Dear Hoosiers,

As I complete my first full year in office as Indiana's State Treasurer, I am pleased to present to you the Fiscal Year 2000 Annual Report, which will report that the state is in strong financial condition.

The most important function of the State Treasurer's office remains the investment of the State's greater than \$5 billion portfolio. This report, encompassing investment activity from July 1, 1999 to June 30, 2000, illustrates that our investment policy remains sound. Interest earnings on investments in FY 00 were \$309,815,707. This is an outstanding performance and great news for Hoosier taxpayers.

This past year has been a very productive time for our office. Investment returns are at an all time high, we have greatly increased the number of farmers we have helped financially through the Treasurer's Agricultural Loan Program (TALP), over half of Indiana's 92 counties are in Phase I of wireless E911 service and we have worked hard to reach out to Hoosiers across the state through the Indiana Bond Bank and Indiana Education Savings Authority.

After 16 months in existence, TALP is being utilized by over 700 Hoosier farmers, who have received nearly \$65 million in low-interest loans. We have pledged a total of \$100 million dollars, and I plan on providing another \$50 million in loans for 2001. The program has truly helped farmers facing cash-flow problems due to poor commodity prices and less than ideal growing seasons.

Wireless E911 has become a quickly evolving program, with its deployment being overseen by my office. While we would like to see cellular providers move at a much faster rate in their deployment of E911 technology, we are pleased that our efforts are paying off. We have seven cellular providers offering the service across the state in 51 counties. Wireless E911 is about the public's safety, and we will continue our strong push until all 92 counties are up and running.

As Chairman of the Indiana Education Savings Authority., I have continued my efforts to increase awareness of the Indiana Family College Savings Plan (IFCSP). Susan Loftus was hired to serve as the executive director, and with her assistance an aggressive media campaign will coincide with the start of the 2000 school year. The IFCSP is a great opportunity for Indiana families to prepare their children for higher education, and we will continue to aggressively promote the program across the state.

Another accomplishment I am very proud of as Treasurer, is the rejuvenation of the Indiana Bond Bank. We hired June Midkiff as executive director of the Bond Bank, and with her guidance and diligent work by her staff, the Bond Bank has increased the number of participants. We have helped nearly 200 entities receive low-cost financing through the HELP Program, Advance Funding and POOL Program. The savings we provide to local schools and governmental entities help keep the cost to taxpayers at a minimum, while still providing necessary services.

My staff and I take great pride in our accomplishments, but realize it is a constant effort to insure financial stability in Indiana. We will continue working hard to provide good government for all Hoosiers.

Sincerely,

Tim Berry

Treasurer of State

## History of the Indiana State Treasurer's Office

The office of Treasurer of State was created by the first state constitution in 1816. David Crosby Lane became the first State Treasurer in November 1816 in Corydon, the state's first Capitol. The State Capitol was later moved to Indianapolis and, in 1888, Julius A. Lemke was the first Treasurer to occupy offices in the current State House. In 1970, the Treasurer's term was extended from two years to four years, with no person eligible to serve more than eight years (two successive terms) in any twelve year period.

The Treasurer of State was originally responsible for collecting all public revenue through the county treasurers. The Treasurer was to keep correct and separate account of all monies received and paid out by the state. Since its creation, the Department of Revenue performs the task of collecting all state taxes. The regular duties of the Treasurer's office include managing an investment portfolio of over \$5 billion comprised of receipts from the state general fund and 69 trust funds. As part of the investment program, the Treasurer maintains deposits in the form of certificates of deposit and repurchased agreements in nearly 270 banks, savings and loans, and credit unions in Indiana.

The Treasurer also serves on various state boards and commissions including the State Board of Finance; secretary/investment manager of the Indiana Board for Depositories; chairman of the Indiana Bond Bank; chairman of the Indiana Education Savings Authority; chairman of the Wireless Enhanced 911 Advisory Board; trustee of the Indiana State Police Pension Trust Fund; vice-chairman of the Indiana Housing Finance Authority; treasurer of the State Recreational Development Commission; the State Office Building Commission; the Indiana Development Finance Authority; and the Indiana Transportation Finance Authority.

