRACTICE ACT

Author(s): DILLON, LAWSON, R. YOUNG

Sponsor(s): GRUBB, FRIEND, CHERRY

Citations Affected: IC 5-14-1.5-6.1; IC 15-2.1-2-40; IC 16-20; IC 23-1.5-1-14; IC 25-1; IC 25-26-21-5; IC 25-38.1; IC 34-30-2; IC 35-46-3-5

SEA 316 makes various amendments and updates to the Indiana Veterinary Practice Act and places it in Title 25 (occupations and professions) rather than Title 15 (agriculture and animals). (*For more information on this Act, please refer to the section on Criminal and Civil Law.*)

CONSUMER PROTECTION

SEA 26 SMOKE DETECTORS IN RENTAL PROPERTIES

Author(s): JACKMAN, STEELE, TALLIAN

Sponsor(s): L. LAWSON, KNOLLMAN

Citations Affected: IC 22-11-18; IC 32-31; IC 36-8-17-8

SEA 26 makes it a Class B infraction if a landlord fails to properly install a smoke detector at the time a tenant moves in or repair an inoperative hard wired smoke detector within seven days of receiving notice of the need for repair. *(For more information on this Act, please refer to the section on Criminal and Civil Law.)*

HEA 1016 UNCLAIMED MONEY

Author(s): VANDENBURGH, KOCH, RICHARDSON

Sponsor(s): TALLIAN, LANDSKE

Citations Affected: IC 32-34-3-3

HEA 1016 requires the State Treasurer to return unclaimed money directly to the claimant. Currently, the Treasurer sends payment by check to a court clerk, who then sends the payment to the individual. This change will remove a step in the return process and reduce the wait time for individuals who have requested unclaimed money held by the state. (3rd Rdg., RC #234, 46-0)

HEA 1061 APPLICATION OF LANDLORD/TENANT STATUTE

Author(s): DAY, FOLEY

Sponsor(s): BRAY, LANANE

Citations Affected: IC 323-31

HEA 1061 expands existing landlord-tenant laws to cover special arrangements known as "contract sales" or rent-to-own agreements. Committee testimony indicated that families can be at risk in rent-to-own agreements when the property owner fails to maintain the safety and health standards in the home during the rental period. This Act would provide protections under landlord-tenant laws from landlord neglect in rental homes regardless of an intent to purchase the home. (3rd Rdg., RC #255, 47-0)

HEA 1026 FUNERAL CEMETERIES

Author(s): ULMER, FRY, NOE, RIPLEY

Sponsor(s): STEELE, PAUL

Citations Affected: IC 9-13-2-110; IC 9-19-1-5.5; IC 9-21-0.5; IC 9-25-4-7; IC 9-26-2; IC 9-30-3

HEA 1026 will punish cemetery and funeral home owners for the misuse of burial and funeral trusts. The new law will protect funds prepaid for a funeral or burial. The Act specifies maximum sentencing and fines for those found guilty of such offenses. (3rd Rdg., RC #200, 46-0)

HEA 1197 DATA BREACH

Author(s): PIERCE, DERMODY

Sponsor(s): HERSHMAN, BRODEN
Citations Affected: IC 4-6-9-7.5; IC 24-4.9

HEA 1197 authorizes the Attorney General to initiate a program to educate consumers of risks posed by a security breach. For purposes of the law requiring the disclosure of a breach of the security of a system, the Act provides that the unauthorized acquisition of a portable electronic device on which personal information is stored does not constitute a breach of the security of a system if the contents of the portable electronic device are encrypted and if the encryption key is not compromised. (3rd Rdg., RC #237, 46-0)

HEA 1359 MORTGAGE LENDING

Author(s): BARDON, BURTON
Sponsor(s): PAUL, SIMPSON
Citations Affected: IC 4-22-2-37.1; IC 24-4.5; IC 24-7; IC 28-1; IC 28-2; IC 28-5-1; IC 28-6.2; IC 28-7; IC 28-8; IC 28-10-1-1; IC 28-11; IC 28-13; IC 28-8-4-22; IC 28-8-4-23; IC 28-8-4-26

HEA 1359 is aimed at reducing home foreclosures in Indiana. Under the Act, the state Attorney General's Homeowner Protection Unit is required to establish a toll free number to receive inquiries about suspected fraudulent residential real estate transactions. (*For more information on this Act, please refer to the section on Criminal and Civil Law.*)

SEA 490 -'07 VETO SUSTAINED (bill does not become law)
REGISTRATION FOR INTERIOR DESIGNERS
Author(s): KRUSE, MISHLER, TALLIAN
Sponsor(s): MICON, HINKLE, RESKE
Citations Affected: IC 23-1.5; IC 25-1; IC 24-4; IC 25-4.5

SEA 490 would have changed the Board of Registration for Architects and Landscape Architects to the Board of Registration for Architects, Landscape Architects and Interior Designers and added an interior designer to the board. It also would have updated language concerning the board's operation and specified the board's powers, as well as required the board to register interior designers. It would have established the requirements for registration and fees and required the board to deposit the fees into the Registered Architects, Registered Land Surveyors and Registered Interior Designers Investigative Fund. It provided that a person who recklessly, knowingly, or intentionally uses the title "registered interior designer" or any title designation sign, card, or device indicating the person is a registered interior designer if the person does not hold a certificate of registration or is ineligible for continued registration because there is a civil judgment entered against the person for certain breaches of the standard of care in the practice of interior design commits Class B misdemeanor. (RC# 311; 15-31)

In his '07 veto message Governor Daniels wrote, "Government has a legitimate role to play in the regulation of certain business occupations and professions. To protect public

health and safety, for example, it makes sense for the state to require individuals seeking to practice certain occupations to be certified or licensed, in order to ensure that they meet minimum qualifications or skill levels. However, government must be careful to exercise such powers in a restrained and limited way, in order to avoid limiting competition in occupations where no significant public health or safety concerns are involved. Licensing, certification and registration standards necessarily restrict entry to and participation in the occupation or profession being regulated, so the burden of proof must fall on those who seek to create or extend such barriers to entry.”

Criminal Law

SEA 27 COOLING OFF PERIOD FOR DOMESTIC VIOLENCE

Author(s): ARNOLD, STEELE, BRODEN, ERRINGTON

Sponsor(s): L. LAWSON, VANDENBURGH

Citations(s): IC 35-33

SEA 27 requires a facility having custody of a person arrested for a crime of domestic violence to keep the person in custody for at least eight hours from the time of the arrest, and prohibits a person arrested for a crime of domestic violence from being released on bail during the eight hour period. Concurrence, RC#291, 41-0)

SEA 10 INMATE FRAUD

Author(s): STEELE

Sponsor(s): L. LAWSON, FOLEY

Citations Affected: IC 11-8-5-2; IC 11-11-2; IC 35-43-5-20

SEA 10 permits the Department of Correction to freeze all or a portion of an inmate's account while investigating whether the inmate has committed inmate fraud or while a criminal case involving inmate fraud is pending against the inmate. The Act requires the Department to return money in the inmate's account to the rightful owner if the inmate is convicted, and specifies that the money will be deposited in the violent crime victims compensation fund if the rightful owner cannot be located. The Act further provides that inmate fraud, a Class C felony, is committed by an inmate who, with the intent of obtaining money or other property from a person who is not an inmate, knowingly or intentionally: (1) makes a misrepresentation to a person who is not an inmate and obtains or attempts to obtain money or other property from the person who is not an inmate; or (2) obtains or attempts to obtain money or other property from the person who is not an inmate through a misrepresentation made by another person. The Act authorizes the Department of Correction to disclose certain information to a person who is or may be the victim of inmate fraud. The introduced version of this Act was prepared by the Corrections, Criminal and Civil Matters Committee. (Concurrence, RC # 316, 44-0)

SEA 227 DOMESTIC VIOLENCE ISSUES & INVASION OF PRIVACY

Author(s): BECKER, DELPH

Sponsor(s): L. LAWSON, VANDENBURGH

Citations Affected: IC 4-23-25; IC 5-2-6-23; IC 33-37-7-2

SEA 227 renames the "sexual assault standards and certification board" as the "sexual assault victims advocate standards and certification board" (board). Control and related accounts of the board have been moved to the Criminal Justice Institute from the Department of Workforce Development. The Act defines "victim advocate" and limits their role. Specifically, victim advocates and victim services providers may not give testimony, produce records, or disclose certain confidential communications and confidential information without the victim's consent. Further, a victim may not be forced to consent to the disclosure of confidential information in order to receive services. A victim must be notified if confidential information is disclosed.

The Act makes certain information obtained as part of an application for certain gaming licenses confidential. The Act allows a court: (1) to prohibit a defendant who has not been released from lawful detention from contacting a particular individual; and (2) to require, as a part of a person's executed sentence, that the person refrain from contact with a particular individual. Additionally, the Act makes it a Class A misdemeanor to contact a particular individual in violation of: (1) a prohibition imposed on a defendant while in lawful detention; or (2) a requirement imposed as a condition of an executed sentence. The Act repeals provisions being superseded by this bill. (Conference Committee Report adopted, RC#334, 45-0)

**SEA 258 DISCHARGE OF LONG TERM INMATES –
ELECTRONIC COPIES – SENTENCING INFO;
INTERNET ACCESS**

Author(s): WATERMAN, SIMPSON

Sponsor(s): V. SMITH, BORDERS

Citations Affected: IC 11-13-9

SEA 258 requires the Department of Correction (Department) to provide for an automatic, one time review of the sentence of a long time inmate who has not been convicted of a violent offense to determine whether the inmate has been rehabilitated and has suitable plans that would warrant discharge from custody. Requires an inmate released by the Department to be placed on parole. Allows a court to: (1) send copies of certain reports relating to the conviction of an individual to the Department; and (2) certify copies of judgments of conviction and sentences to receiving authorities; through any electronic means approved by the Department. Requires the Department to allow an inmate to have Internet access to web sites that contain employment information in the 90 day period before an inmate is discharged, released on parole, or assigned to a community transition program, and requires the Department to train an employee to

provide employment counseling and to supervise the inmate's use of the Internet. The Act additionally:

- Requires sex or violent offenders when registering to include electronic mail address, instant messaging username, electronic chat room username, social networking web site username and that any changes in such information must be reported to the registry.
- Requires a sex or violent offender that registers having an electronic mail address, instant messaging username, electronic chat room username, social networking web site username, to sign a consent form authorizing the: search of the offender's personal computer or device with Internet capability, at any time; and installation at offender's expense, of hardware or software to monitor the sex or violent offender's Internet usage. Specifically, sex offenders are prohibited from accessing web sites, chat rooms, or instant messaging programs frequented by children; and from deleting, erasing, or tampering with information on the offender's computer to conceal prohibited use.
- Modifies the registration period for sex or violent offenders such that "the registration period is tolled during any period that the sex or violent offender is incarcerated." The registration period does not restart if the offender is convicted of a subsequent offense; however, if the subsequent offense is a sex or violent offense, a new registration period may be imposed.
- Expands seizable items, in narcotics related matters to include: computer equipment and cellular telephones that were used for or intended for use in preparing, photographing, recording, videotaping, digitizing, printing, copying, or disseminating narcotics.
- Provides that in sentencing for a criminal offense, a judge may consider whether the victim was a person with disabilities and the defendant knew or should have known that the victim was a person with a disability.
- Adds a section to Indiana Code section 35-42-4, making it either an A misdemeanor or a D felony for a registered sex offender to access social networking website, instant messaging or chat room program, that the defendant knows allows a person who is less than eighteen years of age.
- Adds a section to 35-42-4 making it a Class B misdemeanor for a person 21 years of age or older to talk with a child, he believes to be less than fourteen years of age concerning sexual activity with the intent to gratify sexual desires.
(Conference Committee adopted, RC# 366, 46-0)

SEA 139 VIOLATES PROBATION OR HOME DETENTION

Author(s): BRAY, FOLEY

Sponsor(s): L. LAWSON

Citations Affected: IC 35-38-2-3

SEA 139 specifies that a court may impose one or more sanctions on a probationer who violates the conditions of probation or home detention during the probationary period. The Act provides that an offender who is placed on home detention and who resides in a

county adjacent to the county in which the sentencing court is located may be supervised by a community corrections program or probation department located in the county in which the sentencing court is located. The Act specifies that a probation department or community corrections program that supervises an offender on home detention is responsible for the expenses of the supervision. (Concurrence, RC # 299, 43-0)

SEA 343 THEFT OF COPPER AND VALUABLE METALS

Author(s): TALLIAN, STEELE

Sponsor(s): DAY, L. LAWSON

Citations Affected: IC 5-2-6

SEA 343 requires the sentencing policy study committee to study issues related to the theft of copper, including the effectiveness of recent statutory changes and the need to educate valuable metal dealers about new requirements for purchasing copper and other valuable metals. (Concurrence, RC #298, 43-0)

SEA 117 PAROLE ISSUES

Author(s): CHARBONNEAU, ARNOLD

Sponsor(s): L. LAWSON, FOLEY

Citations Affected: IC 11-13-3

SEA 117 provides that a parolee may be responsible for the reasonable expenses of participating in a program required as a condition of parole, and removes a requirement that parole discharge papers be forwarded to the sentencing court. (The introduced version of this bill was prepared by the Sentencing Policy Study Committee.) (3rd Rdg., RC # 60, 47-0).

