## INTRODUCTION

TO: Coordinators and Field Examiners:

Pursuant to Indiana Code Section 3-12-10-8, the State Board of Accounts (SBOA) “shall conduct any recount or other contest proceeding ordered by the State Recount Commission . . . .” This manual is designed to meet the needs of recounting federal, state, and legislative elections as required by law, and is subject to change. The State Board of Accounts intends this document to instruct Coordinators and Field Examiners in the internal agency procedures necessary to carry out our recount duties and responsibilities. For the convenience of our staff, we have enclosed, as an appendix, the guidelines adopted by the State Recount Commission, as well as relevant Indiana Code citations. As always, any questions or problems will be resolved by Coordinators or on-site supervisors acting through and on behalf of the State Examiner and the Deputy State Examiners who comprise the State Board of Accounts. This manual is not intended to be used by local officials for local election recounts.

## SBOA PROCEDURES FOR RECOUNT

### RECOUNT PROCEDURE:

#### I. General Instructions

- A. Head the SBOA Precinct Tally Sheet (Form 1).
- B. Completely answer all the preliminary questions on the tally sheet.
- C. Proceed with the appropriate counting procedures.

#### II. Electronic Voting Systems

- A. Complete and count the signatures on the SBOA Poll List Signature Count (Form 5). That count should match the public counter reading plus absentee votes. Explain variance if possible before proceeding.
- B. Count the paper votes (including absentee, provisional, and emergency) by hand, determine their validity, and enter the necessary information on the SBOA Tally Sheet (Form 3). Transfer the information to the SBOA Summary Tally Sheet (Form 2).
- C. Submit any problems, questions, and discrepancies to the on-site SBOA Supervisor ("Supervisor"), his/her designee, or the Recount Director. Do not sign the SBOA Precinct Tally Sheet (Form 1) until all problems and discrepancies have been addressed.
- D. Submit all Forms to the Supervisor immediately upon completion of the precinct.
- E. Upon request, the Supervisor submits copies of Forms 1 through 6 and exhibits to the candidates.
- F. At the direction of the Recount Director and the Supervisor, absentee or system reviews may be performed separately by separate audit teams.
- G. At the direction of the Recount Director and the Supervisor, computer cartridges from electronic voting systems may be read through one or more electronic voting systems. Each individual electronic voting system will not be inspected unless specifically directed by the Recount Director and the Supervisor.

#### III. Ballots

- A. Count the signatures on the poll list, complete the SBOA Poll List Signature Count (Form 5), and enter the pertinent data on the SBOA Precinct Tally Sheet (Form 1).
- B. Examine all ballots set aside by the precinct election board as not counted and determine their validity.

#### RECOUNT PROCEDURE (Continued)

- C. Damaged or defective ballots are replaced prior to the count on election day. The duplicate ballots must be labeled "duplicate" and bear a serial number which is recorded on the damaged or defective ballot. Verify that the number of damaged or defective ballots equals the number of duplicates and that the serial numbers match.
- D. Examine for validity and manually count the damaged (if not duplicated) ballots and absentee ballots by hand. Enter the totals on SBOA Precinct Tally Sheet (Form 1).
- E. Examine each ballot to determine the validity and segregate as necessary.
- F. Upon request, count each ballot manually or tabulate electronically.
- G. Enter the totals on the SBOA Tally Sheet (Form 3) and transfer the information to SBOA Summary Tally Sheet (Form 2). Transfer final information to the SBOA Precinct Tally Sheet (Form 1).
- H. Check the totals against those certified to the clerk of the circuit court.
- I. Submit all problems, questions, and discrepancies to the Supervisor and the Recount Director. Do not sign the SBOA Precinct Tally Sheet (Form 1) until all problems have been addressed.
- J. Submit all Forms to the Supervisor immediately upon completion of the precinct.
- K. Upon request, the Supervisor submits copies of Forms 1 through 6 and exhibits to the candidates.

#### IV. Working Papers

- A. One member of the audit team shall physically handle all ballot materials. The other member shall record the necessary information in the workpapers, which must be kept by the audit team.
- B. The following workpapers must be kept by the audit team:
  - 1. SBOA Precinct Tally Sheet (Form 1)
  - 2. SBOA Summary Tally Sheet (Form 2)
  - 3. SBOA Tally Sheet (Form 3)
  - 4. SBOA Election Night Printout Inspection Sheet (Form 4)

3. After allowing the candidate watchers the opportunity to view the ballot and dispute the ballot, place the ballot on the proper stack on the table.
4. For each disputed ballot:
  - a) Stamp the ballot with the exhibit stamp in a location that does not interfere with the ability to read the ballot.
  - b) Complete the information requested on the exhibit stamp.

STATE RECOUNT COMMISSION  
GUIDELINES FOR CONDUCT OF AN  
ELECTION RECOUNT AND CONTEST

# **INDIANA STATE RECOUNT COMMISSION**

## **Guidelines for Conduct of an Election Recount and Contest As Amended, April 29, 2016**

### **Chapter 1. Definitions**

Sec. 1. (a) "Candidate" refers to a candidate for nomination or election to an office for which a recount or contest petition has been filed.

(b) If a candidate who is entitled to file a recount or contest petition does not do so in accordance with IC 3-12-11, a state chairman or county chairman who files a recount petition under IC 3-12-11, has the rights and responsibilities of a "candidate" under these guidelines.

Sec. 2. "Commission" refers to the state recount commission established by IC 3-12-10-1.

Sec. 3. "Cross-petitioner" includes a candidate who was opposed in the primary or election by the petitioner, whether or not the candidate chose to file a cross-petition with the commission under IC 3-12.

Sec. 4. "Disputed ballot" refers to a ballot challenged by a party to a recount or to a ballot that the state board of accounts determines does not conform with these guidelines or IC 3-12.

Sec. 5. "No votes" refers to ballots subjected to the recount which:

(1) do not indicate a vote cast for any candidate subject to the recount; and

(2) are otherwise classified as either "valid" or "invalid" under these guidelines or IC 3-12.

Sec. 6. "Precinct tally sheet" refers to the written record used by the state board of accounts to record the precinct vote tally and other evidence concerning the voting process in a precinct.