Tim Berry took office on February 10, 1999, after serving as Allen County Treasurer from 1990-1999. Treasurer Berry is Indiana's 51st State Treasurer.

### **Indiana Bond Bank**

Created by the General Assembly in 1984, the Indiana Bond Bank (IBB) serves local units of government in their short and long term financing needs. The primary purpose of the IBB is to assist local government in the process of issuing debt by operating as a financial conduit. The Bond Bank purchases the bonds of various communities and, in turn, issues its own obligations in the financial markets. This process allows local communities to take advantage of economies of scale by obtaining lower cost borrowing. By statute, the Treasurer of State serves as chairman of the IBB Board of Directors. The Director of the Department of Financial Institutions and five members appointed by the Governor also serve on the Board. The Bond Bank has developed several programs to meet its public purpose.

The Advance Funding Program was created to purchase the tax-anticipation warrants of special taxing districts. Participants take advantage of market or below market interest rates, standardized documentation, cashflow projection assistance, and arbitrage rebate assistance.

The Hoosier Equipment Lease Purchase (HELP) Program allows local communities to acquire equipment at cash prices and utilize tax exempt interest rates. Equipment available through the HELP program includes fire trucks, police cars, computers, tractors, ambulances, buses and other essential equipment. The lease terms range from two to five years and payments are usually made semi-annually.

The Bond Bank purchases or arranges the purchase of Bond Anticipation Notes (BANs) for communities who need access to funds for construction projects prior to the issuance of long-term bonds.

# Treasurer's Agricultural Loan Program

When Treasurer Berry took office in February of 1999, one of his first priorities was to assist the efforts of Hoosier farmers facing cash-flow difficulties. The Treasurer felt the best way was to develop the Treasurer's Agricultural Loan Program, which offers low interest loans for agricultural production needs. TALP is a partnership with financial institutions across the state to offer loans of up to \$100,000 to Hoosier farmers seeking assistance. Funds can be used to purchase feed, fertilizer, seed, chemicals, crop insurance, livestock, or veterinary services. TALP is a rejuvenated and updated version of the Treasurer's Farm Program. As State Treasurer, Berry pledged a total of \$100 million through fiscal year 1999. Since the announcement of the program in March 1999, over \$65 million in farm operating loans have been issued.

The program is funded by the deposit of general funds in participating Indiana financial institutions and farm credit service centers. In the first year, TALP dis-

ACRES

AC

Counties with TALP Participants
Counties with no Participants

tributed low-interest loans to over 700 Hoosier farmers in 73 Indiana counties.

TALP has received overwhelming support from the legislature, agricultural community, and the general public for its effectiveness in helping the hard-hit farming community. The program is working so well that Treasurer Berry has pledged an additional \$50 million for next year to continue TALP. That is \$150 million for the farmers of Indiana.

The Treasurer's Agricultural Loan Program will be continued through 2000, in a continued effort to alleviate the financial stress that has been placed on our farming community.

## **Indiana Education Savings Authority**

The Indiana Education Savings Authority (IESA) was created by the General Assembly to promote programs that encourage saving for educational expenses. The IESA consists of nine members: the Treasurer of State, the Superintendent of Public Instruction, the State Budget Director, the Commissioner for Higher Education, and five members who are appointed by the Governor. Treasurer Berry serves as chairman.

In 1997, the IESA created the Indiana Family College Savings Plan (IFCSP). The IFCSP is a special program for assisting those who want to save money for a child's post-high school education, and is a convenient, tax deferred method of investing to encourage parents or others interested in insuring that a child would have the resources for higher education. Federal and Indiana taxes are deferred on earnings until the child begins college and uses the funds. Then the tax consequences apply to the child, who generally has a lower tax rate. Participants in the plan can contribute by automatic debit from checking or savings accounts, coupons, or payroll deductions. The money accrued in the college savings plan can be used for tuition, fees, text books, and room and board.

