WHAT IS REAL ID?

Real ID is a secure form of identification that meets federal security standards for state-issued licenses, permits, or identification cards.

Real ID is indicated by a star in the upper right hand corner of a license, permit, or ID.

HOW TO OBTAIN A REAL ID

Visit any BMV branch with the required documentation to upgrade to a Real ID. You cannot become Real ID-compliant via phone, mail, or online transaction.

WHAT IF YOU ALREADY RENEWED YOUR LICENSE AND IT ISN’T REAL ID-COMPLIANT?

If you already renewed your non-compliant license or identification card, you should visit a BMV branch to become compliant, even if your permit, license, or identification card doesn’t expire before the 2023 deadline. You can only obtain a Real ID by visiting a BMV branch and presenting the required documentation in person.

As of May 3, 2023, a Real ID-compliant driver’s license, permit, or identification card will be required to fly commercially in the United States and to access the following:

- Military base
- Secure federal facilities

Alternative documentation such as a passport or Common Access Card (CAC) will also be accepted.

IMPORTANT NAME CHANGE INFORMATION: If your current name does not match your identity document due to a name change(s) (marriage, adoption, court order, etc.), you may need to provide additional government-issued documents to support any or all name changes. For example, if you were born Jane Smith then married Tom Cooper and your legal name is now Jane Cooper, you will need to bring in your marriage license. If, however, your identity document matches your current married name (you have a current passport which says Jane Cooper), this is sufficient and you do not need to prove your name change.
