INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

TO: THE OFFICIALS OF THE EVANSVILLE-VANDERBURGH AIRPORT
AUTHORITY DISTRICT, VANDERBURGH COUNTY, INDIANA

We have audited the accompanying financial statements of the business-type activities of the Evansville-Vanderburgh Airport Authority District (Airport Authority), as of and for the year ended December 31, 2006. These financial statements are the responsibility of the Airport Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Airport Authority as of December 31, 2006, and the respective changes in financial position and cash flows, where applicable, thereof and for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Schedule of Funding Progress, as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Airport Authority has not presented Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
(Continued)

In accordance with Government Auditing Standards, we have also issued our report dated March 28, 2007, on our consideration of the Airport Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. Our report on compliance and on internal control over financial reporting should be read along with this report.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the Airport Authority taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO: THE OFFICIALS OF THE EVANSVILLE-VANDERBURGH AIRPORT
AUTHORITY DISTRICT, VANDERBURGH COUNTY, INDIANA

We have audited the financial statements of the Evansville-Vanderburgh Airport Authority District (Airport Authority), as of and for the year ended December 31, 2006, and have issued our report thereon dated March 28, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Airport Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Airport Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Airport Authority's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

EVANSVILLE-VANDERBURGH AIRPORT AUTHORITY DISTRICT
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

The Airport Authority (primary government) was established pursuant to Indiana Code 19-6-3 under the authority granted by the Airport Authority Act of 1959. The Airport Authority is governed by a Board of Trustees, three of which are appointed by the Mayor of the City of Evansville and two of which are appointed by the Board of County Commissioners of Vanderburgh County. The Airport Authority was established for the general purpose of acquiring, maintaining, operating and financing the airport and landing fields in Vanderburgh County, IN (County).

The accompanying financial statements present the activities of the Airport Authority. The Airport Authority is fiscally dependent on the County, which approves and can modify the Airport Authority's annual budget. For this reason, the Airport Authority is considered a component unit of Vanderburgh County.

B. Fund Financial Statements

Business-type activity financial statements consist of the Statement of Net Assets; Statement of Revenues, Expenses, and Other Changes in Fund Net Assets; and the Statement of Cash Flows. Business-type activities rely to a significant extent on fees and charges for support.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounts of the business-type activity are maintained and the financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when incurred.

Proprietary funds distinguish operating revenues from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, Liabilities and Net Assets or Equity

1. Deposits and Investments

The Airport Authority's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statute (IC 5-13-9) authorizes the Airport Authority to invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

EVANSVILLE-VANDERBURGH AIRPORT AUTHORITY DISTRICT
NOTES TO FINANCIAL STATEMENTS
(Continued)

Nonparticipating certificates of deposit, demand deposits and similar nonparticipating negotiable instruments that are not reported as cash and cash equivalents are reported as investments at cost.

Debt securities are reported at fair value. Debt securities are defined as securities backed by the full faith and credit of the United States Treasury or fully insured or guaranteed by the United States or any United States government agency.

Open-end mutual funds are reported at fair value.

Money market investments that mature within one year or less at the date of their acquisition are reported at amortized cost. Other money market investments are reported at fair value.

Investment income, including changes in the fair value of investments, is reported as revenue in the operating statement.

2. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

3. Restricted Assets

Certain proceeds of the enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net assets balance sheet because their use is limited by applicable governing body action.

4. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the financial statements.

Capital assets are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Contributed or donated assets are reported at estimated fair value at the time received.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods and estimated useful lives of capital assets are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Buildings	\$ 5,000	Straight-line	10 to 40 years
Improvements other than buildings	5,000	Straight-line	10 to 20 years
Runways, taxiways and ramps	5,000	Straight-line	10 years
Machinery and equipment	1,000	Straight-line	5 to 10 years

Depreciation recognized on property and equipment acquired or constructed from grant revenue restricted for capital acquisitions is charged against contributed capital. This change is effected by transferring the applicable depreciation to retained earnings and has no effect on net income.

EVANSVILLE-VANDERBURGH AIRPORT AUTHORITY DISTRICT
NOTES TO FINANCIAL STATEMENTS
(Continued)

For depreciated assets, the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense incurred by the Airport Authority during the current year was \$0.

