

STATE OF INDIANA

INDIANA UTILITY REGULATORY COMMISSION

SANI TECH, INC. APPLICATION FOR )  
SMALL UTILITY RATE CHANGE )

CAUSE NO. 43793-U

INDIANA OFFICE OF UTILITY CONSUMER COUNSLEOR'S REQUEST FOR  
A PUBLIC FIELD HEARING PURSUANT TO INDIANA CODE 8-1-2-61.5

The Indiana Office of Utility Consumer Counselor (OUCC) requests that the Indiana Utility Regulatory Commission schedule a public field hearing in this Cause at the Commission's earliest convenience. In support of this request, the OUCC states the following:

1. On September 24, 2009, Sani Tech, Inc. ("Applicant" or "Sani-tech") filed its application for rate increase. The IURC determined the application to be complete on November 10, 2009. Therefore, the OUCC is currently due to file its report on or before February 8, 2010.

2. Sani Tech filed its rate request pursuant to I.C. 8-1-2-61.5. This section states that the Commission may grant a rate increase without a formal hearing to a public or municipal utility that serves 5,000 or less consumers unless the Commission orders a hearing upon its own or the OUCC's motion, or upon the request of ten (10) or more complainants.

3. Since Petitioner's filing, the OUCC has received correspondence indicating opposition to Petitioner's proposed increase. (Attached) The OUCC believes that at this time the correspondence should be considered requests for a public field hearing. Consequently, the OUCC requests that the Commission

continue to treat this matter under its small utility filing rules but hold a public field hearing to receive public comments.

4. In the event that the Commission grants this request and schedules a field hearing later than twenty-one before February 8, 2010, the OUCC further requests it be granted an extension of twenty-one (21) calendar days after the field hearing to file its report. This will give the OUCC an opportunity to investigate any new issues raised at the field hearing and incorporate any facts into its report.

WHEREFORE, the Indiana Office of Utility Consumer Counselor requests that the Commission schedule a public field hearing to receive public comment and further, that if said field hearing be held within 21 days prior to February 8, 2010, that the OUCC be permitted to file its report not later than 21 days after the date of the field hearing.

Respectfully Submitted,

Daniel M. Le Vay  
Deputy Consumer Counselor

Dear Secretary URC

This letter is to request a formal public hearing on the proposed sewer rate increase to customers of Lavin Tech Inc. in Rolling Vista Estates in Mooresville Indiana. This is an outrageous request, the sewer rates are already an exorbitantly high and an additional increase would be a "legal theft!"

Re: Sani Tech, Inc. Rate Increase

Our neighborhood's sewer company, Sani Tech, has recently filed their appropriate paperwork in order to apply for a rate increase. This letter's purpose is to voice my family's opposition to the increase. We do not want to see this happen. A 27% increase would take our monthly bill to \$88.90. This does not mirror the same bills for our community. We would like for there to be a formal public hearing to attempt to reconcile this increase proposal.

Sincerely,

*Rozanne Samples

Indiana Utility Regulatory Commission Secretary  
National City Center  
101 W. Washington Street  
Suite 1500E  
Indianapolis, IN 46204

This past week, we received notice that Sani Tech, Inc. has filed an application to increase our sewer rates approximately 27%. (See enclosure) The purpose of this letter is to state our objection to this increase. Our neighborhood rates are already extremely high, and significantly higher than nearby comparable communities. A 27% increase would not only make this unaffordable, but is out of line with standard cost of living percentage adjustments. Considering many people right now are either experiencing wage freezes, temporary layoffs, or have lost their jobs entirely, the timing of this could not be worse. We believe a public hearing on this matter is appropriate and would be beneficial to resolve the situation – unless Sani Tech would decide to rescind their application for increase.

Sincerely,

  
Jeffrey A. Lawson

CUSTOMERS OF Sani Tech, Inc.

In Re: Proposed Wastewater Rate Increase

Dear Sewer Customer:

The purpose of this letter is to notify you that Sani Tech, Inc. did on September 24, 2009, file an application with the Indiana Utility Regulatory Commission (IURC), Cause No. 43793, to increase the sewer rate charged to customers of Sani Tech, Inc..

This application was filed pursuant to Ind. Code 8-1-2-61.5 without the necessary cost of a IURC hearing: however a public hearing by the IURC may be held if any public or municipal corporation, ten (10) individuals, firms, corporations or associations or ten (10) complainants of all or any of these classes affected by the proposed rate change requests a formal public hearing by filing a written, signed request with the Secretary, Utility Regulatory Commission, National City Center, 101 West Washington Street, Suite 1500E, Indianapolis, IN 46204. Said request must be received by the IURC within forty (40) days after the date the application was filed with the IURC and declared complete. In addition, a public hearing may be held if the same is requested by the Indiana Office of Utility Consumer Counselor.

The proposed increase in the sewer rate requested by the application is approximately 27% and is proposed to be an "Across the Board increase".

In absence of a written request as provided herein, there likely will be no hearing conducted by the Utility Regulatory Commission on this application.

Sani Tech, Inc.

Case Number: SaniTech  
Comments: We are residents of Rolling Vista Estates in Mooresville, IN, where SaniTech is our private sewer provider.

Our current flat rate of \$70.00 per month is already above the average monthly rate for central In. residents. SaniTech has proposed a 27% increase for Rolling Vista residents. We believe this is outrageous for several reasons.

- \* Current economic conditions.
- \* My household water usage is conservative compared to other neighbors. At \$70.00 we are already overpaying our fair share, based on water usage. To increase our rate is gouging the consumer. Our sewer bill should not be raised 27%. This would raise it to \$88.90 per month.
- \* What other business gets to raise rates by 27%?

