FISHING

Acquisition of the land for Jasper-Pulaski began in 1929. During the 1930s, Jasper-Pulaski was designated as a game farm and game preserve. Hunting began at the property in 1958, and in 1965, the area was designated as a fish and game area. In 1972 the name was changed to fish & wildlife area.

RULES AND REGULATIONS

FUNDING FOR FISH AND WILDLIFE

The DNR Division of Fish & Wildlife sells hunting, fishing, and trapping licenses. All revenue is used for managing fish and wildlife resources in Indiana. No license money goes into the state general fund.

The Division also receives money from the federal Sport Fish and Wildlife Restoration programs (sometimes referred to as Dingell-Johnson and Pittman-Robertson funds). The funds are derived from excise taxes levied on sporting arms and ammunition, bows and arrows, fishing equipment and motor boat fuel. The funds are then returned to state fish and wildlife agencies using a formula that in part is based on the number of fishing and hunting license buyers.
