## INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

# TO: THE OFFICIALS OF THE FRANKLIN TOWNSHIP COMMUNITY SCHOOL CORPORATION, MARION COUNTY, INDIANA

STATE OF INDIANA

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Franklin Township Community School Corporation (School Corporation), as of and for the years ended June 30, 2005 and 2006, which collectively comprise the School Corporation's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School Corporation's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note I, the School Corporation prepares its financial statements on the prescribed basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash and investment balances of the governmental activities, each major fund, and the aggregate remaining fund information of the School Corporation as of June 30, 2005 and 2006, and the respective cash receipts and cash disbursements during the years then ended on the basis of accounting described in Note I.

In accordance with <u>Government Auditing Standards</u>, we have also issued a report dated January 24, 2007, on our consideration of the School Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. Our report on compliance and on internal control over financial reporting should be read along with this report.

## INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (Continued)

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the School Corporation taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, <u>Audits of States, Local Governments, and Non-Profit Organizations</u>, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Schedule of Funding Progress, as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The School Corporation has not presented Management's Discussion and Analysis or Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

# TO: THE OFFICIALS OF THE FRANKLIN TOWNSHIP COMMUNITY SCHOOL CORPORATION, MARION COUNTY, INDIANA

STATE OF INDIANA

We have audited the financial statements of the Franklin Township Community School Corporation (School Corporation), as of and for the years ended June 30, 2005 and 2006, and have issued our report thereon dated January 24, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

## **Compliance**

As part of obtaining reasonable assurance about whether the School Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing</u> <u>Standards</u>.

## Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School Corporation's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the School Corporation's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

## I. Summary of Significant Accounting Policies

## A. Reporting Entity

School Corporation, as used herein, shall include, but is not limited to, school townships, school towns, school cities, consolidated school corporations, joint schools, metropolitan school districts, township school districts, county schools, united schools, school districts, cooperatives, educational service centers, community schools, community school corporations, and charter schools.

The School Corporation was established under the laws of the State of Indiana. The School Corporation operates under a Board of School Trustees form of government and provides educational services.

In determining the financial reporting entity, the School Corporation complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

## Joint Ventures

The School Corporation is a participant with Beech Grove City Schools, Center Grove Community School Corporation, Clark-Pleasant Community School Corporation, Edinburg Community School Corporation, Franklin Community School Corporation, Greenwood Community School Corporation, Metropolitan School District of Perry Township, and Nineveh-Hensley-Jackson United School Corporation in a joint venture to operate Central Nine Career Center (Center) which was created to provide for the vocational education needs of their students. The Center's continued existence depends on continued funding by the School Corporation. Complete financial statements for the Center can be obtained at 1999 U.S. 31 South, Greenwood, IN, 46143.

The School Corporation is a participant with MSD Perry Township, MSD Decatur Township and Beech Grove City Schools in a joint venture to operate the Relating Individualism to Special Education (RISE) Learning Center which was created to provide special education for handicapped children. The School Corporation is obligated to remit funding based upon participation levels annually to supplement the RISE Learning Center. Complete financial statements for RISE Learning Center can be obtained from MSD Perry Township at 6548 Orinoco Ave, Indianapolis, IN, 46227.

The School Corporation is a participant with several other School Corporations in a joint venture to operate the Central Indiana Educational Services Center (CIESC) which was created to provide certain programs and services for participating school districts. The CIESC's continued existence depends on continued funding by the School Corporations. In order to participate in the CIESC, each school district is billed an amount based on each school district's student population. Complete financial statements for the CIESC can be obtained from their office at 6321 Lapas Trail, Indianapolis, IN, 46268.

B. Government-Wide and Fund Financial Statements

## Government-Wide Financial Statements

The Statement of Cash and Investments and the Statement of Cash Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. However, there are no business-type activities to report at this time.

## Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, receipts, and disbursements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. However, at this time, the School Corporation has not established any enterprise funds.

The School Corporation reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The transportation operating fund accounts for financial resources for the transportation of school children to and from school.

The rainy day fund is to account for transfers of unused and unencumbered funds in accordance with Indiana Code 36-1-8-5 and a locally adopted resolution. The fund is subject to the same appropriation process as funds that receive tax money.