Sec. 7. "Recount" means the determination by the state recount commission of the number of valid votes received by each candidate for the office subject to a recount.

Sec. 8. "Tally" means the counting by the state board of accounts of votes cast for each candidate in each of the following categories: undisputed valid, undisputed invalid, or disputed.

Sec. 9. All other terms used in these guidelines have the meaning set forth in IC 3-5.

### **Chapter 2. Conduct of Election Recounts and Contests Generally**

Sec. 1. The state recount commission shall conduct all recounts and contests under identical procedures to the extent reasonably possible.

Sec. 2. The commission makes the final decision as to whether a disputed ballot will be counted.

Sec. 3. (a) All tallying shall be physically performed by the state board of accounts in accordance with these guidelines.

(b) The state board of accounts staff manual for recounts (*Agency Manual for Conduct of a Recount for the State Recount Commission*, April 22, 2016 edition) is approved for use

in recounts conducted by the commission. If any conflict exists between this manual and these guidelines, the guidelines control to the extent of that conflict.

(c) The commission shall conduct the recount at times and locations designated by it, but all tallying of votes shall be conducted within the county where the votes were cast unless the parties consent to a change of location.

Sec. 4. The commission shall appoint a director who is responsible for supervising the conduct of the tally by the state board of accounts. The state board of accounts shall prepare for the director a report on the tally by the state board of accounts. The director shall present the report to the commission to enable the commission to make final decisions in a fair and prompt manner.

Sec. 5. (a) The commission may order with consent of all parties to a recount, that a prerecount inspection of impounded election material be conducted by the attorneys representing the parties. This inspection:

(1) must be conducted under the supervision of the state board of accounts and the Indiana state police at all times; and

(2) is designed to enable the parties to narrow the issues and material subject to dispute in the recount so that the recount may be conducted efficiently.

The director shall attend this inspection and is authorized to resolve any dispute regarding its scope and procedures.

(b) When the recount begins, all tallying must be conducted by audit teams composed of at least two staff members of the state board of accounts. The director may assign additional staff members to the audit teams to conduct the recount. Where possible, team assignments should be rotated daily so that the same auditors do not work as a team on consecutive days.

(c) Except as provided in subsection (d), the audit team shall inspect and tally all ballots in accordance with these guidelines. The audit team may classify a ballot as invalid only for reasons set forth in these guidelines or IC 3-12 and if no party to the recount disputes that determination. The audit team shall also inspect all poll lists, voter affidavits, absentee envelopes, and other documents relevant to the recount, as determined by the director.

(d) If a recount is conducted concerning a primary election, the ballots cast in the primary conducted for the candidates of the other major party, and the ballots cast solely on public questions are not to be recounted, but shall be documented solely for the purpose of reconciling the number of voters who cast ballots in person or by absentee ballot at the precinct (according to the poll list) with the number of ballots cast in the precinct according to the canvass.

Sec. 6. (a) The state board of accounts shall designate one of its staff to act as a supervisor for each group of audit teams.

(b) Each supervisor should be present at the tallying location while the tally is being conducted, assist the director in managing the tallying process, and keep the director advised of the progress of the tallying.

(c) The supervisor shall inspect all absentee ballot envelopes not distributed to the precinct election boards or to central count absentee ballot counters and shall permit observers to inspect the envelopes. The supervisor may not open the envelope.

Sec. 7. At least one state police officer must be present at each counting location during the tallying. The state police are responsible for the safety and integrity of all election materials during and after the recount, until further order of the commission.

Sec. 8. Each candidate in a race being tallied may observe each audit team as it conducts the tally. Each candidate may also designate one observer per audit team and not more than two managers for the candidate's observers in each county. The audit team shall allow each candidate or his/her manager or observer a reasonable opportunity to view each ballot, document, voting machine or other materials reviewed by the audit team. An audit team does not have to delay the tallying process because of the absence of a candidate or candidate's manager or observer.

Sec. 9. During the tallying of ballots in each precinct, one member of the audit team shall be responsible for inspecting each ballot and determining the tally category for that ballot. The other member of the audit team shall keep all necessary records. The members of the audit team may consult with one another or the director.

Sec. 10. The candidates, and their managers and observers, may not argue or interfere with the audit team but may request that a ballot be identified by the audit team as a disputed ballot. The candidate, manager or observer need not state the reason for the challenge. Unless a ballot is challenged by a candidate, manager, or observer before the audit team signs the precinct tally sheet, the audit team's decision as to the classification of that ballot is final. The commission shall review disputed ballots upon completion of the tally by the state board of accounts.

Sec. 11. The audit team shall mark any disputed ballot as an exhibit. The mark must contain at least the following information: county, township or ward, precinct, exhibit number and the name of the candidate challenging the ballot, or whether the ballot is disputed by the state board of accounts.

Sec. 12. The director shall attempt to resolve procedural problems (other than ballot validity issues) not resolved by these guidelines. The director shall keep the commission advised of the progress of the tallying, procedural problems he/she resolves and any disagreement with his/her actions. If an issue arises during the tallying process, the commission may meet to resolve such an issue at the request of a candidate.

Sec. 13. Each audit team shall tally only one precinct at a time, and election materials for each precinct shall be kept separate by precinct.

Sec. 14. The audit team shall record information relevant to seals on the voting machines and ballot boxes or other containers of election materials on the precinct tally sheet.

Sec. 15. (a) The audit team shall then open the container of election materials and record the following information, if available, on the precinct tally sheet:

- (1) the total number of votes recorded on the precinct certificate;
- (2) the number of voters' signatures on the poll list;
- (3) the number of absentee ballots delivered to the precinct;
- (4) the number of absentee voters listed on the poll list;
- (5) the number of absentee ballots not counted;
- (6) the number of absentee voter applications; and
- (7) the number of votes for each candidate in the relevant race as reported by the precinct election board or the county election board.

(b) Any discrepancies between the numbers recorded by election officials and the numbers recorded by the audit team should also be recorded on the precinct tally sheet.

Sec. 16. The audit team may not independently examine the absentee voter applications and affidavits on absentee ballot envelopes but shall permit each candidate, manager, or observer to inspect them and to challenge ballots cast pursuant to any of them.

