Patricia Casanova
Interim Director
Office of Children's Health Insurance Program

Dear Ms. Casanova:

Pursuant to IC 4-22-2-28, the Indiana Economic Development Corporation ("IEDC") has reviewed the economic impact analysis for small business associated with rule changes proposed by the Indiana Family and Social Services Administration ("FSSA") on behalf of the Office of Children's Health Insurance Program ("CHIP") and contained in LSA Document 08-932. The proposed rule amends 407 IAC 3 to remove limitations in the Children's Health Insurance Program for the coverage of inpatient mental health and substance abuse services not covered when provided in an institution for mental diseases with more than 16 beds, outpatient mental health and substance abuse services and community mental health rehabilitation services. The proposed rule would remove the limitations in CHIP coverage for case management services for mentally ill and emotionally disturbed individuals and services provided in inpatient mental health facilities with more than 16 beds.

The economic impact statement prepared by the FSSA indicates that the proposed rule does not impose any requirements, restrictions or sanctions on small businesses and has no fiscal impact, direct or collateral, on small businesses or the small business community.

The IEDC does not object to the economic impact to small businesses associated with this proposed rule. As stated above the statement provided by the FSSA indicates that there will be no impact on small business as a result of this rule.

If you have any questions about the comments contained herein please contact me at 232-8962 or rasberry@iedc.in.gov.

Regards,

Ryan Asberry
Assistant Vice President
