Dear Ms. Jensen:

Pursuant to IC 4-22-2-28, the Indiana Economic Development Corporation ("IEDC") has reviewed the economic impact analysis for small business associated with rule changes contained in LSA Document 12-115 and proposed by the Natural Resources Commission ("NRC"). The proposed rule amends portions of 312 IAC 9 concerning regulation of deer and turkey hunting and commercial processing of deer and turkey.

The economic impact statement prepared by the NRC indicates that there are 140 commercial processors in Indiana that could be classified as small businesses. The NRC estimates that the administrative burden associated with the proposed rule could result in as much as \$50.00 per year (5 hours per year at \$10.00 per hour) for each business to complete and submit log sheets and records.

The IEDC does not object to the economic impact to small businesses associated with the proposed rule. If you have any questions about the comments contained herein please contact me at 234-3997 or [eshields@iedc.in.gov](mailto:eshields@iedc.in.gov).