SEA 281 CONVICTIONS AND ELECTIONS

Author(s): MRVAN, BRAY

Sponsor(s): L. LAWSON, FOLEY

Citations Affected: IC 3-1-8-5; IC 5-8-1; IC 36-4-5-9

SEA 281 reconciles certain inconsistent provisions in current law regarding: (1) the definition of "felony"; and (2) when a certified copy of the sentencing order issued in connection with the removal of a public officer must be filed. The Act specifically defines a felony as a crime that may warrant more than one year incarcerated, and established that alternative misdemeanor sentencing will not affect the disqualification from elected office due to a felony conviction under section C of the statute. (3rd Rdg., RC # 153, 48-0)

SEA 305 CONTROLLED SUBSTANCES

Author(s): STEELE, DELPH

Sponsor(s): TYLER, KOCH
Citations Affected: IC 35-48-2

SEA 305 adds certain controlled substances to the list of Schedule I, Schedule II, Schedule III, Schedule IV, and Schedule V controlled substances. The Act corrects the spelling of certain other controlled substances. (3rd Rdg., RC#157, 48-0)

SEA 207 PUBLIC RECORDS AND CRIMINAL OFFENDERS

Author(s): WALKER, WYSS, KRUSE
Sponsor(s): L. LAWSON
Citations Affected: IC 5-14.3

SEA 207 provides that a public agency may deny public records requests made by a person incarcerated in a correctional facility if the requested public records: (1) contain personal information concerning a correctional officer, crime victim, or family member of a correctional officer or crime victim; or (2) relate to the security of a jail or correctional facility. (The introduced version of this bill was prepared by the Sentencing Policy Study Committee.) (3rd Rdg., RC # 75, 48-0)

**HEA 1052 MOTORIST DUTIES AT ACCIDENT SCENES
AND OPERATING WHILE INTOXICATED OFFENSES**

Author(s): NEESE, HOY
Sponsor(s): RIEGSECKER, LANANE
Citations Affected: IC 9-26-1

HEA 1052 Motorist duties at accident scenes and operating while intoxicated offenses. (Please see the Transportation Section for information on this Act)

HEA 1074 DISARMING A LAW ENFORCEMENT OFFICER

Author(s): SOLIDAY, L. LAWSON
Sponsor(s): CHARBONNEAU, ARNOLD
Citations Affected: IC 35-44-3-3.5; IC 35-50-2-2

HEA 1074 makes it a Class C felony if a person knows that another person is a law enforcement officer or other officer required to carry a firearm and the person knowingly or intentionally takes or attempts to take a firearm or weapon from the officer or from the immediate proximity of the officer without the consent of the officer and while the officer is engaged in the performance of his or her official duties. This offense becomes a Class B felony if the officer is injured and a Class A felony if the officer dies or if the officer is injured and a firearm was taken. The Act allows a court to suspend only that part of a sentence that is in excess of the minimum sentence imposed on a person convicted of disarming a law enforcement officer. (3rd Rdg., RC#257, 47-0)

HEA 1113 BIRTH CERTIFICATE FRAUD

Author(s): DEMBOWSKI, KOCH, NOE, ULMER

Sponsor(s): BRAY

Citations Affected: IC 16-37-1-12

HEA 1113 increases the penalty for Birth Certificate Fraud from a Class A misdemeanor to a Class D felony. (3rd Rdg., RC#259, 47-0)

HEA 1122 JUVENILE OFFENDERS AND DETENTION FACILITIES

Author(s): RESKE, AUSTIN

Sponsor(s): BRAY, LANANE

Citations Affected: IC 31-30; IC 31-37-4-4

HEA 1122 modifies the jurisdiction of juvenile law as it relates to a child who: (1) is alleged to have committed a crime that would be a felony if committed by an adult; and (2) has previously been waived to a court having felony jurisdiction (Under current law, the juvenile law does not apply to felonies and misdemeanors committed under these circumstances.), violation of certain traffic offenses, and alleged violations by a child of carrying a handgun without a license or dangerous possession of a firearm as a felony. The Act provides that a juvenile court may waive jurisdiction if a child is charged with certain acts that are felonies (rather than felonies and misdemeanors). Additionally, the Act provides that any facility that is used or has been used to house or hold juveniles shall give the Indiana Criminal Justice Institute access to inspect and monitor the facility. (3rd Rdg., RC# 212, 46-0)

HEA 1271 INMATE CREDIT TIME

Author(s): STEMLER, BOSMA

Sponsor(s): SIPES, STEELE

Citations Affected: IC 35-50-6-3.3

HEA 1271 limits an offender from earning credit time for a high school diploma if the offender has previously obtained a general educational development (GED) diploma. The Act prohibits an offender from earning credit time for a GED diploma if the offender has previously obtained a high school diploma. The Act creates Department of Correction credit Class IV for felons convicted of certain serious child molesting offenses and certain murders involving sex offenses. The Act specifies that persons in credit Class IV earn one day of credit for each six days of incarceration. The Act provides that persons in credit Class IV may be placed in a credit class where they earn no credit, but may not be placed in a credit class where they earn more credit. (3rd Rdg., RC# 277, 47-0)

HEA 1276 BAIL

Author(s): PFLUM, KOCH

Sponsor(s): PAUL, SIMPSON

Citations Affected: IC 35-33-8-3.5

HEA 1276 prohibits a trial court from setting bail when the arrestee is a: (1) sexually violent predator defendant; (2) person charged with child molesting; and (3) person charged with child solicitation; until the court has held a hearing in open court, and requires a court releasing one of these persons on bail to consider whether certain statutory factors warrant exceeding applicable court or county bail guidelines. SEA 307 permits the disclosure of social security numbers for purposes of administration of the Uniform Commercial Code by the Secretary of State. The Act codifies a memorandum of understanding between the Secretary of State and the Bureau of Motor Vehicles (BMV) to transfer responsibilities under: (1) IC 9-18-26 (dealer license plates); (2) IC 9-22-4 (licensing of vehicle salvaging); and (3) IC 9-31-4 (boat dealer licenses); from the BMV to the Secretary of State. The Act amends the review procedures for a person denied a license to engage in: (1) vehicle salvaging; (2) the business of buying or selling motor vehicles; or (3) the business of selling boats. The Act establishes the dealer compliance account and deposits certain license and permit fees collected by the

Secretary of State in the account. Additionally, the Act appropriates money in the account to the Secretary of State for the purposes of the account. Also, the Act provides that the Secretary of State (rather than the BMV) retains fees for: (1) boat dealers licenses; and (2) changes of business names or locations for boat dealers. Further, the Act provides that a boat dealer license is valid for one year (Current law provides that the license is valid for two years.) and; eliminates the filing fee for designation or change of resident agent. Finally, the Act reduces fees for electronic filings with the secretary of state and makes conforming amendments. (Concurrence, RC# 295, 43-0)

HB 1219 excludes from remuneration of services, for the purpose of determining income that is deductible from unemployment insurance benefits, compensation made by a valid negotiated contract or agreement in connection with a layoff or plant closure, without regard to how the compensation is characterized by the contract or agreement. Also, excluded by the Act from deductible income is any supplemental unemployment insurance benefit made under a valid negotiated contract or agreement. The Act includes in deductible income, for the purpose of determining an individual's unemployment insurance benefits, for a week in which a payment is actually received by an individual, payments made by an employer to an individual who accepts an offer from the employer in connection with a layoff or a plant closure. The Act includes in deductible income a portion of certain payments made by an employer to an individual in connection with a layoff or a plant closure, if the portion is attributable to a week and the week: (1) occurs after an individual receives the payment; and (2) was used under the terms of a written agreement to compute the payment. The Act specifies that a person, excluding a person who elects to retire in connection with a layoff or plant closure and receive pension, retirement, or annuity payments, who: (1) accepts an offer of payment or other compensation offered by an employer to avert or lessen the effect of a layoff or plant closure; and (2) otherwise meets the eligibility requirements; is entitled to receive unemployment insurance benefits in the same amounts, under the same terms, and subject to the same conditions as any other unemployed person. The Act authorizes payment to certain state educational institutions for specific training programs from the special employment and training services fund. The Act allows the Department of Workforce Development to operate a data match system with financial institutions doing business in Indiana for use only in the collection of unpaid final assessments of employer contributions for the state's unemployment insurance system. HEA 1359 requires Attorney General's Homeowner Protection Unit (Unit) to: (1) establish a new toll free telephone number; or (2) designate an existing toll free telephone number; to receive calls from persons having information about suspected fraudulent residential real estate transactions. Unless otherwise prohibited by law, requires the Unit to share information reported by callers with appropriate law enforcement and regulatory agencies not later than 15 business days after the Unit determines the appropriate entity to which the information should be referred. The Act allows the Indiana Housing and

Community Development Authority (Authority) to make or participate in the making of: (1) construction loans; and (2) mortgage loans; for multiple family residential housing under terms approved by the authority. Should the Authority make a mortgage loan it must ensure that a mortgage loan: (1) acquired by the Authority; or (2) made by a mortgage lender with funds provided by the authority; may not knowingly be made to a person whose adjusted family income exceeds 125% of the median income for the geographic area involved. For purposes of allocating federal low income housing credits, provides that a "qualified building" is a building that is used or will be used to provide residential housing for special needs populations. (Current law provides that a "qualified building" is a building that is used or will be used to provide residential housing for persons with disabilities.) The Act provides that the issuance of bonds by the Authority is subject to the approval of the public finance director. (Current law provides that the authority's bonding authority is subject to governor's approval.)

The Act repeals provisions concerning job and contract awarding preferences for the Authority's program for making or participating in the making of mortgage loans for multiple family residential housing. Also repealed by the Act are provisions concerning the articles of incorporation of sponsors, builders, or developers of multiple family residential housing. The Act eliminates the exemption from the loan broker statute for: (1) persons authorized to make loans on behalf of, or insured by, certain federal agencies; and (2) licensed real estate brokers and salespersons who render loan related services in a real estate transaction. It specifies that evidence of compliance with the licensing and registration requirements for loan brokers, originators, and principal managers may include a national criminal history background check by the Federal Bureau of Investigation (FBI). The Act further specifies that the Securities Commissioner (Commissioner) shall require each: (1) equitable owner of a loan brokerage business; and (2) applicant for registration as an originator or a principal manager; to submit fingerprints for a national criminal history background check by the FBI. The Commissioner is prohibited by the Act from releasing the results of a national criminal history background check to a private entity. The Act removes a provision in existing law allowing the Commissioner to check the qualifications and background of each: (1) equitable owner of a loan brokerage business; and (2) applicant for registration as an originator or a principal manager; by accessing a multistate automated licensing system for mortgage brokers and originators. The Commissioner is allowed by the Act to designate a multistate automated licensing system and repository as the sole entity responsible for processing applications for: (1) licenses for loan brokers; and (2) certificates of registration for originators and principal managers.

The Act specifies that a loan broker is subject to the state statute requiring disclosure of a breach of the security of specific records. The Act prohibits loan brokers, originators, and principal managers from disposing of unencrypted, unredacted personal information with respect to borrowers or prospective borrowers without first taking certain actions to render the personal information illegible or unusable.

The Act provides that: (1) first lien mortgage transactions are subject to regulation by; and (2) creditors making first lien mortgage transactions must be licensed by; the

department of financial institutions. The Act requires a creditor, a mortgage servicer, or an agent of a creditor to acknowledge a written offer made in connection with a proposed short sale of property that is subject to a mortgage transaction that is at least 60 days delinquent. And, the acknowledgment must be provided not later than 10 business days after the date of the offer. Further the creditor, servicer, or agent to accept or reject the short sale offer not later than 30 business days after receipt of the offer.

The Act requires the real estate appraiser licensure and certification board to require each initial applicant for licensure or certification as a real estate appraiser to submit fingerprints for a national criminal history background check by the FBI. The Board may not release the results of a national criminal history background check to a private entity. The Act requires the Department of Insurance to establish an electronic system for the collection and storage of the following information concerning residential mortgage transactions: (1) an identification of the property involved in the transaction; (2) The names and license, registration, or certificate numbers of certain professionals participating in or assisting with the transaction; (3) The date on which the closing agent received the closing instructions from the creditor; and (4) The date of the closing.

The Act provides that the system must allow closing agents to: (1) input the required information; and (2) submit the form electronically to a data base maintained by the department of insurance. Professionals involved in the transaction must submit their names and license, registration, or certificate numbers to the closing agent in the transaction not later than the time of the closing. Additionally, the Department of Insurance must make the data base accessible to: (1) the state agencies responsible for regulating the specified professionals; and (2) the homeowner protection unit in the attorney general's office. Department of Insurance is allowed to adopt rules to: (1) implement the system; and (2) establish an administrative fee to cover the Department's expenses in establishing and maintaining the system.

With respect to a debtor domiciled in Indiana, the Act provides money in a health savings account established under the Internal Revenue Code is exempt in a bankruptcy proceeding. Further, the Act requires various state agencies to form the mortgage lending and fraud prevention task force to coordinate the state's efforts to: (1) regulate the various participants involved in originating, issuing, and closing home loans; (2) enforce state laws and rules concerning mortgage lending practices and mortgage fraud; and (3) prevent fraudulent practices in the home loan industry. The Act directs the Indiana Housing and Community Development Authority to provide, not later than November 1, 2008, a report to the legislative council that includes the following: (1) an identification of new and existing funding sources that can be used to assist Indiana homeowners in refinancing their existing mortgage transactions, in order to prevent the foreclosure of the homes secured by the mortgages; (2) a plan for the rehabilitation of areas in Indiana that have been adversely or disproportionately affected by mortgage foreclosures.

The Act requires the Securities Commissioner and the director of the department of financial institutions to cooperate to determine the appropriate state agency or department to regulate a person subject to regulation, licensure, or registration under both: (1) the

loan broker statute; and (2) the provisions of this act providing that first lien mortgage transactions are subject to regulation by the department of financial institutions. (Conference Committee Report adopted, RC#363 47-0)

SEA 78 establishes procedures for obtaining access to a safe deposit box following the death of the individual leasing the safe deposit box. The Act extends to 12 months the period for which a parent of a minor or a guardian of a protected person can delegate by properly executing a power of attorney certain powers concerning the support, custody, or property of the minor or protected person. The Act removes the requirement that the parent or guardian be incapacitated or absent during the period in which the delegated powers are conferred upon the attorney in fact. The Act specifies the order in which beneficiary interests in a trust must be abated if the trust property is insufficient to fully satisfy the interests of all beneficiaries. The Act permits a power of attorney to be signed at the principal's direction. (Current law requires a power of attorney to be signed by the principal to be valid.) The Act provides that if a power of attorney is signed at the direction of the principal, the notary must state that the individual who signed the power of attorney did so at the principal's direction. Further the Act provides that if a parent was convicted of causing the death of the other parent by murder, voluntary manslaughter, or another criminal act, and the death does not result from the operation of a vehicle, the parent may not receive: (1) an intestate share of the child's estate; or (2) a refund of unused accident and sickness insurance premiums upon the death of the insured child, if the child paid the insurance premiums. SEA 316 has made several changes to the practice of Veterinary Medicine. The following terms were defined:

- Client
- Consultation
- Contract operator
- direct supervision
- indirect supervision
- registered veterinary technician
- supervisor
- veterinary assistant
- veterinarian-client relationship

The term “practice of veterinary medicine” has been amended and now includes the dispensing of medicines to treat animals, perform complementary or alternative therapy upon an animal; and certifying animal fitness.

