INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

TO: THE OFFICIALS OF THE CHARLES A. TINDLEY
ACCELERATED SCHOOL, MARION COUNTY, INDIANA

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Charles A. Tindley Accelerated School (School Corporation), as of and for the years ended June 30, 2008 and 2009, which collectively comprise the School Corporation's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the School Corporation's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note I, the School Corporation prepares its financial statements on the prescribed basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash and investment balances of the governmental activities, each major fund, and the aggregate remaining fund information of the School Corporation as of June 30, 2008 and 2009, and the respective cash receipts and cash disbursements during the years then ended on the basis of accounting described in Note I.

In accordance with Government Auditing Standards, we have also issued a report dated February 25, 2010, on our consideration of the School Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
(Continued)

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Schedule of Funding Progress, as listed in the Table of Contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The School Corporation has not presented Management's Discussion and Analysis or Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The Combining Schedules, as listed in the Table of Contents, Schedule of Capital Assets, and Schedule of Long-Term Debt are presented for additional analysis and are not required parts of the basic financial statements. The Combining Schedules, as listed in the Table of Contents, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Schedule of Capital Assets and Schedule of Long-Term Debt have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO: THE OFFICIALS OF THE CHARLES A. TINDLEY
ACCELERATED SCHOOL, MARION COUNTY, INDIANA

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Charles A. Tindley Accelerated School (School Corporation), as of and for the years ended June 30, 2008 and 2009, which collectively comprise the School Corporation's basic financial statements and have issued our report thereon dated February 25, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be significant deficiencies or material weaknesses, as defined above.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the School Corporation's management, School Board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

CHARLES A. TINDLEY ACCELERATED SCHOOL
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

School Corporation, as used herein, shall include, but is not limited to, school townships, school towns, school cities, consolidated school corporations, joint schools, metropolitan school districts, township school districts, county schools, united schools, school districts, cooperatives, educational service centers, community schools, community school corporations, and charter schools.

The School Corporation was established under the laws of the State of Indiana. The School Corporation operates under a Board of School Trustees form of government and provides educational services.

The School Corporation's financial reporting entity is composed of the following:

Primary Government: Charles A. Tindley Accelerated School

In determining the financial reporting entity, the School Corporation complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

Joint Venture

During the audit period, the School Corporation was a participant with 21st Century Charter School, 21st Century Charter School at Fountain Square, 21st Century Charter School of Gary, Campagna Academy, Challenge Foundation Academy, Charles A. Tindley Accelerated School, Charter School of the Dunes, Christel House Academy, Community Montessori, East Chicago Urban Enterprise, Flanner House Elementary School, Galileo Charter School, Gary Lighthouse Charter School, Indianapolis Lighthouse Charter School #1, Indianapolis Metropolitan High School, Irvington Community School, Joshua Academy, KIPP Indianapolis College Preparatory, New Community School, Options Charter School of Carmel, Rural Community Academy, Signature School, Southeast Neighborhood School of Excellence, Thea Bowman Leadership Academy, Timothy L. Johnson Academy, and Veritas Academy in a joint venture to operate the Virtual Special Education Cooperative (Cooperative) which was created to provide needed special programs and services, supplies, materials and equipment, and facilities for identified students with disabilities. The School Corporation was obligated by contract to remit annually the federal allocation received for special education assistance to supplement the Cooperative. Complete financial statements for the Cooperative can be obtained from Ball State University, Muncie, Indiana.

The School Corporation withdrew from the Joint Venture on June 30, 2008.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The Statement of Activities and Net Assets – Cash and Investment Basis displays information about the reporting government as a whole. It includes all funds of the reporting entity except for fiduciary funds. The statement distinguishes between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

CHARLES A. TINDLEY ACCELERATED SCHOOL
NOTES TO FINANCIAL STATEMENTS
(Continued)

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, fund equity, receipts, and disbursements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. However, at this time, the School Corporation has not established any enterprise funds.

The School Corporation reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The CICF Indianapolis Foundation Grant fund accounts for proceeds of the grant.

The miscellaneous grants/donations fund accounts for proceeds of various miscellaneous grants and donations.

Additionally, the School Corporation reports the following fund type:

The agency fund accounts for assets held by the School Corporation as an agent for individuals, private organizations, and other governments.

C. Measurement Focus and Basis of Accounting

The government-wide, governmental fund, proprietary fund, and fiduciary fund financial statements are reported using the basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The cash and investment basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather than when a liability is incurred. Investment transactions are not presented on the financial statements.

If the School Corporation utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

CHARLES A. TINDLEY ACCELERATED SCHOOL
NOTES TO FINANCIAL STATEMENTS
(Continued)

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities are provided to people outside the government (enterprise funds) or other departments or agencies primarily within the government (internal service funds). The School Corporation does not have any proprietary funds.

