INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

TO: THE OFFICIALS OF THE GREATER RANDOLPH INTERLOCAL
COOPERATIVE, RANDOLPH COUNTY, INDIANA

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greater Randolph Interlocal Cooperative (School Corporation), as of and for the years ended June 30, 2008 and 2009, which collectively comprise the School Corporation's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the School Corporation's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note I, the School Corporation prepares its financial statements on the prescribed basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash and investment balances of the governmental activities, each major fund, and the aggregate remaining fund information of the School Corporation as of June 30, 2008 and 2009, and the respective cash receipts and cash disbursements during the years then ended on the basis of accounting described in Note I.

In accordance with Government Auditing Standards, we have also issued a report dated January 27, 2010, on our consideration of the School Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
(Continued)

U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Schedule of Funding Progress is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The School Corporation has not presented Management's Discussion and Analysis or Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The Combining Schedules, as listed in the Table of Contents, and the Schedule of Capital Assets are presented for additional analysis and are not required parts of the basic financial statements. The Combining Schedules, as listed in the Table of Contents, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Schedule of Capital Assets has not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on it.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO: THE OFFICIALS OF THE GREATER RANDOLPH INTERLOCAL
COOPERATIVE, RANDOLPH COUNTY, INDIANA

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greater Randolph Interlocal Cooperative (School Corporation), as of and for the years ended June 30, 2008 and 2009, which collectively comprise the School Corporation's basic financial statements and have issued our report thereon dated January 27, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be significant deficiencies or material weaknesses, as defined above.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the School Corporation's management, its Board of Directors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

GREATER RANDOLPH INTERLOCAL COOPERATIVE
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

School Corporation, as used herein, shall include, but is not limited to, school townships, school towns, school cities, consolidated school corporations, joint schools, metropolitan school districts, township school districts, county schools, united schools, school districts, cooperatives, educational service centers, community schools, community school corporations, and charter schools.

The School Corporation was established under the laws of the State of Indiana. The School Corporation operates under a Board of School Trustees form of government and provides educational services.

The School Corporation's financial reporting entity is composed of the primary government only. In determining the financial reporting entity, the School Corporation complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

Joint Venture

The School Corporation was created in 1998 by Monroe Central School Corporation, Randolph Eastern School Corporation, Randolph Central School Corporation, and Randolph Southern School Corporation in a joint venture to provide special education and other programs to students. The Liberty-Perry School Corporation joined in 1999. Its continued existence depends on continued funding by the member School Corporations.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The Statements of Activities and Net Assets – Cash and Investment Basis display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. There are no business-type activities.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, fund equity, receipts, and disbursements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. However, at this time, the School Corporation has not established any enterprise funds.

GREATER RANDOLPH INTERLOCAL COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
(Continued)

The School Corporation reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The interlocal special education preschool fund accounts for the education of children ages three through five who have special learning needs.

The interlocal alternative school fund accounts for the education of school-age children who do not learn well in standard classroom situations.

The alternative transition classroom program fund accounts for a specific special education program.

The special education pass through funds account for annual federal grants for the education of school age children with special learning needs.

C. Measurement Focus and Basis of Accounting

The government-wide, governmental fund, proprietary fund, and fiduciary fund financial statements are reported using the basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The cash and investment basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather than when a liability is incurred. Investment transactions are not presented on the financial statements.

If the School Corporation utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities are provided to people outside the government (enterprise funds) or other departments or agencies primarily within the government (internal service funds). The School Corporation does not have any enterprise funds.

When both restricted and unrestricted resources are available for use, the School Corporation's policy is to use restricted resources first, then unrestricted resources as they are needed.

GREATER RANDOLPH INTERLOCAL COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
(Continued)

D. Assets and Cash and Investment Balances

1. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as interest receipts.

2. Property Taxes

The School Corporation does not receive property taxes.

3. Capital Assets

Capital assets arising from cash transactions acquired for use in governmental or proprietary fund operations are accounted for as capital outlay disbursements of the fund upon acquisition.

4. Equity Classification

Government-Wide Statements

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net assets – All other net assets that do not meet the definition of "restricted."

It is the School Corporation's policy to first use restricted net assets prior to the use of unrestricted net assets when a disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

E. Receipts and Disbursements

Amounts reported as program receipts include (1) charges to customers or applicants for goods. Internally dedicated resources are reported as general receipts rather than as program receipts.

F. Internal and Interfund Balances and Activities

There were no interfund services, reimbursements or transfers.

GREATER RANDOLPH INTERLOCAL COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
(Continued)

II. Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on the cash basis, which is not consistent with accounting principles generally accepted in the United States of America. Unlike most governmental units in Indiana, the School Corporation's budgets are not subject to the approval of the Indiana Department of Local Government Finance.