The Act provides immunity for veterinarians and registered veterinary technicians who in good faith report a suspected incident of animal cruelty. Specifically, a person who: (1) practices as a veterinarian or registered veterinary technician without a license, permit, or registration; or (2) supplies false information on an application; commits a Class A misdemeanor. (The current penalty is a Class B misdemeanor.) Provides that other violations of the article are a Class A infraction. The Act establishes an impaired veterinary health care provider program. The Act establishes an impaired veterinary health care provider fund. It requires that part of an application fee be deposited into the fund. It requires the board to amend certain administrative rules. The Act makes technical and related changes, and makes an appropriation.

The Act removed the definition of “veterinary technician” and adds “registered veterinary technician” to the Board of Veterinary Medical Examiners. A veterinary technician must be registered. A veterinary technician may perform certain procedures under indirect supervision. A veterinary technician may be disciplined for intoxication.

The Act modifies the provisions governing who may practice veterinary medicine without a license.

The Act provides that persons convicted of an offense that would bear “on the person’s ability to practice ethically or would have violated certain standards of practice, may not

be licensed as a veterinarian. A veterinarian may supervise or delegate specified responsibilities. A veterinarian may only dispense or prescribe medicines in a veterinary-client relationship.

The Board of Veterinary Medical Examiners has the power to require continuing education as a condition of renewal of a license if the license has been expired for not more than five years.

A Veterinary Assistant is prohibited from diagnosing, prescribing, or perform surgery. (Concurrence, RC# 296, 39-4)

SEA 302 has made numerous changes in the areas of professional and health licensing. Pursuant to the Act, an advanced practice nurse licensed and granted the authority to prescribe legend drugs under IC 25-23 has been added to the definition of "practitioner" amending Indiana Code section 16-42-21-3. Also, the State Board of Massage Therapy has been added to the meaning of "board" in Indiana Code section 25-1-8-6.

The Act allows members of the State Boxing Commission to participate in meetings to consider final approval of a permit for a particular boxing or sparring match or exhibition, if a means of communication is used that allows all commission members and the public to simultaneously communicate with each other.

The Act changes the procedures for renewal of expired certificates and licenses, and provides that the professional licensing agency sets the times for license renewals for a number of professions set forth in Indiana Code section 25-1-8-6.

Further, the Act:

- changes the qualifications for licensing of out-of-state architects, accountants, and acupuncturists.
- changes the qualification criteria for approval to sit for the licensing examination for architects.
- Requires a law enforcement officer of another state to comply with the security guard agency licensing requirements in order to operate a security guard agency.

- Prohibits advanced practice nurses from entering into collaborative practice agreements with physician assistants; and provides that advanced practice nurses with prescriptive authority are subject to certain restrictions regarding drug samples.
- Establishes qualifications for a provisional license for physicians.
- Adds a definition of "dispense" to the law concerning controlled substances.
- Provides that a physician assistant who renders care in response to an emergency under the state emergency management law, is not required to comply with the law requiring supervision by a physician.

HEA 1172 codifies the uniform emergency volunteer health practitioners act to provide a procedure for recognizing other states' licenses for health practitioners who volunteer to provide assistance during an emergency requiring significant health care assistance.

The Act requires the Office of the Secretary of Family and Social Services to form a nonprofit corporation to establish and operate an umbilical cord blood bank. The nonprofit corporation then must establish an umbilical cord blood donation initiative to promote public awareness concerning the medical benefits of umbilical cord blood.

Beginning July 1, 2008, and until June 30, 2009, The Act requires a home health agency and a personal services agency to obtain an employee's limited criminal history not more than three business days after the date that an employee begins to provide services. Specifies the circumstances in which a nursing home is not required to provide cardiopulmonary resuscitation or other intervention on a patient who has died.

The Act makes certain changes to the law concerning defibrillators in health clubs. It removes physician referral requirements to receive acupuncture and specifies training and testing requirements. The Act amends roles of dental hygienist and dental assistants. The Act exempts licensed mental health counselors from the licensed hypnotist requirements. The Act establishes the interstate nurse licensure compact beginning July 1, 2009, which allows the State Board of Nursing to issue a registered nurse license to certain applicants. The Act requires specified examination and registration fees to be used for the rehabilitation of impaired registered nurses and impaired licensed practical nurses. The Act allows an optometrist to refer patients to an occupational therapist. The Act establishes licensing and continuing education requirements for marriage and family therapist associates, and requires emergency rules for the implementation of the

licensure. The Act requires the office of Medicaid policy and planning to receive approval to cover umbilical cord transplants under the Medicaid program. The Act requires the health finance commission to address domestic violence programs. The Act repeals a provision that abolishes and transfers the rights, powers, and duties of the State Board of Examination and Registration of Nurses. HB 1118 requires tobacco vending machines and establishments that sell tobacco to post a notice that: (1) states that smoking by pregnant women may result in fetal injury, premature birth, and low birth weight; and (2) provides a phone number for assistance to quit smoking. The Act establishes a two year study committee to study certain alcoholic beverage issues. The Act extends the implementation of the alcohol server training requirements to January 2010. The Act defines "grocery store" and requires alcoholic beverage sales in a drug store or grocery store to be rung up by a sales clerk who is at least 19 years of age.

The Act allows the Alcohol and Tobacco Commission (Commission) to renew or transfer ownership of a beer dealer's permit for a beer dealer who: (1) held a permit before July 1, 2008; and (2) has retail property that does not qualify for a permit as a grocery store. Accordingly, the Commission must: (1) conduct random unannounced inspections of locations where alcoholic beverages are sold or distributed; and (2) provide notice of a pending investigation at least 15 days before the investigation. (Current law requires 30 days.) Allows a person at least 18 years of age and less than 21 years of age

to receive or purchase alcoholic beverages as part of an enforcement action. The Act provides graduated civil penalties against a permittee for repeat violations of furnishing alcohol to a minor on the licensed premises and for the collected penalties to be deposited in the enforcement and administration fund. The Act imposes civil penalties for violations of tobacco laws concerning sales to minors and allowing minors to enter into certain tobacco retail establishments and are the same as penalties for selling alcohol to minors.

The Act requires a member of a local alcoholic beverage board (local board) to complete a training program to educate the member on alcoholic beverage law and the operation of the local board and the commission. And, should a local board member not complete the training within six months of appointment, the member shall be removed.

The Act requires the Commission to give notice: (1) by mail to the local board if an objection has been filed and of the date of any appeal hearing set by the Commission; and (2) by publication of the date of any appeal hearing set by the Commission.

The Act places varying restrictions and allowance on small brewery, large brewery, and beer wholesalers in their ability to sell and deliver beer to a consumer and employees of liquor wholesaler. The Act permits liquor retailers and liquor dealers to provide six ounce samples of flavored malt beverages and hard cider.

The Act requires wine wholesaler to resell wine purchased at an estate sale and protects such wholesalers from product liability for such wine. The Act prohibits a permittee from knowingly or intentionally coercing another permittee to enter into an agreement or take an action that violates the alcoholic beverage statutes and rules. (Current law prohibits only a primary source of supply or a beer wholesaler from coercing a beer wholesaler.)

The Act provides that if a beer wholesaler's warehouse is transferred, the warehouse does not have to be transferred to a location within an incorporated area. The Act requires Indiana Department of Transportation and the Office of Tourism to jointly develop tourist attraction signage promoting small breweries. The Act allows the sale of alcoholic beverages on New Year's day for off premises consumption.

The Act allows an outdoor place of public entertainment used primarily in connection with live music concerts to allow a person to enter its establishment with alcoholic beverages and consume the alcoholic beverages on the premises. The Act provides that the Commission has certain powers regarding enforcement of the tobacco laws. Act removes the provision requiring Commission enforcement officers be employed so that not more than ½ are members of the same political party. The Act allows the Commission to approve trainer programs (to educate individuals on training alcohol servers) by third parties that meet certain requirements.

The Act increases the penalty for furnishing an alcoholic beverage to a minor to: (1) a Class B misdemeanor for the first offense; (2) a Class A misdemeanor for a subsequent

offense; and (3) a Class D felony if the illegal furnishing of the alcoholic beverage results in serious bodily injury to or the death of any person. Additionally, a violation occurs if a person recklessly, knowingly, or intentionally furnishes an alcoholic beverage to a minor. (Current law provides that a violation occurs if a person recklessly furnishes an alcoholic beverage to a minor.) On the other hand, a minor who makes a false statement of the minor's age or to present or offer false or fraudulent evidence of majority or identity to an alcoholic beverage permittee for the purpose of procuring an alcoholic beverage may be found guilty of a Class C misdemeanor for (Under current law, the offense is a Class C infraction.)(3rd Rdg., RC#260, 37-9)

SEA 197 pertains to minority and women businesses. The act excludes utilities, certain health care services, and rent from the definition of "goods and services" for purposes of contracting with minority and women's business enterprises. It provides that the Commissioner of the Indiana Department of Transportation may designate the economic opportunity director of the department to attend meetings of the governor's Commission on Minority and Women's Business Enterprises. The act removes "other similar minority groups" from the definition of "minority group" for purposes of the governor's Commission on Minority and Women's Business Enterprises. In addition, the act amends the horse racing commission law to remove the commission's authority to establish and administer a unified certification procedure, and require the commission to use the certifications of minority and women's business enterprises made by the Department of Administration. Citations Affected: IC 6-2.5; IC 6-3.1

HEA 1388 pertains to film industry production incentives and was vetoed by the governor in 2007. That veto was overridden this session by both chambers thus enabling the bill to become law. The new law provides a refundable tax credit to taxpayers that make qualified media production expenditure in Indiana. It provides that the tax credit may not be awarded for a taxable year ending after December 31, 2011, and that the tax credit may be granted only if qualified production expenditures are at least \$100,000 in the case of a film or television production or at least \$50,000 in the case of other qualified media productions. In addition, it provides that in the case of a taxpayer that claims the tax credit for qualified production expenditures of less than \$6,000,000, the amount of the credit equals 15% of the taxpayer's qualified production expenditures. In the case of a taxpayer that claims the tax credit for qualified production expenditures of at least \$6,000,000, the law provides that the amount of the credit equals the taxpayer's qualified production expenditures multiplied by a percentage (not more than 15%) determined by the Indiana Economic Development Corporation (IEDC), and that the taxpayer must, before incurring or making the qualified production expenditures, apply to the IEDC for approval of the tax credit. The law provides that the IEDC may not approve more than \$5,000,000 in media production tax credits in a taxable year for taxpayers with qualified production expenditures of at least \$6,000,000. A taxpayer that is a corporation or a nonresident person and who claims the tax credit (or any successor in interest of the corporation or nonresident person) must file an Indiana income tax return for at least the first five years that the taxpayer has income from the qualified media production for which the tax credit was granted. It further provides that, notwithstanding the income apportionment statutes, the portion of the income from the qualified media production that for purposes of income taxation is considered to be derived from sources within Indiana is equal to the amount of qualified production expenditures for which the tax credit was granted for the qualified media production divided by the total production expenditures for the qualified media production. The law provides that a taxpayer may not receive the tax credit unless the taxpayer consents that the taxpayer (and any successor in interest of the taxpayer) will be subject to the jurisdiction of Indiana courts, and any civil action related to the tax credit and in which the taxpayer (or any successor in interest of the taxpayer) is a party will be heard in an Indiana court. The law prohibits taxpayers from selling or otherwise transferring the tax credit. It also expands the sales tax exemption for property acquired for use in a motion picture production to property

acquired for use in qualified media productions, and provides that a qualified applicant may not claim a tax credit and a sales tax exemption for the purchase of the same tangible personal property. (SRC #195, 36-11; HRC #8, 77-17)

SEA 22 requires the Department of Education to grant an initial practitioner's license for a specific subject area in middle school or high school to an applicant who has earned a postgraduate degree from a regionally accredited postsecondary educational institution in the subject area, has experience teaching students in a middle school, high school, or college setting, and complies with certain requirements for licensure. It allows an individual licensed through the process to be hired to teach in high school, or in middle school in a shortage area designated by the state Board of Education. The individual has to comply with the same requirements as other teachers to renew a license or to obtain a proficient practitioner's license.

The act also specifies that an applicant for a substitute teacher's license is not required to receive CPR and Heimlich maneuver training. This act will help to reduce the shortage of teachers in certain areas and the elimination of the CPR and Heimlich maneuver certification for substitute teachers. (Concurrence, RC #312, 38-8)

HEA 1165 requires the Department of Education to establish an office of coordinator for education of homeless children and requires each school corporation to appoint a liaison for homeless children. The contact information for the liaison must be reported to the DOE and published on the corporation's web site.

Two provisions, which go into effect after June 30, 2009, would assist homeless students or students living in foster care. Under certain circumstances, school corporations are required to arrange for transportation for a student in foster care to attend the school in which the student was enrolled before receiving foster care. Additionally, school corporations are required to provide tutoring for a child who is in foster care or who is homeless if the school corporation determines a child has a demonstrated need for tutoring.

