INDEPENDENT ACCOUNTANT'S REPORT

TO: THE OFFICIALS OF THE TOWN OF FREDERICKSBURG, WASHINGTON COUNTY, INDIANA

We have examined the financial statement of the Town of Fredericksburg (Town), for the period of January 1, 2010 to December 31, 2010. The Town's management is responsible for the financial statement. Our responsibility is to express an opinion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the financial statement and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

As discussed in Note 1, the Town prepares its financial statement on the prescribed basis of accounting that demonstrates compliance with the reporting requirements established by the State Board of Accounts as allowed by state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The basis noted above is a different basis than that used in the prior year.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position and results of operations of the Town for the year ended December 31, 2011, on the basis of accounting described in Note 1.

The Combining Schedule of Receipts, Disbursements, and Cash and Investment Balances – Regulatory Basis, as listed in the Table of Contents, is presented for additional analysis and is not a required part of the financial statement. The Schedule has not been subjected to the examination procedures applied to the financial statement and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Town's management, the Town Council, and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

STATE BOARD OF ACCOUNTS

August 25, 2011

(This page is intentionally left blank.)

FINANCIAL STATEMENT

The financial statement and accompanying notes were approved by management of the Town.
The financial statement and notes are presented as intended by the Town.

TOWN OF FREDERICKSBURG
 STATEMENT OF RECEIPTS, DISBURSEMENTS, AND CASH AND INVESTMENT BALANCES -
 REGULATORY BASIS
 For The Year Ended December 31, 2010

	Cash and Investments 01-01-10	Receipts	Disbursements	Cash and Investments 12-31-10
General	<u>\$ 585</u>	<u>\$ 4,808</u>	<u>\$ 2,721</u>	<u>\$ 2,672</u>

The notes to the financial statement are an integral part of this statement.

TOWN OF FREDERICKSBURG
NOTES TO FINANCIAL STATEMENT

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The Town was established under the laws of the State of Indiana. The Town operates under a Town Council form of government and provides some or all of the following services: public safety (police and fire), highways and streets, health and social services, culture and recreation, public improvements, planning and zoning, general administrative services, and urban redevelopment and housing.

The accompanying financial statement presents the financial information for the Town (primary government), and does not include financial information for any of the Town's legally separate component units, which accounting principles generally accepted in the United States of America require to be reported with the financial information of the Town (primary government).

B. Basis of Accounting

The financial statements are reported on a regulatory basis of accounting prescribed by the State Board of Accounts in accordance with state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The regulatory basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash, rather than when earned, and disbursements are recognized when paid, rather than when a liability is incurred.

C. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as receipts in the year of the sale of the investment.

D. Receipts

Receipts are presented in the aggregate on the face of the financial statements. The aggregate receipts may include, but are not limited to, the following sources:

Taxes which can include one or more of the following: property taxes, certified shares (local option tax), property tax replacement credit (local option tax), county option income tax, wheel tax, innkeepers tax, food and beverage tax, county economic development income tax, boat and trailer excise tax, county adjusted gross income tax, and other taxes that are set by the Town.

Licenses and permits which include amounts received from businesses, occupations, or nonbusinesses that must be licensed before doing business within the government's jurisdiction or permits levied according to the benefits presumably conferred by the permit. Examples of licenses and permits include: peddler licenses, dog tax licenses, auctioneer license, building and planning permits, demolition permits, electrical permits, sign permits, and gun permits.

TOWN OF FREDERICKSBURG
NOTES TO FINANCIAL STATEMENT
(Continued)

Intergovernmental receipts which include receipts from other governments in the form of operating grants, entitlements, or payments in lieu of taxes. Examples of this type of receipts include, but are not limited to: federal grants, state grants, cigarette tax distributions received from the state, motor vehicle highway distribution received from the state, local road and street distribution received from the state, financial institution tax received from the state, auto excise surtax received from the state, commercial vehicle excise tax received from the state, major moves distributions received from the state, and riverboat receipts received from the county.

Charges for services which can include, but are not limited to the following: planning commission charges, building department charges, copies of public records, copy machine charges, accident report copies, gun permit applications, 911 telephone services, recycling fees, dog pound fees, emergency medical service fees, park rental fees, swimming pool receipts, cable tv receipts, ordinance violations, fines and fees, bond forfeitures, court costs, and court receipts.

Fines and forfeits which include receipts derived from fines and penalties imposed for the commission of statutory offenses, violation of lawful administrative rules and regulations (fines), and for the neglect of official duty and monies derived from confiscating deposits held as performance guarantees (forfeitures).