When both restricted and unrestricted resources are available for use, the School Corporation's policy is to use restricted resources first, then unrestricted resources as they are needed.

D. Assets and Cash and Investment Balances

1. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as interest receipts in the year of the sale of the investment.

2. Property Taxes

Property taxes levied are collected by the County Treasurer and are distributed to the School Corporation in June and in December. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance).

3. Capital Assets

Capital assets arising from cash transactions acquired for use in governmental or proprietary fund operations are accounted for as capital outlay disbursements of the fund upon acquisition.

4. Long-Term Debt

Long-term debt arising from cash basis transactions of governmental and proprietary funds is not reported as liabilities in the basic financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as disbursements.

5. Equity Classification

Government-Wide Statements

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net assets – All other net assets that do not meet the definition of "restricted."

CHARLES A. TINDLEY ACCELERATED SCHOOL
NOTES TO FINANCIAL STATEMENTS
(Continued)

It is the School Corporation's policy to first use restricted net assets prior to the use of unrestricted net assets when a disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Proprietary fund equity is classified the same as in the government-wide statements.

E. Receipts and Disbursements

1. Program Receipts

Amounts reported as program receipts include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general receipts rather than as program receipts. Likewise, general receipts include all taxes.

2. Operating Receipts and Disbursements

Operating receipts and disbursements for proprietary funds and the similar discretely presented component unit result from providing services and producing and delivering goods and/or services. They also include all receipts and disbursements not related to capital and related financing, noncapital financing, or investing activities.

F. Internal and Interfund Balances and Activities

In the process of aggregating the financial information for the government-wide Statement of Activities and Net Assets – Cash and Investment Basis, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements

1. Interfund services – Sales or purchases of goods and services between funds are reported as receipts and disbursements.
2. Interfund reimbursements – Repayments from funds responsible for certain disbursements to the funds that initially paid for them are not reported as reimbursements but as adjustments to disbursements in the respective funds.
3. Interfund transfers – Flow of assets from one fund to another where repayment is not expected is reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

 NOTES TO FINANCIAL STATEMENTS
 (Continued)

Internal activities – Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment Basis except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers – Internal Activities. The effects of interfund services between funds, if any, are not eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment Basis.

II. Stewardship, Compliance and Accountability

Budgetary Information

Annual budgets are prepared and approved at the local level, and are adopted on the cash basis, which is not consistent with accounting principles generally accepted in the United States of America.

III. Detailed Notes on All Funds

A. Deposits and Investments

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. The School Corporation does not have a deposit policy for custodial credit risk. At June 30, 2009, the School Corporation had deposit balances in the amount of \$634,531. The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

B. Interfund Transfers

Interfund transfers for the years ended June 30, 2008 and 2009, were as follows:

Transfer From	Transfer To	
2007-08:		
Other governmental	Other governmental	<u>\$ 7,029</u>
2008-09:		
Other governmental	Other governmental	<u>\$ 4,865</u>

The School Corporation typically uses transfers for cash flow purposes as provided by various statutory provisions.

CHARLES A. TINDLEY ACCELERATED SCHOOL
NOTES TO FINANCIAL STATEMENTS
(Continued)

IV. Other Information

A. Risk Management

The School Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. Risk financing is not utilized for the other risks of loss.

B. Pension Plans

1. Agent Multiple-Employer and Single-Employer Defined Benefit Pension Plan

Public Employees' Retirement Fund

Plan Description

The School Corporation contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the School Corporation authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

Public Employees' Retirement Fund
Harrison Building, Room 800
143 West Market Street
Indianapolis, IN 46204
Ph. (317) 233-4162

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for PERF are established by the Board of Trustees of PERF. The School Corporation's annual pension cost and related information, as provided by the actuary, is presented in this note.

	06-30-08	13,060	68%	(2,401)

2. Cost-Sharing Multiple-Employer Defined Benefit Pension Plan

Teachers' Retirement Fund

Plan Description

The School Corporation contributes to the Indiana Teachers' Retirement Fund (TRF), a defined benefit pension plan. TRF is a cost-sharing multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All employees engaged in teaching or in the supervision of teaching in the public schools of the State of Indiana are eligible to participate in TRF. State statute (IC 5-10.2) governs, through the TRF Board, most requirements of the system and gives the School Corporation authority to contribute to the plan. The TRF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The School Corporation may elect to make the contributions on behalf of the member.

TRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

Teachers' Retirement Fund
150 West Market Street
Indianapolis, IN 46204
Ph. (317) 232-3860

Funding Policy and Annual Pension Costs

The School Corporation contributes the employer's share to TRF for certified employees employed under a federally funded program and all the certified employees hired after July 1, 1995. The School Corporation currently receives partial funding, through the school funding formula, from the State of Indiana for this contribution. The employer's share of contributions for certified personnel who are not employed under a federally funded program and were hired before July 1, 1995, is considered to be an obligation of, and is paid by, the State of Indiana.

