We have reviewed the audit report prepared by Pamela J. Simpson, CPA, Independent Public Accountant, for the period October 1, 2010 to September 30, 2011. In our opinion, the audit report was prepared in accordance with the guidelines established by the State Board of Accounts. Per the Independent Public Accountant's opinion, the financial statements included in the report present fairly the financial condition of the Michigan City Housing Authority, as of September 30, 2011 and the results of its operations for the period then ended, on the basis of accounting described in the report.

The Independent Public Accountant's report is filed with this letter in our office as a matter of public record.

Independent Auditor's Report

Board of Directors
Michigan City Housing Authority
Michigan City, Indiana

I have audited the accompanying financial statements of the Michigan City Housing Authority, as of and for the year ended September 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the Michigan City Housing Authority's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Michigan City Housing Authority, as of September 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

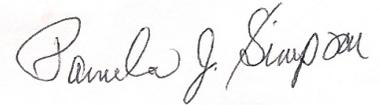

In accordance with *Government Auditing Standards*, I have also issued my report dated March 2, 2012 on my consideration of the Michigan City Housing Authority's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements with other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Accounting principles generally accepted in the United State of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 11 and be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures on the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial systems. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Michigan City Housing Authority's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the Michigan City Housing Authority. The accompanying financial data schedule and other additional statements and schedules listed as supplemental data in the table of contents has been subjected to the auditing procedures and certain other additional procedures in accordance with auditing standards generally accepted in the United States of America . In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, I do not express an opinion or provide any assurance on it.

HOUSING AUTHORITY OF MICHIGAN CITY, INDIANA
MANAGEMENT DISCUSSION AND ANALYSIS
Year Ending September 30, 2011

The Housing Authority of the City of Michigan City, Indiana (“the Authority”) Management’s Discussion and Analysis Report is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Authority’s financial activity, (c) identify changes in the Authority’s financial position (it’s ability to address the next and subsequent year challenges) and (d) identify individual fund issues or concerns.

This Management Discussion and Analysis will be presented at the beginning of the basic financial statement each year.

Since the Management’s Discussion and Analysis (MD&A) is designed to focus on the current year’s activities, resulting changes and currently known facts, it should be read in conjunction with the Authority’s basic financial statements.

FINANCIAL HIGHLIGHTS

- ❖ The Authority’s net assets reflect only a slight change in 2011. Since the Authority engages only in business-type activities, the decrease is all the categories of business-type net assets. Net Assets were \$5.3 million and \$5.3 million for 2010 and 2011 respectively.
- ❖ Business-type activities revenue for 2011 was \$3,458,393.
- ❖ The total expenses of all Authority programs decreased by \$10,458 (or 0.3%). Total expenses were \$3.5 million and \$3.4 million for 2010 and 2011 respectively.
- ❖ The Authority had \$712,155 in Tenant Revenue, \$2,303,695 in HUD PHA Operating Grants and \$235,693 of HUD Capital Grants for the year ended September 30, 2011.
- ❖ Authority investments unrestricted decreased by \$1,642 (or 82%) during the year. Total unrestricted investments on September 30, 2011 were \$358.

USING THIS ANNUAL REPORT

The following is provided to outline the contents of the Authority's Management Discussion and Analysis Report. This report precedes and is required supplementary information to the Authority's basic financial statements for the annual period ending September 30, 2011.

❖ **Financial Statement Overview**

- Authority-Wide Financial Statements
- Fund Financial Statements
- The Authority's Fund

❖ **Authority-wide Statements**

- Table 1 – Statement of Net Assets and Statement Analysis
- Table 2 – Changes in Unrestricted Net Assets and Analysis
- Table 3- Statement of Revenues, Expenditures and Changes in Net Assets and Analysis Change
- Table 4-Capital Assets at Year End
- Table 5-Changes in Capital Assets
- Table 6-Outstanding Debt at Year End

❖ **Economic Factors Affecting the Authority**

❖ **Overview of Budgets**

❖ **MD&A Financial Contact**

The primary focus of the Authority's financial statements is on both the Authority as a whole (Authority-wide) and the major individual funds. Both perspectives (authority-wide and major fund) allow reader to address relevant questions, broaden a basis for comparison (year to year, budget to actual) and enhance the Authority's accountability.

Authority-Wide Financial Statements

The Authority-wide financial statements are designed to be corporate-like in that all business type activities are consolidated into columns, which add to a total for the entire Authority.