Sec. 17. The audit team may not remove from its envelope any absentee ballots or provisional ballots not removed from their ballot envelopes by the precinct election board or the central count absentee ballot counters.

Sec. 18. The audit team shall:

- (1) tally the total number of undisputed valid ballots cast for each candidate in each relevant race;
- (2) tally the number of undisputed invalid ballots for each candidate rejected by the audit team;
- (3) tally the number of disputed ballots for each candidate;
- (4) tally the number of no votes in the precinct;
- (5) sign and date the precinct tally sheet;
- (6) place all precinct materials in the precinct container; and
- (7) return the container and the completed precinct tally sheet to the state board of accounts supervisor or director.

Sec. 19. The director or supervisor shall make copies of each precinct tally sheet available to each candidate's representatives and the media as soon as possible.

Sec. 20. (a) Upon completion of the tallying by the state board of accounts, the commission shall convene to review the report of the director and to receive from the candidates evidence relevant to whether disputed votes should be counted.

(b) The commission shall proceed to conduct the count required under IC 3-12-11-17.7(a) in the following manner:

- (1) If the tallying by the state board of accounts indicates that there are not disputed ballots in one or more precincts, the director shall present a report of the votes cast for each candidate in the indicated precincts. The commission shall order the votes counted for the designated candidates and shall order any undisputed invalid ballots or no votes in the precinct to not be counted.
- (2) After the disposition of all precincts with no disputed ballots, the commission shall proceed to count all ballots in precincts with one or more disputed ballots.
- (3) If the recount is to be conducted in more than one county, the commission may begin with any county agreed upon by the parties. If no agreement exists between the parties, the recount shall begin in the county designated by the commission and proceed to subsequent counties in accordance with an order adopted by the commission. The commission shall conduct the recount in precincts within one county in alphanumeric order, according to the precinct name, unless all parties to the recount join in requesting that the count be conducted in an alternative manner.
- (4) The commission shall begin by recognizing the director to present the state board of accounts report regarding the votes cast within all precincts other than the precincts described in (1). The director shall state the number of:
  - (a) undisputed valid votes cast for each candidate in each precinct;
  - (b) undisputed invalid votes cast for each candidate; and
  - (c) no votes cast in each precinct.
- (5) The commission shall then order:

the votes described in 4(a) to be counted for the designated candidates; and the votes described in 4(b) or 4(c) not counted.

(6) If, following the designation of a ballot as disputed, the party who disputed the ballot determines that the ballot should be designated as either an undisputed valid vote cast for a specific candidate, or as an undisputed invalid vote, the party may file a written statement to that effect with the director. The statement must:

(a) identify the ballot according to the "Exhibit No." on the state board of accounts exhibit list of disputed ballots;

(b) state whether the ballot should be categorized as an undisputed valid vote for a specified

candidate, or as an undisputed invalid vote; and

(c) be signed by the party to the recount who disputed the ballot.

(7) After the commission acts under (5) to order that ballots be counted or not counted, the director shall report to the commission whether a statement described by (6) has been filed with the director regarding any disputed ballot. If so, the commission shall proceed to order the ballot to be counted for a specified candidate, or not counted, in accordance with the statement.

(8) The commission shall then recognize the petitioner to present ballots disputed by the petitioner or state board of accounts to the commission that the petitioner contends should be counted as votes for the petitioner. The petitioner shall present each ballot in the order that the ballot is designated as an exhibit number in the exhibit list of disputed ballots and for the first such precinct according to the precinct order listed in (3). However, the commission may consent to the consideration of more than one ballot in the precinct at the same time if requested by the petitioner, and the commission determines that the issues regarding the disputed ballots are essentially identical so that there is no need for a determination regarding each ballot in this group.

(9) After the presentation of a ballot (or when permitted, a group of ballots) under (8), the commission shall determine based on all relevant evidence whether or not the ballot(s) shall be counted as a vote (or votes) for the petitioner, a vote (or votes) for the cross-petitioner, or whether the ballots shall not be counted for any candidate.

(10) After the completion of the petitioner's case-in-chief in all of the precincts included in the recount, the commission shall then recognize the cross-petitioner to present ballots disputed by the cross-petitioner or state board of accounts to the commission that the cross-petitioner contends should be counted as votes for the cross-petitioner. The cross-petitioner shall present each ballot in the order that the ballot is designated as an exhibit number in the exhibit list of disputed ballots and for the first such precinct according to the precinct order listed in (3). However, the commission may consent to the consideration of more than one ballot in the precinct at the same time if requested by the cross-petitioner, and the commission determines that the issues regarding the disputed ballots are essentially identical so that there is no need for a determination regarding each ballot in this group.

(11) After the presentation of a ballot (or when permitted, a group of ballots) under (10), the commission shall determine based on all relevant evidence whether or not the ballot(s) in the precinct shall be counted as a vote (or votes) for the petitioner, a vote (or votes) for the cross-petitioner, or whether the ballots shall not be counted for any candidate.

(12) After completion of the cross-petitioner's case-in-chief in all of the precincts included in the recount, the commission shall then recognize the director to report whether any disputed ballots in any precinct have not been presented by either the petitioner or cross-petitioner to the commission. If the director identifies any ballots that remain disputed, the director shall present these ballots to the commission for determination.

Sec. 21. (a) Except as provided in subsection (b), (c), or (d), a member of the commission (or an individual acting on behalf of the commission) shall not initiate, permit, or consider ex parte communications, or consider other communications made to the member or individual outside the presence of the parties, concerning a pending or impending proceeding.

(b) Where circumstances require, ex parte communications for scheduling, administrative purposes, or emergencies that do not deal with substantive matters or issues on the merits are authorized if the member or individual reasonably believes that no party will gain a procedural or tactical advantage as a result of the ex parte communication and promptly notifies the commission and all other parties of the substance of the ex parte communication and allows an opportunity to respond.

(c) A member or individual may consult with commission staff and others whose function it is to aid the member or individual in carrying out the member or individual's responsibilities.

(d) A member or individual may, with the consent of the parties, confer separately with the parties and their lawyers to mediate or settle matters pending before the commission.

Sec. 22. All testimony presented to the commission by an individual shall be sworn to (or affirmed) by that individual.

