Re: Teamwork recording and materials available
Date: Feb. 1, 2023

The Bureau of Developmental Disabilities Services is committed to supporting our provider network in working toward a true person-centered system which empowers an individual to direct their services to the greatest extent possible. Support teams should work collaboratively to implement the individual's vision of a good life

As part of that commitment, BDDS hosted three identical web-based trainings focused on effective teamwork. Participants learned about:

- Working as a team
- Group dynamics
- Effective communication
- Conflict resolution

A recording of the training is available [here](#) and the PowerPoint is available [here](#)

If you have questions, need additional resources or support, or have suggestions for additional training, please contact us at BDDS.Help@fssa.IN.gov.

We look forward to continuing to educate and inspire providers to empower individuals to live, love, learn, work, play and pursue their dreams!
