

REQUEST FOR PROPOSALS

Indiana Graduate Medical Education Feasibility Study Grant (6th RFP)

1 OVERVIEW OF FUNDING OPPORTUNITY

1.1 PROGRAM TITLE

Graduate Medical Education Residency Feasibility

1.2 SYNOPSIS OF PROGRAM

In 2015, the Indiana General Assembly passed House Enrolled Act 1323, establishing the Medical Residency Education Fund and the Graduate Medical Education Board and Fund. The Medical Residency Education Fund is available to support the creation and maintenance of new residency positions at existing and new Graduate Medical Education programs. A ten-member Graduate Medical Education Board was created to develop a plan to utilize this funding for the most effective expansion of Graduate Medical Education in Indiana.

1.3 POINT OF CONTACT

Indiana Commission for Higher Education
101 West Ohio Street, Suite 300
Indianapolis, IN 46204
GMEB@che.in.gov
Finance@che.in.gov

2 AWARD SUMMARY

2.1 AVAILABLE FUNDING

The Indiana General Assembly appropriated \$14 million across the 23-25 biennium to the Graduate Medical Education Board to fund medical residency training positions which are over the CMS federal cap and not eligible for CMS funding.

2.2 AWARD AMOUNTS AND NUMBER OF SUBMISSIONS

2.2.1 Award per Program Feasibility Project.

Award amount is \$75,000 to explore the feasibility of developing new residency programs in primary care or select shortage specialties.

2.2.2 Maximum Number of Awards.

The maximum number of awards is contingent upon the amount of appropriation available.

2.2.3 Maximum Number Submissions.

An eligible applicant may only apply for one grant.

2.2.4 Prioritization of Award Selection.

Funding priority will be given to support studies that explore the feasibility of developing new residency programs that will prepare physicians for entry into the following specialties:

- Family Medicine
- Outpatient Community-Based Pediatrics
- OB/GYN
- Psychiatry
- Emergency Medicine
- General Surgery
- Outpatient Community-Based Internal Medicine

Priority will also be given to support studies that explore the feasibility of:

- Development of residency programs that train residents in rural and/or underserved regions of the state.
- Development of residency programs that are collaborative in nature, such as programs that are developed through a consortium approach.
- Development of residency programs that include the involvement of a Federally Qualified Health Center or Area Health Education Center organization.

The Indiana Graduate Medical Education Board will use the following rubric to evaluate applicants:

Applicant's Name:

Program Feasibility Study		
Evaluation Criteria	Possible Points	Applicant Score
Studies that explore the feasibility of Residency Program development in underserved areas of Indiana (based on healthcare outcomes). Source: Robert Wood Johnson	25	
Rank 1-23	10 points	
Rank 24-46	15 points	
Rank 47-69	20 points	
Rank 70-92	25 points	
Studies that explore the feasibility of Residency Program development in rural areas of Indiana (based on Population: PCP ratio) - County Rankings Source: Bowen Center which is updated annually.	25	
<1,500: 1	10 points	
1,500-2,000: 1	15 points	
2,000-3,500: 1	20 points	
>3,500: 1	25 points	
Residency program development involving a collaborative approach such as a consortium, FQHC, Hospital Systems, Critical Access Hospital, other)	25	
Naïve specialty/new program and/or Density of Residencies in area.	25	
Total Points	100	
Comments:		

2.3 COST SHARING OR MATCHING REQUIREMENTS

Applicants must agree to provide matching funds or in-kind resources, equal to at least 25% of the funding proved through the grant, to support the study of feasibility of new residency program development.

2.4 GRANT DURATION

The grant is one year in duration, beginning at the time when the funds are awarded.

2.5 APPLICATION DEADLINE

Applications are due no later than 30 days prior to the Graduate Medical Education Board's (GMEB) scheduled [Quarterly](#) meeting.

2.6 NOTIFICATION OF AWARD SELECTION

Applicants selected to receive a Feasibility Study Grant will be notified no later than 10 state business days following the Board meeting during which the proposal was reviewed.

