INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS  
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

TO: THE OFFICIALS OF HARRISON COUNTY, INDIANA

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Harrison County (County), as of and for the year ended December 31, 2006, which collectively comprise the County's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note I, the County prepares its financial statements on the prescribed basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As discussed in Note I, the financial statements referred to above do not include a number of component units of the County which should have been included to fairly present the financial position of the County.

In our opinion, except that the omission of the component units of the County referred to in the preceding paragraph results in incomplete presentation, the financial statements referred to above present fairly, in all material respects, the respective cash and investment balances of the governmental activities, each major fund, and the aggregate remaining fund information of the County as of December 31, 2006, and the respective cash receipts and cash disbursements during the year then ended on the basis of accounting described in Note I.

In accordance with Government Auditing Standards, we have also issued a report dated June 26, 2007, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. Our report on compliance and on internal control over financial reporting should be read along with this report.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS  
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
(Continued)

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the County taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Schedules of Funding Progress, as listed in the Table of Contents, are not required parts of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The County has not presented Management's Discussion and Analysis or Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The Combining Schedules, as listed in the Table of Contents, Schedule of Capital Assets, and Schedule of Long-Term Debt are presented for additional analysis and are not required parts of the basic financial statements. The Combining Schedules, as listed in the Table of Contents, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Schedule of Capital Assets and Schedule of Long-Term Debt have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO: THE OFFICIALS OF HARRISON COUNTY, INDIANA

We have audited the financial statements of Harrison County (County), as of and for the year ended December 31, 2006, and have issued our report thereon dated June 26, 2007. The opinion to the financial statements was qualified due to omission of component units. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the County's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

HARRISON COUNTY  
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

The County was established under the laws of the State of Indiana. The County operates under a Council-Commissioner form of government and provides the following services: public safety (police), highways and streets, health, welfare and social services, culture and recreation, public improvements, planning and zoning, and general administrative services.

The County's financial reporting entity is composed of the following:

Primary Government: Harrison County

In determining the financial reporting entity, the County complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

Management has chosen to omit from these financial statements component units which have significant operational or financial relationships with the County. Accordingly, the financial statements do not include the data of all of the County's component units necessary to fairly present the financial position of the County.

Related Organizations

The County's officials are also responsible for appointing the members of the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The Statement of Activities and Net Assets – Cash and Investment Basis displays information about the reporting government as a whole. It includes all funds of the reporting entity except for fiduciary funds. The statement distinguishes between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. There are no business-type activities to report at this time.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, receipts, and disbursements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. However, at this time, the County has not established any enterprise funds.

HARRISON COUNTY  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

The County reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The riverboat fund ordinance 98-12 was established to account for revenues received pursuant to the development agreement with RDI Caesar's Riverboat Casino, L.L.C. Money in the fund may be used for any legal or corporate purpose of Harrison County.

The county economic development income tax (CEDIT) fund was established to account for collection of taxes imposed on the adjusted gross income of county taxpayers. CEDIT funds may be used for any lawful purpose for which money in any other County fund may be used. The County must adopt a plan for the uses of CEDIT collections.

Additionally, the County reports the following fund types:

The pension trust fund accounts for the activities of the Sheriff's Pension Trust and the Sheriff's Benefit pension funds, which accumulate resources for pension benefit payments.

The private-purpose trust fund reports a trust arrangement under which income benefits the school corporations of the County.

Agency funds account for assets held by the County as an agent for a variety of entities and serve as a control of accounts for certain cash transactions during the time they are a liability to the County.

C. Measurement Focus and Basis of Accounting

The government-wide, governmental fund, and fiduciary fund financial statements are reported using the basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The cash and investment basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather than when a liability is incurred. Investment transactions are not presented on the financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

HARRISON COUNTY  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

D. Assets and Cash and Investment Balances

1. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as interest receipts in the year of the sale of the investment.

