

2017 Indiana College Readiness Reports At-A-Glance

Access

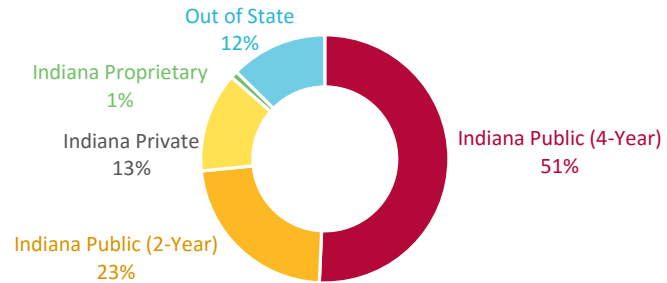

College-Going Rate

Over two-thirds of Hoosier high school graduates go directly to college.

65%

Most Indiana high school graduates enroll in four-year public colleges.

College Enrollment by Campus Type

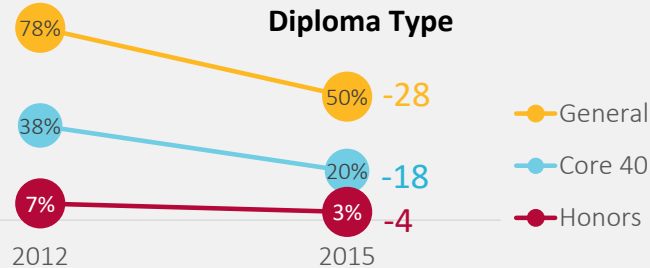

Readiness

% Earning AP or Dual Credit

More Hoosier students are earning college credit in high school.

% Needing Remediation by Diploma Type

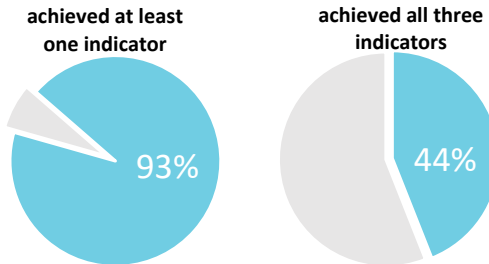

The percentage of students requiring remediation continues to decline.

Success

Early College Success

93% of Hoosier students achieved at least one indicator of early college success (enrolling in only non-remedial courses, persisting to a second year, or earning all credits attempted), but less than half achieved all three.

On-Time Completion Rates

On-time completion rates are improving at both Indiana two-year and four-year colleges.