Sec. 23. The commission may accept evidence in a proceeding even if the evidence would not be admissible in a judicial proceeding under the rules of evidence. In accepting the evidence described by this section, the commission shall ensure that the commission's proceedings are conducted with the decorum required to protect the rights of the parties to the proceeding and other individuals.

Sec. 24. Unless otherwise ordered by the commission, if the commission requests or requires that written briefs be submitted in a proceeding before the commission, the briefs must be filed with the election division no later than forty-eight (48) hours before the commission is scheduled to meet to consider the matter.

Sec. 25. After the commission has completed its count under Section 20, the commission shall adjust accordingly the tallies certified by the state board of accounts, resolve any other issues raised in the recount, or contest and certify the results to the election division pursuant to IC 3-12-11-15.

### **Chapter 3. Tallying Votes in a Ballot Card Voting System Precinct**

Sec. 1. This chapter applies only to tallying votes in a precinct that uses ballot cards for registering votes.

Sec. 2. The director shall obtain the use of one or, if possible, two automatic tabulating machines in each county. The director may seek the assistance of county election officials in preparing the machines for use in the tallying.

Sec. 3. The state board of accounts shall prepare a test deck of sample ballot cards, and the candidates may jointly prepare test decks. At the beginning and end of each day of

tallying, the counting machine shall be tested by running decks prepared by the candidates. Candidates and their managers or observers may observe all testing and operation of automatic tabulating machines.

Sec. 4. The audit team shall examine the precinct header card to determine whether it is the correct card for the precinct. Candidates, managers, or observers may inspect the precinct header card and have it marked as an exhibit for review by the commission.

Sec. 5. (a) The audit team shall manually inspect each ballot card in the container of election materials to determine whether it should be counted.

(b) A ballot marked “REJECTED”, “VOID”, “SPOILED”, or “CANCELLED” or with any other similar notation regarding the reliability of the ballot permitted under the state law must be disputed by the audit team. The audit team shall record any available information concerning the reasons the marking appears on a ballot.

Sec. 6. The audit team shall divide all ballots into three groups:

(1) Ballot cards to be counted that are undisputed.

(2) Ballot cards that are disputed.

(3) Ballot cards not to be counted that are undisputed, including no votes.

Sec. 7. (a) All undamaged ballots to be counted shall then be counted on two separate automatic tabulating machines, if available; otherwise, the ballots shall be counted twice on one machine. The audit team shall compare the totals for each candidate from each machine run and shall record the totals.

(b) If the totals are identical on both machines, or on both runs on the same machine, no further counting will be necessary.

(c) If the totals are not identical, the audit team shall manually count the ballots at least twice, so that the audit team and supervisor are satisfied that the manual count is accurate.

Sec. 8. The director may order any appropriate test or a hand count in any precinct he/she believes there is a substantial question concerning the accuracy of the tabulating machine count.

Sec. 9. Notwithstanding sections 7 and 8 of this chapter if a petition or cross petition for a recount request that the ballot cards in a specific precinct be counted manually, the audit teams shall count the cards accordingly and may not use automatic tabulating machines except in a test unless the petitioner or crosspetitioner withdraws the request after the state board of accounts conducts a test of the automatic tabulating machine to ascertain its accuracy. A written withdrawal of such a request is effective upon delivery to the director, supervisor, or commission.

#### **Chapter 4. Tallying Votes in Paper Ballot Precincts**

Sec. 1. This chapter applies only to tallying votes in a precinct that uses paper ballots for registering votes.

Sec. 2. The audit team shall divide the paper ballots into three groups:

(1) Paper ballots to be counted that are undisputed.

(2) Paper ballots that are disputed.

(3) Paper ballots not to be counted that are undisputed, including no votes.

Sec. 3. (a) The audit team shall manually inspect each paper ballot in the container of election materials.

(b) A ballot marked “REJECTED” or “VOID” or “SPOILED” or “CANCELLED” or with any other similar notation regarding the reliability of the ballot permitted under the state law may not be counted by the audit team. The audit team shall record any available information concerning the reasons the marking appears on a ballot.

### **Chapter 5. Tallying Votes in an Electronic Voting System Precinct**

Sec. 1. This chapter applies only to tallying votes in a precinct that uses the electronic voting system.

Sec. 2. (a) The audit team shall check the election night printout to ensure that the test of the electronic voting machine showed that the votes were recorded correctly, no over voting could occur, and the vote tallies for each office were equal to zero. The team shall note any discrepancies.

(b) The team shall check the election night results reported by the precinct election board with the printout for accuracy and shall note any discrepancies.

Sec. 3. If requested by a candidate or candidate’s representative, the audit team shall cause a new printout to be made from the memory cartridges for a precinct. The new printout shall be compared with the old printout and election night results reported by the precinct election board. The audit team shall note any discrepancies.

Sec. 4. If a new printout is requested under Section 3 from more than one memory cartridge, the cartridges shall be read on one electronic voting system designated by the director, unless a party requests the use of the electronic voting system in which the cartridge was originally used.

Sec. 5. Unless otherwise requested by a party, a memory cartridge read on an electronic voting system is not required to also be read on the computer program maintained by the county election board for use in election night tabulations.

### **Chapter 6. Tallying Votes in a Vote Center County**

Sec. 1. This chapter applies only to tallying votes in a county that is designated as a vote center county under Indiana Code 3-11-18.1.

Sec. 2. Chapter 2 (Conduct of Election Recounts and Contests Generally), Chapter 3 (Tallying Votes in a Ballot Card Voting System Precinct), Chapter 4 (Tallying Votes in Paper Ballot Precincts), and Chapter 5 (Tallying Votes in an Electronic Voting System Precinct) of these Guidelines apply to the tallying of votes in a vote center county, except to the extent of a conflict with this Chapter.

Sec. 3. If this chapter conflicts with any other provision of these Guidelines, this chapter prevails to the extent of the conflict.

Sec. 4. The recount director shall arrange for the county voter registration office to provide a work station with a link to the statewide voter registration system to permit the checking of signatures on voter registration applications with signatures made by voters casting a ballot at a vote center. The recount director shall ensure that a state board of accounts audit team and the state police supervise all activity at this work station and that candidate watchers may monitor recount-related activity at this work station. A party may request a copy of the signature of the individual scanned into the statewide voter registration system.

