

IN THE MATTER OF THE
PHARMACY TECHNICIAN CERTIFICATION OF:
DONNIELLE SHEAD, CPhT
License No.: 67008613A

FINDINGS OF FACT, CONCLUSIONS OF LAW AND ORDER

The Indiana Board of Pharmacy ("Board") held an administrative hearing on June 9, 2008, in Room A of the Conference Center, Indiana Government Center South, 302 West Washington Street, Indianapolis, Indiana, concerning the Order to Show Cause issued by the Board as to why Donnielle Shead ("Respondent") should not be disciplined for failure to comply with the terms of probation on her certificate.

Respondent appeared in person and waived her right to be represented by counsel.

The Board, after taking official notice of its file in this matter, voted to issue the following Findings of Fact, Conclusions of Law and Order:

FINDINGS OF FACT

1. Respondent, whose mailing address is 4060 North 150 West, Apartment E-13, Columbus, Indiana 47201, applied for certification as a pharmacy technician in 2005.
2. In the application process, Respondent revealed that she is chemically dependent.
3. The Board issued a certification to Respondent but imposed terms of probation thereon.
4. In monitoring her probation, the Board discovered that she (a) failed to maintain her contract with the Indiana Pharmacists Recovery Network ("PRN"), which has been terminated by PRN; (b) failed to make monthly probationary appearances to the Board; (c) failed to comply with all statutes and rules regulating pharmacy; and (d) failed to submit supervisor reports addressing her work habits, job performance, professional competency, sense of responsibility, attitude and ability to work with others.

5. Due to her failure to follow the terms of probation on her certification, the Board issued an Order to Show Cause on May 23, 2008.

6. At the hearing on her Order to Show Cause, Respondent testified that she reported to work drunk in February 2008.

7. In April 2008, she began an alcohol recovery program sponsored by her employer. While in that program she has seen addictionologist, Dr. Kelley, and all her urine drug screens have been negative. She goes to one Alcoholics Anonymous meeting a week and has been sober for almost four months.

8. Her employer has transferred her to the photo developing department.

9. Respondent's recent efforts to deal with her chemical dependency are commendable but she has clearly violated the terms of her probation and the Board needs tighter controls on the monitoring of her recovery.

10. The terms of Respondent's probation clearly provide that "a failure . . . to comply with the terms of this Decision may subject her to a show cause hearing and the imposition of further sanctions."

CONCLUSIONS OF LAW

1. The Board may discipline this practitioner for not complying with the terms of probation on her certification.

2. Relapse into the use of alcohol and reporting to work impaired are clear violations of the terms and conditions on Respondent's certification.

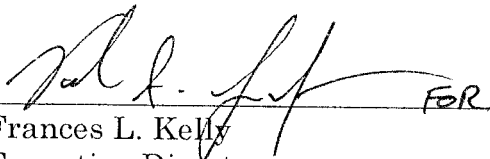

ORDER

The Board **SUSPENDS** Respondent's certification indefinitely. She may apply for reinstatement of her certificate after one month from the date of this order *if* she does the following:

- a) Obtains, and forwards to the Board, a full addictionology report from Dr. Kelley that includes an evaluation, as well as a treatment plan that addresses the number of Alcoholics Anonymous meetings she should be attending.
- b) Obtains, and forwards to the Board, a report from the therapist she is currently seeing in conjunction with the recovery program provided by her employer.

ORDERED, this 11th day of June, 2008.