Other receipts which include amounts received from various sources which can include, but are not limited to the following: net proceeds from borrowings; interfund loan activity; transfers authorized by statute, ordinance, resolution or court order; internal service receipts; and fiduciary receipts.

E. Disbursements

Disbursements are presented in the aggregate on the face of the financial statements. The aggregate disbursements may include, but are not limited to, the following uses:

Personal services include outflows for salaries, wages, and related employee benefits provided for all persons employed. In those units where sick leave, vacation leave, overtime compensation, and other such benefits are appropriated separately, such payments would also be included.

Supplies which include articles and commodities that are entirely consumed and materially altered when used and/or show rapid depreciation after use for a short period of time. Examples of supplies include office supplies, operating supplies, and repair and maintenance supplies.

Other services and charges which include, but are not limited to: professional services, communication and transportation, printing and advertising, insurance, utility services, repairs and maintenance, and rental charges.

Debt service principal and interest which include fixed obligations resulting from financial transactions previously entered into by the Town. It includes all expenditures for the reduction of the principal and interest of the Town's general obligation indebtedness.

Capital outlay which include all outflows for land, infrastructure, buildings, improvements, and machinery and equipment having an appreciable and calculable period of usefulness.

TOWN OF FREDERICKSBURG
NOTES TO FINANCIAL STATEMENT
(Continued)

Other disbursements which include, but are not limited to the following: interfund loan payments, loans made to other funds, internal service disbursements, and transfers out that are authorized by statute, ordinance, resolution, or court order.

F. Interfund Transfers

The Town may, from time to time, transfer money from one fund to another. These transfers, if any, are included as a part of the receipts and disbursements of the affected funds and as a part of total receipts and disbursements. The transfers are used for cash flow purposes as provided by various statutory provisions.

G. Fund Accounting

Separate funds are established, maintained, and reported by the Town. Each fund is used to account for money received from and used for specific sources and uses as determined by various regulations. Restrictions on some funds are set by statute while other funds are internally restricted by the Town. The money accounted for in a specific fund may only be available for use for certain, legally restricted purposes. Additionally, some funds are used to account for assets held by the Town in a trustee capacity as an agent of individuals, private organizations, other funds, or other governmental units and therefore the funds cannot be used for any expenditures of the unit itself.

Note 2. Budgets

The operating budget is initially prepared and approved at the local level. The fiscal officer of the Town submits a proposed operating budget to the governing board for the following calendar year. The budget is advertised as required by law. Prior to adopting the budget, the governing board conducts public hearings and obtains taxpayer comments. Prior to November 1, the governing board approves the budget for the next year. The budget for funds for which property taxes are levied or highway use taxes are received is subject to final approval by the Indiana Department of Local Government Finance.

Note 3. Property Taxes

Property taxes levied are collected by the County Treasurer and are scheduled to be distributed to the Town in June and December; however, situations can arise which would delay the distributions. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100 percent of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which normally become delinquent if not paid by May 10 and November 10, respectively.

Note 4. Deposits and Investments

Deposits, made in accordance with state statute (IC 5-13), with financial institutions in the State of Indiana at year end should be entirely insured by the Federal Depository Insurance Corporation or by the Indiana Public Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

TOWN OF FREDERICKSBURG
NOTES TO FINANCIAL STATEMENT
(Continued)

State statutes authorize the Town to invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

Note 5. Risk Management

The Town may be exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents; and natural disasters.

These risks can be mitigated through the purchase of insurance, establishment of a self-insurance fund, and/or participation in a risk pool. The purchase of insurance transfers the risk to an independent third party. The establishment of a self-insurance fund allows the Town to set aside money for claim settlements. The self-insurance fund would be included in the financial statements. The purpose of participation in a risk pool is to provide a medium for the funding and administration of the risks. These risks may also be mitigated by the Town by recording as a disbursement and replacement items purchased.

SUPPLEMENTARY INFORMATION – UNAUDITED

For additional financial information, the Town's Annual Report can be found on the Indiana Transparency Portal website: www.in.gov/itp/annual_reports/.

Differences may be noted between the financial information presented in the financial statement contained in this report and the financial information presented in the Annual Report of the Town which is referenced above. These differences, if any, are due to adjustments made to the financial information during the course of the examination. This is a common occurrence in any financial statement examination. The financial information presented in this report is examined information, and the accuracy of such information can be determined by reading the opinion given in the Independent Accountant's Report.