Language from SB 262 was inserted into the conference committee report that allows a student who has resided in a school corporation for at least two consecutive years immediately before moving to an adjacent school corporation to attend school in the former school corporation without transfer tuition being charged if the principal and superintendent in both school corporations agree. A student is prohibited to enroll in a school in a school corporation where the student does not have legal settlement primarily for athletic reasons. *(This Act contains more provisions unrelated to education, but related to homeless and foster children. HOMEOWNER PROTECTION**

Author(s): VANHAAFTEN, KOCH

Sponsor(s): BRAY, LANANE

Citations Affected: IC 4-6; IC 32-34

HEA 1210 was vetoed by the governor. The measure would have allowed an individual who had failed the Praxis I teacher licensing examination at least two times to demonstrate proficiency by submitting to the Department of Education proof of successful completion of all other requirements of a teacher education program, proof of having attained certain grade point averages, proof of having demonstrated a successful student teaching experience and letters of recommendation from certain faculty members. Proponents argued that the bill offered a fair and considerate correction on a statistical basis for those that were being held accountable inappropriately. It would have given recognition to those scoring within the tests' standard margin of error, and it did not lower standards or offer less accountability as the veto implies. (3rd Rdg. RC# 271, 27-20)

In the governor's veto message he noted, "A major challenge facing our state is to steadily improve teacher quality for Hoosier students, not to weaken it by allowing less-qualified candidates to enter the profession. The Praxis I exam is a test of basic knowledge that we should expect every prospective teacher to pass. I checked on any misgivings about the bill by seeking opinions from experts on teacher education around the country. They are all in full agreement that this policy would weaken teacher quality in Indiana."

HEA 1246 establishes the Indiana Concurrent Enrollment Partnership to “foster innovation and collaboration among state educational institutions and school corporations.” The partnership will:

- (1) establish unified rigorous academic standards and assessment requirements and share best practices;
- (2) coordinate outreach and recruitment of Indiana students and teachers to participate in concurrent enrollment programs;
- (3) develop a plan to expand the dual enrollment program to every high school in Indiana;
- (4) before December 1, 2008, develop a fiscal analysis and make recommendations to the DOE, the Budget Committee, and the General Assembly to make two dual enrollment courses available without tuition and fees or at reduced tuition and fees to students in grades 11 and 12 beginning with the 2010-2011 school year;
- (5) develop and submit an annual report on the programs listed under IC 21-43-5-4(a) to the DOE and the Commission for Higher Education before July 1 of each year; and
- (6) offer recommendations on concurrent enrollment matters as requested by the State
- (7) Board of Education and the Commission for Higher Education.

Under the act, the income of a student who is eligible for the waiver of tuition and fees at a state educational institution in the double up for college dual credit program can be certified through a free or reduced lunch application form, a state or federal income tax return, or a certification from any state agency based upon income records.

The act also requires an initial graduation plan developed by students in grade 6 and the student's parent that includes a statement of intent to graduate from high school and will become part of the student's permanent school record.

Finally, the act assigns the Interim Study Committee on Education Matters with a study on K-12 Virtual Learning. HEA 1071 FUNDING FOR NEW VOTING SYSTEMS

Author(s): GRUBB, THOMPSON

Sponsor(s): LAWSON, SKINNER

Citations Affected: IC 3-11-6.5-4

HEA 1071 contains a few provisions in election law primarily to ensure that counties which purchased nonfunctional voting machines will continue to be able to hold elections. The Act provides for the reimbursement of Boone, Cass, Parke and Randolph counties for new voting systems that are compliant with the federal Help America Vote Act (HAVA). These counties purchased voting machine systems with HAVA funds from a company that is no longer in business and cannot provide technical support for the continued use of these machines. The Act requires the Secretary of State to petition the federal Election Assistance Commission for authority to use existing HAVA funds for the above counties, and to direct any new funds received to these counties. The Act appropriates \$125,200 from the state general fund to match any new HAVA funds received from the federal government.

The Act also extends the pilot program for 'vote centers' through the end of 2010. This existing program allows voters in Tippecanoe and Wayne Counties to cast their ballots in centralized locations. The pilot was scheduled to end in 2009. The Act allows the Secretary of State to designate by April 1, 2008, an additional vote center pilot county. Cass County, one of the counties above with nonfunctional voting machines, seeks to be granted this pilot program. (CCR #1, RC # 356, 47-0)

Additional bills pertaining to election law were discussed throughout session, but legislators failed to reconcile differences during conference committee. House and Senate Republicans wished to advance Secretary of State Rokita's program of vote centers to a wider area. Currently there are two vote center pilots; legislation was discussed in the 2008 session to make this program permanent and to expand it to other interested counties. House and Senate Democrats supported this program, but were interested in its expansion only with the approval of more easily accessible absentee voting procedures. (3rd reading: RC #153: 48-0)

SEA 43 makes several changes regarding environmental matters:

- Requires the Indiana Department of Environmental Management (IDEM) or the appropriate rulemaking board to publish a notice identifying which of the rules subject to automatic expiration will be readopted. It requires IDEM or the board, on request of a person, to consider re-adoption of an environmental rule that IDEM or board proposes to allow to expire.
- Provides that a joint solid waste management district has the power to pay a fee to a county that was part of the joint district, has withdrawn from the district as of January 1, 2008 and has established its own district in which a final disposal facility is located.
- Establishes procedures to prevent a county department of storm water management and a municipal works board from imposing fees in the same area for storm water management.
- Establishes the qualifications for mediators. This Act provides that a person must be qualified as a mediator under Indiana Supreme Court Rules to serve as a mediator in an administrative proceeding unless the parties and the administrative law judge agree to a mediator who is not qualified as such.
- Eliminates the requirement for IDEM to include a laboratory division.
- Provides that for a landfill that is not exempt from demonstration of need requirements in a county that does not zone, an applicant that has an application pending on April 1, 2008, for an original permit for construction or operation and that meets certain other conditions must submit a new permit application and meet the requirements of all applicable environmental laws existing at the time the new permit is sought. The applicant is not required to pay a new application fee, and

the county executive must approve the proposed facility location for an application for an original construction permit submitted to the IDEM after March 31, 2008. In a county that zones, a person holding a permit for construction of a landfill that has not accepted waste and for which zoning was approved before April 1, 1985, may begin or complete construction only if the zoning authority reviews and approves the appropriateness and legality of the zoning under current law.

- Eliminates the requirement for certain water and wastewater operators to display certificates.
- Provides that a wastewater management vehicle must have an identification number issued by IDEM instead of a license. IDEM may issue a wastewater management permit that incorporates issuance of a wastewater management vehicle identification number and approval of a land application site under the legislation.
- Eliminates the requirement for an applicant for certain waste permits to include their Social Security number in the application disclosure statement. It allows IDEM to require additional information in the application.
- States the purposes of the mercury switch removal program. It also requires IDEM to pay recyclers for removed anti-lock braking system, G-force sensors and other components containing more than 10 milligrams of mercury and provides that the mercury switch removal requirement does not apply if the removal would require dismantling of the vehicle.
- Allows IDEM to use funds in the Underground Petroleum Storage Tank Excess Liability Trust Fund for the inspection of underground storage tanks. The Act also limits the combined amount of payments from the fund in a year for tank inspection and administration of claims against the fund to 10 percent of the fund income in the immediately preceding year.
- Establishes standards for electronic submission of information to IDEM.
- Repeals environmental crimes statutes, and substitutes a statute that designates environmental violations as crimes, establishes more severe penalties if the violation results in substantial harm to the environment or loss of human life, establishes factors to be considered in sentencing, establishes maximum and minimum fines and provides that the crimes are not subject to imprisonment. The Act reduces from a Class D felony to a Class B misdemeanor the penalty for offenses concerning destruction, alteration, concealment, or false certification of a record, falsifying testing or monitoring data and rendering a recording device or a monitoring device inaccurate or inoperative. These criminal penalties apply regardless of whether a person uses electronic submissions or paper documents to accomplish the criminal actions.
- Extends the Environmental Crimes Task Force for one year.

HEA 1120 will prohibit phosphorus in dishwasher detergents, reducing pollutants that cause dangerous algae in Indiana's rivers and lakes. Phosphates are a risk because they release hepatoxins, which attack the liver, and neurotoxins, which attack the nervous system. Research has shown that phosphorus in water causes algal blooms and excessive aquatic plant growth, which increase water treatment costs, degrade fishing and boating activities, and impact tourism and property values. The pollution can also impact water quality by affecting the odor and taste of drinking water. (3rd reading, RC 210, 46-0)

HEA 1165 addresses a number of important issues pertaining to juvenile well-being, including homelessness, foster care, and education. It is estimated that there are approximately 5,000 children across the state of Indiana who are experiencing homelessness at any given time. HEA 1165 requires the Indiana Housing Authority to take a number of measures to improve the delivery of services relating to homelessness, housing and community development, and extends the Authority's power to coordinate and establish connections between service providers.

The act requires the Department of Child Services (DCS) to promote sibling visitation for children in foster care, and siblings and other individuals to request sibling visitation if one sibling is in foster care. Under this act, DCS is required to allow sibling visitation if it is in the best interest of the child receiving foster care, and in the event that DCS denies a request for sibling visitation, a child's guardian ad litem or court appointed special advocate may petition the juvenile court for visitation. Children may receive shelter, services, or items directly related to providing shelter for homeless children without the approval of a parent, guardian, or custodian. Shelter care facilities are required to notify DCS within 24 hours of a child entering a shelter or facility, unless that individual is an emancipated minor, and DCS is required to notify the child's parent guardian, or custodian within 48 hours of receiving notification and 72 hours of entering the facility. DCS is prohibited from notifying these parties of the child's location if DCS has reason to believe the child is a victim of abuse or neglect. (CCR RC 325: 44-3)

HEA 1159 establishes a study committee for the purposes of examining several issues concerning human service information and referral services in Indiana. These include the availability and scope of human service information and referral services in Indiana, and methods to enhance their use, delivery and funding, as well as methods to promote increased collaboration between human service providers and referral providers. The act also specifies that for the purposes of the study, the study committee may consult with the Indiana Utility Regulation Commission, any nonprofit organization, recognized 211 service provider, state entity that provides human services, or other person that the committee determines will be of assistance in studying these issues. The study committee must submit a report on its recommendations to the legislative council before December 1, 2008. 211 Services refers to Indiana's nonprofit network for human social service referrals, which has been supported since July 1, 2004 in Indiana law. SEA 164 specifies that the Office of Medicaid Policy and Planning (OMPP); managed care organizations that have contracted with the OMPP under the state's Medicaid program; and individuals that have contracted with the managed care organization, must meet certain requirements concerning payment and denial of claims. SEA 164 requires the OMPP to reimburse federally qualified health centers (FQHCs) and rural health clinics using a prospective payment methodology if federal financial participation is available for the methodology. FQHCs are a type of provider defined by the Medicare and Medicaid statutes, and include all organizations receiving grants under Section 330 of the Public Health Service Act, certain tribal organizations, and FQHC Look-Alikes (an organization that meets all of the eligibility requirements of an organization that receives a PHS Section 330 grant, but does not receive grant funding.) Section 330 of the Public Health Service Act defines federal grant funding opportunities for organizations to provide care to underserved populations. This act also allows certain individuals to participate in the Indiana Check-up Plan without state funding.

SEA 164 also specifies that eligibility for the Children's Health Insurance Program (CHIP) is limited to a child whose family annual income is not more than 300% of the federal income poverty level or the maximum percentage approved by the federal government if the approved percentage is less than 300%. The act specifies that the Alcohol and Tobacco Commission administers type II gaming. It provides that the authorized sale of pull tabs, punchboards, and tip boards is exempt from the state gross retail tax. Ticket prices may not exceed \$1 with a maximum payout of \$599.

The act provides that fees and civil penalties must be deposited into the excise enforcement and administration fund. The act further provides that excise taxes must be deposited into the state general fund. It requires the Indiana Gaming Commission to adopt rules to establish the manner in which a qualified organization may supervise certain euchre games.

The act provides that a patron who deals the cards in a euchre game is not considered to be a worker or an operator for purposes of the charity gaming law.

The act requires a qualified organization to designate an individual to serve as the operator of a charity gaming event. It provides that a qualified organization holding an annual raffle license may conduct raffles at any time during a period of one year, and authorizes certain qualified organizations to conduct winner take all drawings under a PPT license with a maximum payout of \$300.

Citations Affected: IC 12-7-2-135.6; IC 12-23; IC 16-18-264.3; IC 16-25-5

SEA 157 changes the term “methadone treatment” to “opioid treatment” for the purposes of laws concerning the certification of opiate addiction treatment facilities, and requires the Division of Mental Health and Addiction (DMHA) to adopt rules on standards of operation for opioid treatment programs; submission by opioid treatment facilities of current diversion control plans; and the fees paid by opioid treatment facilities to DMHA for each opioid treatment patient treated during the preceding calendar year.

It also requires opioid treatment programs to perform random and periodic drug tests on patients for the following drugs: methadone, cocaine, opiates, amphetamines, barbiturates, tetrahydrocannabinol, and benzodiazepines; and to take action if a patient tests positive for an illegal drug other than the drug being used in the course of the patient’s treatment.

The act also requires DMHA to create a central registry for opioid treatment patients and prepare a biennial report, and specifies rules and penalties. It also repeals the expiration of current laws requiring a methadone diversion control and oversight program. Indiana currently provides public funds to not-for-profit opioid treatment programs only, with funds from the federal Substance Abuse Prevention and Treatment block grants for patients with income limitations. This reduces out-of-pocket expenses to these patients and allows clinics to charge lower-income patients on a sliding scale.

SEA 159 THIRD PARTY ACCESS TO HEALTH CARE SERVICES

Author(s): GARD

Sponsor(s): HOY, T. BROWN

Citations Affected: IC 27-4-1-4; IC 27-1-37.3

SEA 159 pertains to ‘rental’ or ‘silent’ Preferred Provider Organizations (PPOs). The Act specifies terms under which a third party may obtain access to a contractor's rights and responsibilities related to a provider's delivery of health care services.

