## **State Awards Nearly \$400,000 in Teacher Residency Grant Funding**

*Grants will support 26 teacher residents; six school corporations chosen for planning grants*

(INDIANAPOLIS) – The [Indiana Commission for Higher Education](http://che.in.gov) has selected 16 schools to receive Teacher Residency Pilot Program Grants for the 2020-2021 academic year, totaling \$396,000.

The Teacher Residency Grant Pilot Program was created in 2019 by the Indiana General Assembly. Modeled after medical residency and apprenticeship programs, teacher residency programs are full-year, paid teaching experiences for student educators. Students teach alongside an experienced mentor teacher, preparing them for the classroom after graduation. Two types of grants are supported through the program: residency grants and planning grants.

“These resident teachers are going to have an immersive experience and learn the true day-to-day workings of a classroom and a school under the guide of a mentor teacher,” said Indiana Commissioner for Higher Education Teresa Lubbers. “It is encouraging to see a mix of school types and district sizes throughout Indiana with the partnership and participation of a number of public and private higher education partners represented in this program.”

### **Teacher Residency Grants Awarded to 10 Schools**

The 10 grants will support 26 teacher residents, funded at \$15,000 per teacher residency. Funding can be used to pay resident and mentor teacher stipends, as well as support costs for higher education partners.