Sec. 5. Unless otherwise requested by a party, any sign-in cards used by voters at a vote center which are sorted by date, time, and vote center location, are not required to be sorted by precinct for purposes of a recount.

Sec. 6. If a party requests that a copy be made of a document, an additional copy of that document shall be provided to counsel for the opposing party.

Sec. 7. Each state board of accounts audit team shall tally votes in only one vote center at a time, and election materials for each vote center shall be kept separate by vote center.

Sec. 8. The recount director shall arrange for the circuit court clerk of the county to generate:

(1) reports listing voters by precinct and by vote center, using the county's electronic poll book software; and

(2) reports of the votes cast in each precinct using the county's vote tabulation software.

Sec. 9. The audit team shall tally votes in a vote center by:

(1) running a report from the electronic poll book software listing the number of voters in the precinct and by vote center; and

(2) running a statement from the county's vote tabulation software showing the total number of votes cast in each precinct.

Sec. 10. The audit team shall begin the reconciliation by comparing the number of votes cast in the precinct (according to the county vote tabulation software) with the number of voters of the precinct who signed in at any vote center, according to the report from the electronic poll book data system.

Sec. 11. The audit team shall then add the total number of votes cast by paper ballot or optical scan absentee ballot within that precinct to the number of votes cast by voters of the precinct at any vote center, and note any remaining discrepancy between the total number of votes cast in the precinct according to the county tabulating system and the number of voters of that precinct who cast a vote at any vote center, according to the electronic poll book database.

Sec. 12. A party may not dispute an individual ballot or group of ballots cast in a vote center after the state board of accounts audit team declares that the tallying of votes cast in that vote center has closed. This section does not prohibit: (1) the disputing of a ballot cast in that vote center as a result of the signature comparison conducted at the work station described in Section 4 (until the signature comparison for that ballot is completed); or (2) the disputing of all of the ballots cast in a precinct following the closing of the precinct tallying under Section 14.

Sec. 13. The tallying of optical scan ballots or paper ballots shall be conducted in accordance with Chapter 3 and Chapter 4 of these Guidelines, with these ballots being sorted by precinct.

Sec. 14. Tallying in a precinct is not closed until the tallying of all vote centers has been completed, and the votes cast in that precinct by using optical scan ballots or paper ballots having been added to the votes cast at each vote center by voters of that precinct. The state board of accounts audit team shall then announce that the tallying in a precinct will be closed, and ask if either party wishes to dispute all of the ballots cast in that precinct. If no party disputes the entirety of the ballots cast in the precinct, the audit team shall declare the precinct tallying closed. After the closing of a precinct's tallying, no further disputes will be accepted from a party concerning all or part of the ballots cast in that precinct.

Sec. 15. The report generated by the state board of accounts shall include the count of votes for each candidate by precinct and the count of votes cast for each candidate by vote center.

### **Chapter 7. Review of an Unopened Provisional Ballot Envelope and Documentation Associated with that Envelope.**

Sec. 1. This Chapter applies to the review of an unopened provisional ballot envelope and the documents associated with that envelope.

Sec. 2. This Chapter is adopted to implement reasonable procedures to provide the greatest possible protection to the individual who cast the provisional ballot to ensure that information about the individual's ballot remains confidential under state law (and federal law, to the extent that Section 302(a)(5) of the Help America Vote Act of 2002 applies to the proceedings of the commission); and to enable the commission to conduct a recount proceeding in accordance with state law and these Guidelines.

Sec. 3. Except as otherwise provided in this Chapter, the state board of accounts shall handle an unopened provisional ballot envelope and the documents associated with that envelope in the manner necessary to perform the reconciliation process described in the *Agency Guidelines for Conduct of Recount for the State Recount Commission*.

Sec. 4. The recount director shall arrange for the provisional ballot material described in Section 1 of this Chapter to be processed at a single work station by one State Board of Accounts audit team, with one watcher designated by each party to the recount proceeding. Another individual may not be substituted for an individual designated as a member of the audit team or as a watcher under this Section unless the recount director determines that there is good cause to do so.

Sec. 5. Except as permitted in this Chapter, a person shall not approach the work station or engage in activity at the work station in a manner that the recount director determines would permit the person to view, record, or otherwise obtain information about an individual's provisional ballot.

Sec. 6. The recount director, audit team, other state board of accounts personnel, and state police personnel may be present at the work station to perform tasks necessary for the handling and securing of the provisional ballot material.

Sec. 7. A watcher designated under this chapter may be present at the work station to observe the handling and securing of the provisional ballot material, and may request to view both sides of an unopened provisional ballot envelope and documents associated with that envelope.

Sec. 8. A watcher designated under this chapter may make handwritten notes regarding the provisional ballot material, but shall not be provided with a photocopy of any provisional ballot material. A watcher may not otherwise record or document information regarding the provisional ballot material, and may not use laptop computers or blank state prescribed forms associated with provisional ballots at the work station.

Sec. 9. In processing the provisional ballot material, the audit team may not open any unopened provisional ballot envelope.

Sec. 10. At the request of a watcher, the audit team shall mark an unopened provisional ballot envelope or document associated with the envelope as an exhibit in the same manner that other material is marked as an exhibit under these Guidelines. The audit team shall inform the watchers of the designation used to identify the exhibit.

##### Chapter 1. Rules for Counting Ballots

#### IC 3-12-1-1

##### **Intent of voter primary factor to consider in determining voter's choice on ballot**

Subject to sections 5, 6, 7, 8, 9, 9.5, and 13 of this chapter, the primary factor to be considered in determining a voter's choice on a ballot is the intent of the voter. If the voter's intent can be determined on the ballot or on part of the ballot, the vote shall be counted for the affected candidate or candidates or on the public question. However, if it is impossible to determine a voter's choice of candidates on a part of a ballot or vote on a public question, then the voter's vote concerning those candidates or public questions may not be counted.

##### **Chapter establishes standards to define vote**

(a) This chapter is enacted to comply with 52 U.S.C. 21081 by establishing uniform and nondiscriminatory standards to define what will be counted as a vote on a paper ballot, optical scan voting system, or electronic voting system.