The debt service fund accounts for debt from funds borrowed or advanced for the purchase or lease of school buildings, school buses, judgments against the corporation, equipment or capital construction, and interest on emergency and temporary loans.

The capital projects fund accounts for planned construction, repair, replacement or remodeling; and the purchase, lease, upgrade, maintenance, or repair of computer equipment.

The school bus replacement fund is used to account for receipts and disbursements concerning the acquisition and disposal of school buses.

The construction fund is used to account for capital outlay disbursements from receipts derived from the sale of general obligation bonds or outside sources.

Additionally, the School Corporation reports the following fund types:

The pension trust funds account for bonds and payments anticipated to be made to employees on or after the termination of employment or to pay post-retirement or severance benefits held by the School Corporation in a trustee capacity.

The private-purpose trust fund reports a trust arrangement under which principal and income benefit the academic honors students.

The agency fund accounts for assets held by the primary government as an agent for the federal government, state government, and various employee insurance companies.

## C. Measurement Focus and Basis of Accounting

The government-wide, governmental fund, and fiduciary fund financial statements are reported using the basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The cash and investment basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather then when a liability is incurred. Investment transactions are not presented on the financial statements.

If the School Corporation utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities are provided to people outside the government (enterprise funds) or other departments or agencies primarily within the government (internal service funds). The School Corporation does not have any enterprise funds.

When both restricted and unrestricted resources are available for use, the School Corporation's policy is to use restricted resources first, then unrestricted resources as they are needed.

## D. Assets and Cash and Investment Balances

1. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as interest receipts in the year of the sale of the investment.

2. Property Taxes

Property taxes levied are collected by the County Treasurer and are distributed to the School Corporation in June and in December. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which become delinquent if not paid by May 10 and November 10, respectively. All property taxes collected by the County Treasurer and available for distribution were distributed to the School Corporation on or prior to June 30 of the year collected.

- 3. Compensated Absences
  - a. Sick Leave

Certified personnel earn sick leave at the rate of 7 to 14 days per year. After the certified staff accumulate and maintain 300, they are credited with 7 days per school year. Unused sick leave may be accumulated indefinitely. Accumulated sick leave is not paid to employees upon separation.

Noncertified personnel earn sick leave at the rate of 6 to 8 days per year. Unused sick leave may be accumulated to a maximum of 80 days. Accumulated sick leave is not paid to employees upon separation.

b. Vacation Leave

Administrators on extended contracts are authorized 20 days each school year. Noncertified personnel employees earn vacation leave at rates from 5 to 18 days per year based upon the number of years of service. Vacation leave does not accumulate from year to year. Accumulated vacation leave is paid to employees upon voluntary separation.

c. Personal Leave

Certified personnel earn personal leave at the rate of 3 days per year. Noncertified personnel earn personal leave at the rate of 2 to 3 days per year. Unused personal leave may be accumulated to a maximum of five days then it accumulates as sick leave. Accumulated personal leave is not paid to employees.

2. Capital Assets

Capital assets arising from cash transactions acquired for use in governmental or proprietary fund operations are accounted for as capital outlay disbursements of the fund upon acquisition.

3. Long-Term Debt

Long-term debt arising from cash basis transactions of governmental and proprietary funds is not reported as liabilities in the basic financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as disbursements.

4. Equity Classification

#### **Government-Wide Statements**

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net assets All other net assets that do not meet the definition of "restricted."

It is the School Corporation's policy to first use restricted net assets prior to the use of unrestricted net assets when a disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

## Fund Financial Statements

Governmental fund equity is classified as fund balance.

## E. Receipts and Disbursements

1. Program Receipts

Amounts reported as program receipts include (1) charges to customers or applicants for goods, services, or privileges provided, and (2) operating grants and contributions. Internally dedicated resources are reported as general receipts rather than as program receipts. Likewise, general receipts include all taxes.

2. Operating Receipts and Disbursements

Operating receipts and disbursements for proprietary funds and the similar discretely presented component unit result from providing services and producing and delivering goods and/or services. They also include all receipts and disbursements not related to capital and related financing, noncapital financing, or investing activities.

