**To:** Division of Disability and Rehabilitative Services Day Services Providers  
**From:** Cathy Robinson, Director, Bureau of Developmental Disabilities Services  
**Re:** HCBS Non-Residential Site Assessment Remediation Process Training  
**Date:** October 1, 2018

On October 23, 2018, the Division of Disability and Rehabilitative Services Bureau of Developmental Disabilities Services will host a mandatory training session for approved BDDS providers of Non-Residential Home and Community Based Services. A separate webinar is scheduled for families and other interested stakeholders on October 24.

The training sessions will explain in detail the upcoming release of the non-residential provider specific site assessments and the next steps of the remediation process as outlined in the DDRS section of the [HCBS State Wide Transition Plan](#). The HCBS Final Rule ensures that settings where services are provided are integrated in and support full access to the greater community.

The agenda will include an explanation of the site assessments, expectations of non-residential sites, the remediation process, timelines and tools that will be used. If unable to attend the live webinar, it will be recorded and posted on the [HCBS Final Rule Statewide Transition Plan webpage](#) for viewing at a later date. Additional information on the Final Rule can also be located there.
