Board of Directors
Linton Housing Authority
1148 N. 1300 West
Linton, IN 47441

We have reviewed the audit report prepared by Pamela J. Simpson, CPA, Independent Public Accountant, for the period January 1, 2010 to December 31, 2010. In our opinion, the audit report was prepared in accordance with the guidelines established by the State Board of Accounts. Per the Independent Public Accountant's opinion, the financial statements included in the report present fairly the financial condition of the Linton Housing Authority, as of December 31, 2010 and the results of its operations for the period then ended, on the basis of accounting described in the report.

The Independent Public Accountant's report is filed with this letter in our office as a matter of public record.

Independent Auditor's Report

Board of Directors
Linton Housing Authority
Linton, Indiana

I have audited the accompanying financial statements of Linton Housing Authority, as of and for the year ended December 31, 2010, as listed in the table of contents. These financial statements are the responsibility of the Authority's management. My responsibility is to express an opinion on these basic financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Linton Housing Authority, as of December 31, 2010 and the respective changes in financial position and cash flows for the year end in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated September 9, 2011, on my consideration of the Linton Housing Authority's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

The Management's Discussion and Analysis and budgetary comparison information on pages 3 through 7, are not a required part of the financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming opinions on the financial statements of the Linton Housing Authority, taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements of the Linton Housing Authority. The accompanying financial data schedule and other additional statements and schedules listed as supplemental data in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of the Linton Housing Authority. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly stated in all materials respects in relation to the financial statements taken as a whole.

**HOUSING AUTHORITY OF LINTON
REQUIRED SUPPLEMENTAL INFORMATION**

**MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)
DECEMBER 31, 2010**

The management of the Housing Authority of Linton presents the following discussion and analysis of the Housing Authority's financial activities for the fiscal year ending 12/31/2010. This represents an overview of financial information. Please read this discussion and analysis in conjunction with the Authority's audited financial statements, which follows.

FINANCIAL HIGHLIGHTS

- The Housing Authority's assets exceeded its liabilities by \$1,232,017 at the close of the fiscal year ended 12/31/10.

Of this amount, \$328,342 of unrestricted assets may be used to meet the Housing Authority's ongoing obligations to citizens and creditors. This amount, along with \$14,308 restricted for HAP payments, equals 32% of the total operating expenses for the fiscal year 2010, which means the Authority could operate about 4 months using the unrestricted and restricted assets alone.

The remainder of \$889,367 represents a restriction equal to the net amount invested in land, building, furnishings, leasehold improvements, equipment, and construction in progress.

- The Housing Authority's total net assets decreased by \$9,136, a -1% change from the prior fiscal year 2009. This decrease is attributable generally to an increase in extraordinary maintenance.
- The Housing Authority continues to operate without the need for debt borrowing.

OVERVIEW OF THE FINANCIAL STATEMENTS

This MD&A is intended to serve as an introduction to the Housing Authority's basic financial statements. The Housing Authority is a special-purpose government engaged in business-type activities. Accordingly, only fund financial statements are presented as the basic financial statements, comprised of two components: (1) fund financial statements and (2) a series of notes to the financial statements. These provide information about the activities of the Housing Authority as a whole and present a longer-term view of the Housing Authority's finances. This report also contains other supplemental information In addition to the basic financial statements themselves demonstrating how projects funded by HUD have been completed.

**HOUSING AUTHORITY OF LINTON
REQUIRED SUPPLEMENTAL INFORMATION**

**MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)
DECEMBER 31, 2010**

REPORTING ON THE HOUSING AUTHORITY AS A WHOLE

One of the most important questions asked about the Authority's finances is, "is the Housing Authority as a whole better off, or worse off, as a result of the achievements of fiscal year 2010?" The Statement of Net Assets and the Statement of Revenues, Expenses, and Changes in Net Assets report information about the Housing Authority as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

All of the funds of the Housing Authority are reported as proprietary funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Housing Authority, like other enterprises operated by state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. For reporting purposes all housing funds are reported in one housing enterprise fund.

The Housing Authority's financial statements report its net assets and changes in them. One can think of the Housing Authority's net assets – the difference between assets and liabilities – as one way to measure the Authority's financial health, or financial position. Over time, increases and decreases in the Authority's net other non-financial factors, however, such as the changes in the Authority's occupancy levels or its legal obligations to HUD, to assess the overall health of the Housing Authority.

