Board of Directors
Newport Chemical Depot Reuse Authority
259 Vine Street
Clinton, IN 47842

We have reviewed the audit report prepared by Alerding CPA Group, Independent Public Accountants, for the period January 1, 2012 to December 31, 2012. In our opinion, the audit report was prepared in accordance with the guidelines established by the State Board of Accounts. Per the Independent Public Accountants' opinion, the financial statements included in the report present fairly the financial condition of the Newport Chemical Depot Reuse Authority, as of December 31, 2012 and the results of its operations for the period then ended, on the basis of accounting described in the report.

The Independent Public Accountants' report is filed with this letter in our office as a matter of public record.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Newport Chemical Depot Reuse Authority
Clinton, Indiana

Report on the Financial Statements

We have audited the accompanying financial statements of Newport Chemical Depot Reuse Authority, which comprise the statements of financial position as of December 31, 2012 and 2011, and the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our 2012 audit was also conducted in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

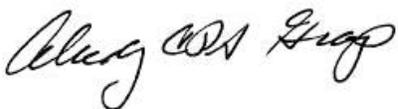

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Newport Chemical Depot Reuse Authority as of December 31, 2012 and 2011, and the changes in net assets and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on pages 16 through 20, including the accompanying schedule of expenditures of Federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated May 17, 2013, on our consideration of Newport Chemical Depot Reuse Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Newport Chemical Depot Reuse Authority's internal control over financial reporting and compliance.

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

1. SIGNIFICANT ACCOUNTING POLICIES

Description of the Entity

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY ("NeCDRA") is a facility of 7,135 acres located in Vermillion County, Indiana (the "Depot"). In late 2005, Congress approved the Department of Defense Base Realignment and Closure recommendations, which included the closure of the U.S. Department of the Army's (the "Army") Newport Chemical Depot in Vermillion County, Indiana. NeCDRA was created to complete a reuse master plan for the depot. Its primary purpose is community financial assistance through economic development.

NeCDRA comprises a board of five citizens appointed by the Vermillion County Commissioners. NeCDRA worked in conjunction with the local community of Vermillion County, the Army and government officials and contractors to create a plan and implementation strategy for conversion of the depot to civilian use. In providing a framework for evaluating proposed new uses for the depot, NeCDRA strives to acquire property at no cost to NeCDRA or the community, develop a reuse plan primarily for agricultural and industrial uses, ensure preservation of natural resources and maximize local jobs and investment for Vermillion County and the region.

Effective October 1, 2011, an agreement between the Army and NeCDRA for conveyance of certain real property, improvements and personal property located at the Newport Chemical Depot went into effect. Real property was to be transferred in two parcels. The first parcel of approximately 6,650 acres was transferred in October 2011 and the second parcel of approximately 480 acres was transferred in September 2012. In addition to the land easements, mineral rights and water rights were also transferred. Also, one building on the premises is subject to a no-cost lease back to the Army.

Agricultural, natural areas and open space uses account for approximately one half of the site's 7,135 acres, and business, highway-oriented commercial and conference and support facilities account for the other half. Revenue sources include grants from the Office of Economic Adjustment ("OEA"), "matching revenue" from the Vermillion County Economic Development Council, a Caretaker contract with the Army, agricultural and building leases, and an Environmental Services Cooperative Agreement ("ESCA") grant.

Future Plans

NeCDRA is eligible for tax increment financing for future development and operational expenditures, including the providing of water services. These funds are based on property taxes paid by NeCDRA's tenants.

Pending environmental remediation, for which an agreement has been signed with the Army, 5 – 6 acres still held by the Army will be transferred to NeCDRA. Approximately \$700,000 relating to the cleanup process has been spent by NeCDRA and reimbursed by the Army. The remaining costs are estimated to be approximately \$1,095,000 and are expected to be reimbursed by the Army.

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

NeCDRA has signed an option agreement with a third party for the sale of property in order to build a power plant on the Depot.

It is anticipated that approximately 1,700 forested acres will be transferred to the Indiana Department of Natural Resources, though there is no time frame for this transfer.

Plans are also being considered to develop a park area on the site.

NeCDRA is in the process of planning the development of a water delivery and sewer system for service to the surrounding communities. It is anticipated that this project will be financed through a bank line of credit which NeCDRA expects to apply for in 2013.

NeCDRA may be eligible to receive a grant of approximately \$250,000 from the State of Indiana to improve the water system at one of the buildings currently being leased to a third party. These funds have not been recorded as revenue due to the uncertainty of receipt of the funds, including the timing of receipt which is expected to be 2014 or later.