CHARLES A. TINDLEY ACCELERATED SCHOOL
AUDIT RESULTS AND COMMENTS

AVERAGE DAILY MEMBERSHIP (ADM)

Adequate, detailed records supporting amounts claimed on Form Number 30A, Report of Average Daily Membership (ADM) for State Support were not presented for audit for the school years ending June 30, 2008 and 2009. The electronic files that were provided for audit contained all students in attendance throughout the school years, instead of a detailed listing to support the amounts claimed on the ADM report. Additionally, due to system capabilities, the school could not recreate the detailed record to support the amounts claimed. The lists provided were not certified by the proper building level official.

Officials should maintain records (enrollment cards, rosters, reporting forms, etc.) which substantiate the number of students claimed for ADM. The building level official (Principal, Assistant Principal, etc.) responsible for reporting ADM to the School Corporation Central Office, should provide a written certification of ADM to properly document responsibility. The certification should at a minimum include a statement detailing the names and location of the records used (these records must be retained for public inspection and audit) to substantiate ADM claimed. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 8)

ERRORS ON CLAIMS

During an audit of accounts payable we noted where claims lacked Board approval. Only 2 out of 24 monthly Accounts Payable Voucher Registers had sufficient Board approval (signatures).

IC 5-11-10-1.6 states in part:

"(b) As used in this section, "claim" means a bill or an invoice submitted to a governmental entity for goods or services."

"(c) The fiscal officer of a governmental entity may not draw a warrant or check for payment of a claim unless:

- (1) there is a fully itemized invoice or bill for the claim;
- (2) the invoice or bill is approved by the officer or person receiving the goods and services;
- (3) the invoice or bill is filed with the governmental entity's fiscal officer;
- (4) the fiscal officer audits and certifies before payment that the invoice or bill is true and correct; and
- (5) payment of the claim is allowed by the governmental entity's legislative body or the board or official having jurisdiction over allowance of payment of the claim."

CHARLES A. TINDLEY ACCELERATED SCHOOL
AUDIT RESULTS AND COMMENTS
(Continued)

FEDERAL AND STATE AGENCIES - COMPLIANCE REQUIREMENTS

The Indiana Department of Education conducted Coordinated and Program Reviews of the National School Lunch program on March 10, 11, 17, and 18, 2008. The following findings were noted:

Due to errors, incorrect eligibility status of students resulted in incorrect meals being recorded for these children. All of the applications on file at the school were reviewed to determine whether households provided required information and whether the School Food Authority (SFA) properly approved applications.

Temporarily approved applications were approved, but no follow up was conducted. Temporarily approved applications must be reevaluated every 30-45 days to ensure continued eligibility.

The Verification Summary report on file states that 229 applications were on file as of October 1, 2007. Seven applications were chosen for verification and resulted in no changes. However, verification information was misplaced

A follow-up review was conducted on January 26, 2009, by the Indiana Department of Education, The following findings were noted:

The verification of free and reduced price meal applications was not completed or submitted to the State Agency via email on time, nor was an extension requested.

The verification procedure used was incomplete. The verification summary stated the number of applications that were verified; however, the review noted that fewer applications were verified.

Direct certification was not completed for the School Food Authority.

One household application was not retrievable

As similarly noted in the previous review, due to errors, incorrect eligibility status of students resulted in incorrect meals being recorded for these children. All of the applications on file at the school were reviewed to determine whether households provided required information and whether the School Food Authority (SFA) properly approved applications

School Officials responded on July 15, 2009, to the Indiana Department of Education's findings in writing outlining corrective measures to be taken. The Indiana Department of Education replied on July 24, 2008, stating that all corrective actions outlined were acceptable and should correct the findings noted during the review.

Information substantiating the free and reduced-price meal Verification Summary Report was not presented to the State Board of Accounts for audit.

Additionally, while auditing monthly Claim for Reimbursement (CND-1) forms, we noted 15 of 22 claims examined were not filed on a timely basis. A similar comment appeared in prior Report B32221.