USING THIS ANNUAL REPORT

The Housing Authority's annual report consists of financial statements that show combined information about the Housing Authority's most significant three funds, the Low Rent Housing Program, the Section 8 Voucher Program and Public Housing Capital Fund Program.

The Housing Authority's auditors provided assurance in their independent auditors' report, located immediately following the MD&A, that the basic financial statements are fairly stated. The auditors provide varying degrees of assurance regarding the other information included in this report. A user of this report should read the independent auditors' report carefully to determine the level of assurance provided for each of the other parts of the report.

**HOUSING AUTHORITY OF LINTON
REQUIRED SUPPLEMENTAL INFORMATION**

**MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)
DECEMBER 31, 2010**

REPORTING THE HOUSING AUTHORITY'S MOST SIGNIFICANT FUNDS

The Housing Authority's financial statements provide detailed information about the most significant funds. Some funds are required to be established by the Department of Housing and Urban Development (HUD). However, the Housing Authority establishes other funds to help it control and manage money for particular purposes, or to show that it is meeting legal responsibilities for using grants and other money.

The Housing Authority's enterprise funds use the following accounting approach or Proprietary funds: All of the Housing Authority's services are reported in enterprise funds. The focus of proprietary funds is on income measurement, which, together with the maintenance of net assets, is an important financial indicator.

FINANCIAL ANALYSIS

The Housing Authority's net assets were \$1,232,017 as of December 31, 2010. Of this amount, \$889,367 was invested in capital assets, \$14,308 was restricted for HAP payments, and the remaining \$328,342 was unrestricted.

**HOUSING AUTHORITY OF LINTON
REQUIRED SUPPLEMENTAL INFORMATION**

**MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)
DECEMBER 31, 2010**

The decrease in net assets of these funds was primarily due to an increase in extraordinary maintenance.

Compared with the prior fiscal year, total tenant revenues increased \$6,024 or by 5%.

Compared with the prior fiscal year, total expenses increased, by \$84,061 with the most significant cause(s) listed below:

- Extraordinary Maintenance costs increased by \$65,979.
- HAP payments increased by \$47,781.

These changes led to a decrease in total assets by \$64,818 and a decrease in liabilities by \$55,682. With these changes, there is still almost \$18.92 of current assets covering each dollar of liability.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Housing Authority is primarily dependent upon HUD for the funding of operations; therefore, the Housing Authority is affected more by Federal budget than by local economic conditions. The capital budgets for December 2010 fiscal year have already been submitted to HUD for approval and no major changes are expected.

The Capital fund programs are multiple year budgets and have remained relatively stable. Capital Funds are used for the modernization of public housing properties including administrative fees involved in the modernization.

CONTACTING THE HOUSING AUTHORITY'S FINANCIAL MANAGEMENT

Our financial report is designed to provide our citizens, investors, and creditors with a general overview of the Housing Authority's finances, and to show the Housing Authority's accountability or the money it receives. If you have questions about this report, or wish to request additional financial information, contact J Ken Wright, Executive Director, Linton Housing Authority, Rt. #2, Box 655, Linton, IN 47441.

**NOTES TO FINANCIAL STATEMENTS
TWELVE MONTHS ENDED DECEMBER 31, 2010**

Note 1 - Summary of Significant Accounting Policies

(a) Organization and Reporting Entity -

The Linton Housing Authority was established by the City pursuant to the laws of the State of Indiana, to transact business and to have powers as defined therein. The Housing Authority was established to provide low-rent housing for qualified individuals in accordance with the rules and regulations prescribed by the Department of Housing and Urban Development and other applicable Federal Agencies.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) had direct responsibility for administering low-rent housing programs in the United States. Accordingly, HUD has entered into a contract with the Authority for the purpose of assisting in financing the acquisition, construction and leasing of housing units and to make annual contributions (subsidies) to the program for the purpose of maintaining its low-rent character.

In evaluating the Authority as a reporting entity, management has addressed its relationship with the City of Linton and concluded that the City does not maintain an oversight responsibility for the Authority's operations. An independent Board of Commissioners, appointed by the Mayor, is responsible for the activities of the Authority. The Authority recruits and employs its executive staff and has substantial legal authority to control its affairs without requiring approval of the City government. Debt incurred by the Authority is not an obligation of the City; the City does not review or approve the Authority's budget, is not entitled to any surplus funds generated by the Authority's operations and is not responsible for any deficits incurred by the Authority.