The significant accounting policies followed by NeCDRA in the preparation of its financial statements are summarized below:

Basis of Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Unrestricted net assets are net assets not subject to donor-imposed restrictions and are, therefore, available to support the general operations of NeCDRA. Temporarily restricted net assets are net assets subject to donor-imposed restrictions related to specific programs or the passage of time.

Basis of Accounting

The accompanying basic financial statements and underlying supplemental schedules have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts in the financial statements and notes to the financial statements. Actual results could differ from those estimates.

Receivables and Credit Policies

Accounts receivable represent amounts due under the OEA grant, ESCA grant, NeCDRA's Caretaker contract with the United States Army, and agricultural and other lease contracts. There were no amounts due under the OEA grant as of December 31, 2012.

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

Under the OEA grant, NeCDRA is allowed advance funds for operational expenses, but it generally operates on a cost reimbursement basis. The annual grant totals are based on a budget submitted by NeCDRA. The grant agreement stipulates that a percentage of grant funds (approximately 17.54% for the grant covering the period July 1, 2012 through December 31, 2013 and approximately 10.70% for the grant covering the period January 1, 2011 through June 30, 2012) must come from nonfederal sources, which currently is the Vermillion County Economic Development Council. Receivables for these funds are not recorded, as they are paid directly to NeCDRA vendors and are treated as both revenue and expenses in the period in which they are incurred.

Caretaker receivables consist of a fixed amount (for taking care of the premises), utility reimbursements, water system compliance and other expenses. Payments on these accounts are allocated to specific invoices.

ESCA receivables consist of an initial request for funding under the terms of the agreement. The initial request includes estimated costs for various remediation and improvement work on the Depot and an allowable profit percentage.

There is no provision to charge interest on any amounts considered past due. Management believes all receivables at December 31, 2012 are collectible and, accordingly, there have been no write-offs for uncollectible amounts and no allowance for uncollectible accounts is required as of December 31, 2012 and 2011.

Property and Equipment

Property and equipment purchased and expenditures which substantially increase the useful lives of existing assets are recorded at cost. Cost of repairs and maintenance are expensed as incurred. Assets conveyed by the Army are stated at the estimated fair market value at the date of the transfer and proceeds from the sale of property are subject to certain terms contained in the conveyance agreement with the Army. Additionally, the Army conveyance agreement contains limitations regarding the use of certain acreage.

Property and equipment are depreciated using the straight-line method of depreciation. The estimated ranges of useful lives are as follows:

<u>Description</u>	<u>Ranges of Useful Lives</u>
Buildings	39 years
Land Improvements	15 years
Equipment	3 – 7 years
Automobiles	5 years

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

Deferred Revenue

Deferred revenue relates to rental income received in advance as well as funds received in advance under reimbursement-based grants. Upon expenditure of the funds, or specific timing in the case of the rental income, the deferred revenue is reclassified to revenue.

Revenue Recognition

NeCDRA records grant revenue for reimbursement-based grants in the period in which the expenses are incurred. Revenue relating to agricultural and building lease contracts is recorded in the period in which the revenue is earned. Cash received in advance of the rental period is recorded as deferred revenue.

Government Grants

NeCDRA earns a portion of its revenues under grants from the Department of Defense, acting through the OEA. As such, it must comply with certain terms contained in the Grant Agreements. Grant activities are subject to audit and acceptance by the granting agency and, as a result, adjustments could be required.

Contributions

NeCDRA does not receive contributions from the general public and it is not a charitable organization within the meaning of Section 501 of the Internal Revenue Code. In October 2011 and September 2012, NeCDRA received contributions from the Army including land, buildings and personal property. The fair market value, net of future required payments to the Army, was recorded as a contribution as of the date of transfer.

Income Taxes

NeCDRA is organized as a sub-entity of Vermillion County, Indiana, and, accordingly, is exempt from Federal and state income taxes. Further, as an affiliate of a governmental entity, NeCDRA is not required to file Federal Form 990 or the related state filings.

Management of NeCDRA evaluates all significant tax positions to ensure compliance with the exempt purposes of NeCDRA as required by U.S. GAAP, including consideration of any unrelated business income tax. As of December 31, 2012, Management does not believe NeCDRA has taken any tax positions that are not in compliance with its exempt purpose.

As detailed in an Indiana Department of Revenue advisory letter dated February 17, 2011, NeCDRA's purchases are also exempt from state sales and use tax.

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

Subsequent Events

Subsequent events are disclosed in Note 9 and have been evaluated through May 17, 2013, which is the date the financial statements were available for issuance.

