2010 Technology Sub-Grants

Funding for the 2010 LSTA Technology sub-grant program was increased to \$225,000 to aid public libraries working to meet upcoming Public Library Standards for technology. The Indiana State Library received 43 applications for Technology sub-grants, requesting more than \$328,000 in LSTA funds.

Thirty libraries received grants, for a total award of over \$225,000. The awards were distributed among 26 public libraries, two academic libraries, and two school media centers. Projects ranged from adding public access computers to meet technology standards to developing mobile laptop classrooms for computer skills training.