Treasurer Berry, in an effort to continually improve awareness of the IFCSP hired Executive Director Susan Loftus, and will begin an aggressive media campaign in the fall of 2000 to increase awareness and enrollment

## **Indiana State Board of Finance**

Treasurer Berry serves on the State Board of Finance with Governor Frank O'Bannon and State Auditor Connie Nass. The State Board of Finance has the power to negotiate loans to cover casual deficits in state revenue. The Board may transfer money between state funds, and may transfer money between appropriations for any board department, commission, office, or benevolent or penal institution. Additionally, the Board has advisory supervision of all funds coming into the state treasury and all other funds belonging to the state.

## Indiana Underground Storage Tank Financial Assurance Board

The Underground Storage Tank Financial Assurance Board was created by the Indiana General Assembly in 1996. The Board consists of sixteen (16) members including the Treasurer of State, The Commissioner of the Indiana Department of Environmental Management (IDEM), the Commissioner of the Indiana Department of Revenue, the State Fire Marshall and twelve individuals appointed by the Governor who represent the petroleum industry, the environment, local government, and the public. The Board's duties include taking testimony and receiving a monthly report from the commissioner of IDEM regarding the financial condition and operation of the excess liability trust fund. Additionally, the Board consults with IDEM on the administration of the underground storage tank excess liability trust fund. The excess liability trust fund is established to provide a source of money to satisfy liabilities incurred by owners and operators of underground petroleum storage tanks, to provide a source for loan guaranty, and to provide a source of money for IDEM to pay for expenses related to the administration of claims against the trust fund. The Treasurer of State has the statutory responsibility for investing the trust fund.

### **State Police Pension Fund**

Since 1937, the Treasurer of State has served as Trustee of the Indiana State Police Pension Fund. As trustee, Treasurer Berry appropriates funds to support many of the programs for State Police employees, including the Retirement and Supplemental Pension, Disability Benefit, and the Benefit for Widows and Children.

Treasurer of State Tim Berry and Sharon Bracey discuss the Police Pension Fund

## **Indiana Development Finance Authority**

The Indiana Development Finance Authority (IDFA) was created by the Indiana General Assembly to assist business development and job creation by using credit enhancement and access programs. Hoosier businesses that are unable to qualify for conventional financing can utilize IDFA's Loan Guaranty Programs. The borrower must be unable to obtain a loan on reasonable terms without the guaranty and the lender must be able to service the loan property. The IDFA can guarantee loans backed by the Industrial Development Guaranty Fund for either large industrial development projects, manufacturing projects, or projects that aid in the creation or retention of Indiana jobs. The IDFA can guaranty up to \$2,000,000 on industrial development projects. Rural development projects and agricultural enterprises can benefit from a maximum loan guaranty of \$300,000 for (1) projects located in smaller communities that encourage economic development, (2) projects that involve value-added agricultural products. IDFA's programs offer guaranties from 75% to 90% of the principal deficiency on a loan.

Another program, the *Capital Access Program (CAP)*, provides protection of a cash reserve that grows each time a lender makes a loan they might otherwise not have made without IDFA's backing. The cash reserve is available to cover any loss if a CAP loan in the lender's portfolio defaults.

Tax- Exempt Bonds are bonds issued by state or local governmental entities. The proceeds of these bonds are then loaned to private companies. These bonds are often called Economic Development Bonds, Industrial Revenue Bonds (IRBs), or Private Activity bonds. The Interest on these bonds is generally tax-exempt, which is attractive to investors and typically results in lower financing costs and interest rates to the company. Bonds can be issued by the IDFA to finance industrial development projects, which include manufacturing facilities and equipment, and certain other projects permitted under Federal law. The IDFA uses tax-exempt bond financing to promote economic development by creating secure jobs, higher incomes, and competitive communities across Indiana. The IDFA considers the number of jobs created (or retained), average wages, and community support, among other factors, in evaluating applications for tax-exempt bond financing.