The interim Health Finance Committee heard testimony on this issue, which health care providers argued unfairly perpetuates the lowest reimbursement rate among insurers. A physician explained that when physicians contract to join a health plan network, the physicians usually agree to accept a reduced payment rate in return for the plan steering patients into the physician’s practice. However, a “silent PPO” is when a contracting

network, after negotiating discounts with providers, then sells access to the list of agreed discounts to other insurers who then, without the provider's authorization or knowledge, apply the discounts to their own payments to the provider. The practice effectively robs the physician providers of the ability to choose with whom they contract for a discount. The American Medical Association estimates costs to providers nationwide in the amount of \$750 million to \$3 billion annually. The Indiana State Medical Association stated that doctors need to be notified when the practice is occurring, and the physicians need to be allowed to provide their consent. The measure met opposition from America's Health Insurance Plans, who maintain that the unintended consequence of this Act is that it forces smaller PPOs out of the market due to the difficulty in complying, leaving only one or two major insurers. SEA 315 would delay until December 31, 2008, a provision in existing law that would allow the Office of Medicaid Policy and Planning to require a Medicaid-eligible person being discharged from a hospital to a nursing facility to have prior approval from OMPP before being admitted to the nursing facility after June 30, 2008. The prior authorization provision was enacted in SEA 208-2007 and was expected to result in cost savings as a result of increasing the number of diversions from avoidable nursing home admissions. The Act requires the Division of Aging to promulgate rules to implement a prior authorization program for certain individuals seeking admission to a nursing facility and

a long-term care screening and counseling program for individuals seeking long-term care services.

The Act also requires the Division of Aging to adopt rules to implement a biennial review of Medicaid waiver services reimbursement rates.

The Act specifies that individuals that have made asset transfers prohibited under the State Medicaid Plan in order to be eligible for Medicaid are not eligible for the 100% state-funded residential care assistance program, CHOICE.

The Act prohibits the State Department of Health from approving the certification of new or converted comprehensive care beds for participation in the Medicaid program until July 1, 2011, unless the state comprehensive care bed occupancy rate is more than 95% in health facilities. Current occupancy is at 83% according to FSSA. The Act allows for an exception for replacement beds and continuing care retirement communities under development if specified requirements are met. SEA 336 SMOKE PREVENTION TASK FORCE

Author(s): CHARBONNEAU, MILLER, ROGERS, SIMPSON

Sponsor(s): C. BROWN, T. BROWN, E. HARRIS

Citations Affected: IC 16-41-41

SEA 336 adds three members to the Stroke Prevention Task Force, which was established in 2004 through HEA 1171. SEA 336 adds the requirement that one of the physician members must be a physician with cerebrovascular accident expertise, instead of a neuroradiologist. It also redefines the duties of the task force to the following:

- Develop a standardized stroke template checklist for emergency medical services protocols to be used statewide.
- Develop a thrombolytic checklist for emergency medical services personnel to use.
- Develop standardized dispatcher training modules.
- Develop a yearly training update and continuing education unit for first responders that includes the Cincinnati Stroke Scale.
- Develop an integrated curriculum for providers, including: emergency medical services personnel; hospitals; first responders; physicians; and emergency room staff
- Develop a standard template of protocols that include thrombolytic treatment.
- Create a more refined and specific hospital survey stroke assessment tool to assess the capability of hospitals in treating patients who have had strokes.
- Research the feasibility of a state based primary stroke center certification program.
- Develop a stroke survivor mentor program targeting survivors after rehabilitation is complete.

- Distribute the rehabilitation survey developed by the Great Lakes Stroke Network throughout Indiana to freestanding rehabilitation hospitals.
- Implement a statewide patient and community education initiative targeting at-risk populations in Indiana.
- Investigate the use of telemedicine in Indiana for the treatment of neurologic and radiologic stroke patients.

The act also extends the expiration date for the task force from July 1, 2008, to July 1, 2012. (Concurrence, RC 297: 43-0)

SEA 350 FUNDING OF COMMUNITY MENTAL HEALTH CENTERS

Author(s): LAWSON, BRODEN, MILLER, SIMPSON

Sponsor(s): CRAWFORD, T. BROWN, NOE

Citations Affected: IC 12-15; IC 12-29-2

SEA 350 pertains to the funding of Community Mental Health Centers (CMHCs). Currently, CMHCs provide the state match required for Medicaid Reimbursement Option (MRO) services. When an MRO service is billed, the CMHCs receive the full value of the service in payment. The state’s Department of Mental Health and Addiction bills the centers for the state match portion quarterly. DMHA holds some funding it provides to CMHCs for the matching requirement, and the CMHCs provide any additional funding to the state for any amount not covered by these withholdings. All funding withheld and received to pay for the matching requirement is transferred to Medicaid. CMHCs are required to certify they have the matching funds available for the MHFR program. This match money is currently not transferred between DMHA and the CMHC. Only the federal portion of the MHFR (Mental Health Funds Recovery) program funds are paid to CMHCs.

With the exception of Marion County, SEA 350 requires counties to transfer money within a certain time frame to the DMHA, in order to satisfy the non-federal share of medical assistance payments to community mental health centers for certain administrative services and community mental health rehabilitation services.

It also permits the Health and Hospital Corporation of Marion County to make payments to DMHA for the operation of a CMHC; requires DMHA to ensure that the non-federal share of funding received from a county is applied only to the county’s designated CMHC; and specifies how DMHA may distribute excess state funds.

The act also provides that county levies for CMH services are allocated to DMHA for operational expenses of CMHC, and the CMHC. The provisions of SEA 350 are applicable to the extent that they do not conflict with federal rules. (CCR 1 RC 336: 44-0)

HEA 1266 PRIORITY IN RECEIVING SERVICES UNDER MEDICAID WAIVERS

Author(s): KLINKER, BROWN

Sponsor(s): RIEGSECKER, SIMPSON, ROGERS AND MILLER

Citations Affected: NON CODE

HEA 1266 requires the Office of Medicaid Policy and Planning (OMPP) to apply to the United States Department of Health and Human Services to amend certain waivers to allow specified individuals to be given priority in receiving services under the waiver. It also requires OMPP to prioritize individuals in certain situations to receive home and community-based services within the Medicaid waivers operated by the Division of Disability and Rehabilitative Services.

Each year the Division of Disability and Rehabilitative Services (DDARS) reserves a specific number of priority Developmental Disability waiver slots that are available for use by individuals who may not be first on the waiting list, but are in emergency situations that require they receive services immediately. Priority situations included in the current waiver policy manual include death or long-term institutionalization of the primary caregiver, aging out of placements for juveniles, and loss of certain other placements. ATTORNEY FEES IN MEDICAID LIEN COLLECTION

Author(s): ULMER, KUZMAN

Sponsor(s): STEELE

Citations Affected: IC 12-15

HEA 1429 increases the amount of attorney's fees required to be paid by the Office of Medicaid Policy and Planning in Medicaid lien collection cases involving the recovery from an insurer or a person who injured a Medicaid recipient. The act specifies that the increased attorney's fee provisions do not apply to certain liens placed on a Medicaid recipient's real property. The act authorizes the office of Medicaid policy and planning to contract with an attorney to obtain or enforce certain liens placed on a Medicaid recipient's real property and caps attorney's fees in these cases. (SRC #367, 28-19)

In the governor's '07 veto message he stated, "The bill would increase fees paid to attorneys in cases where Medicaid liens are recovered. It mandates a three-fold increase in the lawyers' share of recoveries in certain personal injury cases where a Medicaid lien exists against any compensation a plaintiff might obtain, with no demonstrable prospect that total recoveries (to reimburse Medicaid) would increase as a result. The more likely outcome of higher attorney fees would be less money flowing back to taxpayers and the Indiana Patients Compensation Fund.

Author(s): ARNOLD, WYSS

Sponsor(s): TINCHER, DERMODY

Citations Affected: IC 6-6-10-7; IC 10-14-4; IC 10-15-3-12

SEA 241 provides that revenue in the emergency planning and right to know fund may be used to maintain, repair, and calibrate equipment purchased for a hazardous materials response team. The act specifies the purposes for which money in the state disaster relief fund may be spent. The act deletes existing law providing that interest accruing from investments in the state disaster relief fund is deposited into that fund.

The act provides that money in the regional public safety training fund that remains unencumbered at the end of a state fiscal year shall be transferred to the fire training infrastructure fund. (Current law provides that money in the regional public safety training fund that is not appropriated to the fund is transferred to the fire training infrastructure fund.)

The act permits the Department of Homeland Security to adopt emergency rules to implement changes to the state disaster relief fund. Finally, the act provides that an amusement and entertainment permit issued by the Division of Fire and Building Safety to a school expires one year after the date the permit is issued, rather than on December 31 of the year in which the permit is issued. SEA 334 SEVERE WEATHER WARNING SIRENS

Author(s): WALTZ, LAWSON

Sponsor(s): AVERY, CROUCH

Citations Affected: IC 36-8-21.5

SEA 334 requires the Department of Homeland Security to adopt rules before January 1, 2010 to establish: minimum technical standards for severe weather warning sirens; the circumstances under which a severe weather warning siren (siren) may be activated; information required in a siren coverage report or siren coverage plan; and other rules necessary to assess coverage of sirens in Indiana and determine the need for additional sirens.

The act requires the department, at the request of a county legislative body, to assist the county in development of a siren coverage plan. The act permits the department to require a county that requests assistance in development of a siren coverage plan to develop a siren coverage report. It specifies the content of a siren coverage report and a siren coverage plan. It requires the department to assist a county that adopts a siren coverage plan to implementation of the plan and obtain federal and other grants to enable the county in implementation of the plan. Finally, the act requires the department to adopt certain rules not later than January 1, 2010. (Concurrence, RC #317, 43-1)

Citations Affected: IC 5-10-8-14; IC 27-8-24.2; IC 27-13-7-19

HEA 1140, similar to SB 269, addresses insurance coverage for medically necessary prosthetic devices under state employee health benefit plans, accident and sickness insurance, and HMO contracts. Insurance coverage for prosthetic devices is typically limited by dollar caps, as well as the number of devices covered over the course of an individual's lifetime. HEA 1140 provides that under these plans, coverage for medically necessary prosthetic devices must be equal to that of the federal Medicare reimbursement schedule for the same items, unless a different reimbursement rate is negotiated. An important difference between HEA 1140 and SB 269 is that HEA 1140 establishes coverage parity for medically necessary prosthetic devices, with other forms of coverage under the individual's plan. Coverage may be subject to but no more restrictive than the provisions that apply to the other benefits of the individual's accident and sickness policy. Repair and replacement of these devices must be performed by an orthotist, prosthetist, or pedorthist certified the American Board for Certification in Orthotics, Prosthetics and Pedorthics, or the Board for Orthotist or Prosthetist Certification. Citations Affected: IC 27-1-5-5

HEA 1284 exempts a request of the Commissioner of Insurance for certain information from the requirement to issue an examination warrant, and permits a group life insurance policy to cover a spouse or dependent child for more than 50% of the amount provided for the insured. It also revises the accident and sickness insurance form filing requirements concerning the commissioner's actions; and prohibits an accident and sickness insurer and a health maintenance organization from requiring a patient to travel a certain distance for dialysis treatment as a condition of coverage or reimbursement. HEA 1284 also establishes a study committee on dialysis coverage.

Under the law prior to HEA 1284, the Health Benefit Tax Credit may be claimed against a taxpayer's state tax liability if the taxpayer makes health insurance available to the eligible taxpayer's employees and their dependents through at least one health benefit plan. The credit may be claimed for two years only if an employee's participation in the health benefit plan is at the employee's election; and an employee chooses to participate in the health benefit plan, then they may pay their share of the cost of the plan using a wage assignment. The credit is equal to the lesser of \$2,500 or \$50 multiplied by the number of employees enrolled in the health benefit plan during the taxable year. (CCR RC 362: 46-1)

Author(s): BUELL, NIEGODSKI, NOE POND

Sponsor(s): MERRITT

Citations Affected: IC 6-8.1-8-3; IC 36-2-13

HEA 1108 sets the maximum annual compensation for a county sheriff to the annual minimum salary that would be paid by the state to a full-time prosecuting attorney in the county and the amount of any additional annual salary paid by the county to a full-time prosecuting attorney in the county. This limit applies to a sheriff elected or reelected to office after November 1, 2010.

A sheriff is also required to deposit into the county's general fund any tax warrant collection fees that would, if retained by the sheriff, result in the sheriff's annual compensation exceeding the allowed amount. The money deposited in a county's general fund under this provision will be used to reduce any unfunded liability of a sheriff's pension trust plan established for the county's sheriff's department. Any amounts remaining after applying money to the unfunded liability must be applied to the costs of operating the county's sheriff's department. (3rd reading, RC 258 42-5)

HEA 1250 changes the distribution of the Tippecanoe County innkeeper's tax. The Act establishes an advisory commission to make recommendations concerning the use of any proceeds of bonds issued to finance the development of Prophetstown State Park. The Act specifies that the Indiana Finance Authority, in its capacity as the recreational development commission, may issue bonds for the development of Prophetstown State Park.

The Act also requires the Bureau of Motor Vehicles to design the Indiana Native American trust license plate with the advice of the Native American Indian affairs commission (NAIAC). It further provides that money in the Indiana Native American trust fund must be paid to Historic Prophetstown through 2008 and to the NAIAC beginning in 2009.

The Act authorizes Steuben County to impose a 1% food and beverage tax. It further provides that: (1) half of the tax revenue is retained by the county; and (2) the other half of the revenue is distributed to the city of Angola. (3rd Rdg., RC #249, 27-20)

SEA 72 STATE OFFICIERS PUBLIC EMPLOYEE BENEFITS

Author(s): KRUSE, MISHLER, TALLIAN, YOUNG

Sponsor(s): NIEZGODSKI, BUELL

Citations Affected: 5-10.2

SEA 72 allows, after December 31, 2008, a member of PERF who is vested, separates from employment, and does not perform service in a covered position for at least 90 days to elect to withdraw the entire amount in the member's annuity savings account. The act

provides that, unless the member has transferred the creditable service earned in PERF to another governmental retirement plan, the PERF member is entitled to receive upon benefit eligibility a benefit equal to the pension provided by employer contributions.