The Authority is governed by a Board of Commissioners appointed by the office of the Mayor, and has governance responsibilities over all activities related to all housing activities within the City. The Board of Commissioners has decision making authority and the power to designate management. The members do not serve at the discretion of the Mayor, i.e. they can only be removed for cause. The Authority's Board elects its own chairperson.

Consequently, in accordance with evaluating the criteria set forth in Section 2100 and 2600 of the Governmental Accounting Standards Board Codification, management has concluded that the Linton Housing Authority is a separate reporting entity. All funds and programs of the Housing Authority are included in these statements. The Housing Authority has no component units.

(b) Method of Accounting -

The financial statements of the Housing Authority have been prepared on the accrual basis of accounting and accordingly, reflect all significant receivables, payables and other liabilities.

The Housing Authority applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements, in which case, GASB prevails.

**LINTON HOUSING AUTHORITY
LINTON, INDIANA**

**NOTES TO FINANCIAL STATEMENTS
TWELVE MONTHS ENDED DECEMBER 31, 2010
(CONTINUED)**

Note 1 - Summary of Significant Accounting Policies

(c) Financial Statement Presentation

Although a formal policy has not been adopted, in financial statement preparation the Authority distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. Principal operating revenues are tenant rents and HUD grants. Operating expenses include administration, maintenance, insurance, depreciation, utilities, housing assistance payments and other general expenses. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

(d) Funds -

Each of the programs of the Housing Authority are organized on a basis of fund accounting, using a separate set of self balancing accounts as prescribed by HUD. The programs of the Housing Authority are:

- * Low Rent Public Housing
- * Section 8 Choice Vouchers
- * Capital Fund Program
- * A.R.R.A. - Formula Capital Fund Grant

These programs are all accounted for within the 'Proprietary' (enterprise) fund as described below:

Proprietary Fund Types:

Proprietary funds use the economic resources measurement focus and utilize the accrual basis of accounting. All assets and liabilities associated with a proprietary fund's activities are included on the fund statement. Proprietary fund equity is segregated into Invested in Capital Assets Net of Related Debt, Restricted Net Assets and Unrestricted Net Assets.

(e) Cash and Cash Equivalents -

For purposes of the statement of cash flows, the practice of the Housing Authority is to consider all highly liquid investments to be cash equivalents. The term "highly liquid" refers to investments with a maturity of one (1) month or less when purchased to be cash equivalents.

(f) Accounts Receivable -

The tenants accounts receivable discloses the gross amount due from the tenants at December 31, 2010, and does not take into consideration prepaid amounts. The Housing Authority provides for an allowance for doubtful accounts, based on the estimated collections of current accounts receivables. The Housing Authority periodically writes off uncollectible accounts receivable to the allowance account based on a review of the current status of existing receivables and the determination that the receivable will not be collected.

**NOTES TO FINANCIAL STATEMENTS
TWELVE MONTHS ENDED DECEMBER 31, 2010
(CONTINUED)**

Note 1 - Summary of Significant Accounting Policies

(g) Inventories and Materials -

Inventories and materials are stated at cost which approximates market determined on a first-in, first-out basis.

(h) Investments -

Investments are stated at cost which approximates market.

(i) Fixed Assets -

For the purpose of determining, distinguishing and recording materials and non-expendable equipment and personal property purchased or acquired in connection with development, management, and maintenance of public housing developments owned or operated, the Housing Authority follows the following capitalization policy:

If the initial cost of a piece of equipment and/or other personal property is one thousand (\$1,000) or more and the anticipated life or useful life of said equipment or property is more than one (1) year, the same shall be capitalized and recorded as non-expendable equipment and charged as a capital expenditure.

Land, buildings and equipment contains the following:

- 1) The total development construction costs incurred for each project at the end of the initial operating period,
- 2) nonexpendable equipment, and
- 3) property betterments and additions
- 4) land acquisitions.

