TO: THE OFFICIALS OF THE CAPITAL IMPROVEMENT
BOARD OF MANAGERS, MARION COUNTY, INDIANA

We have audited the financial statements of the Capital Improvement Board of Managers of Marion County, Indiana (CIB), a component unit of the consolidated City of Indianapolis-Marion County, as of and for the year ended December 31, 2015, and have issued our opinion thereon dated May 31, 2016. The primary purpose of the audit was to report our opinion on the financial statements. We have included an unqualified opinion on these financial statements that, along with the audited financial transactions of the CIB, is available in the CIB's Comprehensive Annual Financial Report.

Although it is not explicitly stated, an unqualified audit report indicates that we did gather adequate audit evidence to support the assertions in the financial statements and related notes, that we are satisfied that the books and records are in agreement with the financial statements, and that we received all the information and explanations we considered necessary for the audit. Our audit procedures are designed to give us reasonable assurance that the financial statements, taken as a whole, are free of material misstatement. It is the responsibility of management to ensure that accurate and reliable accounting records are maintained and that adequate internal controls are established and maintained.

We utilized risk assessment procedures, tests of controls, and substantive procedures during the course of the audit in order to develop our opinion. During the planning stages of the audit, we gained an in-depth understanding of the processes and controls in place, determined which audit areas were significant, and identified those areas with higher risk. We tested controls for significant areas to ensure that the controls which had been implemented were effective. Based on this assessment, we developed substantive audit procedures to support our opinion on the financial statements. This approach allowed us to perform an effective and efficient audit and to receive sufficient audit evidence to support our opinion.

In planning and performing our audit, we considered the internal controls over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Accordingly, we express no opinion on the internal control over financial reporting. Material issues of noncompliance with statutes, board policies, and other regulations would be included in this report; however, we noted no such issues.

In addition to our financial statement audit, we conducted procedures to review specific activities in order to determine whether performance of a particular transaction or activity conforms to a predetermined contractual, regulatory, or statutory requirement, including the requirements of the Bid Fund as established by Indiana Code 5-13-10.5-18. These requirements are established by the State of Indiana, the City-County Council of Marion County and Indianapolis, and the CIB. These procedures were not intended to audit the performance or efficiency of the CIB. Accordingly, no audit procedures were performed and no opinion or comments will be issued on the performance or efficiency of the CIB.
