INDEPENDENT ACCOUNTANT'S REPORT

TO: THE OFFICIALS OF THE NORTHWEST INDIANA PUBLIC
SCHOOL STUDY COUNCIL, LAKE COUNTY, INDIANA

We have examined the accompanying financial statement of the Northwest Indiana Public School Study Council (Study Council), for the period of July 1, 2011 to June 30, 2013. The financial statement is the responsibility of the Study Council's management. Our responsibility is to express an opinion on the financial statement based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the financial statement and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

As discussed in Note 1, the Study Council prepares its financial statement on the prescribed basis of accounting that demonstrates compliance with the reporting requirements established by the Indiana State Board of Accounts as allowed by state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the matter discussed in the preceding paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position and results of operations of the Study Council for the period of July 1, 2011 to June 30, 2013.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position and results of operations of the Study Council for the period of July 1, 2011 to June 30, 2013, on the basis of accounting described in Note 1.

Our examination was conducted for the purpose of forming an opinion on the Study Council's financial statement. The Combining Schedules of Receipts, Disbursements, and Cash and Investment Balances - Regulatory Basis, as listed in the Table of Contents, are presented for additional analysis and are not required parts of the financial statement. They have not been subjected to the examination procedures applied to the financial statement and, accordingly, we express no opinion on them.

NORTHWEST INDIANA PUBLIC SCHOOL STUDY COUNCIL
NOTES TO FINANCIAL STATEMENT

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The Study Council was established under the laws of the State of Indiana, pursuant to Indiana Code 35-1-1 and Indiana Code 20-5-4 on April 5, 1984. The Study Council organized for the purpose of promoting the "Joint Study of Educational Issues" and is governed by a Board of Directors.

The accompanying financial statement presents the financial information for the Study Council.

B. Basis of Accounting

The financial statement is reported on a regulatory basis of accounting prescribed by the Indiana State Board of Accounts in accordance with state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The basis of accounting involves the reporting of only cash and investments and the changes therein resulting from cash inflows (receipts) and cash outflows (disbursements) reported in the period in which they occurred.

The regulatory basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash, rather than when earned, and disbursements are recognized when paid, rather than when a liability is incurred.

C. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as receipts in the year of the sale of the investment.

E. Disbursements

Disbursements are presented in the aggregate on the face of the financial statement. The aggregate disbursements include professional development and general administration.

F. Fund Accounting

The General fund is established, maintained, and reported by the Study Council and is used to account for money received from and used for specific sources and uses as determined by various regulations. Restrictions on some funds are set by statute or are internally restricted by the Study Council. The money accounted for in the General fund may only be available for use for certain, legally restricted purposes.

Note 2. Budgets

The fund of the Study Council is not required to be budgeted.

Note 3. Deposits and Investments

Deposits, made in accordance with state statute (IC 5-13), with financial institutions in the State of Indiana at year end should be entirely insured by the Federal Depository Insurance Corporation or by the Indiana Public Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

State statutes authorize the Study Council to invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.