A member of TRF or PERF who retires with service in more than one retirement fund is required, under the act, to select the fund from which to retire when the member applies for retirement benefits. Current law requires a member with service in more than one retirement fund to retire from the last fund in which the member rendered service.

In addition, the act authorizes a special death benefit for a chaplain who is appointed or officially designated to serve a state law enforcement agency, a sheriff's department, a volunteer fire department, or a full-time police or fire department of a political subdivision, who dies in the line of duty.

For the Secretary of State, State Auditor and Treasurer of State, the act establishes 65 years of age with at least eight years of creditable service as the normal retirement age. The act also provides that an elected Treasurer of State takes office January 1 following the election. The individual elected Treasurer of State at the 2006 election vests as a member of PERF if the individual is reelected as Treasurer of state at the 2010 election and serves in office until January 1, 2015. (Richard E. Mourdock was elected Treasurer of State in 2006.)

The act deletes the July 1, 2007, expiration date of a provision that authorizes the Treasurer of State to make investments in certain securities that have a maturity of more than two years and not more than five years, and legalizes any such investments made after June 30, 2007. Citations Affected: IC 5-10.2-5

SEA 133 provides a cost of living adjustment for a retired member of PERF (or a survivor or beneficiary of a member). For those who retired before January 1, 2008, the pension will be increased by 2% for members who retired after December 31, 1999, and 2.5% percent for members who retired before January 1, 2000.

The Act also provides for a thirteenth check to a member of the fund (or to a survivor or beneficiary of a member) who retired or was disabled before January 1, 2008, based on the complete years of service credited to a member at retirement. The amount will be paid as a single check and is not an increase in the pension portion of the monthly benefit.

The Act repeals the existing provision requiring the monthly benefit payable to a retired PERF member to be at least \$180 and replaces it with a new provision requiring that the

pension portion of the monthly benefit payable to a retired PERF member, excluding elected officials, may not be less than \$180.

The act further allows a member or beneficiary of PERF to assign a benefit payment to pay insurance premiums to an association that proves to the PERF board's satisfaction that the association has as members at least 20% of the retired members of PERF. (3rd Rdg., RC #117, 48-0)

SEA 219 provides lactation support in the workplace for nursing mothers. The Act provides that the state and political subdivisions must provide for reasonable paid breaks for an employee to express breast milk for the employee's infant child; must make reasonable efforts to provide a room or other location in close proximity to the work area where the employee can express the employee's breast milk in privacy; and must make reasonable efforts to provide for a refrigerator or other cold storage for keeping breast milk that has been expressed. The location for expression may not be a bathroom stall.

The Act also provides that private employers that employ 25 or more individuals, to the extent reasonably possible, must provide: a private location for an employee to express the employee's breast milk during any period away from the employee's assigned duties; and a refrigerator or other cold storage space, or allow the employee to provide the employee's own portable storage device, for keeping the expressed milk until the end of the employee's work day. It provides that, except in case of willful misconduct, gross negligence, or bad faith, an employer is not liable for any harm caused by or arising from the expressing or storage of an employee's breast milk on the employer's premises.

This Act was supported by the Indiana Manufacturers Association, the Indiana Chamber of Commerce, the Indiana Parinatal Association, and other health care groups.

According to the U.S. Census Bureau, a little over half of all American women with a child less than one were in the labor force in 2002. There might be about 43,500 women with a child under the age of one that might need to express breast milk.

SEA 329 JUDGES' PENSIONS

SEA 329 requires any person who begins serving as a full-time magistrate after July 1, 2010, to become a participant in the judges' 1985 benefit system. The act also will allow any person serving as a full-time magistrate on that date to become a participant in the 1985 system.

Under certain conditions, this act will allow a judge who is (1) a participant in the judges' 1985 benefit system to transfer to the 1985 system service credit earned as a full-time referee, commissioner, or magistrate after leaving a covered position by the 1985 system, and (2) a magistrate who is a participant in the judges' 1985 benefit system to purchase at full actuarial cost, service credit for service earned in the public employees' retirement fund as a full-time magistrate, referee, or commissioner.

For certain participants in the 1985 system who apply for a retirement benefit after December 31, 2009, bases the computation of the annual retirement benefit on the salary being paid for the office that the participant held at the time of the participant's separation from service. Currently, the computation is based on the salary being paid to the participant at the time of the participant's separation from service.

The act provides that benefit increases paid after December 31, 2009, to a participant in the judges' 1985 benefit system who applies for a retirement benefit before January 1, 2010, or to certain terminated vested participants, are equal to the percentage by which the salary being paid for the office that the participant held at the time of the participant's separation from service increases.

In addition, the act increases the court administration fee from \$3 to \$5, and directs that the additional amount be paid into the judges' retirement fund, except for the additional amount collected by the Marion County small claims courts, which must be used to fund the small claims courts' operations.

HEA 1019 PUBLIC EMPLOYEE RETIREMENT

Citations Affected: IC 5-10.2-5-43

HEA 1019 expands the use of amounts in a retired participant's retirement medical benefits accounts to include the payment of premiums for individual or group health coverage. The act provides a window of 60 days after April 1, 2008, for a retired state employee to file a written request to participate in the state group health insurance program and use the balance in the retired state employee's account to pay the premiums for the coverage if:

- (1) the retired state employee was eligible to participate in the state group health insurance program but did not file a written request to do so within 90 days after the retired state employee's retirement date; or
- (2) the retired state employee, on April 1, 2008, had fewer than sixty days after the retirement date to make the written request.

The act provides a cost of living adjustment in 2009 for certain members (or survivors or beneficiaries of members) of the state teachers' retirement fund. The pension portion is increased for members who retired or were disabled before July 2, 2000, by 2% and for members who retired or were disabled between July 1, 2000, and July 2, 2006, by 1%.

The act also increases the minimum monthly disability retirement benefit paid to certain members of the PERF and TRF from \$100 to \$180 and provides that a distribution of a thirteenth check by PERF or TRF must include distribution to members eligible for disability benefits. (CCR #1, RC #346, 47-0)

The act also requires the Commission on Courts to study the selection process for St. Joseph County judges. (CCR #1, RC # 337, 39-5)

HEA 1065 provides that a member of the Indiana state teachers' retirement fund (TRF) who serves in an elected position while eligible to begin receiving retirement benefits has up to 30 days after the member's elected term of office ends to choose whether to retire from TRF or PERF.

Under certain circumstances the act allows, until September 1, 2008, the surviving spouse of a deceased PERF member to be designated as the member's designated beneficiary and to receive benefits as a designated beneficiary to the extent that the surviving spouse otherwise qualifies for the benefits.

The act also allows a member of PERF who is receiving a benefit and who is a party in an action for dissolution of marriage may elect to change the member's beneficiary or form of benefit, regardless of where the action is filed. SEA 210 includes a similar provision for members of TRF. (3rd Rdg., RC #230, 46-0)

HEA 1119 allows a retired member of the 1925 police pension fund, the 1937 firefighters' pension fund, the 1953 police pension fund, or the 1977 police officers' and firefighters' pension and disability fund to be rehired, not less than 30 days after retirement, by the same unit that employed the member as a police officer or firefighter

for a position other than that of a full-time, fully paid police officer or firefighter. The member is also allowed under the act to continue to receive a retirement benefit from the appropriate fund. The act allows the reemployment provision to be implemented unless the local board (for the 1925, 1937, and 1953 funds) or the PERF board (for the 1977 fund) receives from the IRS a determination that prohibits the implementation.

The act allows an appointing authority to grant a leave of absence to a police officer or firefighter for service in an elected office and establishes certain rights concerning retirement or pension funds, salaries, promotions, and seniority positions under those circumstances. The act requires any police officer or firefighter who holds an elected position to pay the assessment or contribution to their pension fund for the time period they are on leave in order for them to receive service credit for the leave. The elected official's employer is authorized to pay all or part of the assessment or contribution.

The act also removes the \$35,000 salary exemption for retired members of PERF and TRF who are reemployed in a covered position. (CCR #1, RC #347, 47-0)

One major labor bill which failed to pass this session, **Senate Bill 335**, was an effort to penalize Indiana businesses that knowingly and repeatedly hire illegal immigrants. The legislation would have allowed the state to step in where the federal government has not adequately enforced immigration law, and certain businesses would have been at risk of losing certifications and licenses. Efforts were made to place the proposal in a summer study committee, but the measure died during an 11th hour conference committee. (3rd Rdg., RC #168, 37-11)

TAX & FISCAL POLICY

HEA 1001 PROPERTY TAX RELIEF

Author(s): CRAWFORD, ESPICH, TURNER, WELCH

Sponsor(s): KENLEY, SKINNER, HUME

Citations Affected: NUMEROUS PROVISION THROUGHOUT CODE

Property Tax Caps

- Beginning in 2009, property taxes will be capped based on the following assessed value percentages:

<i>Type of Property</i>	<i>2009</i>	<i>2010</i>
Homesteads	1.5%	1%
Residential Property	2.5%	2%
Agricultural Land	2.5%	2%
Long-Term Care Facilities	2.5%	2%
Non-Residential Real Property	3.5%	3%
Personal Property	3.5%	3%

- This change will benefit property taxpayers who would've paid property taxes in an amount greater than 1.5% of their property's gross assessed value (AV) in 2009, and 1% in 2010. The caps will take effect for 2009 taxes payable in 2010.

- While the caps will help some homeowners and businesses, they will cause revenue shortfalls for many school corporations and local units of government. The greatest impact will be felt in 2010, by which time the caps will be fully phased in.
- Debt approved by referendum will be outside the caps.
- Property taxes imposed in an eligible county to pay debt service or make lease payments for bonds or leases issued or entered into prior to 7/1/08 will not be considered for purposes of calculating a person's credit.

Homestead Credits

- Additional homestead credits will be provided to homeowners in the amount of \$620M in 2008, \$140M in 2009, and \$80M in 2010

Senior Property Tax Growth Limitation

- Property tax bills cannot increase from 2007 levels by more than 2% per year for senior citizens with individual incomes of less than \$30K or joint incomes of less than \$40K and an AV that doesn't exceed \$160K.

Supplemental Deduction

- Provides an additional 35% supplemental deduction for homes with AVs up to \$600K, with any AV remaining over \$600K receiving a 25% supplemental deduction

Sales Tax Increase

- Increases the sales tax from 6% to 7%, beginning April 1, 2008, which will generate approximately \$950M each year.

Township Assessors

- Effective July 1, 2008, the Act transfers to the property assessment duties of township assessors to county assessors in all townships with less than 15,000 real property parcels and in townships in which there is a trustee-assessor.
- In townships with more than 15,000 parcels, a referendum must be held at the general election in 2008 to determine whether the property assessing duties performed by the township assessor should be transferred to the county assessor or not. There are 42 townships with more than 15,000 real property parcels.
- In 2000, there were 1,008 township assessors in Indiana, 827 of who are trustee-assessors. Of the trustee-assessors, 627 did not reach the level of certification required by current statute to retain assessing duties.
- After June 30, 2009, an employee of a county or township assessor who performs real property assessing duties must have the same level of certification that the assessor is required to attain.

- Starting in 2012, a person who runs for election as a county or township assessor must have attained a Level III assessor-appraiser certification before taking office.
- The Act also establishes a procedure for removing county and township assessors who fail to adequately perform the duties of office.

Referenda

- The lesser of (a) 100 people who are either voters or property owners, or (b) 5% of registered voters, may initiate a referendum on a controlled project that meets the following requirements:
 - For a capital project that costs at least \$1M and more than \$2M or 1% of the total gross AV of property within the political subdivision, whichever is less.
 - An elementary school building, middle school building or other school building for academic instruction that will cost over \$10M.
 - A high school building or other school building for academic instruction that will cost over \$20M.
- The referendum must be held during a general or primary election unless there's no election within 6 months from when the county auditor certifies the public question. In that case, a special election will be held between 90 and 120 days after certification.
- Property taxes for projects approved by a voter referendum will not be considered when calculating the impact of the property tax cap.

Levy Elimination

- The following levies will be eliminated: four (4) child welfare levies, Hospital Care for the Indigent, a portion of the Marion Co. Health & Hospital Corp., State Fair & State Forestry Funds, and the DLGF database management levy.
- In addition, the state will assume the county cost of child welfare services and incarcerating delinquent children in DOC facilities, as well as provide state support for all other assumed levies.
- School corporation tuition support levies will be eliminated. The state tuition distributions will be increased by the amount of the terminated levy.
- After 12/31/08, school corporations won't be able to impose a special education preschool property tax levy. Instead, the Department of Education (DOE) will distribute amounts equal to \$2,750 multiplied by the number of special education preschool children in each school corporation.

- From 2009 on, the state Pension Relief Fund shall pay each local unit of government the total pension, disability and survivor benefit payments from the old police and firefighter funds by the unit.

School Corporations

- Creates a state grant of \$50M in 2009 and \$70M in 2010 in an attempt to mitigate the cost of the property tax caps on school corporations. A school corporation can receive the grant only if it expects to lose more than 2% of its property tax revenue due to the property tax caps.
- Gives schools the ability to hold referendums to make up the loss due to the property tax caps
- A school corporation can appeal to the DLGF to impose a shortfall levy to replace a shortfall in a tuition support levy imposed before 2009.
- Creates a tuition reserve fund with \$50M transferred from the state general fund by 12/31/10.
- Requires the school bus replacement plan to apply to at least 12 years, not 10.
- Beginning in 2010, the budget year for all school corporations shall be from July 1 of the year through June 30 of the following year.

Child Welfare/Juvenile Delinquency

- The State (through the Department of Child Services) (DCS) will assume the costs previously paid by counties, which include foster care payments, adoption subsidies, services, programs, and placements ordered for children adjudicated to be children in need of services delinquent children.
- The Act establishes procedures and requirements for the juvenile courts, juvenile probation, and DCS to be used in the determination of services, programs, and out-of-home placements to be provided for CHINS and juvenile delinquents.
- The Act specifies a procedural process for handling disagreements between the juvenile courts and DCS concerning the need for or alternatives to services, programs, or placements.
- The DCS is not responsible for any child services costs if a juvenile court orders services, programs, or placements that are not eligible for federal Title IV-E funds and the services or programs were not recommended or approved by DCS.
- Counties will still be responsible for all bonds issued and loans made for welfare purposes before January 1, 2009.