These Statements include a Statement of Net Assets, which is similar to a Balance sheet. The Statement of Net Assets reports all financial and capital resources for the Authority. The statement is presented in the format where assets, minus liabilities, equal “Net Assets”, formerly as equity. Assets and liabilities are presented in order of liquidity, and are classified as “Current” (convertible into cash within one year), and “Non-current”.

The focus of the Statement of Net Assets (the “Unrestricted Net assets”) is designed to represent the net available liquid(non-capital) assets, net of liabilities, for the entire Authority. Net Assets (formerly equity) are reported in three broad categories:

Net Assets, Invested in Capital Assets, Net of Related Debt: This component of Net Assets consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Assets: This component of Net Assets consists of restricted assets on which constraints are placed by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Assets: Consists of Net Assets that do not meet the definition of “Net Assets Invested in Capital Assets, Net of Related Debt”, or “Restricted Net Assets”.

The Authority-wide financial statements also include a Statement of Revenues Expenses and Changes in Fund Net Assets (similar to an Income Statement). This Statement includes Operating Revenues, such as rental income, Operating Expenses, such as administrative, utilities, maintenance, depreciation and Non-Operating Revenue and Expenses, such as grant revenue, investment income and interest expense.

The focus of the Statement of Revenues, Expenses and Changes in Fund Net Assets is the “Change in Net Assets”, which is similar to Net Income or Loss.

Finally, a Statement of Cash Flow is included in the basic financial statements, which discloses net cash provided by or used for: operating activities, non-capital financing activities, and capital and related financing activities.

Fund Financial Statements

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is now on Major Funds, rather than fund types. The Authority consists of exclusively Enterprise Funds. Enterprise funds utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by private sector accounting.

Many of the funds maintained by the Authority are required by the Department of Housing and Urban Development. Others are segregated to enhance accountability and control.

The Authority's Funds

Business Type Funds

Conventional Public Housing – Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant Funding to enable the PHA to provide the housing at a rent that is based upon 30% of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical and management improvements to the Authority's properties.

Turnkey III Homeownership – Under Turnkey III Homeownership program, the Authority encourages self-sufficiency through homeownership. The housing units in this program are owned by the PHA. During the period of tenancy, the family makes "mortgage" payments based on their income and maintains their own property. In Turnkey III, the PHA compensates the family by crediting certain amounts budgeted for maintenance to family equity accounts. A non-routine maintenance reserve is established for each unit. When the family's income and equity accounts increased to the point where they could obtain permanent financing for the unit or when the equity account equaled the unamortized debt and closing costs, ownership is passed to the family. Turnkey homes are amortized over a thirty year period.

Housing Choice Voucher Program – Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income.

Business Activities – Some rents of some residential units are subsidized by HUD under the Section 8 Housing Choice Voucher Program. All such assistance is "voucher based", i.e.; the subsidy is committed by HUD for the assisted participant contractually for a determined period. Business Activity provides rental housing in connection with the development of owned rental housing financed with any type of construction or permanent financing, including the applicable FHA Multifamily Mortgage Insurance Programs.

Total Net Assets	5,327,998	5,318,006	9,992	55.0%

Major Factors Affecting the Statement of Net Assets

Current assets (primarily cash) increased due to the availability of funds collected on prior year receivables.

Capital assets decreased during the year. The decrease is primarily attributable to the combination of additions and depreciation expense. For more detail see "Capital Assets and Debt Administration".

HOUSING AUTHORITY OF MICHIGAN CITY, INDIANA
MANAGEMENT DISCUSSION AND ANALYSIS

Tenant revenue increased. This increase was primarily due to the change in the property transfer, economic environment and plant relocation and the efforts of staff in maintaining a public housing occupancy rate of 99% and a Turnkey III occupancy rate of 99%.

While the Authority's Low Rent and Section 8 Programs incurred no HUD funding cuts during the period, Capital Grant funding of high capital improvements had some cuts.

Total expenses decreased \$10.5 thousand dollars. This decrease was primarily due to the elimination of staff personnel and funding, and thus expenditures, for the Public Housing Drug Elimination Program and to insufficient funding to support full lease up of base line units in our Section 8 Housing Choice Voucher Program.

CAPITAL ASSETS AT YEAR END (NET OF DEPRECIATION)

As of year-end, the Authority had \$3.9 million invested in a variety of capital assets as reflected in the following table, which represents a net increase (additions, deductions and depreciation) from the prior year-end.