The supplementary information presented was approved by management of the Town. It is presented as intended by the Town.

TOWN OF FREDERICKSBURG
 COMBINING SCHEDULE OF RECEIPTS, DISBURSEMENTS, AND
 CASH AND INVESTMENT BALANCES - REGULATORY BASIS
 For The Year Ended December 31, 2010

	General
Cash and investments - beginning	\$ 585
Receipts:	
Intergovernmental	4,808
Disbursements:	
Capital outlay	2,721
Excess of receipts over disbursements	2,087
Cash and investments - ending	\$ 2,672

TOWN OF FREDERICKSBURG
EXAMINATION RESULTS AND COMMENTS

FUND SOURCES AND USES

During the examination period the Town received \$2,440 in state motor vehicle highway distributions, \$645 in state gasoline tax distributions, and \$269 in state cigarette tax distributions which were receipted into the Town's General Fund. Subsequently, these distributions were used to pay General Fund expenditures.

Sources and uses of funds should be limited to those authorized by the enabling statute, ordinance, resolution, or grant agreement. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 7)

Motor Vehicle Highway Fund

The primary purpose of this special revenue type fund is to account for state motor vehicle highway distributions. If a property tax levy is made for such fund, the proceeds shall also be accounted for in the motor vehicle highway fund.

This fund is used principally for the construction and maintenance of streets and alleys, however, for the complete detail of approved uses listed in IC 8-14-1-5 should be reviewed. Depending on calculation, a restricted portion of the distributions can be used for law enforcement purposes. [IC 8-14-1-5(b)(1) and (2)] (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 3)

Local Road and Street Fund

The Statutory purpose of this special revenue type fund is to account for state gasoline tax distributions made from the local road and street account. Purposes for which the distributions may be expended are listed at IC 8-14-2-5. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 3)

Cumulative Capital Improvement Fund

Indiana Code 6-7-1-31.1 states in part:

"(a) The fiscal body of each city and the fiscal body of each town shall, by ordinance or resolution, establish a cumulative capital improvement fund for the city or town. . . .

(b) The money in the city's or town's cumulative capital improvement fund does not revert to its general fund.

(c) A city or town may at any time, by ordinance or resolution, transfer to:

(1) its general fund; . . .

money derived under this chapter that has been deposited in the city's or town's cumulative capital improvement fund."

The Cumulative Capital Improvement Fund is used to account for receipts and disbursements of state cigarette tax distributions. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 3)

TOWN OF FREDERICKSBURG
EXAMINATION RESULTS AND COMMENTS
(Continued)

RISK OF LOSS

The Town does not have an insurance policy or self-insurance plan in place to cover torts, theft of, damage to, and destruction of assets, errors and omissions, and natural disasters.

The governmental unit should ensure it is adequately protected for all risks of loss. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 7)

APPROPRIATIONS

The records presented for examination indicated the following expenditures in excess of budgeted appropriations:

<u>Fund</u>	<u>2010</u>
General	<u>\$ 1,626</u>

Indiana Code 6-1.1-18-4 states in part: ". . . the proper officers of a political subdivision shall appropriate funds in such a manner that the expenditures for a year do not exceed its budget for that year as finally determined under this article."

BOARD MINUTES

The minutes of meetings of the Town Council for the months of January through July of the year 2010 were not available for examination.

Indiana Code 5-14-1.5-4 states in part:

"(b) As the meeting progresses, the following memoranda shall be kept:

- (1) The date, time, and place of the meeting.
- (2) The members of the governing body recorded as either present or absent.
- (3) The general substance of all matters proposed, discussed, or decided.
- (4) A record of all votes taken, by individual members if there is a roll call.
- (5) Any additional information required under IC 5-1.5-2-2.5."

TOWN OF FREDERICKSBURG
EXAMINATION RESULTS AND COMMENTS
(Continued)

CAPITAL ASSET RECORDS

The Town does not maintain a record of its capital assets.

Every governmental unit should have a complete inventory of all capital assets owned which reflects their acquisition value. Such inventory should be recorded on the applicable Capital Assets Ledger. A complete inventory should be taken every year for good internal control and for verifying account balances carried in the accounting records. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 7)

TOWN OF FREDERICKSBURG
EXIT CONFERENCE

The contents of this report were discussed on August 25, 2011, with Joseph P. Stilger, Clerk-Treasurer. The official concurred with our findings.
