Scott Maitland

Serves as the Information Systems Director for the Department of Local Government Finance. I earned my Bachelor's Degree in Applied Computer Science from IUPUI in 2015.

Previously worked as a Programmer/Analyst within the Department during 2014 and 2015. My work included optimizations to BudgetNotices.in.gov, updates to Gateway's Budget Forms, and the development of the Date Entry for CNAV and Form 22 Application within Gateway.

When not working, Scott is cheering on the St. Louis Cardinals and Indianapolis Colts, playing chess, and spending time with his wife, Emily.

About the Property Files

County addresses and building annually submit various property files to the Department of Local Government Finance (DLGF) and Legislative Services Agency (LSA). DLGF and LSA then perform a series of compliance checks over the data. Data available through this download represents the most recent compliant data set. For a list of counties and their compliance status, please see <https://gateway.dlgrs.org/public/documentation.aspx>. For questions related to this data, please contact DLGF's Gateway support team at Gateway@DLGF.IN.GOV.