3 ELIGIBILITY INFORMATION

Entities in the following categories and located in the State of Indiana are eligible to apply for funding under the Feasibility Study Grant Program:

- (a) a hospital; or
- (b) a medical school; or
- (c) a community-based, ambulatory patient care center, which includes one or more of the following:
 - a federally qualified health center,
 - a community mental health center,
 - a rural health clinic,
 - a teaching health center, or
- (d) a partnership or consortium among entities listed in (a) through (c).

4 INQUIRIES

All inquiries shall be directed to the Point of Contact per RFP Section 1.3.

Any information deemed by the Indiana Graduate Medical Education Board to be important and of general interest or which modifies requirements of the RFP shall be sent in the form of an addendum to the RFP to all applicants. All applicants must acknowledge receipt of all addenda, if any, to this RFP by an email to Lucas Norrington

at GMEB@che.in.gov and Finance@che.in.gov.

5 APPLICATION SUBMISSION GUIDELINES

Each applicant shall submit their completed application, including the required attachments, to Lucas Norrington at GMEB@che.in.gov.

5.1 SUBMISSION DEADLINE

Applications are due no later than 30 days prior to the Graduate Medical Education Board's (GMEB) [Quarterly](#) scheduled meeting.

5.2 SUBMISSION INSTRUCTIONS

The email subject line should contain “New Residency Program Feasibility Grant Application” and the applicant’s name.

The Indiana Commission for Higher Education will email confirmation of response to applicant within three state business days. If applicant has not received such confirmation within three state business days of submission, contact the Point of Contact.

6 GENERAL APPLICANT INFORMATION

6.1 GENERAL APPLICANT AND PARTNER INFORMATION

Provide general information about the applicant, and partner(s), if any, including:

- Name of applicant organization. This is the entity that will serve as the fiscal agent for the project.
- Applicant category (Hospital, Medical School, Community-based Ambulatory Patient Care Center, or Partnership or Consortium among eligible entities).
- Location of applicant.
- Applicant’s contact information.
- Project Partner(s) Information, if applicable.

6.2 PROJECT SUMMARY

The summary should highlight key points of the application, including the defined goals and objectives and a brief rationale for selected

strategies to achieve the goals and objectives.

6.3 DESCRIPTION OF APPLICANT AND PARTNERS

Description of applicant and partners should include, to the extent possible:

- Description of applicant and partners expected to participate in the feasibility study process.
- For applicant and each partner, expected roles and contribution to the feasibility study process.
- Description of applicant's and partners' sites, and any other potential sites, that would potentially be used for training residents. Include description of services offered, annual patient volume metrics, such as patients served/admitted and patient visits, as appropriate to the facility type.
- Description of the potential learning opportunities available for Graduate Medical Education.
- For applicants that are not educational institutions, information relating to applicant's educational culture. This might include education of other health professionals that takes place at the facility, such as nursing education, and level of support expected from medical staff.
- Information relating to other environmental conditions in the organization that could be conducive to the planning, development, and operation of a Graduate Medical Education program.
- Additional information deemed by the applicant to be pertinent to applicant's suitability as a Graduate Medical Education teaching site.

6.4 ASSESSMENT OF NEED FOR A GME PROGRAM

In the assessment of need for a Graduate Medical Education program, the applicant should discuss at least the items listed below:

- Characteristics of the applicant's community, service area, and region.
- Availability of medical providers in the applicant's service area.
- Challenges the applicant is facing in recruiting physicians, if any.
- Other topics that the applicant considered in the assessment of need for a Graduate Medical Education program.

6.5 PROJECT DESCRIPTION

The project description should detail specific goals of the project, the strategies and activities identified to accomplish the goals, and the process for measuring progress toward and attainment of the goals.

The applicant must include at least the following goals:

- Identification of the applicant's and partners' sites, and any other potential sites, that would potentially provide educational experiences or educational assignments/rotations for residents.
- Identification of an individual designated as Project Director, who will guide the project.
- Identification and hiring of qualified, professional internal or external expertise in Graduate Medical Education planning and funding.
- Development of a Feasibility Study report, supported by leadership and stakeholders, as the basis for the decision whether to proceed with the development of new Graduate Medical Education program(s).