(b) The standards in this chapter apply to counting votes on every voting system, except where specific standards applicable only:

- (1) to a type of voting system are provided under IC 3-12-2, IC 3-12-3, or IC 3-12-3.5; and
- (2) in a recount or contest proceeding are provided under IC 3-12-6, IC 3-12-8, IC 3-12-11, or IC 3-12-12.

##### **Write-in votes**

(a) The following provisions govern the counting of write-in votes:

- (1) Except as provided in subsection (b), only votes cast for declared write-in candidates shall be counted and certified.
- (2) The name of a candidate, written on the space reserved for write-in voting, is not considered a distinguishing mark that would invalidate a ballot under section 3 of this chapter. However, the name or office of a candidate written in a place on the ballot other than the place reserved for write-in voting may not be counted for that office.
- (3) A write-in vote for an office is void if the voter attempts to cast the vote by a means other than printing the name of the candidate in ink or lead pencil. The use of stickers, labels, rubber stamps, or other similar device is not permitted.
- (4) An abbreviation, a misspelling, or other minor variation in the form of the name of a candidate or an office shall be disregarded in determining the validity of the ballot if the intention of the voter can be ascertained.
- (5) Write-in votes for each write-in candidate shall be counted separately using the tally sheets provided by the county election board.

(b) This subsection does not apply to an office for which more than one (1) individual may be nominated or elected within the same election district. A write-in vote cast for an individual whose name appears on the ballot as a candidate for that office shall be counted as a vote for the candidate.

##### **Ballot void if not properly endorsed; not applicable to absentee ballots**

##### **Ballot void if it bears distinguishing mark or mutilation**

*As added by P.L.5-1986, SEC.8. Amended by P.L.3-1987, SEC.331.*

#### **IC 3-12-1-4**

##### **Ballot void for extrinsic act; erasures**

(a) The whole ballot is void if a voter does any act extrinsic to the ballot, such as enclosing any paper or other article in the folded ballot, with the intent to enable a person to determine that the voter cast the ballot.

(b) An erasure by a voter does not make the whole ballot void unless made with the intent to enable a person to determine who cast the ballot, but it does not register a vote for the elected office, political party office, or public question for which it is made.

##### **Counting voting marks**

(a) This subsection does not apply to a ballot card voting system or an electronic voting system. Except as provided in subsection (d), a voting mark made by a voter on or in a voting square at the left of a candidate's name or political party's name shall be counted as a vote for the candidate or candidates of the political party.

(b) This subsection applies to a ballot card voting system. A voting mark made by a voter:

(1) on or in a circle, oval, or square; or

(2) to connect a connectable arrow; immediately below or beside a candidate's name or political party's name shall be counted as a vote for the candidate or candidates of the political party, except as provided in subsection (d).

(c) This subsection applies to a direct record electronic voting system. A voting mark made by a voter touching a touch sensitive point or button below or beside a candidate's name or political party's name shall be counted as a vote for the candidate or candidates of the political party.

(d) A voter who wishes to cast a ballot for a candidate for election to an at-large district on a:

(1) county council;

(2) city common council;

(3) town council; or

(4) township board;

must make a voting mark for each individual candidate for whom the voter wishes to cast a vote. A straight ticket voting mark on a paper ballot, ballot card voting system, or electronic voting system shall

not be counted as a straight party ticket voting mark as a vote for any candidate for an office described by this subsection.

*As added by P.L.5-1986, SEC.8. Amended by P.L.6-1986, SEC.35; P.L.219-2013, SEC.62; P.L. 21-2016, SEC. 22.*

A voting mark made by a voter on or in a voting square following the word "Yes" or the word "No" before a public question shall be counted as indicated.

*As added by P.L.5-1986, SEC.8. Amended by P.L.6-1986, SEC.36.*

### **IC 3-12-1-7**

#### **Straight party ticket voting; counting multiple votes**

(a) This subsection applies whenever a voter:

- (1) votes a straight party ticket; and
- (2) votes only for one (1) or more individual candidates who are all of the same political party as the straight ticket vote.

Except as provided in subsection (d) and (e), the straight ticket vote shall be counted and the individual candidate votes may not be counted.

(b) This subsection applies whenever:

- (1) a voter has voted a straight party ticket for the candidates of one (1) political party;
- (2) only one (1) person may be elected to an office; and
- (3) the voter has voted for one (1) individual candidate for the office described in subdivision (2) who is:
  - (A) a candidate of a political party other than the party for which the voter voted a straight ticket; or
  - (B) an independent candidate or declared write-in candidate for the office.

If the voter has voted for one (1) individual candidate for the office described in subdivision (2), the individual candidate vote for that office shall be counted, the straight party ticket vote for that office may not be counted, and the straight party ticket votes for other offices on the ballot shall be counted.

(c) This subsection applies whenever:

- (1) a voter has voted a straight party ticket for the candidates of one (1) political party; and
- (2) the voter has voted for more individual candidates for the office than the number of persons to be elected to that office.

The individual candidate votes for that office may not be counted, the straight party ticket vote for that office may not be counted, and the straight party ticket votes for other offices on the ballot shall be counted.

(d) This subsection applies whenever:

- (1) a voter has voted a straight party ticket for the candidates of one (1) political party;
- (2) more than one (1) person may be elected to an office; and
- (3) the voter has voted for individual candidates for the office described in subdivision (2) who are:

- (A) independent candidates;
- (B) candidates of a political party other than the political party for which the voter cast a straight party ticket under subdivision (1); or
- (C) a combination of candidates described in clauses (A) and (B).

The individual votes cast by the voter for the office for the independent candidates, declared write-in candidates, and the candidates of a political party other than the political party for which the voter cast a straight party ticket shall be counted unless the total number of these individual votes is greater than the number of persons to be elected to the office. The straight party ticket votes for the office shall not be counted. The straight party ticket votes for other offices on the voter's ballot shall be counted.

(e) This subsection applies whenever:

- (1) a voter has voted a straight party ticket for the candidates of one (1) political party;
- (2) more than one (1) person may be elected to an office; and
- (3) the voter has voted for individual candidates for the office described in subdivision (2) who are:

- (A) independent candidates, declared write-in candidates, or candidates of a political party other than the political party for which the voter cast a straight party ticket under subdivision (1); and
- (B) candidates of the same political party for which the voter cast a straight party ticket under subdivision (1).

