INDEPENDENT AUDITOR'S REPORT

Board of Directors
Porter County Aging and Community Services, Inc. and Subsidiary
Valparaiso, Indiana

We have audited the accompanying consolidated financial statements of Porter County Aging and Community Services, Inc. (a nonprofit organization) and Subsidiary, which comprise the consolidated statements of financial position as of June 30, 2014 and 2013, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Porter County Aging and Community Services, Inc. and Subsidiary as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

PORTER COUNTY AGING AND COMMUNITY SERVICES, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 – NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

Porter County Aging and Community Services, Inc. (the "Organization") is an Indiana not-for-profit corporation organized in 1973. The mission of the Organization is to identify the problems of the aged and citizens in need in Porter County; to propose solutions to the problems identified; to work in conjunction with the Indiana Commission on the Aging and Aged and residents, agencies, and organizations within Porter County to solve these problems; to enhance public awareness of the needs of the aging and underprivileged; and to assist those who may be sick, disabled, or destitute. The Organization also provides services through the Retired Senior Volunteer Program which includes the expansion of opportunities for older adults to perform volunteer service by developing a permanent corps of senior volunteers to serve Porter County.

Porter County Services Holding Company, Inc. ("Subsidiary") was incorporated in the State of Indiana during 2003 to own real estate held for the benefit of the Organization.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of the Organization and its wholly-controlled subsidiary. All material intercompany transactions have been eliminated in consolidation.

BASIS OF ACCOUNTING

The consolidated financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

CASH AND CASH EQUIVALENTS

For purposes of the Consolidated Statements of Cash Flows, the Organization and the Subsidiary consider all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

REVENUE RECOGNITION

The Organization receives grants from the State of Indiana (State) and the federal government to carry out certain program activities. The grants are received under contracts which require the Organization to submit to the State appropriate records of services provided to eligible individuals. Revenues under the contracts are recognized as the services are provided.

CONTRIBUTIONS

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. If a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as unrestricted.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVESTMENTS

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values based on quoted prices in active markets (all Level 1 measurements) in the statement of financial position. Market risk could occur and is dependent on the future changes in market prices of the various investments held. Unrealized gains and losses are included in the change in net assets in the accompanying statement of activities. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost and depreciated over estimated useful lives of three to thirty years using the straight-line method. Fair value of donated property and equipment at time of donation is similarly capitalized. The following is a summary of the lives for each class of asset:

Buildings	30 years
Leasehold improvements	15 years
Equipment	3-10 years
Vehicles	5 years

Expenditures for improvements and major renewals that are over \$5,000 are capitalized. When property is sold, retired or otherwise disposed of, the related cost and accumulated depreciation are eliminated from the accounts and any resulting gain or loss is credited or charged to income. Expenditures for maintenance and repairs are expensed when incurred. The depreciation expense incurred by the Organization for the years ended June 30, 2014 and 2013 totaled \$15,565 and \$17,498, respectively. The depreciation expense incurred by the Subsidiary for the years ended June 30, 2014 and 2013 totaled \$13,134 and \$13,134, respectively.

The Organization, on a bi-yearly basis, acquires vehicles and equipment through NIRPC lease program. Per the lease agreement, the lessee pays one dollar (\$1.00) per year for each vehicle and a flat fee of five dollars (\$5.00) per year for all other transit equipment (including computers, tools, radios, etc.) for the use of the equipment during the term of the lease agreement. The Organization provides 20% cash match for these vehicles and equipment. Only the cash match portion is capitalized and depreciated over the useful life of the vehicles and equipment.

INCOME TAX STATUS

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CONTRIBUTED SERVICES

Contributions of services are recognized as revenue at their estimated fair value only when the services received create or enhance non-financial assets or require specialized skills possessed by the individuals providing the service and the service would typically need to be purchased if not donated.

No amounts have been reflected in the financial statements for donated services. The Organization pays for most services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Organization with specific assistance programs, solicitations, and various committee assignments.

GOVERNMENT GRANTS

Support funded by grants is recognized as the Organization performs the contracted services under grant agreements. Grant revenue is recognized as earned as the eligible expenses are incurred. Grant expenditures are subject to audit and acceptance by the granting agency and, as a result of such audit, adjustments could be required. Amounts required prior to expenditures being incurred are reflected as refundable advances on the Statements of Financial Position.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

FINANCIAL STATEMENT PRESENTATION

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board Accounting Standards Codification. Per applicable standards, Porter County Aging and Community Services, Inc. is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FINANCIAL STATEMENT PRESENTATION (Continued)

A description of the unrestricted, temporarily and permanently restricted net asset classes follows:

Unrestricted net assets represent the portion of net assets of Porter County Aging and Community Services, Inc. that is neither permanently restricted nor temporarily restricted by donor-imposed stipulations. Unrestricted net assets include expendable funds available for the support of the Organization.

Temporarily restricted net assets represent contributions and other inflows of assets whose use by Porter County Aging and Community Services, Inc. is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of Porter County Aging and Community Services, Inc. pursuant to those stipulations.

Temporarily restricted net assets also include, pursuant to Indiana law, cumulative appreciation and reinvested gains on permanently restricted net assets, which has not been appropriated by the Board of Directors.

Permanently restricted net assets represent contributions and other inflows of assets whose use by Porter County Aging and Community Services, Inc. is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

The Organization did not have permanently restricted net assets at June 30, 2014 and 2013. Temporarily restricted net assets are explained in Note 8.

EXPENSE ALLOCATION

The costs of providing various programs and other activities have been summarized on a functional basis in the Consolidated Statements of Activities and in the Consolidated Statements of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

TAX BENEFITS

Effective July 1, 2009, the Organization adopted the accounting policy to recognize a tax benefit only if it is more likely than not the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized will be the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the more-likely-than-not test, no tax benefit will be recorded.

Porter County Aging and Community Services, Inc. has examined this issue and has determined there are no material contingent tax liabilities. With few exceptions, the Organization is generally no longer subject to examination by taxing authorities for years before June 30, 2011.

Adjustments to an accounts receivable from transactions other than payments and bad debts are recorded as they occur.

NOTE 9 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Effective June 30, 2009, the Organization adopted applicable portions of FASB ASC 820, *Fair Value Measurements*. FASB ASC 820 defines fair value, provides enhanced guidance for using fair value to measure assets and liabilities under current U.S. GAAP standards and expands the disclosure of the methods used and the effect of fair value measurements on earnings.

Fair Value Measurements guidance defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the Organization's principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The guidance establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

NOTE 9 - FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement the entire fair value measurement in the hierarchy.

The Organization has investment accounts consisting of mutual funds, certificates of deposit and money market funds held at Cetera (formerly known as PrimeVest Financial Services) and High Tower Securities, LLC, private brokerage companies. These investments are considered level 1 and are traded in active exchange markets, such as the New York Stock Exchange. There have been no changes in valuation techniques and related inputs.