2. Capital Assets

Capital assets arising from cash transactions acquired for use in governmental fund operations are accounted for as capital outlay disbursements of the fund upon acquisition.

3. Long-Term Debt

Long-term debt arising from cash basis transactions of governmental funds is not reported as liabilities in the basic financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as disbursements.

4. Equity Classification

Government-Wide Statements

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net assets – All other net assets that do not meet the definition of "restricted."

It is the County's policy to first use restricted net assets prior to the use of unrestricted net assets when a disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

E. Receipts and Disbursements

Program Receipts

Amounts reported as program receipts include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general receipts rather than as program receipts. Likewise, general receipts include all taxes.

F. Internal and Interfund Balances and Activities

In the process of aggregating the financial information for the government-wide Statement of Activities and Net Assets – Cash and Investment Basis, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

HARRISON COUNTY  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Fund Financial Statements

1. Interfund reimbursements – Repayments from funds responsible for certain disbursements to the funds that initially paid for them are not reported as reimbursements but as adjustments to disbursements in the respective funds.
2. Interfund transfers – Flow of assets from one fund to another where repayment is not expected is reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

Internal activities – Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment Basis.

II. Stewardship, Compliance and Accountability

Budgetary Information

Annual budgets are adopted on the cash basis, which is not consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at calendar year end.

Prior to the first required publication, the fiscal officer of the County submits to the governing board a proposed operating budget for the year commencing the following January 1. Prior to adoption, the budget is advertised and public hearings are conducted by the governing board to obtain taxpayer comments. In September of each year, the governing board, through the passage of a resolution/ ordinance, approves the budget for the next year. Copies of the budget resolution/ordinance and the advertisement for funds for which property taxes are levied or highway use taxes are received are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the fiscal officer of the County receives approval of the Indiana Department of Local Government Finance.

The County's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the governing board. The Indiana Department of Local Government Finance must approve any revisions to the appropriations for any fund or any department of the General Fund. The legal level of budgetary control is by object and department within the fund for the General Fund and by object within the fund for all other budgeted funds.

III. Detailed Notes on All Funds

A. Deposits and Investments

1. Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana

HARRISON COUNTY  
 NOTES TO FINANCIAL STATEMENTS  
 (Continued)

to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

2. Investments

Authorization for investment activity is stated in Indiana Code 5-13. The Sheriff's Merit Board has established an investment policy for the Sheriff's Retirement and Benefit Pension Plan. This investment policy outlines parameters for investment activity for the Sheriff's Pension Plans. As of December 31, 2006, the County had the following investments:

<u>Investment Type</u>	<u>Sheriff's Retirement and Benefit Pension Plans</u>
Mutual funds	\$ <u>2,343,039</u>

Investment Policies

Indiana Code 5-13-9 authorizes the County to invest in securities backed by the full faith and credit of the United States Treasury or fully guaranteed by the United States of America and issued by the United States Treasury, a federal agency, a federal instrumentality, or a federal government sponsored enterprise. Indiana Code also authorizes the unit to invest in securities fully guaranteed and issued by a federal agency, a federal instrumentality or a federal government sponsored enterprise. These investments are required by statute to have a stated final maturity of not more than two years.

Indiana Code also provides for investment in money market mutual funds that are in the form of securities of, or interest in, an open-end, no-load, management-type investment company or investment trust registered under the provision of the federal Investment Company Act of 1940, as amended. Investments in money market mutual funds may not exceed 50% of the funds held by the County and available for investment. The portfolio of an investment company or investment trust used must be limited to direct obligations of the United States of America, obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise or repurchase agreements fully collateralized by direct obligations of the United States of America or obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise. The form of securities of, or interest in, an investment company or investment trust must be rated as AAA, or its equivalent by Standard and Poor's Corporation or its successor or Aaa, or its equivalent, by Moody's Investors Service, Inc., or its successor. The form of securities in an investment company or investment trust should have a stated final maturity of one day.