2. LONG-TERM DEBT

Note Payable to Army

In consideration for the transfer of property from the Army, NeCDRA signed a Promissory Note dated September 27, 2011, for an amount not to exceed \$3,000,000. There is no stated interest rate and payments are required for a 10-year period (through September 30, 2021) based on the following four criteria:

1. NeCDRA will pay \$3,000 per acre to the Army for all land sold or land sales under contract;
2. Annually, NeCDRA will pay the Army the following share of gross revenues received from agriculture leases: 20% in years 1-3, 25% in years 4-6 and 30% in years 7-10;
3. Annually, NeCDRA will pay the Army 10% of gross revenues received from land and building leases, and;
4. Annually, NeCDRA will pay the Army 33% of net revenue received from the wetlands bank.

The Promissory Note is secured by a mortgage agreement. In accordance with the Promissory Note, the total cash consideration to be paid is reduced to \$2,750,000, and the mortgage is released, if NeCDRA makes payments totaling \$2,750,000 to the Army by the end of year 7 and it accepts the transfer of any additional parcels of land required to transfer all of the property pursuant to the Army conveyance agreement.

If payments do not total \$2,750,000 by the end of year 7, then payments will continue for the remainder of the 10-year period (through September 30, 2021). Following the 10-year period, NeCDRA will have no obligation to continue making payments even if the full \$3,000,000 is not paid in full. The outstanding balances at December 31, 2012 and 2011 were \$2,823,015 and \$3,000,000, respectively.

Note Payable to Vermillion County Economic Development Council

During 2012, NeCDRA secured an interest free note payable in 120 monthly installments of \$3,333 through August 2022 to the Vermillion County Economic Development Council. Outstanding borrowings at December 31, 2012 were \$386,667.

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

Based on the above payment requirements and current revenue sources, and assuming no land sales over the next five years, estimated maturities of long-term debt as of December 31, 2012 are as follows:

Year Ending <u>December 31,</u>	
2013	\$ 270,077
2014	270,077
2015	327,023
2016	327,023
2017	327,023
Thereafter	<u>1,688,459</u>
	<u>\$ 3,209,682</u>

3. TEMPORARILY RESTRICTED NET ASSETS

Effective October 1, 2011, land, buildings and personal property were conveyed by the Army to NeCDRA. The transfer included land use restrictions related to the preservation of an endangered species. The terms of the conveyance provide for the eventual disposition of the land, and some additional acreage, in the form of a contribution to the Indiana Department of Natural Resources. The restriction on this portion of the land, which was estimated to have a fair market value on the date of transfer of \$2,623,200, has been recorded as temporarily restricted revenue. There were no transfers to the Indiana Department of Natural Resources during 2012 or 2011, thus the balance of \$2,623,000 is included in temporarily restricted net assets as of December 31, 2012 and 2011.

Additional temporarily restricted net assets totaled \$151,826 and \$5,162 as of December 31, 2012 and 2011, respectively, and related to grant funds restricted by the donor for specific purposes.

Following debt repayments to the Army as specified in Note 2, additional proceeds from the sale, lease or equivalent use of property must be reinvested as quickly as practicable to support the economic redevelopment of the property or economic redevelopment related to the property. The additional proceeds are restricted to twelve categories as defined in the Army conveyance agreement. As of December 31, 2012 and 2011, there have been no additional proceeds.

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

4. NET ASSETS RELEASED FROM RESTRICTIONS

Net assets were released from temporary donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified by the donors. Net assets released from restrictions during the years ended December 31, 2012 and 2011 totaled \$1,068,296 and \$662,918, respectively.

5. LEASES

NeCDRA as Lessor

Effective September 30, 2011, agricultural leases between the Army and farmer tenants located on the NeCDRA land site were terminated as a result of the transfer of land to NeCDRA. NeCDRA continued to honor the terms of the Army leases through December 2011, at which time new leases became effective with NeCDRA as the lessor. Revenue from the leases totaled \$179,000 for the period October 1, 2011 through December 31, 2011.

Beginning in 2012, the leases are billed annually at a per acre rate. The annual rental rates range from \$200 per acre to \$336 per acre, and include approximately 3,080 acres of land. Revenue from the leases totaled \$932,853 for the year ending December 31, 2012. The rental agreements expired in February 2013, at which time new agreements were entered for a one-year period (Note 9).

Also, effective March 1, 2012, an option agreement with Development Partners Funding, LLC for the purchase of 100 acres was signed. The agreement requires quarterly payments of \$3,000 due by April 1, July 1, and October 1, 2012 and January 1, 2013.