These are recorded at cost. Depreciation of property and equipment is provided using the straight line method for financial reporting purposes at rates based on the following estimates:

Buildings	25	years
Equipment	3	years
Transportation equipment	7	years
Furniture and fixtures	7	years
Leasehold improvements	10	years

LINTON, INDIANA**

**NOTES TO FINANCIAL STATEMENTS
TWELVE MONTHS ENDED DECEMBER 31, 2010
(CONTINUED)**

Note 1 - Summary of Significant Accounting Policies

(j) Net Assets -

GASB Statement 34 requires the classification of net assets into three components as defined below:

- 1) Invested in capital assets, net of related debt - this component of net assets consists of capital assets, net of accumulated depreciation, costs to be recovered from future revenues and unamortized debt expense reduced by outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- 2) Restricted - this component of net assets consist of constraints placed on net assets use through external constraints imposed by creditors, contributors or laws and regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- 3) Unrestricted - this component of net assets consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

(k) Income Tax -

The Authority, organized as a non-profit corporation subsidized by the Federal government, is exempt from Federal and State income taxes.

(l) Annual Contributions/Subsidies and Other Grants

Annual contributions and subsidies received from the Department of HUD are recorded as grant revenues.

Other grants (such as CFP grants) are recognized when program expenditures are incurred. Such revenue is subject to review by the Department of Housing and Urban Development and may result in disallowance in subsequent periods.

(m)The Housing Authority adopts a budget annually. The budget is submitted to the Board of Commissioners for approval. Subsequent budget revisions may also be required to be submitted for approval.

(n)The preparation of financial statements in conformity with generally accepted accounting principles require the Housing Authority to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**LINTON HOUSING AUTHORITY
LINTON, INDIANA**

**NOTES TO FINANCIAL STATEMENTS
TWELVE MONTHS ENDED DECEMBER 31, 2010
(CONTINUED)**

Note 1 - Summary of Significant Accounting Policies

- (o) Leasing activities (as lessor) - the Authority is the lessor of dwelling units mainly to low income and/or elderly and disables residents. The rents under the lease are determined generally by the resident's income as adjusted by eligible deductions regulated by HUD, although the resident may elect for a flat rent option. Leases may be cancelled by the lessee at any time. The Authority may cancel the lease only for cause.
- (p) Rental income is recognized as rents become due.
- (q) At any time during the year and at year end, there are construction projects in process. These projects include modernizing rental units. The projects are funded by HUD and funds are requested periodically as costs are incurred.

Note 2 - Cash and Investments

Statutes authorize the Housing Authority to invest in certificates of deposit, money market funds, United States government securities and repurchase agreements fully collateralized by United States government securities.

All cash and investments are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) or other equivalent insurance company of the depository financial institutions. The deposits exceeding the insured or registered limits are public funds covered by the State of Indiana Public Deposit Fund.

Custodial Credit Risk

- a. Deposits - Custodial credit risk is the risk that in the event of a financial institution failure, the Authority's deposits may not be returned or that the Authority will not be able to recover collateral securities in the possession of an outside party.
- b. Investments - Custodial credit risk is the risk that in the event of the failure of the depository, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of the outside party.

Credit Risk Investments, Concentration of Credit Risk and Interest Rate Risks - Investments

Credit Risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The Housing Authority has no investment policy that limits its investment choices other than the limitation of state law and/or the Department of Urban Development regulations.

Concentrations of Credit Risk is the risk of loss attributed to the amount of the investment in a single issuer. The Authority does not have a formal investment policy covering the concentration of credit risk.

Investment Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Housing Authority has no formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Note 2 - Cash and Investments (Continued)

The cash deposits held at financial institutions can be categorized according to three levels of risk. These three levels of risk are as follows:

Category 1 - Deposits which are insured or collateralized with securities held by the Housing Authority or by its agent in the Housing Authority's name.

Category 2 - Deposits which are collateralized with securities held by the pledging financial institution's trust department or agent in the Housing Authority's name.

Category 3 - Deposits which are not collateralized or insured.

Based on the three levels of risk, all of the Housing Authority's funds are classified as Category 1

Note 3 - Compensated Absences

Vacation Leave

1. Vacation leave with pay shall be earned by all regular full time employees at the following rates:

Upon completion of one (1) year continuous service employees will earn one (1) weeks pay.

Upon completion of two (2) years continuous service employees will earn two (2) weeks pay.

Upon completion of ten (10) years continuous service employees will earn three (3) weeks pay. Continuous service defined as an employee who has worked for the same office or has worked for various county offices for ten continuous years or more.

2. Employees shall not be granted pay in lieu of vacation.
3. All vacation must be taken during the calendar year of eligibility.
4. Employees who terminate without proper notification shall forfeit all right to vacation pay.