As of year-end, the Authority had no debt (mortgages, notes, etc.) outstanding.

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- ❖ The uncertainty in the level of Federal funding available from the Department of Housing and Urban Development
- ❖ Local labor supply and demand, which can affect salary and wage rates
- ❖ Local inflation, recession and employment trends, which can affect resident incomes and therefore the amount of rental income and vacancy rates
- ❖ Inflationary pressure on utility rates, supplies and other costs

Note 1 - Summary of Significant Accounting Policies

(a) Organization and Reporting Entity -

The Michigan City Housing Authority was established by the City of Michigan City pursuant to the laws of the State of Indiana, to transact business and to have powers as defined therein. The Housing Authority was established to provide low-rent housing for qualified individuals in accordance with the rules and regulations prescribed by the Department of Housing and Urban Development and other applicable Federal Agencies.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) had direct responsibility for administering low-rent housing programs in the United States. Accordingly, HUD has entered into a contract with the Authority for the purpose of assisting in financing the acquisition, construction and leasing of housing units and to make annual contributions (subsidies) to the program for the purpose of maintaining its low-rent character.

In evaluating the Authority as a reporting entity, management has addressed its relationship with the City of Michigan City and concluded that the City does not maintain an oversight responsibility for the Authority's operations. An independent Board of Commissioners, appointed by the Mayor, is responsible for the activities of the Authority. The Authority recruits and employs its executive staff and has substantial legal authority to control its affairs without requiring approval of the City government. Debt incurred by the Authority is not an obligation of the City; the City does not review or approve the Authority's budget, is not entitled to any surplus funds generated by the Authority's operations and is not responsible for any deficits incurred by the Authority.

The Authority is governed by a Board of Commissioners appointed by the office of the Mayor, and has governance responsibilities over all activities related to all housing activities within the City, The Board of Commissioners has decision making authority and the power to designate management. The members do not serve at the discretion of the Mayor, i.e. they can only be removed for cause. The Authority's Board elects its own chairperson.

Consequently, in accordance with evaluating the criteria set forth in Section 2100 and 2600 of the Governmental Accounting Standards Board Codification, management has concluded that the Michigan City Housing Authority is a separate reporting entity. The Housing Authority currently has no component units.

(b) Michigan City Housing Development, Inc. -

The Michigan City Housing Development, Inc. was previously established by the Michigan City Housing Authority as a not-for-profit corporation.

The general purpose of this corporation is to advocate for and provide affordable housing, whether by rental or sale to individuals and families of low to moderate income pursuant to economic guidelines established by the United States Department of Housing and Urban Development. Educational services shall be provided prospective members of such identifiable groups for the purposes of teaching the principles of a home purchase and ownership to include asset management, home loan financing, income budgeting, home inspection and maintenance and such topics as deemed necessary to ensure initial and continued home ownership or home rental and such other lawful activity as granted by statute to a not-for-profit corporation pursuant to *Indiana Code § 23-17-4-1(a)*. Such corporation is organized exclusively for charitable and educational purposes and is governed by a separate Board of Directors.

During a prior fiscal year, all of the assets and related liabilities owned and operated as a separate not-for-profit entity, Michigan City Housing Development, Inc. were removed from the financial statements of the Housing Authority. However, during the prior fiscal year several properties were transferred back to the Housing Authority per instruction from the Department of Housing and Urban Development.

(c) Method of Accounting -

The financial statements of the Housing Authority have been prepared on the accrual basis of accounting and accordingly, reflect all significant receivables, payables and other liabilities.

The Housing Authority applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements, in which case, GASB prevails.

(d) Financial Statement Presentation

Although a formal policy has not been adopted, in financial statement preparation the Authority distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. Principal operating revenues are tenant rents and HUD grants. Operating expenses include administration, maintenance, insurance, depreciation, utilities, housing assistance payments and other general expenses. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

Note 1 - Summary of Significant Accounting Policies

(e) Funds -

Each of the programs of the Housing Authority are organized on a basis of fund accounting, using a separate set of self balancing accounts as prescribed by HUD. The programs of the Housing Authority are:

- * Low Rent Public Housing
- * Housing Choice Vouchers
- * ROSS
- * Capital Fund Program
- * Business Activities
- * State and Local
- * CDBG
- * A.R.R.A. - Formula Capital Fund Stimulus Grant

These programs are all accounted for within the 'Proprietary' (enterprise) fund as described below:

Proprietary Fund Types:

Proprietary funds use the economic resources measurement focus and utilize the accrual basis of accounting. All assets and liabilities associated with a proprietary fund's activities are included on the fund statement. Proprietary fund equity is segregated into Invested in Capital Assets Net of Related Debt, Restricted Net Assets and Unrestricted Net Assets.