Additionally, the County may enter into repurchase agreements with depositories designated by the State Board of Finance as depositories for state deposits involving the unit's purchase and guaranteed resale of any interest-bearing obligations issued or fully insured or guaranteed by the United States of America, a United States of America government agency, an instrumentality of

HARRISON COUNTY  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

the United States of America, or a federal government sponsored enterprise. The repurchase agreement is considered to have a stated final maturity of one day. This agreement must be fully collateralized by interest-bearing obligations as determined by their current market value.

The Sheriff's Pension Plan is not subject to the same investment laws as the County. The investment policy for the Sheriff's Retirement and Benefit Pension Plans was adopted by the Sheriff's Merit Board on June 12, 2003. Authorized investments include common or preferred stocks, or options to purchase such stocks, bonds, debentures, notes or other evidences of indebtedness or ownership, or other securities, in any corporation, mutual investment fund, investment company, association or business trust; bonds, or other obligations or securities issued by the United States of America or any State or governmental subdivision or instrumentality thereof; shares in any common trust fund operated by the Trustee, individual, or group annuity contracts or any other insurance contracts with legal reserve life insurance company authorized to do business in the State of Indiana; and real and personal property of all kinds, including leaseholds on improved and unimproved real estate.

Investment Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.

The Sheriff's Merit Board has not adopted an investment policy for custodial credit risk for investments. At December 31, 2006, the Sheriff's Retirement and Benefit Pension Plans held investments in mutual funds in the amount of \$2,343,039. Of these investments \$2,343,039 are held by the investment's counterparty, not in the name of the Sheriff's Pension Plan.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County must follow state statute and limit the stated final maturities of the investments to no more than two years.

The Sheriff's Merit Board has not adopted a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses.

Sheriff's Retirement and Benefit Pension Plans:

Investment Type	Investment Maturities (in Years)		
	Less Than 1	1-2	More Than 2
Mutual bond funds*	\$ -	\$ -	\$ 179,776
Mutual funds	2,163,263	-	-
Totals	<u>\$ 2,163,263</u>	<u>\$ -</u>	<u>\$ 179,776</u>

\*The mutual bond funds had a weighted average maturity of four years.

HARRISON COUNTY  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The distribution of securities with credit ratings is summarized below.

Sheriff's Retirement and Benefit Pension Plans:

Standard and Poor's Rating	Moody's Rating	County's Investments	
		Mutual Funds	Corporate Bonds
AA	Aa	\$ -	\$ 179,776
Unrated	Unrated	2,163,263	-
Totals		\$ 2,163,263	\$ 179,776

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Sheriff's Merit Board has not adopted a policy for the concentration of credit risk.

Foreign Currency Risk

The Sheriff's Merit Board has not adopted a formal policy in regards to foreign currency risk.

B. Interfund Transfers

Intarfund transfers for the year ended December 31, 2006, were as follows:

Transfer From	Transfer To	2006
Other governmental	Riverboat Fund Ordinance 98-12	\$ 5,526

The County typically uses transfers for cash flow purposes as provided by various statutory provisions.

IV. Other Information

A. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

HARRISON COUNTY  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Job Related Illnesses or Injuries to Employees

During 1993, the County joined a public entity risk pool, the Indiana Public Employer's Plan, currently operating as a common risk management and insurance program for member governmental entities. This risk pool was formed in 1998 for the purpose of providing a medium for the funding and administration of workers compensation claims. The County pays an annual premium to the risk pool for its workers compensation coverage. The risk pool is considered a self-sustaining risk pool that will provide coverage for its members for up to \$1,000,000 per insured event.

B. Holding Corporation

The County has entered into a capital lease with Harrison County Jail Building Corporation (the lessor). The lessor was organized as a not-for-profit corporation pursuant to state statute for the purpose of financing and constructing or reconstructing facilities for lease to the County. The lessor has been determined to be a related party of the County. Lease payments during the year totaled \$788,000.