6.6 PROJECT ACTION PLAN AND TIMELINE

The project action plan and timeline should include the strategies and activities that support the achievement of the goals identified in Subsection 6.5. Generally, each goal would be supported by more than one strategy and/or activity. If the applicant is selected for an award, it is expected that the project action plan and timeline will be more fully developed and expanded over the course of the grant funding period.

6.7 PROJECT EVALUATION

Applicants must provide an evaluation plan that is aligned with project goals and includes outcomes and appropriate measures for assessment of those goals. The evaluation plan should allow for qualitative and quantitative progress toward the identified goals. After the end of the funding period, the Indiana Graduate Medical Education Board may conduct an evaluation to assess the statewide effectiveness of the Program Development Grant program across all participating sites. Applicants must also participate in such evaluation.

6.8 BUDGET

A separate budget must be submitted for each partner that will participate in the project funded by the Feasibility Study Grant funding. The budget must include a reasonable estimate of funds

expenditures over the grant period. The budget must include amounts and justification of allowable funds expenditures (as further discussed in Section 7). The Indiana Graduate Medical Education Board shall negotiate a final budget with each awarded applicant.

The budget must indicate how applicants intend to provide matching funds or in-kind resources equal to at least 25% of the funding provided.

6.9 ADDITIONAL DOCUMENTATION REQUIRED

Provide documentation as evidence of the commitment of the applicant's leadership to the project. Such documentation should be in the form of Letters of Commitment from the applicant's senior management and, if applicable, from leadership of applicant's educational and community partners.

6.10 FINANCIAL VIABILITY

Provide a financial statement for the applicant for the previous three fiscal years. This may be in the form of the applicant's most recent audited financial reports. Public institutions are exempt from this requirement.

6.11 CERTIFICATION OF THE APPLICATION INFORMATION

The application must be certified by an individual who is legally authorized to submit the application on behalf of the applicant. Completion and submission of the application certification page fulfills this requirement.

7 USE OF AWARD FUNDS

7.1 ALLOWABLE COSTS

Funds awarded under the Feasibility Study Grant must be spent only on activities directly related to the Feasibility Study Grant project. All reasonable costs in the budget categories below are allowable:

- **Personnel Compensation:** Compensation would generally encompass a portion of salaries, wages, and benefits of personnel for activities related to the Feasibility Study.

- Travel: Travel expenses must be consistent with State of Indiana guidelines.
- Equipment and Supplies: Funds expended on Equipment and Supplies must not exceed 5% of the total project budget.
- Fees to External Consultants: Consulting assistance would generally include, but not be limited to, activities such as strategy development, financial modeling, Graduate Medical Education funding source analysis, affiliation agreements, and faculty identification/engagement.
- Other Direct Costs: Approval of expenditures for Other Direct Costs is at the discretion of the Indiana Graduate Medical Education Board. These costs must be specifically identified and justified in the application budget or must be subsequently approved by the Indiana Graduate Medical Education Board via a Budget Change Request.

Salaries/stipends and benefits that are calculated at a higher pay rate than that which an individual (or similar position) normally receives are not allowed.

7.2 BUDGET CHANGES

Over the life of the grant, no more than a total of \$10,000 may be transferred across the allowable budget categories listed in Subsection 7.1 without prior Indiana Graduate Medical Education Board approval.

8 SELECTION FOR FUNDING

8.1 APPLICATION SCREENING

The Indiana Graduate Medical Education Board will review applications to determine if they adhere to the grant program requirements and the funding priorities contained in the RFP. An application must meet the requirements of the RFP and be submitted with proper authorization before or on the day specified in the RFP to qualify for further consideration.

8.2 SELECTION OF APPLICANTS FOR AWARDS

8.2.1 Evaluation. The Indiana Graduate Medical Education Board shall evaluate Applications based upon the selection criteria below.

