The fund balance of any fund may not be reduced below zero. Routinely overdrawn funds could be an indicator of serious financial problems which should be investigated by the governmental unit. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 7)

NEGATIVE FUND BALANCE / NET ASSETS

The City is in agreement that the following funds have negative fund balances or deficit net assets due to the following reasons:

The Public Safety Academy Fund, which is used to track the Southtown Project in its entirety, has a negative fund balance due to revenues not being received for land sales as expected. The City will make every attempt to ensure a positive fund balance in 2013.

The Omnibus Crime Fund has a negative fund balance due to a receivable not being booked at the end of the year. The City will make every attempt to ensure a positive fund balance in 2013.

The Urban Enterprise Fund has a negative fund balance due to an accrued payroll entry that was made at year end 2012 which had not been necessary in prior years. The City will make every attempt to ensure a positive fund balance in 2013.

The Group Health Insurance Fund has deficit net assets due to the estimated expenses used at year end versus the ability to use actual claims for the accruals. The fund has a positive cash balance. The deficit net assets decreased significantly in 2012. The City will make every attempt to ensure positive net assets in 2013.

Sincerely,

Patricia A. Roller, CPA
City Controller