Note 3 - Compensated Absences

Sick Leave

1. Employees may be paid for leave taken because of illness or accident. An employee must work six (6) consecutive months before the employee becomes eligible for paid sick leave. All eligible employees shall be entitled to six (6) full days with pay for sick leave in any twelve (12) month period, which twelve month period shall be measured from anniversary date of such employee's employment. Any employee may accumulate his or her unused sick leave toward increasing the period of sick leave to which her or she is entitled in any given twelve months period, up to a maximum of twelve (12) days of sick leave in any given twelve (12) month period.
2. Sick leave may be accumulated not to exceed twelve (12) days.
3. In no event shall an employee be paid for sick leave not taken.

Note 4 - Defined Contribution Plan

The PHA participates in a defined contribution plan. The Housing Authority and the participants are required to contribute a percentage of annual covered payroll. The plan requires the Housing Authority and the employee to contribute 9.25% and 3% of covered wages, respectively. For the fiscal year ended December 31, 2010, required contributions by the Housing Authority were \$9,736. Total annual payroll expense was \$111,242.

Note 5 - Accounts Receivable

Accounts receivable consists of the following accounts:

**NOTES TO FINANCIAL STATEMENTS
TWELVE MONTHS ENDED DECEMBER 31, 2010
(CONTINUED)**

Note 9 - Notes Payable

On August 4, 1987, the U.S. Department of Housing and Urban Development (HUD) issued notice PIH 87-212 to implement the provisions of the Housing and Community Development Reconciliation Amendments of 1985 (PL 99-272, enacted April 7, 1986). This notice states, in part, the following:

Project debt to HUD (HUD-held notes) will be forgiven after a debt forgiveness amendment to the consolidated Annual Contributions Contract has been executed by HUD and the Public Housing Authority and after the Actual Development Cost Certificate has been included in an audit and approved.

As a part of the HUD mandated GAAP conversion and the above referenced notice, all HUD-held notes were recorded as debt forgiveness during a prior fiscal year.

Note 10 - Accrued Liabilities

Accrued liabilities consists of the following:

Current Portion:

Accrued wages and payroll taxes	\$ <u>3,907</u>
---------------------------------	-----------------

Note 11 - Deferred Revenue

This classification consists of the following accounts:

Tenants prepaid rent	\$ <u>590</u>
----------------------	---------------

Note 12 - Administrative Fee

The PHA receives an "Administrative Fee" as part of the annual contribution from HUD to cover the costs (including overhead) of administering the HAP Program. The fee is calculated by HUD on an annual calendar year basis.

Note 13 - Allocation of Costs

The PHA allocated expenses not attributable to a specific program to all programs under management. The basis for this allocation was the number of units in each program. Management considers this to be an equitable method of allocation.

**LINTON HOUSING AUTHORITY
LINTON, INDIANA**

**NOTES TO FINANCIAL STATEMENTS
TWELVE MONTHS ENDED DECEMBER 31, 2010
(CONTINUED)**

Note 14 - Contingencies

Federal Grants

In the normal course of operations, the Housing Authority receives grant funds from the Department of Housing and Urban Development. The programs are subject to audit by agents of HUD, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

Note 15 - Risk Management

The Housing Authority carries commercial insurance coverage to cover exposure and the risk of losses related to torts, thefts, damages, destruction of assets, errors and omissions, injuries, natural disaster and defalcation.

For insured programs there has been no significant reduction in insurance coverage. Settled claims have not exceeded insurance coverages in the current or past three years.

Note 16 - Economic Dependency

The Housing Authority received most of its revenue (88%) from the Units States Department of Housing and Urban Development. This funding is subject to federal government appropriations and potential funding reductions.

**Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Board of Commissioners
Linton Housing Authority
Linton, Indiana

I have audited the financial statements of Linton Housing Authority as of and for the year ended December 31, 2010, and have issued my report thereon dated September 9, 2011. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Linton Housing Authority's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Linton Housing Authority's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Linton Housing Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Linton Housing Authority's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

I noted certain matters that I reported to management of Linton Housing Authority in a separate letter dated September 9, 2011.

This report is intended solely for the information and use of management, Board of Commissioners, others within the entity, and Housing and Urban Development and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Board of Commissioners
Linton Housing Authority
Linton, Indiana

Compliance

I have audited Linton Housing Authority's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Linton Housing Authority's major federal programs for the year ended December 31, 2010. Linton Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Linton Housing Authority's management. My responsibility is to express an opinion on Linton Housing Authority's compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Linton Housing Authority's compliance with those requirement and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of Linton Housing Authority's compliance with those requirements.