F. Internal and Interfund Activities

In the process of aggregating the financial information for the government-wide Statement of Cash and Investments and the Statement of Cash Activities, some amounts reported as interfund activity in the fund financial statements have been eliminated or reclassified.

#### Fund Financial Statements

Interfund transfers – Flow of assets from one fund to another where repayment is not expected is reported as transfers in and out.

#### **Government-Wide Financial Statements**

Interfund activity, if any, are eliminated or reclassified in the government-wide financial statements as follows:

Internal activities – Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Cash and Investments and the Statement of Cash Activities.

## II. Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on the cash basis, which is not consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at calendar year end.

Prior to the first required publication, the fiscal officer of the School Corporation submits to the governing board a proposed operating budget for the year commencing the following July 1. Prior to adoption, the budget is advertised and public hearings are conducted by the governing board to obtain taxpayer comments. In September of each year, the governing board, through the passage of a resolution/ordinance, approves the budget for the next year. Copies of the budget resolution/ ordinance and the advertisement for funds for which property taxes are levied or highway use taxes are received are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the fiscal officer of the School Corporation receives approval of the Indiana Department of Local Government Finance.

The School Corporation's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the governing board. The Indiana Department of Local Government Finance must approve any revisions to the appropriations for any fund or any department of the General Fund. The legal level of budgetary control is by object and department within the fund for the General Fund and by object within the fund for all other budgeted funds.

## B. Disbursements in Excess of Appropriations

For the years ended June 30, 2005 and 2006, disbursements exceeded budgeted appropriations in the following funds by the amounts below:

Fund	 2004	2005			
General Rainy Day	\$ -	\$	400,814 97,569		
Debt Service Special Education Preschool	 - 31,998		486,387		
Totals	\$ 31,998	\$	984,770		

## C. Cash and Investment Balance Deficits

At June 30, 2005 and 2006, the following fund reported deficits in cash and investments, which are violations of the Uniform Compliance Guidelines as referenced in state statute:

Fund	2005			2006
Construction	¢	1 401 692	¢	1 460 524
	\$	1,491,682	\$	1,460,534
Lilly Grant/Literacy Initiative		2,250		-
Common School Fund Tech Advance		106,137		24,745
Sch Tech Advance 2005-2006		-		135,682
Title V, Part A ESEA Innovative Prog		4,928		-
Title V, Part A 2005-2006		-		10,372
Title II, Part A 2004-2005		18,817		-
Title II, Part A 2005-2006		-		20,455
RISE/Reimbursement		4,642		6,203
Retirement/Severence Bond Debt Service		22,443		18,941

Cash and investment deficits arose primarily from disbursements exceeding receipts due to the underestimate of current requirements and this deficit is to be repaid from future receipts.

## III. Detailed Notes on All Funds

- A. Deposits and Investments
  - 1. Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. At June 30, 2006, the bank balances and certificates of deposits were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

2. Investments

Authorization for investment activity is stated in Indiana Code 5-13. As of June 30, 2006, the School Corporation did not have any investments.

B. Interfund Transfers

Interfund transfers for the years ended June 30, 2005 and 2006, were as follows:

Transfer From	Transfer To		2005	2006		
Capital Projects School Bus Replacement Other governmental	Rainy Day Rainy Day Other governmental	\$	- 500,000 13,787	\$	2,164,626 - 3,432	
Totals		\$	513,787	\$	2,168,058	

The School Corporation typically uses transfers for cash flow purposes according to various statutes.

## IV. Other Information

#### A. Risk Management

The School Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

## Medical Benefits to Employees, Retirees, and Dependents

During 1991, the School Corporation joined together with other governmental entities to form the Hoosier School Benefit Trust, a public entity risk pool currently operating as a common risk management and insurance program for four member governmental entities. The purpose of the risk pool is to provide a medium for the funding and administration of medical benefits to employees, retirees and dependents. The risk pool is considered a self-sustaining risk pool that will provide coverage for its members for up to \$10,000,000 per insured event.

