***State Treasurer Visits Wayne County Communications Center***

State Treasurer Richard Mourdock toured the Wayne County Communications Center today. At the beginning of the year Wayne County received a one time special distribution of \$39,521.08 from the State.

Treasurer Mourdock is the Chairman of the Indiana Enhanced Wireless Board of Directors. Indiana completed upgrades of the advanced wireless network approximately one year ago. “The Indiana Enhanced Wireless Board will work to keep Indiana as a leader in wireless technology” said Mourdock.

Mourdock also said, “I admire the people working here in the Cass County 911 Call Center. Day after day they work to keep Hoosiers safe. It is great to observe the operations first hand. I know counties are working to do more with less so the special distribution will be put to good use.”
