State of Indiana

Bureau of Motor Vehicles

In the	Matter of Case No. 15-IL-067
DLN:	
FINAL ORDER	
1.	This matter comes before me as a result of a hearing request filed by Petitioner ('S) by mail on July 29, 2015 seeking administrative review of a decision by the Indiana Bureau of Motor Vehicles ("BMV"). The BMV denied the issuance of an Indiana driver's license due to an indefinite suspension pending in the state of Illinois.
2.	This matter was referred to Administrative Law Judge ("ALJ") Steven Sams, Esq., per Indiana Code § 4-21.5-3-27(a) for review and issuance of a Recommended Order. An administrative hearing was held on October 7, 2015 and a Recommended Order was issued on October 9, 2015. The Recommended Order stated the following: "[I]t is found and ordered that was properly denied a driver's license in Indiana because he has an outstanding issue (suspension) in the state of Illinois." Recommended Order at 1.
3.	On October 26, 2015, the BMV received a request for reconsideration from via mail. objected to the Recommended Order on the basis that a lack of evidence that he "tried to resolve the issue with the state of Illinois" was presented during the administrative hearing.
4.	Upon review of the driving record, it appears that has one (1) outstanding suspension in Illinois.
5.	Article 5 of the Driver License Compact codified at Indiana Code § 9-28-1-3 prohibits the issuance of a driver's license to an individual where the applicant "has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated." At this time, suspension in Illinois has not been terminated.
6.	Therefore, per my authority under Indiana Code § 4-21.5-3-29(b), I am AFFIRMING the Recommended Order. The BMV properly denied issuance of a driver's license to due to

SO ORDERED.

of an Indiana driver's license.

the Illinois suspension. Because remains suspended in Illinois, he is ineligible for issuance

Indicates that he obtained additional evidence after the administrative hearing; supplemented the record with receipts showing amounts tendered toward the fine owed to the state of Illinois, which currently falls short of the total amount owed.