## B. Holding Corporation

The School Corporation has entered into capital leases with Franklin Township School Building Corporation (the lessor). The lessor was organized as a not-for-profit corporation pursuant to state statute for the purpose of financing and constructing or reconstructing facilities for lease to the School Corporation. Lease payments during the year totaled \$12,374,000.

## C. Subsequent Events

On October 23, 2006, the School Board approved an energy savings contract for up to \$1.6 million. The final contract was signed on November 13, 2006, with TAC Americas, Inc., in the amount of \$1,218,699 for the installation of an energy management system and selected mechanical equipment upgrade. The financing lease was signed on January 5, 2007, with Bank of America to be paid semi-annually over ten years beginning August 2008.

## D. Postemployment Benefits

In addition to the pension benefits described below, the School Corporation provides postemployment medical benefits, as authorized by Indiana Code 5-10-8, to all employees who retire from the School Corporation on or after attaining age 55 with at least 10 years of service. Currently, 31 retirees meet these eligibility requirements. The School Corporation and retirees provides 95% and 5%, respectively, of these postemployment benefits. Disbursements for those postemployment benefits are recognized on a pay-as-you-go basis. During the year ended June 30, 2006, disbursements of \$124,390 were recognized for postemployment benefits.

## E. Pension Plans

## 1. Agent Multiple-Employer and Single-Employer Defined Benefit Pension Plans

## Public Employees' Retirement Fund

## Plan Description

The School Corporation contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the School Corporation authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

Public Employees' Retirement Fund Harrison Building, Room 800 143 West Market Street Indianapolis, IN 46204 Ph. (317) 233-4162

## Funding Policy and Annual Pension Cost

The contribution requirements of plan members for PERF are established by the Board of Trustees of PERF. The School Corporation's annual pension cost and related information, as provided by the actuary, is presented in this note.

#### Actuarial Information for the Above Plan

## 2. Cost-Sharing Multiple-Employer Defined Benefit Pension Plan

## Teachers' Retirement Fund

## Plan Description

The School Corporation contributes to the Indiana Teachers' Retirement Fund (TRF), a defined benefit pension plan. TRF is a cost-sharing multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All employees engaged in teaching or in the supervision of teaching in the public schools of the State of Indiana are eligible to participate in TRF. State statue (IC 5-10.2) governs, through the TRF Board, most requirements of the system and gives the School Corporation authority to contribute to the plan. The TRF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The School Corporation may elect to make the contributions on behalf of the member.

TRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

Teachers' Retirement Fund 150 West Market Street Indianapolis, IN 46204 Ph. (317) 232-3860

## Funding Policy and Annual Pension Costs

The School Corporation contributes the employer's share to TRF for certified employees employed under a federally funded program and all the certified employees hired after July 1, 1995. The School Corporation currently receives partial funding, through the school funding formula,

from the State of Indiana for this contribution. The employer's share of contributions for certified personnel who are not employed under a federally funded program and were hired before July 1, 1995, is considered to be an obligation of, and is paid by, the State of Indiana.

The School Corporation contributes the plan members required 3% of their salary and the actuarially determined rate. The current rate has been actuarially determined under the entry age normal cost method to be 6.82% of covered wages. The School Corporation's required contributions to the plan for the fiscal years ended June 30, 2006, 2005, and 2004, were \$1,559,129, \$1,330,341, and \$1,164,814, respectively. The School Corporation actually contributed 100% of the required contribution for each of the fiscal years.

## Public Employees' Retirement Fund

## FRANKLIN TOWNSHIP COMMUNITY SCHOOL CORPORATION AUDIT RESULTS AND COMMENTS

## **OVERDRAWN FUND BALANCES**

The Construction Fund, Common School Technology Advancement Fund, Title V, Part A 2005/2006 Fund, Title II, Part A 2005/2006 Fund, RISE/Reimbursement Fund, and the Retirement/Severance Bond Debt Service Fund were overdrawn during the audit period.