Additionally, NeCDRA leases two buildings to unrelated third parties requiring monthly payments based on the amount of space occupied (\$670 per month and \$240 per month as of December 31, 2012). Total lease income was \$15,616 and \$3,216 for the years ending December 31, 2012 and 2011, respectively. The future minimum lease payments due under the terms of the building lease, assuming no changes in the amount of space occupied, are as follows:

Year Ending <u>December 31,</u>	
2013	\$ 10,919
2014	5,559
2015	4,319
2016	8,638
2017	6,478
	<u>\$ 35,913</u>

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

NeCDRA as Lessee

NeCDRA leases administrative office space in Clinton, IN from the United States of America. The office space is provided rent free through September 2016.

6. CONCENTRATION OF CREDIT RISK

Cash

NeCDRA maintains cash in four separate checking accounts with the same financial institution. As these deposits are held in non-interest bearing accounts, they are fully insured by the FDIC through December 31, 2012. If amounts exceed applicable FDIC insured limits, these deposits could constitute a credit risk subsequent to 2012.

Accounts and Contract Receivables and Revenues

At December 31, 2012, 56% and 44% of accounts and contract receivables represent amounts due under a caretaker contract with the Army and the ESCA grant, respectively.

At December 31, 2011, 59% and 37% of accounts and contract receivables represent amounts due under a caretaker contract with the Army and the OEA grant, respectively.

The percentages of revenue by source for the years ended December 31, 2012 and 2011 are as follows:

	<u>2012</u>	<u>2011</u>
Office of Economic Adjustment	12.53%	1.88%
U.S. Department of the Army (Caretaker contract)	23.49%	6.87%
U.S. Department of the Army (Property conveyance)	43.41%	90.70%
Agricultural Leases and Other	14.24%	0.51%
Building Lease	0.35%	0.04%
ESCA Contract	5.98%	0.00%

NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

7. RISK MANAGEMENT

NeCDRA is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance from independent third parties. There were no settled claims from these risks during 2012 or 2011.

8. CONTINGENCIES

NeCDRA is located on the site of the former Newport Chemical Depot where hazardous substances and contaminants were located and stored. At the time of the conveyance of this land to NeCDRA, a Remediation Plan was completed. However, certain areas have not been remediated to levels suitable for unrestricted use, and the deed transferring the property lists restrictions, such as prohibitions against residential or agricultural uses in some areas, prohibitions against soil excavations and prohibitions against groundwater use. These restrictions result from the potential environmental impact associated with the restricted areas. The Army has agreed to pay for any additional environmental remediation. No assets or accruals have been recognized for remediation obligations or reimbursements as the amount cannot be reasonably estimated.

A contingency gain exists in relation to the \$3,000,000 Promissory Note (Note 2). Should NeCDRA remit \$2,750,000 to the Army according to the terms of the agreement within seven years, and comply with the other terms of the agreement, it will not be required to pay the remaining \$250,000. Additionally, if the revenue sources on which the payments are based are not sufficient to require total payments of \$3,000,000 over 10 years, any shortfall will be forgiven. If either of these events occurs, a gain equal to the amount of debt forgiven will be recorded at that date.

9. SUBSEQUENT EVENTS

In February 2013, revised lease contracts for the agricultural use property were signed (Note 5).

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED DECEMBER 31, 2012

Note 1: Basis of Presentation

This schedule includes the Federal awards activity of NeCDRA and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

THE NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Newport Chemical Depot Reuse Authority
Clinton, Indiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Newport Chemical Depot Reuse Authority ("NeCDRA"), which comprise the statement of financial position as of December 31, 2012, and the related statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 17, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered NeCDRA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of NeCDRA's internal control. Accordingly, we do not express an opinion of the effectiveness of NeCDRA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

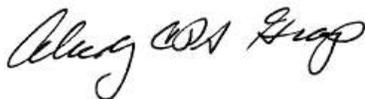

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether NeCDRA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of NeCDRA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering NeCDRA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

THE NEWPORT CHEMICAL DEPOT REUSE AUTHORITY

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Board of Directors
Newport Chemical Depot Reuse Authority
Clinton, Indiana

Report on Compliance for Each Major Federal Program

We have audited Newport Chemical Depot Reuse Authority's ("NeCDRA") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of NeCDRA's major Federal programs for the year ended December 31, 2012. NeCDRA's major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of NeCDRA's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about NeCDRA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of NeCDRA's compliance.

Opinion on Each Major Federal Program

In our opinion, NeCDRA complied, in all material respects, with the types of requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended December 31, 2012.

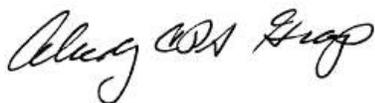

Report on Internal Control Over Compliance

Management of NeCDRA is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered NeCDRA's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of NeCDRA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of control deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
