Certified CWD Collector Biosecurity Tips

- Clean and disinfect instruments and gear between each individual sample,
 - Soak in undiluted bleach for 1 hour
 - Diluted to a mixture of 1/4 to 1/3 cup of bleach to 1 gallon of water
 - Rinse thoroughly after bleach solution to prevent corrosion of instruments
- Or use disposable instruments that will not be reused.
 - Disposable instruments are recommended
- Change your clothing and/or outer wear when traveling to a different facility or farm.
- Wash boots and/or outer foot wear between facilities.
