I am a second generation store owner in Elkhart . We have been family owned since 11/9/1971.

My father & I have seen many changes over the past 54 years. We feel the Group Purchasing Agreements allow us to stay in business. With the costs of everything in todays world rising, if Indiana was to do away with my ability to purchase , we would have to cut our staff, lower our community involvement (sponsorships & donations personally.) I feel this would put us at an even more of a disadvantage with the big box stores & the huge retailers.

I do not feel this law should be changed .

I have been part of 3 co ops over the past 20 years. I am currently with the VISHAV co op.

If you wish you discuss further, please feel free to call. (574)370-0221) cell.