CHARLES A. TINDLEY ACCELERATED SCHOOL
AUDIT RESULTS AND COMMENTS
(Continued)

Political subdivisions are required to comply with all grant agreements, rules, regulations, bulletins, directives, letters, letter rulings and filing requirements concerning reports and other procedural matters of federal and state agencies, including opinions of the Attorney General of the State of Indiana, and court decisions. Governmental units should file accurate reports required by federal and state agencies. Noncompliance may require corrective action. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

Each governmental unit is responsible for compliance with all rules, regulations, guidelines, and directives of the Internal Revenue Service and the Indiana Department of Revenue. All questions concerning taxes should be directed to these agencies. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

Supporting documentation such as receipts, canceled checks, tickets, invoices, bills, contracts, and other public records must be available for audit to provide supporting information for the validity and accountability of monies disbursed. Payments without supporting documentation may be the personal obligation of the responsible official or employee. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

Controls over the receipting, disbursing, recording, and accounting for the financial activities are necessary to avoid substantial risk of invalid transactions, inaccurate records and financial statements and incorrect decision making. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

TEXTBOOK REIMBURSEMENT CLAIMS - PUBLIC RECORDS RETENTION

Detailed records substantiating Textbook Reimbursement Claims were not presented for audit.

IC 5-15-6-3(f) concerning destruction of public records, states in part: "Original records may be disposed of only with the approval of the commission according to guidelines established by the commission."

Supporting documentation such as receipts, canceled checks, tickets, invoices, bills, contracts, and other public records must be available for audit to provide supporting information for the validity and accountability of monies disbursed. Payments without supporting documentation may be the personal obligation of the responsible official or employee. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9)

Compliance

We have audited the compliance of the Charles A. Tindley Accelerated School (School Corporation) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the years ended June 30, 2008 and 2009. The School Corporation's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the School Corporation's management. Our responsibility is to express an opinion on the School Corporation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School Corporation's compliance with those requirements.

In our opinion, the School Corporation complied in all material respects with the requirements referred to above that are applicable to each of its major federal programs for the years ended June 30, 2008 and 2009.

Internal Control Over Compliance

The management of the School Corporation is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the School Corporation's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
(Continued)

on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control over compliance.

A control deficiency in a School Corporation's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be significant deficiencies or material weaknesses, as defined above.

This report is intended solely for the information and use of the School Corporation's management, School Board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

The accompanying notes are an integral part of the Schedule of Expenditures of Federal Awards.

CHARLES A. TINDLEY ACCELERATED SCHOOL
NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Challenge Foundation Academy (School Corporation) and is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Accordingly, the amount of federal awards expended is based on when the activity related to the award occurs. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Circular A-133 requires an annual audit of nonfederal entities expending a total amount of federal awards equal to or in excess of \$500,000 in any fiscal year unless by constitution or statute a less frequent audit is required. In accordance with the Indiana Code (IC 5-11-1 et seq.), audits of School Corporations shall be conducted biennially. Such audits shall include both years within the biennial period.

CHARLES A. TINDLEY ACCELERATED SCHOOL
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

No matters are reportable.

CHARLES A. TINDLEY ACCELERATED SCHOOL
EXIT CONFERENCE

The contents of this report were discussed on February 25, 2010, with Evan Hawkins, Treasurer; Marcus Robinson, Superintendent of School; and Mark Bruin, President of the School Board. The official response has been made a part of this report and may be found on pages 39 and 40.

Re: Official State Board of Accounts Audit Response

This letter is written pursuant to the Audit Exit meeting held with Doug Witham on Thursday, February 25, 2010, at the Charles A. Tindley Accelerated School. Following are the official responses relative to the findings from that audit.

AVERAGE DAILY MEMBERSHIP (ADM) – INCORRECT REPORTING TO THE STATE

The Charles A. Tindley Accelerated School acknowledges this comment. In addition, Charles A. Tindley Accelerated School is in the process of locating a new student information system. It is our expectation that a new system will ensure that student counts are readily retrieved and archived, as well as conducted on a daily basis; all for reporting purposes. Currently, a copy of all generated ADM reports submitted to the state, are certified with Principal's signature, and then filed.

ERROR ON CLAIMS

The Charles A. Tindley Accelerated School acknowledges that the School Board was not signing voucher registers, but had been made aware that this was an SBOA requirement. The Board implemented a policy of signing voucher registers in 2009, so this will not be an issue in the future.

FEDERAL AND STATE AGENCIES – COMPLAINT REQUIREMENTS

The Charles A. Tindley Accelerated School recently initiated, tested and completed the direct verification process for the current school year. Furthermore, as it pertains to this comment, we responded to the Indiana Department of Education and it is their belief (per their July 24, 2009 response) that our actions meet the standard.

At this current time all meal claims are filed in a timely fashion.

TEXTBOOK REIMBURSEMENT CLAIMS - PUBLIC RECORDS RETENTION

Hereon, the Charles A. Tindley Accelerated School will maintain appropriate textbook documentation in a working file. This file will maintain free/reduced student data, textbook procurement documentation and an official copy of the annual submission to State. File will be reviewed and approved by the school principal on an annual basis.

We wish to express our gratitude to the State Board of Accounts staff for professionally performing the audit of the Charles A. Tindley Accelerated School for the period ending June 30, 2009.

Marcus Robinson, School Principal & CEO

Evan Hawkins, Director of Operations