The balance of any fund may not be reduced below zero. Routinely overdrawn funds could be an indicator of serious financial problems which should be investigated by the governmental unit. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

## **APPROPRIATIONS**

The records presented for audit indicated the following expenditures in excess of budgeted appropriations:

Fund	Years	 Excess Amount Expended
Special Education Preschool	2004	\$ 31,998
General	2005	400,814
Rainy Day	2005	97,569
Debt Service	2005	486,387

Indiana Code 6-1.1-18-4 states in part: ". . . the proper officers of a political subdivision shall appropriate funds in such a manner that the expenditures for a year do not exceed its budget for that year as finally determined under this article."

## FEDERAL AND STATE AGENCIES - COMPLIANCE REQUIREMENTS

The School Corporation did not withhold social security and Medicare from the Board members' compensation. The School Corporation did not comply with directives of Internal Revenue Service regarding the withholding, the employer match, and the remitting of social security and Medicare tax for Board Members' compensation.

Political subdivisions are required to comply with all grant agreements, rules, regulations, bulletins, directives, letters, letter rulings and filing requirements concerning reports and other procedural matters of federal and state agencies, including opinions of the Attorney General of the State of Indiana, and court decisions. Governmental units should file accurate reports required by federal and state agencies. Noncompliance may require corrective action. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

Each governmental unit is responsible for compliance with all rules, regulations, guidelines, and directives of the Internal Revenue Service and the Indiana Department of Revenue. All questions concerning taxes should be directed to these agencies. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

## FRANKLIN TOWNSHIP COMMUNITY SCHOOL CORPORATION AUDIT RESULTS AND COMMENTS (Continued)

Officials and employees have the duty to pay claims and remit taxes in a timely fashion. Failure to pay claims or remit taxes in a timely manner could be an indicator of serious financial problems which should be investigated by the governmental unit.

Additionally, officials and employees have a responsibility to perform duties in a manner which would not result in any unreasonable fees being assessed against the governmental unit.

Any penalties, interest or other charges paid by the governmental unit may be the personal obligation of the responsible official or employee.

(Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

## CERTIFIED REPORT NOT FILED

The School Corporation did not file a Certified Report of Compensation of Public Employees (Form 100-R or its equivalent) with the State Board of Accounts for the year 2004. A similar comment appeared in prior Audit Reports B16672, B20786, and B24910.

Indiana Code 5-11-13-1 states, in part: "Every ... school official . . . shall during the month of January of each year prepare, make, and sign a written or printed certified report, correctly and completely showing the names and addresses of each and all officers, employees, and agents . . . and the respective duties and compensation of each, and shall forthwith file said report in the office of the state examiner of the state board of accounts."

## TRAVEL POLICY

The School Corporation does not have a formal travel policy. A similar comment appeared in the prior Audit Report B24910.

Each governmental unit should adopt a written travel policy in conformity with applicable statutes. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

#### STUDENT FEES

The School Corporation, at the time of charging and collecting textbook rental fees, requires other fees to be paid including, but not limited to, classroom supplies and lab fees for 9<sup>th</sup> to 12<sup>th</sup> grades. The School Corporation officials could not provide documentation to verify students received consumable goods or services equal to the fee charged.

The Constitution of the State of Indiana, Article 8, Section 1 states: "Knowledge and learning, generally diffused throughout a community, being essential to the preservation of a free government; it shall be the duty of the General Assembly to encourage, by all suitable means, moral, intellectual, scientific, and agricultural improvement; and to provide, by law, for a general and uniform system of Common Schools, wherein tuition shall be without charge, and equally open to all."

Fees should only be collected as specifically authorized by statute or properly authorized resolutions or ordinances, as applicable, which are not contrary to statutory or Constitutional provisions. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

## FRANKLIN TOWNSHIP COMMUNITY SCHOOL CORPORATION AUDIT RESULTS AND COMMENTS (Continued)

## CREDIT CARD POLICY

The School Corporation and Extra-Curricular Accounts are using credit cards to purchase items without an approved credit card policy.