- Courts may no longer order payment of adoption assistance. DCS subsidy determinations are subject to judicial review, but not administrative review or appeal.
- The state may eliminate local county offices and consolidate them into regions or districts.
- The maximum juvenile informal adjustment period (a type of probation for juvenile offenders) is reduced from 6 to 3 months unless otherwise approved by the juvenile court.
- The Act provides that the state will assume the cost of delinquents committed to the Department of Correction (DOC) after January 1, 2009. Counties will remain responsible for the costs of juveniles placed in DOC facilities before January 1, 2009, and will still have to pay the costs associated with secure detention for juveniles.

Debt Payment Priority

- Political subdivisions are required to fully fund their debt payment obligations regardless of any loss in property tax revenue due to the property tax caps.

Distressed Unit Appeal Board

- Adds two members to the Distressed Unit Appeal Board (formerly the Circuit Breaker Relief Board) – one appointed by the Governor, one appointed by the Speaker of the House.
- The threshold for appeal is a 5% reduction in property tax collections.
- The Distressed Unit Appeal Board can allow some or all of the property taxes that are being imposed to pay debt and that would otherwise be included in the calculation of the circuit breaker credit to be excluded for purposes of calculating the credit.
- If political subdivisions disagree with a final determination of the Board, they can petition the Tax Court for judicial review.

EITC

- Increases the state Earned Income Tax Credit from 6% to 9%

Little Red School House

- The Department of Education (DOE) is required to adopt administrative rules concerning guidelines for the selection of school sites and the construction, alteration, and repair of school buildings, athletic facilities, and other categories of facilities related to the operation and administration of school corporations.

- School corporations must consider the guidelines and to submit proposed plans and specifications to the DOE, the DOE must then provide written recommendations to the school corporation, including findings as to any major differences between the plans and specifications and the guidelines.
- School corporations must have a public hearing on the plans and specifications, and the DOE must establish a central clearinghouse containing prototype designs for school facilities.

Local Budget Review

- In counties other than Marion County, if the percentage increase in the proposed budget for a civil taxing unit with an unelected governing body for the ensuing calendar year is greater than the growth allowed under the assessed value growth quotient (formerly the threshold was more than 5% over the levy), the governing body of the civil taxing unit must submit its proposed budget and property tax levy for approval by the county fiscal body or municipal fiscal body.
- Budgets, levies and bond issues for taxing units in Marion County with an unelected board must be approved by the city-county council.
- Requires civil taxing units to submit estimated tax rates and a proposed budget to the county fiscal body, which will issue a non-binding recommendation in response.

Local Spending Controls

- Eliminates county project review boards.
- Eliminates excess levy appeals and four maximum levy exceptions.
- Transfers general appeal for lack of adequate funds to carry out government functions from the county board to the DLGF.
- An appeal must be due to a natural disaster, accident, or other unanticipated emergency.

LOIT

- Currently, in addition to CAGIT, COIT and CEDIT, there are three LOIT options available. The three LOITs are for levy replacement (1% max), property tax relief (1% max), and public safety (.25% max or .5% max in Marion Co.) In 2007, 14 counties adopted one or more of the LOITs.
- Under the Act, a county may adopt the public safety LOIT if the combined LOIT rate for levy replacement and property tax relief is at least .25%.
- Political subdivisions will be allowed to continue to receive LOIT allocations that would otherwise be lost as a result of the elimination of levies.
- Counties can decide each year to reallocate LOIT revenue adopted for tax relief among homesteads, residential property and broad-based property tax relief.

Renter's Deduction

- Increases the renter's deduction from \$2,500 to \$3,000

Standard Deduction Changes

- Changes the standard deduction to the lesser of \$45K or 60% of the homestead's gross AV beginning in 2009.
- DLGF must adopt rules to prevent married couples from claiming more than one standard deduction.

TIF and Local Debt

- Deletes requirement that TIF obligations are subject to petition and remonstrance proceedings.
- Changes the maximum term for property tax-backed obligations to 25 years.
- Allows a TIF shortfall resulting from state law or DLGF action to be circumvented by a special assessment on property within the allocation district; but the legislative body that established the TIF district must review any such action.
- With respect to any type of bond backed by property taxes, a local issuing body is prohibited from:
 - The issuance of refinancing bonds that have a repayment date beyond the maximum terms of the bonds being refunded.
 - Using savings from a refunding for any purpose other than funding a reserve, reducing levies, or reducing outstanding debt.
- Certain decisions concerning TIF allocation areas are to be made by the legislative or fiscal body of the city, town or county, instead of the redevelopment commission.

Amendments offered to HEA 1001

Amendment # 1 provides that if a township assessor determines that the township assessor has made an error concerning: (1) the assessed valuation of property; (2) the name of a taxpayer; or (3) the description of property; in an assessment, the township assessor shall on the township assessor's own initiative correct the error. The amendment provides that if such a correction results in a reduction in an assessment, the taxpayer is entitled to a credit on the taxpayer's next tax installment. (Zakas, VV, Prevailed)

Amendment # 2 allows a county fiscal body to adopt an ordinance that gives taxpayers the option of paying one or more property tax installments via an automatic monthly deduction from a checking account, or regular monthly payments (Tallian, VV, Prevailed)

Amendment # 3 proposed a property tax relief alternative through granting a 100% homestead credit. The homestead credits would have been funded by increases in the sales tax (from 6% to 7%) and the state income tax (from 3.4% to 5%). The amendment also would have established a county government security trust fund to replace revenue lost by political subdivisions due to the granting of the homestead credits. It also would have established a residential renter's credit. (Hume, RC #241, 15-28, defeated)

Amendment # 4 would have limited the property tax caps to homesteads at 1%. (Mrvan, RC #243, 15-28, defeated)

Amendment # 8 provides that in counties other than Marion County, if the percentage increase in the proposed budget for a civil taxing unit with an unelected governing body for the ensuing calendar year is greater than the growth allowed under the assessed value growth quotient, the governing body of the civil taxing unit must submit its proposed budget and property tax levy for approval by the county fiscal body or municipal fiscal body. (Kenley, VV, Prevailed)

Amendment # 9 provides that the exemptions from the property tax levy limits for certain taxes to fund a community mental health center or community mental retardation and other developmental disabilities center do not apply to a civil taxing unit that did not fund a community mental health center or community mental retardation and other developmental disabilities center in 2008

The amendment provides that a county auditor may not grant an individual or a married couple a standard deduction if the individual or married couple, for the same year, claims the deduction on two or more different applications for the deduction and the applications claim the deduction for different property.

The amendment specifies that property taxes imposed after being approved by the voters in a referendum, and property taxes imposed to pay debt service before July 1, 2008 shall not be considered for purposes of calculating the property tax caps.

The amendment provides that for property taxes first due and payable in 2009, a person's property tax liability will be capped as follows: (1) homestead property at 1.5%; (2) residential property at 2.5%; (3) agricultural land at 2.5%; (4) long-term care property at 2.5%; (5) non-residential real property at 3.5%; or (6) personal property at 3.5%; of the gross assessed value of the property.

The amendment requires the Department of State Revenue and the Office of Management and Budget to develop reports related to local option income taxes (LOIT).

The amendment provides that a taxpayer that owns an industrial plant located in Jasper County is ineligible for a local property tax replacement credit against the property taxes due on the industrial plant if the assessed value of the industrial plant as of March 1, 2006, exceeds 20% of the total assessed value of all taxable property in the county on that date.

The amendment provides for a grant in 2009 and 2010 to replace a portion of the revenue lost to a school corporation from the application of the property tax caps.

Debt backed by property taxes issued after June 30, 2008 can't exceed 25 years.

Beginning in 2009, the state pension relief fund must pay each unit of local government the total amount of pension, disability, and survivor benefit payments from the old police and firefighter funds by the unit. It also makes an appropriation to the pension relief fund.

The amendment provides an additional supplemental standard deduction for homesteads.

The amendment provides additional homestead credits in 2008 of \$620,000,000.

The amendment requires a transfer of \$25M from the State General Fund to the State Tuition Reserve Fund in 2008 and 2009.

The amendment appropriates \$10M to the Department of Education from the State General Fund for the 2009 state fiscal year to make new facility adjustment distributions that are approved by the Department of Local Government Finance. (Kenley, VV, Prevailed)

Amendment # 15 would have required the state to make an appropriation to replace 95% of revenue loss to school corporations due to the property tax caps. (Brodén, RC #244, 16-27, defeated)

Amendment # 16 proposed an alternative property tax relief model based on a taxpayer's income rather than the value of their home. The plan would have established a range of homestead credit percentages from 40% to 90% based on adjusted gross income. It also would have increased the renter's deduction from \$2,500 to \$5,000 and the state earned income tax credit from 6% to 9%. The plan would have been funded by an increase in the sales tax (from 6% to 7%) and assumed a ½ % local option income tax. (Simpson, RC #240, 16-30, defeated)

Amendment # 17 would have removed references to township assessors throughout the Indiana Code. The amendment would have given county councils the power to remove a county assessor from office if the DLGF reports that the assessor isn't adequately performing his or her duties. (Lubbers, RC #239, 23-23, defeated)

Amendment # 19 requires that after 6/30/08, any person running for the office of township trustee with assessing duties must have a Level II assessor-appraiser certification prior to taking office. If a person wins the election, but doesn't attain the Level II certification before taking office, they are prohibited from performing any assessing duties.

The amendment allows a county legislative body to adopt an ordinance authorizing a township referendum to determine whether a township assessor's duties should be transferred to the county assessor. It also allows a referendum to transfer duties back to the township assessor. (Landske, RC #242, 24-20, prevailed)

Amendment # 20 requires the DLGF to report to the Commission on State Tax and Financing Policy before 8/1/08 concerning the possibility of eliminating the current method of assessing and valuing property for taxation purposes and the use of alternative methods. The amendment specifically requires the DLGF to report three options for alternative methods of valuing property for the purposes of taxation. It also requires the Commission to study the information reported and issues findings and recommendations to the Legislative Council before 11/1/08. (Miller, VV, Prevailed)

Amendment # 21 adds the Health and Hospital Corporation of Marion County and any other taxing unit that (1) has the power to impose property taxes; and (2) has a governing body that is not comprised of a majority of officials who are elected to serve on the county governing body to the list of entities whose proposed operating and maintenance budgets and tax levies the city-county legislative body is required to review and adopt. (Miller, VV, Prevailed)

Amendment # 22 (a) A special meeting may be held by the legislative body if the executive, the chairman of the legislative body, or a majority of the members of the legislative body issue a written notice of the meeting to each member of the legislative body. The notice must state the time, place, and purpose of the meeting. (b) The legislative body may consider any matter at a special meeting. However, the only matters that may be acted on at the special meeting are the matters set forth in the notice.

At any special meeting, if two (2) or more members give their consent, the legislative body may determine whether there is a need for fire and emergency services or another emergency requiring the expenditure of money not included in the township's budget estimates and levy.

In determining whether a fire and emergency services need exists requiring the expenditure of money not included in the township's budget estimates and levy, the legislative body and any reviewing authority considering the approval of the additional borrowing shall consider the following factors:

If the legislative body finds that an emergency requires the borrowing of money to meet the township's current expenses, it may take out temporary loans in an amount not more than eighty percent (80%) of the total anticipated revenue for the remainder of the year in which the loans are taken out. (Merritt, VV, Prevailed)

This Act retroactively extended the deadline for filing a homestead credit and other deductions (mortgage, elderly, blind, disabled, disabled veteran, WWI veteran and spouse, solar energy, and wind-powered device deductions as well as the homestead standard deduction) for taxes first due and payable in 2008. To give local governments more time to adopt local option income taxes (LOIT) for freezing levy growth, public safety, and/or property tax relief, the deadline for adoption was extended to December 31, 2007. The law requires that the additional 2008 homestead credit must be applied before the application of any local property tax replacement credits or increases in the homestead credit percentage that are funded by the LOIT for property tax relief. The Act provides that a taxpayer is not required to have a property appraisal conducted in order to appeal a property assessment. The Act authorizes the Department of Local Government Finance (DLGF) and local governments to take certain actions related to property taxes first due and payable in 2007. Finally, the Act states that in the event of an insufficient balance in the Property Tax Reduction Trust Fund when the spring installment of the additional 2008 homestead credit is paid, the Auditor of State shall transfer the amount necessary from the state General Fund. (3rd Rdg., RC #4, 47-1)

This Act was passed by the General Assembly on Organization Day in November of 2007 and signed into law by the Governor soon after.

HEA 1164 PROPERTY TAX DEDUCTION FOR MODEL RESIDENCES

Author(s): HERRELL, BORROR, BUCK

Sponsor(s): KENLEY, LEWIS

Citations Affected: IC 6-1.1-12.6

For taxes payable in 2010 and after, this Act grants a property tax deduction to owners of model homes used for display or demonstration purposes if the homes have never been used as a principal residence. For the purposes of this Act, an owner may also include a syndicate, an affiliated group, or a limited liability company that is treated as a partnership for federal income tax purposes. It does not include a corporation, a trust or an estate. A residence that is used solely as the owner's regular office space may not qualify for the deduction; however, property such as garages used to store or display promotional material, or used to meet with prospective clients do qualify for the deduction. The deduction does not apply to the land on which the home is built.