IDFA offers *Brownfields Grants and Loans* to help finance redevelopment programs in areas where industrial or commercial property has been abandoned or underutilized and where there is the existence of environmental contamination. IDFA makes grants (up to \$50,000) for site assessment purposes and low interest (2.5%-3.0%) loans to communities for brownfields redevelopment.

## The Indiana Housing Finance Authority

Created in 1978 by the Indiana General Assembly, the Indiana Housing Finance Authority (IHFA) is a financially self-sufficient and quasi-autonomous agency established to provide financial vehicles and incentives for the purpose of ownership, development, or rehabilitation of affordable single and multi-family housing as well as supportive shelters. IHFA provides affordable homes for Hoosiers, stimulates the construction industry, and construction employment.

Started in 1978, the Single-Family Housing Program assists low and moderate income families in the purchase of their first home.

In 1982, IHFA created the *Multi-Family Program* which provides below market rate mortgages to developers and sponsors for construction or rehabilitation of multi-family rental residences.

The IHFA introduced the Mortgage Credit Certificate Program (MCC Program) in 1987. The MCC Program allows the IHFA to provide financial assistance to a greater number of first time home buyers.

Charles Phillips
Dept. of Financial Institutions

**Mark Sidebottom** 

Timothy V. Clark

John D. Weissert

Fred Miller

**Bob Welch, Executive Director** 

www.state.in.us/ihfa

Also in 1987, IHFA rolled out the Low Income Housing Credit Program which provides a federal tax credit to qualified owners of rental housing.

The primary resources used by IHFA include: below-market interest rate single family loans, single family tax credits, below-market interest rate multi-family loans, multi-family tax credits, multi-family bonds, and development loans and grants from HOME, CDBG, and the Indiana Low-Income Housing Trust Fund. IHFA'S main homeownership bond fund carries the highest credit rating from Moody's Investor Services and Fitch IBCA, Inc., a "natural" Aaa and AAA, respectively. In addition, we maintain an Aa3 Issue Credit Rating from Moody's which is one of the sixth highest in the country.

In 1999, IHFA efforts helped more than 7,800 families by allocating over \$391 million in resources, which allowed more than \$510 million to be invested in Indiana. IHFA increased its assets by \$33 million from 1998 to 1999, ending December 31, 1999 with \$913 million in assets.

The Indiana Housing Finance Authority is made up of the Lieutenant Governor, the State Treasurer, the Director of the Department of Financial Institutions, and four gubernatorial appointments.

## **Indiana Recreational Development Commission**

The Recreational Development Commission has the statutorial stated purpose to provide for the general health and welfare of Indiana citizens by the acquisition, construction, improvement and operation of public recreational facilities. Additionally the commission is to facilitate, support and promote the development and use of the parks of the state.

The commission consists of the Director of the Department of Natural Resources, the Treasurer of State, and three members appointed by the Governor. Treasurer Berry serves as Treasurer of the Indiana Recreational Development Commission.

## **Indiana Heritage Trust Committee**

The Indiana Heritage Trust Committee recommends to the Governor purchases for the Heritage Trust Program. The Trust Committee works with the Heritage Trust Project Committee and the Department of Natural Resources to develop a Heritage Trust Strategic Plan to provide an overview of the programs.

The Trust Committee has seventeen members: twelve members of the Natural Resources Foundation, two members of the State Senate and the House of Representatives, and the Treasurer of State.

# Indiana Arts Commission Quarter Design Committee

Treasurer Berry served on the committee to select Indiana's commemorative quarter. The committee narrowed the designs down to seven, which were submitted to Governor Frank O'Bannon. Indiana's quarter will be made available in 2002.

The winning design(left) was selected from over 3,700 design submissions, and is the work of 17 year old Josh Harvey of Centerville.

## **Public Deposit Insurance Fund**

The Public Deposit Insurance Fund (PDIF) was created in 1937 to insure the deposits of public monies in Indiana's banks, much the same way the FDIC insures individual depositor's accounts. PDIF funds are managed and invested by Treasurer Berry, in his capacity as the Secretary-Investment Manager for the Indiana Board for Depositories. Treasurer Berry staffs, administers, manages, and directs the affairs and activities of the Board in accordance with the polices set out by the Board.

