State Board of Education  
Indiana Department of Education  
151 West Ohio Street  
Indianapolis, Indiana 46204

Dear Board members:

EdisonLearning is pleased to report on behalf of Theodore Roosevelt College and Career Academy. The analysis of our early data indicates that good progress is being made in key critical areas: Learning Environment, Discipline and Academic Interventions.

The assessment of our baseline data indicates the following:

1. Enrollment is stable although mobility is high. As new students enroll, we see a relatively equal number transfer out for a variety of reasons.
2. There are a high proportion of special needs students.
3. Attendance and truancy are significant challenges.
4. Staff has been stable and attendance rates are high.

End of year testing is currently underway. Testing includes growth performance measures with SRI (Scholastic Reading Inventory), Achieve 3000, eValueate, ISTEP+ and the ECA's. The year-end data collection period is not yet over as testing continues through May. The July board report update will include the end of year data points where growth can be measured from the baseline point at the beginning of the year.

Male mentoring has been implemented across all grade levels with 9<sup>th</sup> and 10<sup>th</sup> grade being targeted for recruitment to due to a high number of discipline infractions identified at those grades levels to date. The goal is to help students reflect on their behavior in a small group setting. Additionally, student expectations have been defined across the grade levels in order to create a common language around behavior. Teachers and students clearly understand what behaviors constitute a level I, II or III behavior infraction.

Respectfully yours,

Vanessa Ronketto  
Senior Director of Achievement, East

# Roosevelt College and Career Academy

## Benchmark Report: June 5, 2013