The deduction lasts for four consecutive years. In the first year, the Act assumes that the residence would be partially assessed and grants a 50% deduction of the partially assessed value. In the following three years, the Act assumes that the model would be fully assessed and grants a 50% deduction of this fully assessed value. If, within the four year period, the residence is sold between March 2nd and December 31st of the current year, the deduction ends unless the residence is sold to another taxpayer who also uses it as a model home. Sales Disclosure Form Changes – Under current law, sales disclosure forms and conveyance documents are used to record the sale or transfer of real property. These documents are filed with the county auditor after being reviewed by the county assessor. This Act makes several changes pertaining to the use of these documents:

- The definition of a conveyance is extended to include a transfer of real property to a charity.
- Includes documents as a result of a foreclosure, divorce, court order, condemnation, or probate as part of the definition of a “conveyance document.”
- Stipulates that the sales disclosure form is considered accurate and complete even if it includes additional information other than that required by the DLGF.
- Formalizes the filing fee at \$10, but exempts transfers to charities, and transfers occurring because of a foreclosure, divorce, court order, condemnation or probate.
- Requires a separate sales disclosure form for each parcel conveyed even if the conveyance document covers multiple parcels. However, only one form is required if the parcels are contiguous. The sales disclosure form must include the key number of the parcel subject to conveyance, the address if the parcel is improved, a legal description of the parcel, and an estimate of the value of any personal property included in the transfer.
- If there are more than two parties to a transaction, one party signing for each side is sufficient. Increasing the penalty for willfully falsifying a sales disclosure form from a Class A misdemeanor to a Class C felony. An individual is considered to have willfully falsified a document if he does not correct the error within 30 days of being notified.
- Only sales disclosure forms approved by the county assessor may be filed. Individuals may use either a paper or an electronic form when applying for the homestead credit and other property tax deductions.

Homeowner Deduction Application Changes

HEA 1293 allows for filing of statements to claim the homestead credit and property tax deductions any time during a calendar year with respect to real property, or any time during the designated 12 month filing period with respect to mobile homes and manufactured homes not assessed as real property. It provides that a taxpayer that files for the homestead credit or a property tax deduction must be the owner or contract buyer

only on the filing date, and not on the assessment date to which the credit or deduction applies.

The Act provides that regardless of a change of ownership, the homestead credit or a property tax deduction applies automatically in a year if: (1) the credit or deduction applied in the immediately preceding year; and (2) the current title holder or contract buyer is eligible for the credit or deduction. The Act allows a county auditor to reduce the assessed value used to set tax rates to take into account deductions resulting from applications filed late in the year. The Act provides that changes in information reported by the county auditor to political subdivisions resulting from applications filed late in the year do not result in withholding of property tax replacement revenue by the state. Finally, the Act requires the Department of Local Government Finance to adopt rules to establish guidelines to enforce the application of the homestead credit only to an individual's principal place of residence.

Property Maintenance Area Tax Credit

HEA 1293 provides that a municipality may adopt an ordinance establishing a property maintenance area (PMA) and provide grants to individuals that receive a certification from the municipality for property maintenance performed within the PMA.

Amended Property Tax Returns

HEA 1293 allows certain taxpayers to claim interstate commerce exemptions for certain inventory for the 2004, 2005, and 2006 assessment dates by filing amended returns before March 1, 2008.

SEA 208 TAX PAYMENTS

Author(s): KENLEY, TALLIAN, LANANE, LANDSKE, ROGERS

Sponsor(s): HARRIS, CANDELARIA-REARDON

Citations Affected: IC 6-1.1

This Act allows a county after June 30, 2009, to authorize county taxpayers to pay property taxes by automatic deduction from a checking account. The Act provides that after June 30, 2009, a county council may authorize the payment of property taxes by a monthly installment plan (in addition to the option of authorizing payments by automatic deductions from a checking account).

The Act specifies that in the case of a taxpayer that pays property taxes by automatic deductions, the payment is deducted from the taxpayer's checking account on a date chosen by the taxpayer. The Act specifies that if a taxpayer makes automatic monthly deductions or monthly installments of property taxes in the amount determined by the county treasurer, the taxpayer's property tax payments shall not be considered delinquent and the taxpayer is not subject to penalties. SEA 233 STEAMLINED SALES TAX CONFORMITY

Author(s): KENLEY

Sponsor(s): WELCH, TURNER

Citations Affected: IC 6-2.5

This Act adds definitions of the following terms from the Streamlined Sales and Use Tax Agreement (SSUTA) to the Sales and Use Tax statutes:

- (1) "digital audiovisual works"
- (2) "digital audio works"
- (3) "digital books"
- (4) "specified digital products."

The Act also amends the definition of "durable medical equipment" to conform with the SSUTA. This Act extends the date when sales of floral products will be sourced to the location of the floral business that takes a floral order from a purchaser, to conform with the SSUTA to January 1, 2010.

The Act provides that a person who transfers specified digital products to an end user with a grant of permanent use is a retail merchant making a retail transaction. (3rd Rdg., RC #81, 48-0)

SJR 1 PROPERTY TAXES

Property tax caps

- Starting with property taxes payable in 2012 and after, the General Assembly is required to cap a taxpayer's property tax liability as follows:
 - (1) 1% of the gross assessed value of homestead property;
 - (2) 2% of the gross assessed value of other residential property;
 - (3) 2% of the gross assessed value of agricultural land;
 - (4) 3% of the gross assessed value of other real property; and
 - (5) 3% of the gross assessed value of personal property.

Impact of referenda on caps

- The amendment specifies that property taxes approved by voter referendum will not be included in calculating property tax caps.

Debt exception

- For counties that expect to lose at least 20% of aggregate property tax revenues in 2010 (Lake and St. Joseph), all debt and lease obligations entered into before July 1, 2008 will not be considered in calculating property tax liability. This provision becomes obsolete in 2020.

Exemptions

- Permits the exemption of a mobile home used as a homestead to the same extent as real property
 - (1) Specifies that an exemption may be granted in the form of a deduction or credit.
 - (2) Specifies reasonable filing requirements to obtain the exemption, deduction, or credit.

This proposed amendment has not been previously agreed to by a General Assembly, so it must also be approved by the General Assembly in 2009 or 2010 before it can go to the public for a vote. Only if two consecutive General Assemblies and the public votes in support of this amendment will it go into effect.

Citations Affected: IC 8-23-5-9

SEA 31 requires INDOT to conduct a public hearing in at least one county in which a right-of-way is located and publish notice of the meeting in two newspapers of the county, if available, where the meeting is conducted. If the locations and widths of the additions are established, INDOT has to provide a map of the property to be acquired and then, once approved at the public meeting, record the approval and the map with the recorder in each county in which property is to be acquired. INDOT also must announce the recording in each county where the approval and map are recorded.

Further, the Act requires INDOT to notify the owner of property that will be entered by an INDOT employee or representative about the owner's right to compensation and the procedure to obtain compensation for damage caused, including contact information for a person or office within INDOT to which the owner may direct questions. INDOT must pay any compensation awarded within 60 days of an agreement for compensation or a court order.

The Act specifies that the fair market value for purchased property is the date of purchase, while the fair market value for property acquired by eminent domain is determined on the date the complaint in condemnation is filed. For agricultural land, the fair market price is determined under IC 32-24-1 concerning eminent domain. (CCR#1, RC #326, 47-0)

SEA 339 repeals and relocates provisions concerning the licensing of commercial driver training schools and instructors, and transfers responsibility and funding from the BMV to the Indiana Criminal Justice Institute.

Under the act, a person who engages in the business of selling at least 12 off-road vehicles to the general public each year for delivery in Indiana must secure a dealer's license from the Secretary of State, repealing existing language that exempted these dealers.

The act removes the requirement that the daily deposit of motor vehicle excise taxes collected by the BMV be deposited in a separate account. It also authorizes the BMV to determine the registration schedule for various categories of vehicles and repeals outdated language concerning registration schedules for certain vehicles.

The act further provides that under certain circumstances, certain motor vehicles titled outside of Indiana do not need an inspection for an Indiana title to be issued. (CCR#1, RC #353, 43-4)

HEA 1052 MOTORISTS DUTIES AT ACCIDENT SCENES AND OPERATING WHILE INTOXICATED OFFENSES

Author(s): NEESE, HOY, THOMPSON

Sponsor(s): RIEGSECKER, LANANE

Citations Affected: IC 9-26-1

HEA 1052 provides that the law requiring a driver involved in an accident to stop at the accident scene, notify the appropriate law enforcement agency, and render reasonable assistance applies if the accident results in the entrapment of a person in a vehicle. Under

current law, the law applies only if the accident results in the injury or death of a person. If the driver is physically incapable of notifying the appropriate law enforcement agency or rendering reasonable assistance, the duty to notify or to render reasonable assistance is imposed on a passenger in the driver's vehicle if the passenger is at least 18 years of age or is at least 15 years of age and holds a learner's permit or driver's license.

The act specifies that a person who knowingly, intentionally, or recklessly violates the law requiring a driver or a passenger to take certain actions at the scene of an accident commits a Class C misdemeanor. A passenger who fails to act in accordance under these circumstances commits a Class C misdemeanor. Under the act, a passenger is immune from civil liability for providing emergency care. An examination for a learner's permit will now include content to test the applicant's knowledge of the duty to stop and provide assistance.

Further, the act provides that felony resisting law enforcement and operating while intoxicated (OWI) causing serious bodily injury are crimes of violence. It makes OWI committed by a person with a previous conviction for OWI causing death, serious bodily injury, or with a minor in the vehicle a Class C felony. The Act also makes leaving the scene of an accident after committing operating while intoxicated causing serious bodily injury a Class B felony.

Under the act, a court is permitted to require a license suspension imposed as the result of a conviction for operating while intoxicated to be imposed before or after, or both before and after, any period of incarceration. (CCR#2, RC #355, 42-5)

SEA 226 provides that a municipality that seeks to sell or dispose of nonsurplus municipally owned utility property must adopt an ordinance appointing three Indiana residents to serve as appraisers, as follows: (1) one disinterested person who is a licensed engineer; (2) one disinterested person who is a licensed appraiser; and (3) one disinterested person who is either a licensed engineer or a licensed appraiser. (Current law provides for the appointment of one disinterested freeholder who is a resident of the municipality and two disinterested licensed appraisers). The act eliminates the requirement that one of the licensed appraisers must reside not more than 50 miles from the property.

The act provides that if the municipality decides to proceed with the sale or disposition after the return of the appraisal, the municipality shall, not later than 45 days after the return of the appraisal, hold a public hearing to do the following: (1) review and explain the appraisal; (2) receive public comment on the proposed sale or disposition; and (3) adopt an ordinance for the sale or disposition. (Current law: (1) requires the municipality to publish notice of a hearing on the ordinance not later than 15 days after the return of the appraisal; and (2) prohibits the municipality from holding the hearing until 30 days after the notice is given.)

The act provides that the municipality is not required to adopt an ordinance if, after the hearing, the municipality determines it is not in the interest of the municipality to proceed with the sale or disposition. It allows a municipality to proceed to sell or dispose of the property if: (1) the municipality adopts an ordinance providing for the sale or disposition; and (2) a petition opposing the sale or disposition is not filed within 30 days after the notice of hearing. (Current law provides that a municipality shall proceed to sell or dispose of the property if a petition is not filed within the 30 day period.)

The act provides that a municipal utility may not issue bonds, notes, or other obligations without the approval of the Utility Regulatory Commission (IURC) if the bonds, notes, or other obligations are payable more than 12 months after their execution. (Current law requires the IURC to approve any bond issue of a municipal utility.)

The act specifies that a landlord that distributes water or sewage disposal service from a public or municipally owned utility to one or more dwelling units is not a public utility solely by reason of engaging in such activity if: (1) the landlord bills tenants separately from rent for the services distributed; (2) the total charge for the services is not more than what the landlord paid the utility for the same services, less the landlord's own use; and (3) the landlord provides the tenant with a written disclosure that meets specified requirements. It provides that a complaint may be filed with the IURC alleging that a landlord is acting as a public utility. Finally, the act requires the IURC to: (1) consider the complaint; and (2) if the IURC considers it to be necessary, enter an order requiring a billing adjustment. (Concurrence, RC# 332, 44-0)

Citations Affected: IC 10-13-7

HEA 1204 establishes the Emergency Alert System Advisory Committee to develop, update and monitor the effectiveness of the state emergency alert system plan; make recommendations concerning the acquisition of appropriate technology and equipment to make the emergency notification system effective on a timely basis in all parts of Indiana, and through the State Police Department, purchase appropriate technology and equipment to equip local primary relaying stations with monitoring equipment.

The act provides that the wireline enhanced emergency telephone system fee applies to interconnected voice over Internet protocol (VoIP) service. It requires the State Board of Accounts to audit, not later than November 1, 2008, the expenditures of wireline and wireless enhanced 911 fees made by local units and public safety answering points (PSAPs) during the 2005, 2006, and 2007 calendar years. Beginning with the 2008 calendar year, the act requires the State Board of Accounts to annually audit the expenditures of wireline and wireless enhanced 911 fees made during the immediately preceding calendar year by local units and PSAPs. It provides that after December 31, 2014, a county may not contain more than two PSAPs, and provides that a county may have more than two PSAPs if any additional PSAPs are operated by a state educational institution or by an airport authority established for a county having a consolidated city.

The act provides that if, on March 15, 2008, a county does not contain more than one PSAP, an additional PSAP may not be established or operated in the county on or after that date unless the additional PSAP is established and operated by: (1) a state educational institution; (2) an airport authority established for a county having a consolidated city; or (3) the municipality having the largest population in the county or an agency of that municipality.

The act further requires each PSAP operator in a county containing more than the authorized number of PSAPs to enter, not later than January 1, 2015, into an interlocal agreement with every other PSAP operator in the county to ensure that the county does not contain more than the authorized number of PSAPs after December 31, 2014.

The act provides that a unit may not adopt an ordinance to increase a wireline enhanced emergency telephone system fee during the period beginning March 15, 2008, and ending at such time that the applicable county has complied with the requirement limiting the number of PSAPs in each county.

In conclusion, the act requires the Regulatory Flexibility Committee to study the appropriate mechanisms for funding both wireline and wireless enhanced emergency telephone systems in Indiana. It requires the Wireless Enhanced 911 Advisory Board to submit the three most recent audits of the wireless emergency telephone system fund to

the committee not later than September 1, 2008. Finally, it requires the committee to submit a report on any recommendations to the Legislative Council not later than December 1, 2008. (CCR #1, RC #359, 47-0)