The purpose of the Board for Depositories is to insure the safekeeping and prompt payment of all public funds deposited in any approved depository through the prudent management of the PDIF. The Board is separate from the state in its corporate and sovereign capacity.

The PDIF is funded by assessments payable by every depository that has public funds. The Board may waive this assessment if, in its discretion, it determines that the assets of the fund are equal to the reserve for losses. At the present time, the Board has waived the assessment. The Board has the authority to invest, reinvest, and exchange investments of the PDIF in excess of the cash balance in certain securities set out in the Indiana Code 5-13-12.

At the end of Fiscal Year 2000, the assets of the PDIF totaled \$ 299,998,396.01

# Indiana State Office Building Commission

Created in 1953 to provide additional office space for the State of Indiana, the State Office Building Commission issues bonds to finance construction for state properties. After erecting the Indiana Government Center and two parking garages adjacent to the state house, the State Office Building Commission was given the authority to issue bonds for various correctional facilities throughout the state.

The Commission consists of the Governor, Lieutenant Governor, Treasurer of State, State Auditor, the State Budget Director, the Commissioner of the Department of Administration, and six members appointed by the Governor.

## Indiana Transportation Finance Authority

The Indiana Transportation Finance Authority (ITFA) is responsible for the construction, reconstruction, improvement, maintenance, operation, and repair of toll roads and toll bridges. The ITFA issues and sells bonds to provide funds for construction projects. However, the authority may not issue any bonds or notes for the construction of a project after July 1, 2007. The Highway Revenue Bonds are issued to provide funds for the construction of highways, roads, bridges, and streets. The ITFA also issues bonds to help finance airport improvements, including the construction of an aircraft maintenance facility and an aviation technology center in Indianapolis.

The Authority consists of the Governor, Treasurer of State, State Budget Director, the Commissioner of the Department of Transportation, and five appointed members.

INDIANA ENHANCED WIRELESS 911 ADVISORY BOARD

# Wireless Enhanced 911 Advisory Board

The Wireless Enhanced 911 Advisory Board was established by the Indiana General Assembly in 1998 in response to a Federal Communications Commission (FCC) order mandating the provision of wireless E911 service by wireless carriers. Treasurer Berry serves as Chairman of the Board, comprised of representatives of wireless telephone carriers and county and city public safety representatives.

The FCC order stipulates that wireless carriers must provide their subscribers, in two phases, with phones that automatically give the location of the caller when dialing 911.

Additionally, the mandate provides that wireless carriers and public safety dispatch centers answering E911 calls are entitled to recover costs associated with the provision of the service.

In compliance with the FCC mandate and Indiana statute, the Board is responsible for oversight of the implementation of wireless E911 service in Indiana. The Board also ensures that wireless carriers and local government recover costs associated with the provision of the service via a subscriber surcharge. Currently, seven wireless carriers provide wireless E911 to subscribers in over 50 Indiana counties, representing nearly half of the state's population.

Treasurer Berry conducts an E911 Board meeting

## **Grain Indemnity Corporation**

The Grain Indemnity Corporation is a public body corporate and politic, and though it is separate from the state, the exercise by the corporation of its powers constitutes an essential governmental function. The Grain Indemnity Corporation oversees the Indiana grain indemnity fund. The Fund was established for the purpose of providing money to pay producers for losses incurred due to the failure of a grain buyer.

## Treasurer of State 242 State House Indianapolis, Indiana 46204

October 30, 2000

The Honorable Frank O'Bannon Governor, State of Indiana 206 State House Indianapolis, Indiana 46204

## Dear Governor O'Bannon:

In accordance with Indiana Code Section 4-8.1-2-14, I hereby submit the Annual Financial Report of the Office of the Treasurer of State for the State of Indiana.

The following information is a summary of the business transactions for the state General Fund and all other funds managed by this office for the Fiscal Year, July 1, 1999 to June 30, 2000.

Sincerely,

rim BERRY