- (a) The defined goals, strategies, and activities are appropriate and reasonably achievable within the grant period.
- (b) Planned resources are adequate and their allocation is sufficient to achieve project goals and objectives.
- (c) There is evidence to indicate that, if feasible, leadership of the applicant

are supportive of the establishment of a Graduate Medical Education program.

- (d) The applicant's project plan indicates the intent to fully study all variables pertinent to assessing the feasibility of developing new residency program(s).
- (e) Applicant's project plan indicates the applicant would likely be successful in determining, by the end of the grant funding period, the feasibility of establishing a new residency program(s).

8.2.2 Priority for Funding. Priority will be given to applicants that provide the following:

- (a) Letters of commitment to the project from leadership at the applicant's organization and the partners in the feasibility study process.
- (b) Evidence of matching funds for the project.
- (c) Evidence that the project will focus on the feasibility of the development of residency program(s) that prepare physicians for entry into the specialties identified in Section 2.2.4 of this RFP.
- (d) Evidence that the project will focus on the feasibility of the development of residency program(s) that will meet the additional criteria identified in Section 2.2.4 of this RFP.
- (e) Evidence that applicant will progress quickly in the feasibility study process.

The items listed above are not intended to be in order of importance.

8.3 RECOMMENDATION FOR FUNDING

The Indiana Graduate Medical Education Board shall make a recommendation of selected applicants to be funded by the Commission for Higher Education. The Commissioner shall make the final funding decision and submit it to the Indiana Graduate Medical Education Board for their final approval.

9 DISTRIBUTION OF AWARD FUNDS

9.1 ISSUANCE OF GRANT AWARD

Following the announcement of awards and any negotiations between the Indiana Graduate Medical Education Board and each awarded applicant, the awarded applicants will receive an electronic notice of the grant award.

9.2 FUNDS DISTRIBUTION

9.2.1 Payments

Awardees shall receive payments from the Indiana Commission for Higher Education.

9.2.2 Invoicing and Disbursement

The Indiana Commission for Higher Education is not bound by any award estimates in the RFP. Funding may be reduced or terminated if funds allocated for this program become reduced, depleted, or unavailable during the contract duration.

9.2.3 Retraction or Reduction of Payments

After making a finding that an awarded applicant has failed to perform or failed to conform to grant conditions, the Indiana Commission for Higher Education may retract or reduce the grant amount for the awarded applicant.

9.3 LAST DAY OF EXPENDITURES

- Grant award funding must be expended within 12 months from the date funds are awarded.
- At the discretion of the Indiana Graduate Medical Education Board, a one-time, no-cost extension of the grant period may be granted if the applicant is in good standing with all reporting requirements.

9.4 RETURN OF UNEXPENDED FUNDS

Awarded applicants shall return any unexpended funds at the end of the grant period.

10 REPORTING REQUIREMENTS

The Project Director of the grant must electronically submit the reports listed in Sections 10.1 – 10.3 below.

10.1 PROJECT FINAL REPORT

A Project Final Report shall be submitted to the Indiana Commission for Higher Education electronically upon conclusion of the Feasibility Study. The report will provide a summary of the feasibility study, including a description of the project and its results as measured by the project evaluation plan, as well as a final determination of the feasibility of developing new residency program(s).

10.2 FINAL FINANCIAL REPORT

Upon conclusion of the Feasibility Study, a Final Financial Report shall be submitted electronically to the Indiana Commission for Higher Education in a format specified by the Indiana Graduate Medical Education Board. The Final Financial Report must detail the actual expenditures for the grant duration by purpose and amount. The report must also document the unexpended balance of grants program funds as of the date of report submission. The Final Financial Report must include a statement certifying expenditures and unexpended balance signed by the authorized representative of awarded applicant. An auditor's report may be requested if deemed necessary by the Indiana Commission for Higher Education.

10.3 DELINQUENT REPORTS

Graduate Medical Education programs with any required reports deemed to be delinquent may be ineligible to participate in future funding cycles.
