A few things to remember

- It may be wise to stay invested instead of timing the market.
- Keeping your portfolio diversified may soften negative impacts.
- Before making investment changes, consider the long-term effects.

NOW IS A GOOD TIME

As with any financial decision, we encourage you to discuss your options with a financial advisor and consider costs, risks, investment options, and limitations prior to investing. You should choose the option that is right for you and your specific situation.