C. Administration of Welfare Programs

The County is required to provide certain funding for administrative costs of welfare programs, the Hospital Care for the Indigent Program, Medical Assistance to Wards and Children with Special Health Care Needs through local property tax levies. The County remits those taxes to the State, which pays the cost.

D. Pension Plans

Agent Multiple-Employer and Single-Employer Defined Benefit Pension Plans

1. Public Employees' Retirement Fund

Plan Description

The County contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the County authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

Public Employees' Retirement Fund  
Harrison Building, Room 800  
143 West Market Street  
Indianapolis, IN 46204  
Ph. (317) 233-4162

HARRISON COUNTY  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for PERF are established by the Board of Trustees of PERF. The County's annual pension cost and related information, as provided by the actuary, is presented in this note.

2. County Police Retirement Plan

Plan Description

The County contributes to the County Police Retirement Plan, which is a single-employer defined benefit pension plan. With the approval of the County's fiscal body, the plan is administered by the sheriff's department and an appointed trustee as authorized by state statute (IC 36-8-10-12) for full-time police officers. The plan provides retirement, death, and disability benefits to plan members and beneficiaries. The trustee issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report may be obtained by contacting the county sheriff.

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for the County Police Retirement Plan are established by state statute. The County's annual pension cost and related information, as provided by the actuary, is presented in this note.

3. County Police Benefit Plan

Plan Description

The County contributes to the County Police Benefit Plan which is a single-employer defined benefit pension plan. With the approval of the County's fiscal body, the plan is administered by the sheriff's department and an appointed trustee as authorized by state statute (IC 36-8-10-12) for full-time police officers. The plan provides dependent pensions, life insurance, and disability benefits to plan members and beneficiaries. The trustee issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report may be obtained by contacting the county sheriff.

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for the County Police Benefit Plan are established by state statute. The County's annual pension cost and related information, as provided by the actuary, is presented in this note.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

TO: THE OFFICIALS OF HARRISON COUNTY, INDIANA

Compliance

We have audited the compliance of Harrison County (County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2006. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied in all material respects with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2006.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133  
(Continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the County's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

HARRISON COUNTY  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

I. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Harrison County (County) and is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Accordingly, the amount of federal awards expended is based on when the activity related to the award occurs. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

II. Subrecipients

Of the federal expenditures presented in the schedule, the County provided federal awards to subrecipients as follows for the year ended December 31, 2006:

Program Title	Federal CFDA Number	2006
Formula Grants for Other Than Urbanized Areas	20.509	\$ 275,174
Community Development Block Grants/State's Program	14.228	20,000

HARRISON COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Section I – Summary of Auditor's Results

Financial Statements:

Type of auditor's report issued: Qualified

Internal control over financial reporting:  
Material weaknesses identified? no  
Reportable conditions identified that are not considered to be material weaknesses? none reported

Noncompliance material to financial statements noted? no

Federal Awards:

Internal control over major programs:  
Material weaknesses identified? no  
Reportable conditions identified that are not considered to be material weaknesses? none reported

Type of auditor's report issued on compliance for major programs: Unqualified

Any audit findings disclosed that are required to be reported in accordance with section 510(a) of Circular A-133? no

Identification of Major Program:

CFDA Number	Name of Federal Program or Cluster
20.509	Formula Grants for Other Than Urbanized Areas

Dollar threshold used to distinguish between Type A and Type B programs: \$300,000

Auditee qualified as low-risk auditee? yes

Section II – Financial Statement Findings

No matters are reportable.

Section III – Federal Award Findings and Questioned Costs

No matters are reportable.

HARRISON COUNTY  
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

No matters are reportable.

HARRISON COUNTY  
EXIT CONFERENCE

The contents of this report were discussed on June 26, 2007, with Patricia A. Wolfe, Auditor; James Goldman, President of the Board of County Commissioners; and Carl L. Mathes, President of the County Council.