(f) Cash and Cash Equivalents -

For purposes of the statement of cash flows, the practice of the Housing Authority is to consider all highly liquid investments to be cash equivalents. The term "highly liquid" refers to investments with a maturity of one (1) month or less when purchased to be cash equivalents.

(g) Interprogram Receivables and Payables

During the course of operations, numerous transactions occur within individual programs that may result in amounts owed between these programs. These receivables and payables are classified as "due from other programs" or "due to other programs" on the combining statement of net assets and have been eliminated in the basic financial statements.

(h) Accounts Receivable -

The tenants accounts receivable discloses the gross amount due from the tenants at September 30, 2011, and does not take into consideration prepaid amounts. The Housing Authority provides for an allowance for doubtful accounts, based on the estimated collections of current accounts receivables. The Housing Authority periodically writes off uncollectible accounts receivable to the allowance account based on a review of the current status of existing receivables and the determination that the receivable will not be collected.

(i) Inventories and Materials -

Inventories and materials are stated at cost which approximates market determined on a first-in, first-out basis.

(j) Investments -

Investments are stated at cost which approximates market.

(k) Fixed Assets -

For the purpose of determining, distinguishing and recording materials and non-expendable equipment and personal property purchased or acquired in connection with development, management, and maintenance of public housing developments owned or operated, the Housing Authority follows the following capitalization policy:

If the initial cost of a piece of equipment and/or other personal property is five hundred dollars (\$500) or more and the anticipated life or useful life of said equipment or property is more than one (1) year, the same shall be capitalized and recorded as non-expendable equipment and charged as a capital expenditure.

Land, buildings and equipment contains the following:

- 1) The total development construction costs incurred for each project at the end of the initial operating period,
- 2) nonexpendable equipment, and
- 3) property betterments and additions
- 4) land acquisitions.

(k) Fixed Assets - (continued)

These are recorded at cost. Depreciation of property and equipment is provided using the straight line method for financial reporting purposes at rates based on the following estimates:

Buildings	40	years
Equipment	3-7	years
Leasehold improvements	10-20	years

(l) Net Assets -

GASB Statement 34 requires the classification of net assets into three components as defined below:

- 1) Invested in capital assets, net of related debt - this component of net assets consists of capital assets, net of accumulated depreciation, costs to be recovered from future revenues and unamortized debt expense reduced by outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- 2) Restricted - this component of net assets consist of constraints placed on net assets use through external constraints imposed by creditors, contributors or laws and regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- 3) Unrestricted - this component of net assets consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

(m) Income Tax -

The Authority, organized as a non-profit corporation subsidized by the Federal government, is exempt from Federal and State income taxes.

(n) Annual Contributions/Subsidies and Other Grants

Annual contributions and subsidies received from the Department of HUD are recorded as grant revenues.

Other grants (such as CFP grants) are recognized when program expenditures are incurred. Such revenue is subject to review by the Department of Housing and Urban Development and may result in disallowance in subsequent periods.

Note 1 - Summary of Significant Accounting Policies

- (o) The Housing Authority adopts a budget annually. The budget is submitted to the Board of Commissioners for approval. Subsequent budget revisions may also be required to be submitted for approval.
- (p) The preparation of financial statements in conformity with generally accepted accounting principles require the Housing Authority to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- (q) Leasing activities (as lessor) - the Authority is the lessor of dwelling units mainly to low income and/or elderly and disables residents. The rents under the lease are determined generally by the resident's income as adjusted by eligible deductions regulated by HUD, although the resident may elect for a flat rent option. Leases may be cancelled by the lessee at any time. The Authority may cancel the lease only for cause.
- (r) Rental income is recognized as rents become due.
- (s) At any time during the year and at year end, there are construction projects in process. These projects include modernizing rental units. The projects are funded by HUD and funds are requested periodically as costs are incurred.

Note 2 - Cash and Investments

Statutes authorize the Housing Authority to invest in certificates of deposit, money market funds, United States government securities and repurchase agreements fully collateralized by United States government securities.

All cash and investments are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) or other equivalent insurance company of the depository financial institutions. The deposits exceeding the insured or registered limits are public funds covered by the State of Indiana Public Deposit Fund.

