

GERMAN GENEALOGY RESOURCES AT THE INDIANA STATE LIBRARY

List initially compiled for the Indiana Chapter, Palatines to America — Fall Meeting on 4 November 2017 — by Kent Robinson

NOTE: This list is nearly comprehensive of the holdings in the Germany genealogy section [929.13] plus a few holdings in other sections as of 11/11/2017. It does not include German resources that are shelved among the books in various state holdings. There are many references in some of those states as well, particularly New York and Pennsylvania. I suggest browsing the shelves of a particular state of interest to locate such references. To browse through a complete online listing of German genealogy holdings, search for "German Genealogy" by Keyword in the Indiana State Library online catalog which currently returns a listing of 681 holdings. You can browse the shelf holdings (as though you were in the library) by going to <http://evergreen.lib.in.us/eg/opac/browse?qtype=author;qtype=keyword;locg=73> [Make sure Indiana State Library is selected] > Advanced Search > Numeric Search > Call Number (Shelf Browse) and enter ISLG 929.13 (for German genealogy section)