B. Cash and Investment Balance Deficits

At June 30, 2008, the following funds reported deficits in cash and investments, which are violations of the Uniform Compliance Guidelines as authorized by state statute:

| | | |
|---|----|-------|
| Special Education Pass Through 2007-08 | \$ | 4,065 |
| Preschool Special Education Grant 2007-08 | | 2,242 |

Cash and investment deficits arose primarily from disbursements exceeding receipts due to the underestimate of current requirements; these deficits are to be repaid from future receipts.

III. Detailed Notes on All Funds

A. Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. The School Corporation does not have a deposit policy for custodial credit risk. At June 30, 2009, the School Corporation had deposit balances in the amount of \$ 183,702.

The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

B. Investments

The School Corporation had no investments.

IV. Other Information

A. Risk Management

The School Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents and natural disasters.

GREATER RANDOLPH INTERLOCAL COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
(Continued)

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

B. Pension Plans

1. Agent Multiple-Employer and Single-Employer Defined Benefit Pension Plan

Public Employees' Retirement Fund

Plan Description

The School Corporation contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the School Corporation authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

2. Cost-Sharing Multiple-Employer Defined Benefit Pension Plan

Teachers' Retirement Fund

Plan Description

The School Corporation contributes to the Indiana Teachers' Retirement Fund (TRF), a defined benefit pension plan. TRF is a cost-sharing multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All employees engaged in teaching or in the supervision of teaching in the public schools of the State of Indiana are eligible to participate in TRF. State statute (IC 5-10.2) governs, through the TRF Board, most requirements of the system and gives the School Corporation authority to contribute to the plan. The TRF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The School Corporation may elect to make the contributions on behalf of the member.

TRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

Teachers' Retirement Fund
150 West Market Street
Indianapolis, IN 46204
Ph. (317) 232-3860

Funding Policy and Annual Pension Costs

The School Corporation contributes the employer's share to TRF for certified employees employed under a federally funded program and all the certified employees hired after July 1, 1995. The School Corporation currently receives partial funding, through the school funding formula, from the State of Indiana for this contribution. The employer's share of contributions for certified personnel who are not employed under a federally funded program and were hired before July 1, 1995, is considered to be an obligation of, and is paid by, the State of Indiana.

GREATER RANDOLPH INTERLOCAL COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
(Continued)

The School Corporation is to contribute at an actuarially determined rate. The current rate has been actuarially determined under the entry age normal cost method to be 6.82% of covered wages. The School Corporation's required contributions to the plan for the fiscal years ended June 30, 2009, 2008, and 2007, were \$35,653, \$36,288, and \$35,977, respectively. The School Corporation actually contributed 100% of the required contribution for each of the fiscal years.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

TO: THE OFFICIALS OF THE GREATER RANDOLPH INTERLOCAL
COOPERATIVE, RANDOLPH COUNTY, INDIANA

Compliance

We have audited the compliance of the Greater Randolph Interlocal Cooperative (School Corporation) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the years ended June 30, 2008 and 2009. The School Corporation's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the School Corporation's management. Our responsibility is to express an opinion on the School Corporation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School Corporation's compliance with those requirements.

In our opinion, the School Corporation complied in all material respects with the requirements referred to above that are applicable to each of its major federal programs for the years ended June 30, 2008 and 2009.

Internal Control Over Compliance

The management of the School Corporation is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the School Corporation's internal control over compliance with requirements that could have a direct and material effect on a major

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
(Continued)

federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control over compliance.

A control deficiency in a School Corporation's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be significant deficiencies or material weaknesses, as defined above.

This report is intended solely for the information and use of the School Corporation's management, its Board of Directors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

The accompanying notes are an integral part of the Schedule of Expenditures of Federal Awards.

GREATER RANDOLPH INTERLOCAL COOPERATIVE
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

I. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Greater Randolph Interlocal Cooperative (School Corporation) and is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Accordingly, the amount of federal awards expended is based on when the activity related to the award occurs. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Circular A-133 requires an annual audit of nonfederal entities expending a total amount of federal awards equal to or in excess of \$500,000 in any fiscal year unless by constitution or statute a less frequent audit is required. In accordance with the Indiana Code (IC 5-11-1 et seq.), audits of School Corporations shall be conducted biennially. Such audits shall include both years within the biennial period.

II. Subrecipients

Of the federal expenditures presented in the schedule, the School Corporation provided federal awards to subrecipients as follows for the years ended June 30, 2008 and 2009:

| Program Title | Federal CFDA Number | 2008 | 2009 |
|---|---------------------------|--------------|--------------|
| Special Education - Grants to States (IDEA Part B) | 84.027 | \$ 1,152,373 | \$ 1,105,013 |