Custodial Credit Risk

- a. Deposits - Custodial credit risk is the risk that in the event of a financial institution failure, the Authority's deposits may not be returned to or that the Authority will not be able to recover collateral securities in the possession of an outside party.
- b. Investments - Custodial credit risk is the risk that in the event of the failure of the depository, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of the outside party.

Credit Risk Investments, Concentration of Credit Risk and Interest Rate Risks - Investments

Credit Risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The Housing Authority has no investment policy that limits its investment choices other than the limitation of state law and/or the Department of Urban Development regulations.

Concentrations of Credit Risk is the risk of loss attributed to the amount of the investment in a single issuer. The Authority does not have a formal investment policy covering the concentration of credit risk.

Investment Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Housing Authority has no formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The cash deposits held at financial institutions can be categorized according to three levels of risk. These three levels of risk are as follows:

Category 1 - Deposits which are insured or collateralized with securities held by the Housing Authority or by its agent in the Housing Authority's name.

Category 2 - Deposits which are collateralized with securities held by the pledging financial institution's trust department or agent in the Housing Authority's name.

Category 3 - Deposits which are not collateralized or insured.

Based on the three levels of risk, all of the Housing Authority's funds are classified as Category 1.

Note 2 - Cash and Investments (Continued)

Similar to cash deposits, investments held at financial institutions can be categorized according to three levels of risk. These three levels of risk are:

- Category 1 - Investments that are insured, registered or collateralized with securities held by the Housing Authority or by its agent in the Housing Authority's name.
- Category 2 - Investments which are uninsured and unregistered held by the counter-party's trust department or agent in the Housing Authority's name.
- Category 3 - Uninsured or unregistered investments held by the counter-party, its trust or its agent, but not in the Housing Authority's name.

Based on the three levels of risk, all of the Housing Authority's investments are classified as Category 1.

<u>Program</u>	<u>Book Balance</u>	<u>Market Value</u>

Voucher	<u>7,223</u>	<u>7,223</u>
Total	<u>\$ 7,581</u>	<u>\$ 7,581</u>

Note 3 - Compensated Absences

All full time employees shall receive a paid vacation. Paid vacations will be granted to employees according to years of service. Vacation time may not be accumulated from one year to the next, and must be used within twelve (12) months after vesting. Employees will be paid at termination of employment for accumulated vacation credits, except under certain conditions.

Sick leave will accrue at the rate of one day per month or twelve days per year from the date non-probational status and may accumulate up to a maximum of sixty (60) days.

Note 4 - Defined Contribution Plan

The Housing Authority provides a pension plan for eligible full time employees. The Authority's contribution to the plan is a percent of each employee's annual compensation, and the Authority accounts for pension cost as incurred. Pension contributions totaled \$50,157 for the year ended September 30, 2011. The related total annual payroll expense was \$620,452.

Note 14 - Long Term Debt

On August 4, 1987, the U.S. Department of Housing and Urban Development (HUD) issued notice PIH 87-212 to implement the provisions of the Housing and Community Development Reconciliation Amendments of 1985 (PL 99-272, enacted April 7, 1986). This notice states, in part, the following:

Project debt to HUD (HUD-held notes) will be forgiven after a debt forgiveness amendment to the consolidated Annual Contributions Contract has been executed by HUD and the Public Housing Authority and after the Actual Development Cost Certificate has been included in an audit and approved.

As a part of the HUD mandated GAAP conversion at September 30, 1999 and the above referenced notice, all HUD-held notes were recorded as debt forgiveness during a prior fiscal year.

Note 15 - Administrative Fee

The PHA receives an "Administrative Fee" as part of the annual contribution from HUD to cover the costs (including overhead) of administering the HAP Program. The fee is set by HUD on a calendar year basis.

Note 16 - Allocation of Costs

The PHA allocated expenses not attributable to a specific program to all programs under management. The basis for this allocation was the number of units in each program. Management considers this to be an equitable method of allocation.

Note 17 - Contingencies

Federal Grants

In the normal course of operations, the Housing Authority receives grant funds from the Department of Housing and Urban Development. The programs are subject to audit by agents of HUD, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

RHF 502-09	<u>79,769</u>	<u>0</u>
Total	<u>\$ 817,232</u>	<u>\$ 151,519</u>

Note 20 - Risk Management

The Housing Authority carries commercial insurance coverage to cover exposure and the risk of losses related to torts, thefts, damages, destruction of assets, errors and omissions, injuries, natural disasters and defalcation.