In my opinion, Linton Housing Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010. However, the results of my auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items (2010-1).

Internal Control Over Compliance

Management of Linton Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing my audit, I considered Linton Housing Authority's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Linton Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over compliance that I consider to be *material weaknesses*, as defined above. However, I identified certain deficiencies in internal control over compliance that I consider to be significant deficiencies as described in the accompanying schedule of findings and questioned costs as items (2010-1). A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Linton Housing Authority's responses to the finding identified in my audit are described in the accompanying schedule of findings and questioned costs. I did not audit Linton Housing Authority's responses and, accordingly, I express no opinion on the responses.

This report is intended solely for the information and use of management, Board of Commissioners, others within the entity, Housing and Urban Development, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

STATUS OF PRIOR AUDIT FINDINGS

The prior audit report for the period ended December 31, 2009 contained one finding.

Finding 2009-1: Incomplete Section 8 Participant Files

HUD regulations require that all participant files contain adequate documentation to support a participant's eligibility and the accurate calculation of Housing Assistance Payments (HAP). The Linton Housing Authority's files examined lacked adequate documentation. This finding continues.

**LINTON HOUSING AUTHORITY
LINTON, INDIANA**

LINTON, INDIANA**

CURRENT FINDINGS

Section II - Financial Statement Audit Findings

There were no financial statement audit findings were discussed with J. Ken Wright and Janet Rose, during the course of the audit and at an exit conference held September 9, 2011.

Section III - Federal Award Audit Findings

There was one federal award audit finding discussed with J. Ken Wright and Janet Rose, during the course of the audit and at an exit conference held September 9, 2011.

Finding 2010-1: Incomplete Section 8 Participant Files

Condition and Criteria: HUD regulations require that all participant files contain adequate documentation to support a participant's eligibility and the accurate calculation of Housing Assistance Payments (HAP). During my current year test of participant eligibility, I noted incomplete documentation and incorrect calculations of HAP as follows: (a) anticipated medical expenses (such as spend down allowances) were not properly verified or calculated (b) in home assistance for household chores were allowed as medical expenses, however, confirmation that these services were prescribed by a physician was not in the file (c) confirmation of assets were in participant files, but anticipated income from the assets was not used in income calculations (d) contributions received for personal monthly expenses were confirmed or verified and received as periodic "contributions" but never used in anticipated income calculations (e) income not reported in prior certifications was added into the current income calculation when it should have been used to calculate corrected previous rent amounts for a repayment agreement (e) confirmed wage rates (and hours) were not used in the calculation of earned income (f) exemption was given for a child over the age of 18 without confirmation of the full time student status (g) verification of additional individuals living in the household that were not on the lease or listed on the 50058 as members of the household.

Effect: It cannot be determined if the Section 8 participants were eligible and their HAP assistance was calculated in accordance with HUD regulations.

Cause: The applications used by the agency were not detailed to provide adequate information when processing applications, certifications and recertifications. EIV were not used to verify and check information provided by participants. Some information received from third parties was ignored. Errors were made in calculating anticipated income and allowable deductions. Proper quality control procedures had not been implemented to assure that only eligible participants were provided Housing Assistance. The procedures in place did not provide adequate assurance that correct data was collected and used in accurate assistance payment calculations for each eligible participant. The agency's Administrative Plan was not adhered to and an adequate number of quality review checks was not completed.

**LINTON HOUSING AUTHORITY
LINTON, INDIANA**

AUDITOR'S RECOMMENDATION AND GRANTEE RESPONSE

Finding 2010-1: Incomplete Section 8 Participant Files (Continued)

Auditor's Recommendation: The application filled out by all participants should be reviewed and expanded to provide all information needed to properly process the application and certification. EIV reports should be used to verify all income. I recommend that quality control procedures be reviewed and revised to ensure that all required documentation is maintained in each file to support eligibility and exemptions. Procedures should be developed to ensure that all intake staff are familiar with the policies established in the Housing Authority's Section 8 Administrative Plan and that they are trained in the proper procedures for consistently applying those policies and HUD regulations. Current intake staff may need "refresher" training on the proper methods to collect and document data and use it in calculations. Additional quality review check should be completed on a monthly basis.

Grantee Response: The application will be reviewed by the Section 8 staff and management and updated as deemed necessary to determine it provides complete information. The Admin plan will be reviewed and updated by the Executive Director and intake staff. Additional quality assurance reviews will be conducted by the Executive Director to determine that the policies are being adhered to in the future.

