

EVERGREEN INDIANA UPGRADE

EVERGREEN
INDIANA
OPEN SOURCE INTEGRATED LIBRARY SYSTEM
IN PARTNERSHIP WITH THE INDIANA STATE LIBRARY

FRIDAY, DECEMBER 9—SUNDAY, DECEMBER 11

Upgrading software is a best practice that takes into account the latest and most effective security settings, increased functionality, and the most current version of the system. As such, we and the entire Evergreen Indiana consortium will be upgrading to Evergreen 2.1 beginning at 8:00 AM (EST) on Friday, December 9 until Sunday, December 11 at 8:00 PM (EST).

INSTRUCTIONS FOR THE UPGRADE

1. The 2.1.0 staff client will need to be downloaded sometime before the upgrade begins. So plan on downloading the new staff client before Thursday, December 8. The link to the current staff client will be provided on the listservs Monday, December 5.
2. Beginning on Friday, December 9 at 8am, please run in standalone mode or checkout on paper until you are notified that the upgrade is complete via the Evergreen listservs. **Remember: Do not check-in or register new patrons in the standalone mode.**
3. After you receive notice that the upgrade is finished, staff should log into staff client 2.1 and upload the offline transactions.
4. Please note that while the servers are down for the upgrade & libraries are operating offline, the SIP connections (for OverDrive, PC Reservation, etc.) will also be down.
5. If you choose, please plan to uninstall 2.0.4 from staff computers beginning the week of December 19.

We apologize for this temporary inconvenience and look forward to providing you an improved Evergreen Indiana experience.
