

In the next decade, Indiana will need 1 million skilled workers to fill open jobs and support economic growth.

Skillful Indiana will help place Hoosiers on better career pathways to meet this economic need and help IN business succeed by adopting new approaches to talent management.

Skillful Indiana will partner with statewide and regional leaders to build upon existing workforce and education systems, incorporating skills-based practices for greater impact.

Employers

- **Customize the Skillful Employer Toolkit for Indiana**
- **Deliver Skills Work trainings to small- and mid-sized businesses**
- **Embed skills-based approaches in company programs**

Career Coaches

- **Launch the Indiana Governor's Coaching Corps**
- **Create a virtual Coaching Community of Practice**
- **Develop standards of quality for career coaching**

Higher Education

- **Support scaling of skills-based credential and employment platforms**
- **Help Hoosiers make informed educational choices, linked to career opportunities**
- **Support programs to prepare Hoosiers for emerging occupations**

Strengthening Indiana's Workforce System, in the Regions and Statewide

Skillful will partner with Workforce Boards, the Department of Workforce Development, the Commission for Higher Education and the Governor's Workforce Cabinet and many other state/regional stakeholders, such as higher ed institutions, industry associations, economic development boards and non-profits.