Board of Commissioners
Linton Housing Authority
Linton, Indiana

In planning and performing my audit of the financial statements of Linton Housing Authority as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United State of America, I considered the Housing Authorities internal control over financial reporting (internal control) as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Linton Housing Authority 's internal control. Accordingly, I do not express an opinion on the effectiveness of Linton Housing Authority 's internal control.

The administration of the Housing Authority is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgements by the administration are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use of disposition and that transactions are executed in accordance with authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

My study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. However, my study and evaluation disclosed certain conditions in the following areas of which you should be aware in order to improve operating efficiencies and strengthen internal controls:

1. While reviewing the Housing Authority's system of internal controls, it came to my attention that not all internal control procedures being followed have been included in the written policy/procedural manual. A procedural manual is essential to any system of internal controls.

In addition to the current policies/procedures, I suggest that the written manual be expanded to include: (a) approval of journal entries (hard copies initialed or signed) (b) documentation of approval of payroll (payroll registers should be initialed or signed) (c) credit card use (full explanation of the purpose of travel, meals and meetings attached to supporting invoices) (d) personal use of agency assets (such as automobile, cell phone, etc) (e) reconciliation of rent rolls and HAP registers with written documentation of approval and (f) method of maintenance materials physical inventory reconciliation and valuation methods. The written policies should also cover the extent that outside consultants are used to provide internal controls.

A more detailed written manual will aid in the training of new staff, assure management of consistency in policy application as well as accurate financial reporting.

2. It was noted that the detailed depreciation schedule does not reconcile to the capital asset accounts in the general ledger. A complete physical inventory is required annually to account for all assets. The annual physical counts should then be reconciled to both the depreciation schedule and the control account. The fee accountant should be instructed to reconcile the physical counts to the general ledger and all control accounts, removing items and adding them as necessary to complete an accurate schedule.
3. While reviewing the Housing Authority's chart of accounts, it came to my attention that the authority has not expanded their chart of accounts to reflect HUD's suggested Chart of Accounts (per HUD handbook 7510.1 and changes identified in the GAAP Conversion Guide to the Financial Data Schedule Cross Walk Guide. The Financial Data Schedule (FDS) was created to standardize the financial information reported by Public Housing Authorities (PHAs) to the Department of Housing and Urban Development (HUD) Real Estate Assessment Center (REAC). REAC currently requires PHAs to report their accounting information using Generally Accepted Accounting Principles (GAAP). REAC uses the FDS to analyze PHA financial data in conjunction with other performance measurements, to help ensure the success of PHA programs. The most recent Cross Walk Guide, the handbook and the Conversion Guide can be easily accessed on line and will describe a complete definition of each line/account required.
4. During the test of cash disbursements, it was noted that an employee was receiving additional compensation separate from the regular approved salary/wages approved. Discussions with management indicated that these payments were compensation for tasks performed outside of the employee's normal job description. The additional compensation was reported as taxable income to the employee at year end on a form 1099, however, IRS regulation do not allow employees to be compensated as employees as well as independent contractors. Additionally, HUD regulation prohibit employees from being paid for "positions that exceed 100% of their time". The practice of paying additional compensation to employees separate from their normal pay must be prohibited.

5. While reviewing the agency's SEMAP certification, the Housing could not provide written documentation to substantiate that all of the SEMAP indicators had been properly tested. The Housing Authority should expand its documentation of quality control reviews of the Section 8 HCV files.
6. During our review of insurance coverage, it was noted that none of the insurance premiums had been allocated to the Section 8 Housing Choice Voucher Program. The PHA should allocate a portion of applicable insurance expenses to the Section 8 program (for example: worker's compensation). It was also noted that none of the 2009 audit expense had been allocated to the HCV program. OMB Circular A-122 requires a uniform allocation of all shared expenses.
7. While reviewing the Capital Fund Projects and the related capitalization and depreciation of the expenditures, it was noted that 100% of the capital fund expenditures were reported as "soft costs". None of the purchases of equipment or significant expenditures had been added to the depreciation schedule or reported as capital improvements. The Housing Authority should closely review the capital fund costs for all open programs and adopt a formal policy regarding capitalization for future reference.

This communication is intended solely for the information and used of management, the Board of Commissioners, and others within the housing authority, and is not intended to be and should not be used by anyone other than these specified parties. Please feel free to contact me if you have any questions.