For insured programs there has been no significant reduction in insurance coverage. Settled claims have not exceeded insurance coverage or the risk pool coverage in the current or past three years.

Note 21 - Economic Dependency

The Housing Authority received most of its revenue (73%) from the United States Department of Housing and Urban Development. This funding is subject to federal government appropriations and potential funding reductions.

**Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Board of Commissioners
Michigan City Housing Authority
Michigan City, Indiana

I have audited the financial statements of Michigan City Housing Authority as of and for the year ended September 30, 2011, and have issued my report thereon dated March 2, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Michigan City Housing Authority's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Michigan City Housing Authority's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Michigan City Housing Authority's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

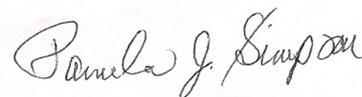

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Michigan City Housing Authority's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

I noted certain matters that I reported to management of Michigan City Housing Authority in a separate letter dated March 2, 2012.

This report is intended solely for the information and use of management, Board of Commissioners, others within the entity, and Housing and Urban Development and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Board of Commissioners
Michigan City Housing Authority
Michigan City, Indiana

Compliance

I have audited Michigan City Housing Authority's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Michigan City Housing Authority's major federal programs for the year ended September 30, 2011. Michigan City Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Michigan City Housing Authority's management. My responsibility is to express an opinion on Michigan City Housing Authority's compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Michigan City Housing Authority's compliance with those requirement and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of Michigan City Housing Authority's compliance with those requirements.

In my opinion, Michigan City Housing Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2011. However, the results of my auditing procedures disclosed no instances of noncompliance with those requirements.

Internal Control Over Compliance

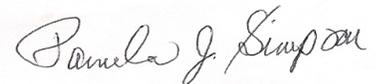

Management of Michigan City Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing my audit, I considered Michigan City Housing Authority's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Michigan City Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over compliance that I consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of management, Board of Commissioners, others within the entity, Housing and Urban Development, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Board of Commissioners
Michigan City Housing Authority
Michigan City, Indiana

In planning and performing my audit of the financial statements of Michigan City Housing Authority as of and for the year ended September 30, 2011, in accordance with auditing standards generally accepted in the United State of America, I considered the Housing Authorities internal control over financial reporting (internal control) as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Michigan City Housing Authority's internal control. Accordingly, I do not express an opinion on the effectiveness of Michigan City Housing Authority's internal control.

The administration of the Housing Authority is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgements by the administration are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use of disposition and that transactions are executed in accordance with authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

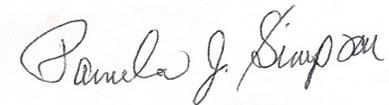

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

My study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. However, my study and evaluation disclosed certain conditions in the following areas of which you should be aware in order to improve operating efficiencies and strengthen internal controls:

1. While auditing the SEMAP certification, it was noted that the workpapers documenting the responses to the certification questions did not adequately document that the quality control reviews tested for indicators two and three. The workpapers used for the quality control checks should be expanded to adequately document all areas tested.
2. While reviewing insurance coverage, it was noted that the 'Building, Commercial and Property' as well as Workers' Compensation insurance was not allocated to all programs covered under the policies. The allocation of insurance premiums should be reviewed to assure that all expenses are properly charged and paid by covered programs.

3. HUD reporting rules require that each program operated by the Housing Authority are reported as individual self balancing accounts. In some instances, the Housing Authority has co-mingled small programs with other programs. The Housing Authority must maintain separate self balancing general ledgers for each of the programs operated/funded.
4. At the end of the fiscal year, I noted that the Housing Authority had a substantial receivable from HUD related to capital funding and operating subsidy not drawn. The Housing Authority should be drawing Operating and Capital Fund Subsidy more timely in order to avoid losing interest and recording increased HUD receivables.
5. The listing of maintenance inventory for year end balances did not properly add down. While the discrepancies noted were not significant at year end, the PHA should monitor the maintenance inventory report at year end for any variances in the calculation associated with the total on the report.
6. PHA should also communicate with the fee accountant regarding any audit adjustments they have questions on or do not feel comfortable posting. It was noted that not all of the FYE 2010 adjustments had been posted, but it could not be determined why.

This communication is intended solely for the information and used of management, the Board of Commissioners, and others within the housing authority, and is not intended to be and should not be used by anyone other than these specified parties. Please feel free to contact me if you have any questions.
