We need to keep the coop going for small business owners. It's not fair for the small business owners

A1 Package Liquors, Downtown Liquors. I have 5 stores. I wouldn't be able to survive and be competitive if it wasn't for coop. I'm a woman trying to provide for my kids. If it wasn't for coop I cannot stay in business. I'm part of the Vishav and Indian Lakes coop. I'm providing jobs for people in the community where I have my stores. I'm working on giving my business to my son so that I can retire eventually. It's already hard to compete with large big box stores. Taking away the coop will shut so many businesses down. Indiana is a state that provides opportunities to small businesses.

It is pretty important to stay in co-op so that we can survive our business as we are a pretty small store in a small town. Thanks I'm in favor of 32.1
