MEMORANDUM

- **TO:** City, Town, and County Officials Preparing Generally Accepted Accounting Principles (GAAP) Statements
- **FROM:** Beth Kelley, CPA, Director of the Office of Professional Standards, Indiana State Board of Accounts
- RE: Audit Position on Libraries Presented as a Component Unit
- DATE: August 11, 2021

It is the audit position of the Indiana State Board of Accounts that libraries, in which a city, town, or county appoints a voting majority of the library board and is the declared fiscal body as identified in Indiana Code 6-1.1-17-20.3, Indiana Code 6-1.1-17-20.4, Indiana Code 6-1.1-17-20.5, or Indiana Code 36-12-12-4, must be presented as a Component Unit of the city, town, or county in accordance with Governmental Accounting Standards Board (GASB) pronouncements.

GASB Statement No. 14 ¶10 states: "The concept underlying the definition of the financial reporting entity is that elected officials are **accountable** to their constituents for their actions. Because one of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of those elected officials, the definition of the financial reporting entity should be based on accountability. Because providing public services is, ultimately, the responsibility of elected officials, all governmental organizations are responsible to elected officials at the federal, state, or local level. Financial reporting by a state or local government should report the elected officials' accountability for those organizations."

GASB Statement No. 14 ¶25 states in part: "... If a primary government appoints a voting majority of an organization's officials *and* has the ability to impose its will on the organization, the primary government is financially accountable for that organization."

GASB Statement No. 14 ¶26 states: "A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, activities, or level of services performed or provided by the organization. The existence of any one of the following conditions clearly indicates that a primary government has the ability to impose its will on an organization:

August 11, 2021 Page 2

- a. The ability to remove appointed members of the organization's governing board at will.
- b. The ability to modify or approve the budget of the organization.
- c. The ability to modify or approve rate or fee changes affecting revenues, such as water usage rate increases.
- d. The ability to veto, overrule, or modify the decisions (other than those in b and c) of the organization's governing body.
- e. The ability to appoint, hire, reassign, or dismiss those persons responsible for the day-to-day operations (management) of the organization."

Based upon our interpretation and consultation with GASB, it is our position the imposition of will is based on the existence of the ability of the city, town, or county as a primary government to undertake these actions under the circumstances defined by the statutes referenced in paragraph 1 above. Even though the circumstances may occur intermittently, it has been determined the city, town, or county has the ability to impose will. This ability, along with appointing the voting majority of the library board, makes the library a component unit of the city, town, or county.

To assist you in your determination, attached to this memo is a list of declared fiscal bodies as reported to the Department of Local Government Finance.

Library Name	Declared Fiscal Body
Adams Public Library System	Adams County Council
Akron Carnegie Public Library	Fulton County Council
Alexandria-Monroe Public Library	Madison County Council
Alexandrian Public Library	Posey County Council
Allen County Public Library	Allen County Council