Respectfully submitted,  
Dan and Donna Hill

**Comments:** Sani Tech Inc has proposed a 27% sewer rate increase for our community dated 9-24-09. Our current monthly rate is \$70.00. I would like to request a public hearing to determine if a rate increase for our community is justified. I was one of the first to build my home in Rolling Vista twelve years ago and at that time my sewer rate was 40.00 a few years later it went up to 60.00 with the promise from the developer that as more homes were built our rates would go down. Obviously that did not happen.

Thank you for your help.

RE: Proposed Wastewater Rate Increase for  
Rolling Vista Estates residents by  
Sani Tech, Inc.

Dear Sir:

I would like to request a public hearing regarding the rate increase proposed by Sani Tech, Inc. I would like to review the data presented, that would justify a significant rate increase while some of our residents are losing income due to job losses. This does not seem like the time to ask citizens to pay more when they are struggling to just pay the current rate as well as their other utilities.

Please be so kind as to inform us about a hearing; I would like to know why Sani Tech is requesting an across the board increase of approximately 27%.

Sincerely,

Ronald Wells

RE: Sewer Increase With Sani- Tech (Rolling Vista)  
EXEMPT STATUS FOREVER PLEASE!!!!

This is a service industry, individually bidding that did not BID PROPERLY initially & the consequences are in the pocket books of the laid off. PLS. see to it this ISSUE IS RESOLVED FOREVER AS EXEMPT FOREVER FROM INCREASES. \$70+ is absolutely unbelievable, which is only 1 service bill. Allow homeowners some liberty to stay in this Estates. We personally have suffered from lay offs, along with many others in this nation. One can suffer only so long & the suffering BELONGS TO "NO" ONE FOR IT IS [TOTAL] abuse! Thank you for reconsidering this issue & exempting us from any future increases!

October 1, 2009

SUBJ: Sani-Tech Cause No. 43793

I am writing to request a formal public hearing concerning the proposed 27% sewer rate increase. This is absolutely absurd. We already pay a \$70.00 month flat fee, regardless of usage. I pay the same as a family of 10, 20 or 30 although there are only 2 adults in our residence. Sani-Tech has a monopoly on wastewater removal, so we are at their mercy. Someone must protect the consumer from this increase.

CUSTOMERS OF Sani Tech, Inc.

In Re: Proposed Wastewater Rate Increase

Dear Sewer Customer:

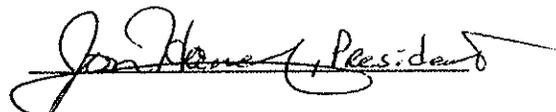

The purpose of this letter is to notify you that Sani Tech, Inc. did on September 24, 2009, file an application with the Indiana Utility Regulatory Commission (IURC), Cause No. 43793, to increase the sewer rate charged to customers of Sani Tech, Inc..

This application was filed pursuant to Ind. Code 8-1-2-61.5 without the necessary cost of a IURC hearing; however a public hearing by the IURC may be held if any public or municipal corporation, ten (10) individuals, firms, corporations or associations or ten (10) complainants of all or any of these classes affected by the proposed rate change requests a formal public hearing by filing a written, signed request with the Secretary, Utility Regulatory Commission, National City Center, 101 West Washington Street, Suite 1500E, Indianapolis, IN 46204. Said request must be received by the IURC within forty (40) days after the date the application was filed with the IURC and declared complete. In addition, a public hearing may be held if the same is requested by the Indiana Office of Utility Consumer Counselor.

The proposed increase in the sewer rate requested by the application is approximately 27% and is proposed to be an "Across the Board increase".

In absence of a written request as provided herein, there likely will be no hearing conducted by the Utility Regulatory Commission on this application.

Sani Tech, Inc.

  
Jon Handy, President

To: Secretary, Utility Regulatory Commission

Date: October 1, 2009

Re: Sani Tech, Inc. Rate Increase

RECEIVED

OCT - 9 2009

INDIANA UTILITY  
REGULATORY COMMISSION

Our neighborhood's sewer company, Sani Tech, has recently filed their appropriate paperwork in order to apply for a rate increase. This letter's purpose is to voice my family's opposition to the increase. We do not want to see this happen. A 27% increase would take our monthly bill to \$88.90. This does not mirror the same bills for our community. We would like for there to be a formal public hearing to attempt to reconcile this increase proposal.

Sincerely,

*Ralph & Felecia Wai*  
*10435 N. Vista View Pkwy.*

CAUSE # 43793 <sup>u</sup> Filed <sup>sept. 24/09</sup> Oct. 3, 2009

To the Secretary of IRC, (COMPLAINT) →

In regards to the letter from Jon Handy, president of Sani Tech, Inc. Homeowners in Rolling Vista Estates, (mooreville) will be paying \$90.00 to flush their toilets. <sup>per month</sup>

This is absolutely absurd. We have lived in the subdivision for 15 years. We were told in <sup>1995</sup> 2004/05 that the sewer price would be reduced as more homes were built.

Lie. Now the subdivision is full (2009) and they want to increase the cost. Show the homeowners some accountability for raising the monthly fee. Does Jon Handy just need a new truck? The current sewer stinks in the summer and is not keep up (visually).

I live in a 2000 sq ft. home. My highest bill in the winter for Gas is only 120<sup>00</sup> mth. Now I am suppose to pay a \$90 sewer bill. No-way. Show me some paper work. I object and demand to be notified of a public hearing. (317) 834-2075  
Thank You Kevin R. Shelley