The individual votes cast by the voter for the office for the independent candidates, the declared write-in candidates, and the candidates of a political party other than the political party for which the voter cast a straight party ticket, and the candidates of the political party for which the voter cast a straight party ticket shall be counted unless the total number of these individual votes is greater than the number of person to be elected to the office. The straight party ticket votes for the office shall not be counted. The straight party ticket votes for other offices on the voter's ballot shall be counted.

(f) If a voter votes a straight party ticket for more than one (1) political party, the whole ballot is void with regard to all candidates nominated by a political party, declared write-in candidates, or designated as independent candidates on the ballot. However, the voter's vote for a school board candidate or on a public question shall be counted if otherwise valid under this chapter.

(g) If a voter does not vote a straight party ticket and the number of votes cast by that voter for the candidates for an office are less than or equal to the number of openings for that office, the individual candidates votes shall be counted.

(h) If a voter does not vote a straight party ticket and the number of votes cast by that voter for an office exceeds the number of openings for that office, none of the votes concerning that office may be counted.

*As added by P.L.5-1986, SEC.8. Amended by P.L.6-1986, SEC.37; P.L.3-1993, SEC.178; P.L.3-1997, SEC.339; P.L.164-2006, SEC.124; P.L. 21-2016, SEC. 23.*

### **IC 3-12-1-7.5**

#### **Write-in votes; straight party ticket or multiple votes**

(a) If a voter votes for one (1) individual candidate for an office for which only one (1) person may be elected and also writes in the name of another candidate for the same office, neither vote may be counted.

(b) If a voter votes for at least one (1) individual candidate for an office for which at least two (2) people may be elected and also writes in the name of at least one (1) candidate, the vote for that office may not be counted unless the number of individual votes cast for the office, when added to the number of write-in votes cast for that office, is less than or equal to the number of seats available for that office.

(c) If a voter votes an individual or a straight party vote for a candidate for an office and also writes in the name of the same candidate for the same office, only one (1) vote for that candidate may be counted.

*As added by P.L.4-1991, SEC.111; P.L. 21-2016, SEC. 24.*

### **IC 3-12-1-8**

#### **Voting mark on political party device circle**

(a) A voting mark made by a voter on or in a circle containing a political party device shall be counted as a vote for each candidate of that political party on that ballot.

#### **Protest; marking and signing of protested ballots**

(a) During the tabulation of the votes, any member of the precinct election board in a precinct where votes have been cast on a ballot card system that is designed to allow the counting and tabulation of votes by the precinct election board may protest the counting of any ballot or any part of a ballot cast in that precinct.

(b) During the tabulation of votes at a central counting location under section 3 of this chapter:

(1) a member of the precinct election board in a precinct where votes were cast on a ballot card system; or

(2) a member of the county election board, if a member of the precinct election board is not present during the tabulation of the votes of the precinct;

#### **Counted ballot cards; processing**

(a) After the ballot cards have been counted under section 1 of this chapter, the precinct election board shall comply with this section.

(b) This subsection applies if the votes have been cast on a ballot card voting system that is not designed to allow the counting and tabulation of votes by the precinct election board. The inspector shall place all cards that have been cast in the container provided for that purpose and the container shall be sealed by the inspector in the presence of the precinct election board. The inspector and the judge of the opposite political party shall immediately deliver the container, together with the unused, uncounted, and defective cards and returns, to the central counting location or other designated place.

(c) This subsection applies if the votes have been cast on a ballot card voting system that is designed to allow the counting and tabulation of votes by the precinct election board. The precinct election board shall:

- (1) process the ballot cards with the automatic tabulating machine provided to the precinct, if the vote is not automatically registered by the ballot card voting system;
- (2) take the vote as tabulated under subdivision (1) or as automatically registered by the ballot card voting system; and
- (3) certify the totals and the ballot count as required under section 1 of this chapter on forms supplied to the precinct for that purpose.

Copies of the totals shall be delivered to each member of the precinct election board. One (1) copy of the vote totals shall be prepared and signed for the news media on the form furnished by the county election board.

*As added by P.L.5-1986, SEC.8. Amended by P.L.6-1986, SEC.40; P.L.3-1987, SEC.349; P.L.1-1993, SEC.10.*

### **IC 3-12-3-2.5**

#### **Central counting location**

(a) Not later than ten (10) days before any election at which ballot cards will be tabulated at a central counting location, the county election board shall designate the counting location to be used for the processing or counting of ballots.

(b) This counting location must be located within the county or within an adjoining county in Indiana. If the counting location is within the county, the board shall also determine whether the precinct officials are to make their returns directly to the counting location or to the office of the clerk of the circuit court. If the counting location is outside the county, all precinct returns shall be made directly to the office of the clerk of the circuit court or to the chief deputy of a combined election board established under IC 3-6-5.2.

(c) No counting location shall be used by more than one (1) county at an election without the approval of the commission.

(d) Whenever the precinct returns are made directly to the office of the clerk of the circuit court and the counting location is not performed in that office, the county election board is responsible for arranging adequate security during the transfer of all ballot cards to the counting location. This security shall include the following:

- (1) All ballot cards must at all times be under the supervision of at least two (2) persons, one (1) from each of two (2) political parties entitled to have a member on the county election board.
- (2) At least one (1) member of the county sheriff's department shall accompany the ballot cards from the clerk's office to the counting location. This assistance shall be rendered under IC 3-6-5-33.

*As added by P.L.3-1997, SEC.340.*

### **IC 3-12-3-3**

#### **Proceedings at central counting location; direction and observation; open to public**

All proceedings at a central counting location shall be directed by the appropriate election officers under the observation of at least two (2) precinct judges or other appropriate election officers who are not of the same political party. The proceedings must be open to the public, but no persons except those employed and authorized for that purpose may touch a ballot card, ballot container, or return.