The State Board of Accounts will not take exception to the use of credit cards by a governmental unit provided the following criteria are observed:

- (1) The governing board must authorize credit card use through an ordinance or resolution, which has been approved in the minutes.
- (2) Issuance and use should be handled by an official or employee designated by the board.
- (3) The purposes for which the credit card may be used must be specifically stated in the ordinance or resolution.
- (4) When the purpose for which the credit card has been issued has been accomplished, the card should be returned to the custody of the responsible person.
- (5) The designated responsible official or employee should maintain an accounting system or log which would include the names of individuals requesting usage of the cards, their position, estimated amounts to be charged, fund and account numbers to be charged, date the card is issued and returned, etc.
- (6) Credit cards should not be used to bypass the accounting system. One reason that purchase orders are issued is to provide the fiscal officer with the means to encumber and track appropriations to provide the governing board and other officials with timely and accurate accounting information and monitoring of the accounting system.
- (7) Payment should not be made on the basis of a statement or a credit card slip only. Procedures for payments should be no different than for any other claim. Supporting documents such as paid bills and receipts must be available. Additionally, any interest or penalty incurred due to late filing or furnishing of documentation by an officer or employee should be the responsibility of that officer or employee.
- (8) If properly authorized, an annual fee may be paid.

(Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9) (Accounting and Uniform Compliance Guidelines Manual for Extra-Curricular Accounts, Chapter 7)

#### PRESIGNING DOCUMENTS (Applies to Wanamaker Elementary School)

Checks were signed by the Extra-Curricular Account Treasurer before the payee or dollar amount was written on the check.

Checks and receipts should be prepared timely and not signed in advance of the event or transaction. (Accounting and Uniform Compliance Guidelines Manual for Extra-Curricular Accounts, Chapter 7)

## SUPPLEMENTAL AUDIT OF

## FEDERAL AWARDS

STATE BOARD OF ACCOUNTS 302 WEST WASHINGTON STREET ROOM E418 INDIANAPOLIS, INDIANA 46204-2769

> Telephone: (317) 232-2513 Fax: (317) 232-4711 Web Site: www.in.gov/sboa

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

## TO: THE OFFICIALS OF THE FRANKLIN TOWNSHIP COMMUNITY SCHOOL CORPORATION, MARION COUNTY, INDIANA

STATE OF INDIANA

## Compliance

We have audited the compliance of the Franklin Township Community School Corporation (School Corporation) with the types of compliance requirements described in the <u>U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement</u> that are applicable to each of its major federal programs for the years ended June 30, 2005 and 2006. The School Corporation's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the School Corporation's management. Our responsibility is to express an opinion on the School Corporation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and OMB Circular A-133, <u>Audits of States, Local Governments</u>, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School Corporation's compliance with those requirements.

In our opinion, the School Corporation complied in all material respects with the requirements referred to above that are applicable to each of its major federal programs for the years ended June 30, 2005 and 2006.

## Internal Control Over Compliance

The management of the School Corporation is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the School Corporation's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 (Continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the School Corporation's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

The accompanying notes are an integral part of the Schedule of Expenditures of Federal Awards.

# FRANKLIN TOWNSHIP COMMUNITY SCHOOL CORPORATION NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

## I. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Franklin Township Community School Corporation (School Corporation) and is presented in accordance with the requirements of OMB Circular A-133, <u>Audits of States, Local Governments, and Non-Profit Organizations</u>. Accordingly, the amount of federal awards expended is based on when the activity related to the award occurs. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Circular A-133 requires an annual audit of nonfederal entities expending a total amount of federal awards equal to or in excess of \$500,000 in any fiscal year unless by constitution or statute a less frequent audit is required. In accordance with the Indiana Code (IC 5-11-1 et seq.), audits of School Corporations shall be conducted biennially. Such audits shall include both years within the biennial period.

## II. Subrecipients

Of the federal expenditures presented in the schedule, the School Corporation provided federal awards to subrecipients as follows for the years ended June 30, 2005 and 2006:

Program Title	Federal CFDA Number	2005		2006
Refugee and Entrant Assistance State Administered Programs	93.566	\$	-	\$ 1,000

#### III. Noncash Assistance

The School Corporation expended the following amount of noncash assistance for the years ending June 30, 2005 and 2006. This noncash assistance is also included in the federal expenditures presented in the schedule.

	Federal CFDA		
Program Title	Number	2005	2006
School Breakfast Program	10.553	\$ 12,874	\$ 15,426
National School Lunch Program	10.555	97,940	113,332