5. Compensated Absences

- a. Sick Leave – Airport Authority employees earn sick leave at the rate of 10 days per year. Unused sick leave may be accumulated indefinitely. Accumulated sick leave is paid to employees through cash payments upon retirement.
- b. Vacation Leave – Airport Authority employees earn vacation leave at rates from 10 days to 30 days per year. Vacation leave must be taken in the year following the period in which it was earned and does not accumulate after that year except for Teamster's employees whose unused vacation is converted to sick leave. Accumulated vacation leave earned in the prior year is paid to employees through cash payments upon retirement or termination.
- c. Personal Leave – Airport Authority employees earn personal leave at the rate of 3 days per year. Personal leave does not accumulate from year to year.

Vacation and sick leave is accrued when incurred.

No liability is reported for personal leave.

6. Long-Term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the statement of net assets.

7. Property Taxes

Property taxes levied are collected by the County Treasurer and are distributed to the Airport Authority in June and in December. State statutes (IC 6-1.1-17-16) require the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Department of Local Government Finance). Taxes may be paid in two equal installments that become delinquent if not paid by May 10 and November 10, respectively. All property taxes collected by the County Treasurer and available for distribution were distributed to the Airport Authority prior to December 31 of the year collected.

III. Other Information

A. Risk Management

The Airport Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

B. Related Party Transactions

The Airport Authority leases a building and land to the Vanderburgh County Sheriff's Department under an operating lease arrangement calling for a monthly payment of \$10,292. Total rent received under this arrangement was \$123,499 in 2006.

C. Pension Plan

Agent Multiple-Employer Defined Benefit Pension Plan

Public Employees' Retirement Fund

Plan Description

The Airport Authority contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the Airport Authority the authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at three percent of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

D. Rental Income From Operating Leases

The Airport Authority leases space in the Airport terminal along with other land and buildings on a fixed rental as well as a contingent rental basis. Many of these leases provide for a periodic review and redetermination of the rental amounts. Substantially all of the assets classified under property and equipment in the balance sheet are held by the Airport for the purpose of rental or related use.

Minimum future rentals on noncancelable leases to be received in each of the next five years and later years are as follows:

2007	\$ 1,971,335
2008	591,126
2009	476,291
2010	457,145
2011	198,388
Thereafter	<u>1,307,953</u>
 Total	 <u>\$ 5,002,238</u>

E. Loan Receivable

In 2005, the Airport Authority loaned Tri-State Aero, Inc., \$880,000 for the purpose of constructing two hangars on Airport property. The loan is to be repaid over 35 years with an interest rate of 7%. The outstanding balance at December 31, 2006, is \$874,466.

AUDIT RESULT AND COMMENT

CLAIM ITEMIZATION

As stated in the prior Report B27153, claims were not being properly itemized. One vendor did not submit sufficient detailed documentation to allow for verification of the total charges by Airport personnel. In some instances, receipts for business-related expenses were not attached or were not properly detailed.

All claims, invoices, receipts, and accounts payable vouchers, including those presented to the governing body for approval in accordance with IC 5-11-10, should contain adequate detailed documentation. All claims, invoices, receipts, and accounts payable vouchers regarding reimbursement for meals and expenses for individuals must have specific detailed information, including the names of all individuals for which amounts are claimed and the nature, name, and purpose of the business meeting, to enable the governing body to authorize payment. Payments which do not have proper itemization showing the business nature of the claim may be the personal obligation of the responsible official, employee or other person for whom the claim is made. INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

TO: THE OFFICIALS OF THE EVANSVILLE-VANDERBURGH AIRPORT
AUTHORITY DISTRICT, VANDERBURGH COUNTY, INDIANA

Compliance

We have audited the compliance of the Evansville-Vanderburgh Airport Authority District (Airport Authority) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended December 31, 2006. The Airport Authority's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Airport Authority's management. Our responsibility is to express an opinion on the Airport Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Airport Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Airport Authority's compliance with those requirements.

In our opinion, the Airport Authority complied in all material respects with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2006.

Internal Control Over Compliance

The management of the Airport Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Airport Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
(Continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Airport Authority's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.