### **IC 3-12-3-4**

#### **Opening of ballot cards container and removal of contents**

At a central counting location each container of ballot cards shall be opened and its contents removed. The ballot cards shall be:

- (1) checked to determine if the cards are properly grouped; and

(2) arranged so that all similar cards from a precinct are together.  
*As added by P.L.5-1986, SEC.8.*

### **IC 3-12-3-5**

#### **Damaged or defective ballot card; absentee ballot of absent uniformed services voter or overseas voter; failure of tabulating machine**

(a) If a ballot card is damaged or defective so that it cannot properly be counted by the automatic tabulating machines, then a remake team composed of one (1) person from each of the major political parties of the county shall have the card prepared for processing so as to record accurately the intention of the voter insofar as it can be ascertained.

(b) If the ballot card voting system is designed to allow the counting and tabulation of votes by the precinct election board, the members of the remake team must be members of the precinct election board in which the ballot was cast. If a county provides for the counting and tabulation of ballot card voting systems in a central location, the members of the remake team shall be appointed by the county election board.

(c) If necessary, a true, duplicate copy shall be made of the damaged ballot card in the presence of witnesses and substituted for the damaged card. Similarly, a duplicate ballot card shall be made of a defective card, not including the uncounted votes.

(d) This subsection applies to an absent uniformed services voter or overseas voter permitted to transmit an absentee ballot by fax or electronic mail under IC 3-11-4-6. To facilitate the transmittal and return of the voter's absentee ballot by fax or electronic mail, the county election board may provide the voter with a paper ballot rather than a ballot card. The paper ballot must conform with the requirements for paper ballots set forth in IC 3-10 and IC 3-11. After the voter returns the ballot by fax or electronic mail, a remake team appointed by the county election board under this section shall prepare a ballot card for processing that accurately records the intention of the voter as indicated on the paper ballot. The ballot card created under this subsection must be marked and counted as a duplicate ballot under sections 6 through 7 of this chapter.

(e) If an automatic tabulating machine fails during the counting and tabulation of votes following the close of the polls, the county election board shall immediately arrange for the repair and proper functioning of the system. The county election board may, by unanimous vote of its entire membership, authorize the counting and tabulation of votes for this election on an automatic tabulating machine approved for use in Indiana by the commission:

(1) until the repair and retesting of the malfunctioning machine; and

(2) whether or not the machine was tested under IC 3-11-13-22.

*As added by P.L.5-1986, SEC.8.*

### **IC 3-12-3-7**

#### **Duplicate ballot card to be counted**

Each duplicate ballot card shall be counted instead of the damaged or defective card.

*As added by P.L.5-1986, SEC.8.*

### **IC 3-12-3-8**

#### **Votes to be counted manually if automatic tabulating machines test not conducted**

If either test of automatic tabulating machines required by IC 3-11-13-22 and IC 3-11-13-26 is not conducted for a particular office or public question, the votes for that office or question shall be counted manually. If for any reason it becomes impracticable to count all or some of the ballot cards with automatic tabulating machines:

- (1) the precinct election board in which the machine is located, if the ballot card voting system is designed to allow the counting and tabulation of votes by the precinct election board; or
- (2) the county election board, if the ballot card voting system is not designed to allow the counting and tabulation of votes by the precinct election board;

may direct that they be counted manually.

*As added by P.L.5-1986, SEC.8. Amended by P.L.6-1986, SEC.42; P.L.3-1987, SEC.351; P.L.1-1993, SEC.12.*

- (1) seal each automatic tabulating machine used in the precinct;
- (2) place all ballot cards that have been counted in the container provided for that purpose; and
- (3) seal the container into which the ballot cards have been placed;

in the presence of the precinct election board. The automatic tabulating machine may not be moved from the polls after the polls are closed until collected.

(b) The inspector and judge of the opposite political party shall deliver:

- (1) the certification of the vote totals and one (1) copy of the certificate prepared under section 2(c) of this chapter for the circuit court clerk;
- (2) the certificate of the vote totals prepared under section 2(c) of this chapter for the news media;
- (3) the container in which ballot cards have been placed under subsection (a); and
- (4) the unused, uncounted, and defective ballot cards and returns;

to the circuit court clerk.

(c) The inspector and judge of the opposite political party shall deliver the certificates and the list of voters to the county election board by midnight on election day. However, if:

- (1) a ballot card voting system failed;
- (2) the failure of the system was reported as required by this title;
- (3) paper ballots were used in place of the system; and
- (4) the use of the paper ballots caused a substantial delay in the vote counting process;

then the certificates, the list of voters, and the tally papers shall be delivered as soon as possible.

(d) Upon delivery of the container to the circuit court clerk under subsection (c), the inspector shall take and subscribe an oath before the clerk stating that the inspector:

- (1) closed and sealed the container in the presence of the judges and poll clerks;
- (2) securely kept the ballot cards in the container;
- (3) did not permit any person to open the container or to otherwise touch or tamper with the ballot cards; and
- (4) has no knowledge of any other person opening the container.

(e) Each oath taken under subsection (d) shall be filed in the circuit court clerk's office with other election papers.

(f) Upon completion of the counting of the votes by a precinct election board under section 2(c) of this chapter or at a central location, all ballot cards shall be arranged by precincts and kept by the circuit court clerk for the period required by IC 3-10-1-31 or IC 3-10-1-31.1. The clerk shall determine the final disposition of all voted ballot cards.

#### **Official return of precinct; publication**

(a) The return printed by the automatic tabulating machines, along with the return of votes by absentee and provisional voters, constitutes the official return of each precinct. Upon completion of the count, the return is open to the public.

(b) This subsection applies if the votes have been cast on a ballot card voting system that is not designed to allow the counting and tabulation of votes by the precinct election board. The circuit court clerk shall, upon request, furnish to the media in the area the results of the tabulation.

(c) This subsection applies if the votes have been cast on a ballot card voting system that is designed to allow the counting and tabulation of votes by the precinct election board. Upon receiving the certificate for the media prepared under section 2(c) of this chapter, the circuit court clerk shall deliver the certificate to any person designated to receive the certificate by the editors of the newspapers published in the county or by the managers of the radio and television stations operating in the county.

(d) If a precinct election board administers more than one (1) precinct, the precinct election board or circuit court clerk shall keep the ballots cast in each precinct separate from ballots cast in any other precinct, so that the votes cast for each candidate and on each public question in each of the precincts administered by the board may be determined.
